**Funding Opportunity: State/Tribal/Territorial Partnership Initiative to
Document and Sustain Disparity-Reducing Interventions**

Opportunity Number: MP-CPI-20-001

Application Due Date:

Wednesday August 26, 2020 6:00 PM Eastern

OVERVIEW

FEDERAL AGENCY NAME

Office of the Assistant Secretary for Health and the Office of Minority Health

FUNDING OPPORTUNITY TITLE

State/Tribal/Territorial Partnership Initiative to Document and Sustain Disparity-Reducing Interventions

ACTION

Notice

ANNOUNCEMENT TYPE

Initial Competitive Grant

FUNDING OPPORTUNITY NUMBER

MP-CPI-20-001

CFDA NUMBER AND PROGRAM:

93.137 Community Program to Improve Minority Health

DATES

Application Deadline: Wednesday, August 26, 2020 by 6:00 PM Eastern

Technical Assistance: Webinar July 28, 2020 at 4:00 PM Eastern

EXECUTIVE SUMMARY

The Office of Minority Health (OMH) announces the availability of funds for Fiscal Year (FY) 2020 grant awards under the authority of Section 1707 of the Public Health Service Act (42 U.S.C. § 300u-6).

This notice solicits applications for projects to demonstrate if modifications to existing evidence-informed interventions for selected health issues will significantly improve health outcomes for racial and ethnic minority and disadvantaged populations.

Racial and ethnic minority and disadvantaged populations often experience persistent health disparities and worse health outcomes.¹ OMH intends projects funded under this initiative to help build the capacity of state, tribal, and territorial governmental health agencies to achieve two main goals: (1) test modifications to existing public health programs or practices (interventions) to assess if the modified interventions are successful in significantly improving health outcomes for selected health issues; and (2) develop effective plan(s) to sustain successful interventions after the award period. Projects are expected to address two health issues, one from each of the following two lists: (1) HIV, maternal mortality and morbidity, physical activity, or substance use disorder; and (2) nutrition, sickle cell disease and trait, diabetes, Alzheimer's, lupus, or cancer prevention (i.e., addressing risk factor(s) specifically for stomach, liver, or cervical cancer). Interventions proposed for modification can be those currently or recently (e.g., within the past two years) implemented by the applicant. OMH anticipates the availability of approximately \$6,500,000 for this funding opportunity to support approximately 21 to 26 eligible applications with awards ranging from \$250,000 to \$300,000 per year for up to two years. For recipients that demonstrate statistically significant improvement in health outcomes, develop a sustainability plan and begin implementing the sustainability plan in the first quarter of year two, OMH will consider a limited non-competitive continuation for a third year of funding to continue the implementation of the project's sustainability plan.

OMH expects projects to involve a collaborative partnership. According to the National Academies of Sciences, Engineering, and Medicine report, *Communities in Action: Pathways to Health Equity*, "effective partnerships are essential for community-based solutions for advancing health equity by making it a shared vision and value, increasing the community's

capacity to shape outcomes, and fostering multi-sector collaboration.”² OMH encourages applicants to include partnership with minority-serving institutions (MSIs), in particular medical schools at Hispanic-Serving Institutions (HSIs) and medical schools at Historically Black Colleges and Universities (HBCUs), to support workforce diversity and encourage a focus on racial and ethnic health disparities. If the applicant is not a state, tribal, or territorial governmental health agency or entity (e.g., a department of health or public health office, office of minority health/health equity or an organization with a similar function, or a state health agency), OMH expects the applicant to secure a formal partnership with a state, tribal, or territorial governmental health agency or entity. See Section E, Eligibility Information, for the organizations that are eligible to apply for this grant. HHS/OASH encourages applicants to review all program requirements, eligibility information, application format and submission information, evaluation criteria, and other information in this funding announcement to ensure that applications comply with all requirements and instructions.

FUNDING OPPORTUNITY DETAILS

A. DATES

1. Application Deadline

Your application is due Wednesday August 26, 2020 by 6 p.m. Eastern Time. To receive consideration, you must submit your application electronically via Grants.gov no later than this due date and time. If you do not submit your application by the specified deadline, we will return it to you unread. You must submit electronically via Grants.gov unless you obtain a written exemption from this requirement 2 business days in advance of the deadline from the Director, HHS/Office of the Assistant Secretary for Health (OASH) Grants and Acquisitions Management (GAM) Division. To obtain an exemption, you must request one via email from the HHS/OASH/GAM, and provide details as to why you are technologically unable to submit electronically through Grants.gov. Your request should be submitted at least 4 business days prior to the application deadline to ensure your request can be considered prior to 2 business days in advance of the deadline. If you request an exemption, include the following in your e-mail request: the HHS/OASH announcement number; your organization's DUNS number; your organization's name, address and telephone number; the name and telephone number of your Authorizing Official; the Grants.gov Tracking Number (for example, GRANT#####) assigned to your submission; and a copy of the "Rejected with Errors" notification from Grants.gov. Send the request with supporting documentation to OASH_Grants@hhs.gov. Note: failure to have an active System for Account Management (SAM) registration prior to the application due date will not be grounds for receiving an exemption to the electronic submission requirement. As a result of the public health emergency for COVID-19, the requirement for an active SAM registration at the

time of application submission has been relaxed (see Section F.4). However, if you do not have a DUNS number at this time, you should contact the Grants.gov to establish a temporary DUNS number. Your application will not be accepted through Grants.gov without this number. Failure to follow Grants.gov instructions to ensure software compatibility will not be grounds for receiving an exemption to the electronic submission requirement.

The HHS/OASH/GAM will only accept applications via alternate methods (hardcopy paper via U.S. mail or other provider or PDF via email) from applicants obtaining prior written approval. If you receive an exemption, you must still submit your application by the deadline. Only applications submitted through the Grants.gov portal or alternate format (hardcopy paper via U.S. mail or other service or PDF via email) with an approved written exemption will be accepted. See Section F.8 (“Other Submission Requirements”) for information on application submission mechanisms.

Executive Order 12372 comment due date: The State Single Point of Contact (SPOC) has 60 days from the application due date to submit any comments. For more information on the SPOC see section F.6 Intergovernmental Review.

To ensure adequate time to submit your application successfully, HHS/OASH recommends that you register as early as possible in Grants.gov since the registration process can take up to one month. You must register an authorizing official for your organization. HHS/OASH does not determine your organization’s authorizing official; your organization makes that designation. For information on registering for Grants.gov, refer to <http://www.grants.gov> or contact the Grants.gov Contact Center 24 hours a day, 7 days a week (excluding Federal holidays) at 1-800-518-4726 or support@grants.gov.

Your organization is strongly encouraged to register multiple authorized organization representatives in Grants.gov to ensure someone is available to submit your application.

2. Technical Assistance

A technical assistance webinar to answer questions for potential applicants will be held on Tuesday, July 28, 2020. Please check the Office of Minority Health website, www.minorityhealth.hhs.gov, for more detailed information.

