**ADDITIONAL INFORMATION**

**Agency Name:**

Substance Abuse and Mental Health Services Adminis

**Description:**

The purpose of this program is to provide trauma-informed, evidence-based interventions to youth and young adults (not more than 25 years of age) who are at clinical high risk for psychosis. Award recipients are expected to use evidence-based intervention to: 1) improve symptomatic and behavioral functioning; (2) enable youth and young adults to resume age-appropriate social, academic, and/or vocational activities; (3) delay or prevent the onset of psychosis; and (4) minimize the duration of untreated psychosis for those who develop psychotic symptoms.