We recommend you review the entire announcement promptly so you can have any questions answered well in advance of the application due date. We also recommend you subscribe to this announcement in Grants.gov so you receive any amendments, question and answer documents, or other updates.

B. PROGRAM DESCRIPTION:

The Office of Minority Health (OMH) announces the availability of funds for Fiscal Year (FY) 2020 grant awards under the authority of Section 1707 of the Public Health Service Act (42 U.S.C. § 300u-6). OMH is dedicated to improving the health of racial and ethnic minority and disadvantaged populations through the development of health policies and programs that will help eliminate health disparities. Through its demonstration grants, OMH supports the identification of effective approaches for improving health outcomes with the ultimate goal of promoting sustainability and dissemination of these approaches. This particular grant aligns with the Assistant Secretary for Health's priorities on physical activity, sickle cell disease, HIV and substance use; the HHS Physical Activity Guidelines for Americans; the HHS National Youth Sports Strategy; the HHS Ending the HIV Epidemic Initiative; the HHS 5-Point Strategy to Combat the Opioid Crisis; and HHS Strategic Goal 2: Protect the Health of Americans Where They Live, Learn, Work and Play.^{3,4,5,6,7}

The State/Tribal/Territorial Partnership Initiative is designed to demonstrate if modifications to existing evidence-informed interventions for selected health issues will significantly improve health outcomes for racial and ethnic minority and disadvantaged populations experiencing health disparities. This award is intended to help build the capacity of state, tribal, territorial, and/or local governmental health agencies to achieve two main goals: (1) test modifications to existing public health programs or practices (interventions) to assess if the modified intervention is successful in significantly improving health outcomes for selected health issues; and (2) develop and begin to implement effective plans that will sustain successful interventions after the award period.

1. Background

This demonstration project intends to address some of the health topics that are priorities for the U.S. Department of Health and Human Services for which health disparities are experienced by racial/ethnic minority and disadvantaged populations. For example:

a. Physical Activity

Lack of physical activity can contribute to disease risk and increased health care costs.^{8,9} Only 19.1% of Asian, 23.9% of Native Hawaiian or Other Pacific Islander (NHOPI), 24.5% of Black, 25.8% of Hispanic or Latino, 27.1% of non-Hispanic White, and 28.9% of American Indian and Alaska Native (AI/AN) adolescents (grades 9-12) met the current Federal physical activity guidelines.⁹ In addition, racial/ethnic minority adults were less likely than non-Hispanic White adults to engage in light or moderate physical activity.¹⁰

b. Substance Use Disorder¹¹

AI/AN persons (10.1%) were most likely among all racial/ethnic groups to report having a substance use disorder in the past year, followed by NHOPIs (9.3%). AI/ANs (29.3%), NHOPIs

(21.2%) and Blacks/African Americans (20.8%) were more likely than non-Hispanic Whites (20.2%) to report past-year illicit drug use.

c. HIV¹²

Blacks/African Americans and Hispanics/Latinos are disproportionately affected by HIV. African Americans accounted for only 13% of the population, but 43% of HIV diagnoses in 2017. Hispanics/Latinos accounted for only 18% of the population, but 26% of HIV diagnoses in 2017. Further, in the South the impact of HIV is greater than in any other region. Over half (52%) of the 38,739 new HIV diagnoses in 2017 were in Southern states, which account for just 38% of the U.S. population. Data shows that 51% of annual HIV infections, 46% of persons with HIV, and 51% of undiagnosed HIV infections were found in the South.

d. Maternal Mortality¹³

Black/African American and AI/AN women are two to three times more likely to die from pregnancy-related causes than non-Hispanic White women. Non-Hispanic Black and non-Hispanic AI/AN women experienced higher pregnancy-related mortality ratio (PRMRs) (40.8 and 29.7, respectively) than all other racial/ethnic populations (non-Hispanic White PRMR was 12.7, Asian/Pacific Islander PRMR was 13.5 and Hispanic PRMR was 11.5). This was 3.2 and 2.3 times higher than the PRMR for non-Hispanic White women – and the gap widened among older age groups.

2. Expectations

OMH expects the recipient to address the following:

a. Organizational capacity and use of collaborative approach

OMH expects the recipient to demonstrate a collaborative approach to complete grant activities successfully and support the sustainability of effective interventions. If the applicant is

not a state, tribal, or territorial governmental health agency or entity, OMH expects that the applicant partnering with a state, tribal, or territorial governmental health agency or entity. Each recipient is responsible for project implementation, project management, and financial management. OMH encourages projects to demonstrate partnerships with minority-serving institutions (MSIs), in particular medical schools at Hispanic-serving institutions (HSIs) and medical schools at Historically Black Colleges and Universities (HBCUs), to support workforce diversity and encourage a focus on racial and ethnic health disparities.

b. Focus Areas

OMH expects recipient to select one topic from each of the two topic areas listed below for a total of two topics. OMH expects the recipient to produce health disparities profiles and to test a modified intervention(s) designed to improve health outcome for each of the selected topics. Select topics based on need as demonstrated by health disparities in area(s) with elevated burden of the disease impacting racial/ethnic minority and/or disadvantaged populations.

- 1) Topic Area 1: HIV, maternal mortality and morbidity, physical activity, substance use disorder
- 2) Topic Area 2: Nutrition, sickle cell disease and trait, diabetes, Alzheimer's, lupus, cancer prevention (i.e., addressing risk factor(s) specifically for stomach, liver, or cervical cancer)

c. Health Disparities Profile

OMH expects the recipient to produce a health disparities profile for each selected topic which should include:

- 1) existing state, tribal, territorial, or local-level representative, population-based data on health disparities related to the selected health topics, disaggregated by race/ethnicity; and

- 2) geographic area(s) of elevated disease burden where the intervention will be targeted in the applicant's service community, within two months following the award.

These two health disparities profiles could serve as the baseline data for the two selected topics.

d. Modification(s) to Existing Evidence-Informed Intervention(s)

OMH expects the recipient to implement and test modification(s) to an existing evidence-informed intervention(s) designed to improve health outcomes for the selected topics in the geographic area(s) of elevated disease burden identified in the health disparities profiles, within the project period. OMH expects recipients to initiate implementation of the modified intervention(s) shortly after awards are made.

OMH expects applicants to demonstrate readiness as evidenced by clearly stated rationale and description of the proposed modification(s) and a comprehensive and feasible plan for implementation. OMH expects applicants to clearly illustrate, through use of a logic model, how the elements of the proposed intervention align across objectives, activities, outputs and outcomes.

Examples of modifications to evidence-informed approaches include adapting:

- 1) the existing CDC-defined Tier I evidence-based STD/HIV intervention, the HORIZONS, to be gender and culturally congruent for African American girls;¹⁴
- 2) a nutrition and physical activity program from an urban area to be geographically congruent for a rural, low-income community;¹⁵ and
- 3) a diabetes management and care program developed for urban African Americans to be culturally, linguistically, and geographically appropriate for implementation in American Samoa.¹⁶

e. Intervention and Impact Evaluation

- 1) OMH expects recipients to implement a rigorous program evaluation to assess impact of project activities.
- 2) OMH expects the applicants to identify appropriate indicators/measures for the selected health topics to document and monitor the impact of the intervention(s) on health outcomes.
- 3) OMH expects the recipient to demonstrate that evaluation of the impact of the intervention(s) will be able to detect a statistically significant difference, if present.
- 4) OMH expects the recipient to collect, analyze, and evaluate health outcome data to demonstrate the impact of the intervention within the project period.
- 5) OMH expects the recipient to document the intervention implementation process and ‘lessons learned’.

f. Project Sustainability

OMH expects the applicant to provide a description of efforts to sustain and support continued implementation of evidence-informed intervention(s) that have demonstrated effectiveness. OMH expects the recipient to develop a sustainability plan within one year following the award. OMH expects successful projects (i.e., projects demonstrating significant difference in key outcomes) to begin implementing the sustainability plan in the first quarter of year two.

C. AUTHORITY

Section 1707 of the Public Health Service Act (42 U.S.C. § 300u-6)

D. FEDERAL AWARD INFORMATION

The Office of Minority Health intends to make funds available for competing grants.

We will fund awards in annual increments (budget periods) and generally for a project period up to 2 years, although we may approve shorter project periods. For recipients that demonstrate statistically significant improvement in health outcomes, develop a sustainability plan and begin to implement a plan to sustain successful intervention(s) in the first quarter of year two, OMH will consider a limited non-competitive continuation for a third year of funding (budget period) to continue the implementation of the project's sustainability plan. Budget periods may also vary from the estimate indicated below due to timing of award issuance or other administrative factors. Funding for all approved budget periods beyond the first is generally level with the initial award amount and is contingent upon the availability of funds, satisfactory progress of the project, adequate stewardship of Federal funds, and the best interests of the Government.

Award Information

Estimated Federal Funds Available: \$6,500,000

Anticipated Number of Awards: 21 to 26

Award Ceiling (Federal Funds including indirect costs): \$300,000 per budget period

Award Floor (Federal Funds including indirect costs): \$250,000 per budget period

Anticipated Start Date: September 30, 2020

Estimated Period of Performance: Not to exceed 2 years. A limited non-competitive continuation among the award recipients demonstrating statistically significant improvement in health outcomes and beginning to implement a sustainability plan in year two will be considered for a third year of funding to continue the implementation of the project's sustainability plan.

Anticipated Initial Budget Period Length: 12 months

Type of Award: Grant

Type of Application Accepted: Electronic via Grants.gov ONLY unless an exemption is granted

E. ELIGIBILITY INFORMATION

1. Eligible Applicants.

- State Governments
- County Governments

- City or township governments
- Special district governments
- Independent school districts
- Public and State controlled institutions of higher education
- Native American tribal governments (Federally recognized)
- Public Housing authorities/Indian housing authorities
- Native American tribal organizations (other than federally recognized tribal governments)
- Nonprofits having 501(c)(3) status with the IRS, other than institutions of higher education
- Nonprofits without 501(c)(3) status with the IRS, other than institutions of higher education
- Private non-profit institutions of higher education
- U.S. Territories

2. Cost Sharing or Matching

You are not required to provide cost sharing or matching in your proposed budget.

3. Application Responsiveness Criteria

We will review your application to determine whether it meets the responsiveness criteria below. If your application does not meet the responsiveness criteria, we will disqualify it from the competition; we will not review it beyond the initial screening. The responsiveness criteria are as follows:

- The applicant has selected two topics, one from each of the two lists specified in Section B.2.b.

4. Application Disqualification Criteria

If you successfully submit an application, we will screen it to ensure it meets the requirements listed below. If we determine your application fails to meet the criteria described below, we will disqualify it, that is, we will **not** review it and will give it **no** further consideration.

- (a) You must submit your application electronically via www.grants.gov (unless an exemption was granted 2 business days prior to the deadline) by the date and time indicated in the DATES section (A.1) of this announcement.
- (b) If you successfully submit multiple applications from the same organization for the same project, we will only review the last application received by the deadline.
- (c) HHS/OASH/GAM deems your application eligible according to section E.1 Eligible Applicants.
- (d) You must complete the required forms in the application package: SF-424, SF-424A, SF-424B, SF-LLL, and Project Abstract Summary.
- (e) Your Project Narrative section of the application must be double-spaced, on the equivalent of 8 ½" x 11" inch page size, with 1" margins on all sides (top, bottom, left and right) and font size not less than 12 points.
- (f) Your Project Narrative must not exceed 60 pages. NOTE: The following items do not count toward the Project Narrative page limit: all required forms, including SF-424, SF-424A, SF-424B, SF-LLL, Project Abstract Summary, and Budget Narrative (including budget tables).

(g) Your total application, including the Project Narrative plus Appendices, must not exceed 80 pages. NOTE: items listed in “(f)” immediately above do not count toward total page limit.

(h) Your Federal funds request including indirect costs must not exceed the maximum indicated in Award Ceiling.

(i) Your application must meet the Application Responsiveness Criteria outlined above.

F. APPLICATION AND SUBMISSION INFORMATION

1. Address to Request Application Package

You may obtain an application package electronically by accessing Grants.gov at <http://www.grants.gov/>. You can find it by searching on the CFDA number shown on page 2 of this funding opportunity announcement. If you have problems accessing the application or difficulty downloading, contact:

OASH Grants and Acquisitions Management

Phone: 240-453-8822

Email: OASH_Grants@hhs.gov

2. Content and Form of Application Submission

a. Application Format

Your application must be prepared using the forms and information provided in the online application package.

The Project Narrative, and total application including appendices, must adhere to the page limit indicated in Application Disqualification Criteria listed in Section C. The page limit does not include the Budget Narrative (including budget tables), required forms, assurances, and

certifications as described in the Application Disqualification Criteria. Please do not number pages or include a table of contents. Our grants management system will generate page numbers once your application is complete. If your application exceeds the specified page limits for the Project Narrative or Project Narrative plus Appendices when printed on 8.5” X 11” paper by HHS/OASH/GAM, we will not review it. We recommend you print out your application before submitting electronically to ensure that it is within the page limits and is easy to read.

You must double-space the Project Narrative pages.

You should use an easily readable typeface, such as Times New Roman or Arial. You *must* use 12-point font. You may single-space tables or use alternate fonts but you must ensure the tables are easy to read.

b. Appendices Format

Your Appendices should include any specific documents outlined in Section D.2.iii., under the heading “Appendices” in the Application Content section of this funding opportunity announcement. Your documents should be easy to read. You should use the same formatting specified for the Project Narrative. However, documents such as résumés/CVs, organizational charts, tables, or letters of commitment may use formatting common to those documents, but the pages must be easy to read. All of your appendices must be uploaded as a single, consolidated file in the Attachments section of your Grants.gov application.

c. Project Abstract Summary Format

You must complete the Project Abstract Summary form provided in the application package. The abstract will be used to provide reviewers with an overview of the application and will form the basis for the application summary in grants management and program summary documents. If your project is funded, HHS may publish information from your form; therefore, do not include sensitive or proprietary information.

d. Budget Narrative Format

The Budget Narrative should use the formatting required of the Project Narrative for the explanatory text. Budget tables may be single-spaced but should be laid out in an easily-readable format and within the printable margins of the page.

3. Application Content

Your application must contain the following information:

a. Project Narrative Content

The Project Narrative is the most important part of the application, because it will be used as the primary basis to determine whether your project meets the minimum requirements for an award under this announcement. The Project Narrative should provide a clear and concise description of your project. HHS/OASH recommends that your project narrative include the following components: 1) Problem Statement; 2) Organizational Capability; 3) Goals, Objectives and Outcomes; 4) Project Plan; 5) Evaluation Plan; and 6) Project Sustainability.

1) Problem Statement

Identify a topic from each of the two topic areas listed below for a total of two topics. After the award, these topics will be the focus of: (1) the development of detailed health disparities profiles; and (2) the implementation of modified intervention(s) to demonstrate the impact on health outcomes in the population(s) of focus.

Topic Area 1: HIV, maternal mortality and morbidity, physical activity, substance use disorder

Topic Area 2: Nutrition, sickle cell disease and trait, diabetes, Alzheimer's, lupus, cancer prevention (i.e. addressing risk factor(s) specifically for stomach, liver, or cervical cancer)

For the selected topics, describe the need as demonstrated by health disparities within your service area in both quantitative and qualitative terms. Identify and describe the population(s) of need (e.g., race/ethnicity, demographics, socioeconomic status, and disadvantaged status). Provide quantitative data to demonstrate the magnitude of the need, including the current health status, of the impacted population(s) for whom the proposed modified intervention(s) will be implemented. Identify and describe the geographic area(s) of elevated disease burden in which the proposed intervention(s) will be implemented.

2) Organizational Capability

Describe your organization's capability to successfully implement the proposed project, including implementation readiness and ability to demonstrate impact on health outcomes within the project period. Provide evidence of your agency's (or the particular division of a larger agency which will have responsibility for this project) ability to implement and evaluate community interventions effectively to address health disparities. You should include areas of expertise, key personnel, credentials of proposed staff, technical experience, unique capabilities, history of performing and implementing similar projects, why you are positioned to respond to the project requirements, and why you are best suited to implement and complete the project. Describe your and your partners' connection to the community(ies) to be served. Describe the extent of your and any proposed partner's knowledge of and experience with cultural competence and the *National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care* (National CLAS Standards). (<https://www.thinkculturalhealth.hhs.gov/Content/clas.asp>)

You should clearly delineate the roles and responsibilities of project staff, partners, and subrecipients, if any, and how they contribute to achieving the project's objectives and outcomes. You should clearly identify the individual who will serve as the Principal Investigator/Project Director and that individual's qualifications. HHS/OASH expects that, throughout the award period, the Principal Investigator/Project Director will have involvement in, and substantial knowledge about, all aspects of the project. You should clearly identify the individual who is responsible for evaluation activities and that individual's qualifications.

You should describe how you plan to implement a collaborative approach to achieve project activities. Describe the specific roles, responsibilities, resources, and contributions of partner(s) to the project – including but not limited to: creating the health disparities profile, implementing the intervention(s), data collection and analysis, routine communication with the program lead, creating and/or implementing efforts to sustain successful evidence-informed intervention(s) , etc. – that will complement the lead organization's capability and capacity to implement the intervention, improve health outcomes, and sustain the program. To the extent possible, the applicant should document the level of commitment of the partners as described below in the Appendices (Section F.3.d).

3) Goals, Objectives, and Outcomes

You should describe in this section your project's proposed goal(s) and major objectives. The objectives should be specific, measureable, achievable, realistic, and time-bound (SMART). Unless your project involves multiple, complex interventions, we recommend you have only one overall goal for each selected topic, thus a minimum of two for this funding opportunity. You should clearly identify the indicators/measures for the selected topics to monitor and document

progress toward health outcomes that will result from your project and explicitly state the expected magnitude of impact of your intervention on the outcomes. HHS/OASH will not fund any project that does not include measurable outcomes.

A “measurable outcome” is an observable end-result that describes how a particular intervention benefits program participants. It demonstrates the “impact” of the intervention. For example, it describes a change in participants’ financial, health, and/or functional status; mental well-being; knowledge; skill; attitude; awareness; or behavior. It can also describe a change in the degree to which participants exercise choice over the types of services they receive. Additional examples include: a change in the responsiveness or cost-effectiveness of a service delivery system; a new model of support or care that can be replicated; a measurable increase in community awareness; or a measurable increase in persons receiving services. A measurable outcome ***is not*** a measurable output, such as: the number of clients served; the number of training sessions held; or the number of service units provided. You should keep the focus of this section on describing ***what*** outcome(s) will be produced by the project.

4) Project Plan

Provide a detailed summary of activities to be undertaken and how they will assist in achieving the project goals and objectives. You should also describe the approach that will be used to monitor and track progress on the project’s tasks and objectives. Include a work plan describing how the project will be accomplished. Your work plan should reflect, and be consistent with, the Project Narrative and Budget Narrative, and must cover all years of the project period. However, each year’s activities should be fully attainable in one budget year. You may propose multi-year activities, as well as activities that build upon each other, but each phase of the project must be

discreet and attainable within a single budget year. Your work plan should include a statement of the project's overall goal, anticipated outcome(s), key objectives, and the major tasks, action steps, or products that will be pursued or developed to achieve the goal and outcome(s). For each major task of each year, action step, or product, your work plan should identify the timeframes involved (including start- and end-dates), and the lead person responsible for completing the task.

Describe the existing evidence-informed intervention(s) to be modified and tested, and provide rationale for the selection (including impact on health outcomes for the selected topics and evidence of effectiveness). Describe the proposed modification(s) to the evidence-informed intervention(s), and provide the rationale and the theoretical or empirical foundation for the modification(s). Describe how the proposed modified intervention(s) is expected to impact health outcomes for the selected health topics within the project period. The descriptions must align with two required logic models to be submitted with the application (see Appendices).

Provide an estimated number of individuals expected to participate in your proposed project and how this estimate has been determined. Describe your approach for reaching, engaging, and retaining the population(s) of focus in the proposed intervention(s) to support the feasibility of obtaining measurable outcomes within the project period. Describe how you will use the National CLAS Standards to ensure the proposed project will be implemented in a culturally appropriate manner tailored to the population(s) of focus.

5) Evaluation Plan

Describe your evaluation design and how your evaluation design will clearly establish whether the modification(s) to evidence-informed intervention(s) result in statistically significant impact on key health outcomes to the two selected topics. Describe the technique you will use to

establish/demonstrate statistical significance (e.g., power analysis, Bayesian analysis, or other method). Describe how you will identify and document lessons learned in implementing this project. Describe your approach for collecting pre- and post-intervention data for both control and intervention groups. Describe how you will evaluate the quality of the implementation of the National CLAS Standards through process and outcome measures. Describe the relationship between your evaluator and your organization and the degree of independence the evaluator will have.

6) Project Sustainability

Provide a description of your or your partner(s)'s experience and expertise in establishing or supporting the sustainability of a health-related project. Describe your strategies for identifying and securing financial, staff and supervisory, and material resources that are to sustain and support continued implementation of successful intervention(s) beyond the end of the project.

b. Budget Narrative Content

You must complete the required budget forms and submit a budget narrative with detailed justification as part of your application. You must enter the project budget on the Budget Information Non-construction Programs standard form (SF 424A) according to the directions provided with this standard form. The budget narrative consists of a detailed line-item budget that includes calculations for all costs and activities by "object class categories" identified on the SF-424A and justification of the costs. You must indicate the method you are selecting for your indirect cost rate. See Indirect Costs below for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient to verify the calculations. If matching or cost sharing is

required, you must include a detailed listing of any funding sources identified in box 18 of the SF-424 (Application for Federal Assistance).

Please be sure to carefully review section F.7 Funding Restrictions for specific information regarding allowable, unallowable, and restricted costs.

You must provide an object class category budget using Section B, box 6 of the SF 424A for the first year of the proposed project. Provide a budget justification, which includes explanatory text and line-item detail, for the first year of the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

For subsequent budget years, provide a summary narrative and line item budget. For categories or items that differ significantly from the first budget year, provide a detailed justification explaining these changes. Note, **do not** include costs beyond the first budget year in the object class budget in box 6 of the SF- 424A or box 18 of the SF-424; the amounts entered in these sections should only reflect the first budget year.

Your budget narrative should justify the overall cost of the project as well as the proposed cost per activity, service delivered, and/or product. For example, the budget narrative should define the amount of work you have planned and expect to perform, what it will cost, and an explanation of how the result is cost effective. For example, if you are proposing to provide services to clients, you should describe how many clients are you expecting to serve, the unit cost of serving each client, and how this is cost effective.

Use the following guidelines for preparing the detailed object class budget required by box 6 of the SF-424A. The object class budget organizes your proposed costs into a set of defined categories outlined below. Both federal and non-federal resources (when required) must be

detailed and justified in the budget narrative. "Federal resources" refers only to the HHS/OASH funds for which you are applying. "Non-federal resources" are all other non-HHS/OASH federal and non-federal resources. We recommend you present budget amounts and computations in a columnar format: first column, object class categories; second column, federal funds requested; third column, non-federal resources; and last column, total budget.

Sample Budget Table

| Object Class | Federal Funds Requested | Non-federal Resources | Total Budget |
|--------------|-------------------------|-----------------------|--------------|
| Personnel | \$100,000 | \$25,000 | \$125,000 |

Note, subrecipient/contract and consultant detailed costs should all be included in those specific line items, not in the overall project object class line items, i.e., subrecipient travel should be included in the Contractual line item not in Travel.

1) Object Class Descriptions and Required Justifications

(a) Personnel Description

Costs of staff salaries and wages, excluding benefits.

(b) Personnel Justification

Clearly identify the project director or principal investigator, if known at the time of application. Provide a separate table for personnel costs detailing for each proposed staff person: the title; full name (if known at time of application), time commitment to the project as a percentage or full-time equivalent; annual salary and/or annual wage rate; federally funded award salary; non-federal award salary, if applicable; and total salary. No salary rate may exceed the statutory limitation in effect at the time you submit your application (see D.6 Funding Restrictions, *Salary Rate Limitation* for details). Do not include the costs of consultants, personnel costs of

delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant. Contractors and consultants should not be placed under this category.

Sample Personnel Table

| Position Title and Full Name | Percent Time | Annual Salary | Federally-funded Salary | Non-federal Salary | Total Project Salary |
|--------------------------------|--------------|---------------|-------------------------|--------------------|----------------------|
| Project Director, John K. Doe | 50% | \$100,000 | \$50,000 | \$0 | \$50,000 |
| Data Assistant, Susan R. Smith | 10% | \$30,000 | | \$3,000 | \$3,000 |

(c) Fringe Benefits Description

Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

(d) Fringe Benefits Justification:

Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, and taxes.

(e) Travel Description

Costs of travel by staff of the applicant organization only.

(f) Travel Justification

For each trip proposed for applicant organization staff only, show the date of the proposed travel, total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used; and other transportation costs and subsistence allowances. **Do not** include travel costs for subrecipients or contractors.

(g) Equipment Description

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000. (Note: Acquisition cost means the cost of the asset including the cost to ready the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Acquisition costs for software includes those development costs capitalized in accordance with generally accepted accounting principles (GAAP). Ancillary charges, such as taxes, duty, protective in transit insurance, freight, and installation may be included in or excluded from the acquisition cost in accordance with the non- Federal entity's regular accounting practices.) See 45 C.F.R. § 75.2 for additional information.

(h) Equipment Justification

For each type of equipment requested you must provide a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use of the equipment in the project; as well as a plan for the use, and/or disposal of, the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy, or section of its policy, that includes the equipment definition; include this with your Budget Narrative file. Reference the policy in this justification and include the policy copy in your Budget Narrative file (not your appendices).

(i) Supplies Description

Costs of all tangible personal property other than those included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$5,000.

(j) Supplies Justification

Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

(k) Contractual Description

Costs of all contracts or subawards for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contracts or subawards with subrecipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. This line item is not for individual consultants.

(l) Contractual Justification

Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Recipients and subrecipients are required to use 45 CFR § 75.329 procedures and must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold fixed by 41 U.S.C. § 134 and currently set at \$250,000. Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to HHS/OASH.

Note: Whenever you intend to delegate part of the project to another agency, you must provide a detailed budget and budget narrative for each subrecipient/contractor, by agency title, along with the same supporting information referred to in these instructions. If you plan to select

the subrecipients/contractors post-award and a detailed budget is not available at the time of application, you must provide information on the nature of the work to be delegated, the estimated costs, and the process for selecting the delegate agency.

(m) Other Description

Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: consultants; insurance; professional services (including audit charges); space and equipment rent; printing and publication; training, such as tuition and stipends; participant support costs including incentives, staff development costs; and any other costs not addressed elsewhere in the budget.

(n) Other Justification

Provide computations, a narrative description, and a justification for each cost under this category.

(o) Indirect Costs Description

Total amount of indirect costs. This category has one of two methods that you may select. You may only select one.

- Your organization currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant federal agency. You should enclose a copy of the current approved rate agreement in your Budget Narrative file. If you request a rate that is less than allowed, your authorized representative must submit a signed acknowledgement that the organization is accepting a lower rate than allowed.
- Per 45 CFR § 75.414(f) Indirect (F&A) costs, “any non-Federal entity [i.e., applicant] that has never received a negotiated indirect cost rate,

... may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in § 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.”

This method only applies if you have never received an approved negotiated indirect cost rate from HHS or another cognizant federal agency. If you are waiting for approval of an indirect cost rate, you may request the 10% de minimis rate. If you choose this method, costs included in the indirect cost pool must not be charged as direct costs to the award.

(p) Indirect Costs Justification

Provide the calculation for your indirect costs total, i.e., show each line item included in the base, the total of these lines, and the application of the indirect rate. If you have multiple approved rates, indicate which rate as described in your approved agreement is being applied and why that rate is being used. For example, if you have both on-campus and off-campus rates, identify which is being used and why.

(q) Program Income Description

Program income means gross income earned by your organization that is directly generated by this project if funded except as provided in 45 CFR § 75.307(f). Program income includes but is not limited to income from fees for services performed or the use or rental of real or personal

property acquired under the award. Interest earned on advances of Federal funds is not program income. Except as otherwise provided in Federal statutes, regulations, or the terms and conditions of the Federal award, program income does not include rebates, credits, discounts, and interest earned on any of them. See also 45 CFR §§ 75.307, 75.407 and 35 U.S.C. §§ 200-212 (applies to inventions made under Federal awards).

(r) Program Income Justification

Describe and estimate the sources and amounts of program income that this project may generate if funded. Unless being used for cost sharing, if applicable, these funds should not be added to your budget. This amount should be reflected in box 7 of the SF-424A.

(s) Non-Federal Resources Description

Amounts of non-federal resources that will be used to support the project as identified in box 18 of the SF-424. For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306. For awards that require matching by statute, you will be held accountable for projected commitments of non-federal resources in your application budgets and budget justifications by budget period or by project period for fully-funded awards, even if the justification by budget period, or by project period for fully-funded awards, exceeds the amount required. Your failure to provide the required matching amount may result in the disallowance of federal funds. If you are funded, you will be required to report these funds on your Federal Financial Reports. For awards that do not require matching or cost sharing by statute or regulation, where "cost sharing" refers to costs of a project in addition to Federal funds requested that you voluntarily propose in your budget, if your application is successful, we will include this non-federal cost sharing in the approved project budget and you will be held accountable for the non-federal cost-

sharing funds as shown in the Notice of Award (NOA). Your failure to provide voluntary cost sharing of non-federal resources that have been accepted by HHS/OASH as part of the approved project costs and that are shown as part of the approved project budget in the NOA may result in the disallowance of federal funds. If you are funded, you will be required to report these funds on your Federal Financial Reports. Note, you will not receive any preference, priority, or special consideration in the funding process for voluntarily including non-Federal cost sharing in your proposed budget.

(t) *Non-federal Resources Justification*

You must provide detailed budget information for every funding source identified in box 18. "Estimated Funding (\$)" on the SF-424. Provide this documentation as part of your Budget Narrative file, not your Appendices.

You must fully identify and document in your application the specific costs or contributions you propose in order to meet a matching requirement. You must provide documentation in your application on the sources of funding or contribution(s). In-kind contributions must be accompanied by a justification of how the stated valuation was determined. Matching or cost sharing must be documented by budget period (or by project period for fully-funded awards). If your application does not include the required supporting documentation for a matching requirement, it will not be disqualified from competitive review; however, it may impact your score under the evaluation criteria in Section G.1 of this announcement.

c. Plan for Oversight of Federal Award Funds

You must include a plan for oversight of federal award funds which describes:

- how your organization will provide oversight of federal funds and how award activities and partner(s) will adhere to applicable federal award and programmatic regulations. Include identification of risks specific to

your project as proposed and how your oversight plan addresses these risks.

- the organizational systems that demonstrate effective control over and accountability for federal funds and program income, compare outlays with budget amounts, and provide accounting records supported by source documentation.
- for any program incentives proposed, the specific internal controls that will be used to ensure only qualified participants will receive them and how they will be tracked.
- organizational controls that will ensure timely and accurate submission of Federal Financial Reports to the OASH Office of Grants Management and Payment Management Services as well as timely and appropriate withdrawal of cash from the Payment Management System.

d. Appendices

All items described in this section will count toward the total page limit of your application.

You must submit them as a **single electronic file** uploaded to the Attachments section of your Grants.gov application.

- 1) Supplemental Information/Supporting Documentation for Work Plan.

If needed, include supplemental information or supporting documentation for your work plan.

- 2) Memorandums of Agreement and/or Letters of Commitment from Partners, Subrecipient Organizations, and Agencies.

If available at the time of submission, signed MOAs or signed Letters of Commitment (LOCs) may be submitted for each state office of minority health/health equity (and/or other state entity with a similar function) partner and other partner (or one signed MOA with all partners) and include specific roles, responsibilities, resources, and contributions of partner(s) to the project. MOAs signed by all partners are preferred as documentation to support the commitment of the partner organizations. If the applicant is unable to submit signed MOAs because of COVID-19 impacts, the applicant should submit an unsigned MOA(s). LOCs may be submitted at the time of application with the expectation that fully executed MOAs will be requested before an awarded project begins. The MOAs and signed LOCs must detail the specific role and resources that will be provided, or activities that will be undertaken, in support of the applicant. The organization's expertise, experience, and access to the targeted population(s) should also be described in the LOC. Fully executed MOAs will be required within 30 days following the issuance of any award made under this announcement.

LOCs are not the same as letters of support. Letters of support are letters that are general in nature that speak to the writer's belief in the capability of an applicant to accomplish a goal/task. Letters of support also may indicate an intent or interest to work together in the future, but they lack specificity. You should NOT provide letters of support, and letters of support such as this will not be considered during the review.

3) Organizational Documents/Items

- Applicant's organizational chart
- State or tribal level partners' organizational charts
- An organizational chart for the applicant and subrecipient(s) including office location of the applicant's and the subrecipient(s)' office(s)

- Documentation that verifies official status as an established state office of minority health (or other similar entity) shall be submitted. Examples of such documentation include a signed statement from a state level authorizing official, e.g., Governor or designated official, copy of the active statute or Executive Order that established the state office of minority health.

4) Curriculum Vitae/Resume for Key Project Personnel

You must submit with your application curricula vitae or resumes of the Project Director/Principal Investigator and all other key personnel. Key personnel include those individuals who will oversee the technical, professional, managerial, and support functions and/or assume responsibility for assuring the validity and quality of your organization's program. This includes at a minimum Program Manager/Program Coordinator. We encourage individuals to use their full name (first, middle, last) on these documents to distinguish them for verification in the System for Award Management exclusion records.

5) Tribal Letter or Resolution

Federally recognized American Indian/Alaska Native tribal nations, which include Native American tribal governments (Federally recognized) and American Indians or Alaska Native tribal governments (federally recognized), must demonstrate support from the tribal nation by providing an official letter from official tribal leaders, or a tribal resolution.

6) Logic Models

Provide two logic models in your application. The first logic model should describe the inputs, objectives, activities, outputs, and outcomes of the proposed intervention that is currently

or recently employed in the state, territory, tribe, and/or local municipality. The second logic model should clearly illustrate the area(s) of modification, activities, outputs, and expected outcomes being tested through the proposed project. All program objectives, activities, and anticipated outcomes should be reflected in the logic model and demonstrate that the proposed project reflects a coherent approach.

7) Just-in-Time Institutional Review Board Agreement

A letter signed by the authorized official assuring that, if funded, the applicant will submit an application to an Institutional Review Board (IRB) for approval. IRB approval documentation must be submitted to HHS/OASH/GAM for any award prior to proceeding with human subjects research.

4. Unique Entity Identifier and System for Award Management (SAM)

You are required to provide a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number when applying for Federal awards through Grants.gov. It is a unique, nine-digit identification number, which provides unique identifiers of single business entities. The DUNS number is free and easy to obtain. If you do not currently have a DUNS number, please contact Grants.gov to create a temporary DUNS number if you are unable to complete the SAM registration process prior to submitting your application.

You will find instructions on the Grants.Gov web site as part of the organization registration process at <http://www.grants.gov/web/grants/applicants/organization-registration.html>.

Your organization must register online in the System for Award Management (SAM). Under normal operating procedures Grants.gov will reject submissions from applicants with nonexistent or expired SAM Registrations. Because of the public health emergency with COVID-19, the requirement for SAM registration at the time of submission has been waived. Grants.gov will temporarily allow submissions without a current SAM registration. A completed registration in SAM may be required prior to receiving any award based on your application.

If you are registering a new entity or renewing your registration, you must submit a notarized letter formally appointing an Entity Administrator to SAM.GOV For detailed instructions on the content of the letter and process for domestic entities see:

[https://www.fsd.gov/fsd-](https://www.fsd.gov/fsd-gov/answer.do?sysparm_kbid=d2e67885db0d5f00b3257d321f96194b&sysparm_search=kb0013)

183

A quick start guide for registrants is available at https://www.sam.gov/sam/transcript/Quick_Guide_for_Grants_Registrations.pdf. You should allow a minimum of five days to complete an initial SAM registration. Allow up to 10 business days after you submit your registration for it to be active in SAM. This timeframe may be longer if SAM flags the information you provide for manual validation. You will receive an email alerting you when your registration is active.

If your organization is already registered in SAM, you must renew your SAM registration each year. Organizations registered to apply for Federal awards through <http://www.grants.gov> will need to renew their registration in SAM. SAM has extended the expiration dates for registration renewals that may be delayed because of the public health emergency. Please review your status in SAM.

You should make sure your SAM registration information is accurate, especially your organization's legal name and physical address including your ZIP+4. Should you successfully compete and receive an award, this information must be included on a Notice of Award. For instructions on updating this information see https://gsafsd.service-now.com/fsd-gov/answer.do?sysparm_kbid=c3d982af6fb8d5006f348d412e3ee47e

It may take 24 hours or more for SAM updates to take effect in Grants.gov, so if you plan to apply for this funding opportunity or think you might apply, you should ensure your organization's registration is active in SAM well before the application deadline and will be active through the competitive review period.

If you are successful and receive an award, you must maintain an active SAM registration with current information at all times during which your organization has an active award or an application or plan under consideration by an HHS agency.

HHS/OASH cannot make an award until you have complied with these requirements as modified under the public health emergency. If you have not complied with these requirements, HHS/OASH:

- May determine that you are not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

Should you successfully compete and receive an award, all first-tier sub-award recipients must have a DUNS number (permanent or temporary) at the time you, the recipient, make a sub-award.

5. Submission Dates and Times

You must submit your application for this funding opportunity by **the date and time indicated in Section A.1 of this announcement**. Your submission time will be determined by the date and time stamp provided by Grants.gov when you **complete** your submission.

If you fail to submit your application by the due date and time, we will not review it, and it will receive no further consideration. You are strongly encouraged to submit your application a minimum of 3-5 days prior to the application closing date. Do not wait until the last day in the event you encounter technical difficulties, either on your end or with <http://www.grants.gov>. Grants.gov can take up to 48 hours to notify you of a successful or rejected submission. You are better off having a less-than-perfect application successfully submitted and under consideration than no application.

If your submission fails due to a system problem with Grants.gov, we may consider your application if you provide verification from Grants.gov indicating system problems existed at the time of your submission **and that time was before the submission deadline**. A “system problem” does not include known issues for which Grants.gov has posted instructions regarding how to successfully submit an application such as compatible Adobe versions or file naming conventions. **As the applicant, it is your responsibility to review all instructions available on Grants.gov regarding successfully submitting an application.**

6. Intergovernmental Review

Applications under this announcement are subject to the requirements of Executive Order 12372, “Intergovernmental Review of Federal Programs,” as implemented by 45 CFR part 100, “Intergovernmental Review of Department of Health and Human Services Programs and Activities.” As soon as possible, you should discuss the project with the State Single Point of

Contact (SPOC) for the State in which your organization is located. The current listing of the SPOCs is available at <https://www.whitehouse.gov/wp-content/uploads/2017/11/SPOC-Feb.-2018.pdf>. The SPOC should forward any comments to the Department of Health and Human Services 1101 Wootton Parkway, Suite 100, Rockville, MD 20852. The SPOC has 60 days from the due date listed in this announcement to submit any comments. For further information, contact the HHS/OASH Grants and Acquisitions Management Division at 240-453-8822.

7. Funding Restrictions

Direct and Indirect Costs proposed and, if successful, charged to the HHS/OASH award must meet the cost requirements of 45 CFR part 75 “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards,” Subpart E—Cost Principles. These requirements apply to you, the applicant, and any subrecipients. You should thoroughly review these regulations before developing your proposed budget.

Indirect costs may be included per 45 CFR § 75.414. See the Budget Narrative section of this announcement for more information. To obtain a negotiated indirect cost rate with the Federal Government you may contact the U.S. Department of Health and Human Services Cost Allocation Services (CAS) regional office that is applicable to your State. CAS regional contact information is available at <https://rates.psc.gov/fms/dca/map1.html>.

1) Pre-Award Costs

Pre-award costs (per 45 CFR § 75.458) are those incurred prior to the effective date of the Federal award directly pursuant to the negotiation and in anticipation of the Federal award where such costs are necessary for efficient and timely performance of the scope of work. Such costs are allowable only to the extent that they would have been allowable if incurred after the date of the Federal award and only with the written approval of the HHS awarding agency.

Pre-award costs are not allowed.

2) Salary Rate Limitation:

Each year's appropriations act limits the salary rate that we may award and you may charge to HHS/OASH grants and cooperative agreements. You should not budget award funds to pay the salary of an individual at a rate in excess of Federal Executive Pay Scale Executive Level II. As of January 2020, the Executive Level II salary is \$197,300. This amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual working on the award project may be permitted to earn outside of the duties to the applicant organization. This salary rate limitation also applies to subawards/subcontracts under an HHS/OASH award.

An example of the application of this limitation for an individual devoting 50% of their time to this award is broken down below:

| | |
|--|-----------|
| Individual's <i>actual</i> base full time salary: \$350,000 50% of time devoted to project, i.e. .5 FTE | |
| Direct salary (\$350,000 x .5) | \$175,000 |
| Fringe (25% of salary) | \$43,750 |
| Total | \$218,750 |
| Amount that may be claimed on the application budget due to the legislative salary rate limitation: Individual's base full time salary <i>adjusted</i> to Executive Level II: \$197,300 with 50% of time devoted to the project | |
| Direct salary (\$197,300 x .5) | \$98,650 |
| Fringe (25% of salary) | \$24,663 |
| Total amount allowed | \$123,313 |

Appropriate salary rate limits will apply as required by law.

8. Other Submission Requirements

a. Electronic Submission

HHS/OASH requires that all applications be submitted electronically via the Grants.gov portal unless an exemption has been granted. If you submit an application via any other means of electronic communication, including facsimile or electronic mail, it *will not* be accepted for review unless you receive an exemption as described in the DATES section of this announcement.

You may access the Grants.gov website portal at <http://www.grants.gov>.

Applications, excluding required standard forms, must be submitted as three (3) files (see acceptable file types below). One file must contain the entire Project Narrative, another the entire Budget Narrative including supporting documentation described in the Budget Narrative content section; and the third file must contain all documents in the Appendices. Any additional

files submitted as part of the Grants.gov application will not be accepted for processing and will be excluded from the application during the review process.

Any files uploaded or attached to the Grants.gov application must be Adobe PDF, Microsoft Word, or image formats (JPG, GIF, TIFF, or BMP only) and must contain a valid file format extension in the filename. HHS/OASH strongly recommends that electronic applications be uploaded as Adobe PDF. If you convert to PDF prior to submission you may prevent any unintentional formatting that might occur with submission of an editable document. Please note, even though Grants.gov allows you to attach any file format as part of your application, HHS/OASH restricts this practice and only accepts the file formats identified above. Any file submitted as part of the Grants.gov application that is not in a file format listed above will not be accepted for processing and will be excluded from the application during the review process.

Any file submitted as part of the Grants.gov application that contains password protection will not be accepted for processing and will be excluded from the application during the review process. We will not contact you for passwords or resubmission of unprotected files. Unprotected information in the application will be forwarded for consideration but password protected portions will not. You should avoid submitting personally identifiable information such as personal contact information on résumés.

In addition, the use of compressed file formats such as ZIP, RAR, or Adobe Portfolio will not be accepted. We will not contact you for resubmission of uncompressed versions of files. Compressed information in the application will not be forwarded for consideration.

You must submit your application in a format that can easily be copied and read by reviewers. We do not recommend that you submit scanned copies through Grants.gov unless you confirm the clarity of the documents. Pages cannot be reduced resulting in multiple pages on a

single sheet to avoid exceeding the page limitation. If you submit documents that do not conform to these instructions, we will exclude them from your application during the review process.

b. Important Grants.gov Information

You may access the electronic application for this program on <http://www.grants.gov>. You must search the downloadable application page by the Funding Opportunity Number or CFDA number, both of which can be found on page 1 of this funding opportunity announcement.

To ensure successful submission of your application, you should carefully follow the step-by-step instructions provided at <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>. These instructions are kept up-to-date and also provide links to Frequently Asked Questions and other troubleshooting information. **You are responsible for reviewing all Grants.gov submission requirements on the Grants.gov site.**

You should contact Grants.gov with any questions or concerns regarding the electronic application process conducted through Grants.gov. See Contacts below. See Section D.3 for requirements related to DUNS numbers and SAM registration.

G. APPLICATION REVIEW INFORMATION

1. Criteria

Federal staff and an independent review panel will assess all eligible applications according to the following criteria. Disqualified applications will not be reviewed against these criteria.

a. Problem Statement (10 points)

- 1) Strength of the description provided for health disparities in the service area related to the selected health topics, population(s) of focus, demonstrated need for the proposed intervention(s), and geographic area(s) of elevated disease burden for

the selected topic areas in which the proposed intervention(s) will be implemented.
(5 of 10 points)

2) Degree to which applicant includes data relevant to the selected topic areas and demonstrating need to address the health outcomes and understanding of health disparities experienced by the population(s) of focus. (5 of 10 points)

b. Organizational Capability and Collaboration (15 points)

1) Strength of demonstrated capacity, infrastructure, experience, and expertise of the applicant (including key personnel and project staff) to conduct the project activities successfully, including strength of evidence of readiness for intervention implementation, demonstrated experience in implementing, experience with and knowledge of cultural competency and the National CLAS Standards, interventions, and ability to evaluate program impact within the project period. (6 of 15 points)

2) Strength and soundness of proposed collaborative approach, including extent to which partnership(s) complement the applicant's capability and capacity to implement the intervention, improve health outcomes, and sustain the program. Degree of commitment of each partner as appropriate to their respective roles, responsibilities and contributions to the project. (6 out of 15 points)

3) Extent to which the applicant demonstrates partnership with institutions of higher education that: 1) have established infrastructure for activities to address health disparities which can be sustained as part of the community fabric; or 2) have a demonstrated history and experience working with partners in racial/ethnic minority and disadvantaged communities to provide services, build community capacity, and strengthen community infrastructure. (3 out of 15 points)

c. Goals, Objectives and Outcomes (10 points)

- 1) Extent to which the goals and objectives are aligned with the State/Tribal/Territorial Partnership Initiative purpose and expectations and with the problem statement. (3 of 10 points)
- 2) Extent to which objectives are SMART and quantified. (4 of 10 points)
- 3) The extent to which the proposed indicators/measures align clearly and unambiguously with the project's proposed outcomes. (3 of 10 points)

d. Project Plan (30 points)

- 1) Clear demonstration of existing or recently implemented evidence-informed intervention(s) related to selected health topics. Strength of rationale and theoretical or empirical foundation for modification(s) of evidence-informed intervention(s). Comprehensiveness and appropriateness of required logic models to achieve the designed outcomes. (10 out 30 points).
- 2) Work Plan: Appropriateness and feasibility of proposed approach and activities (20 out 30 points)
 - Strength of work plan in accomplishing the major tasks, action steps, or products that will be pursued or developed to achieve the goals, objectives, and outcome(s). Viability of timeframes identified for each major task of each year, action step, or product. (4 points)
 - Logic and sequencing of project activities. (4 points)
 - Strength of approach for reaching, engaging and retaining the population(s) of focus in the proposed intervention(s). (4 points)
 - Strength of feasibility in obtaining measurable outcomes within the project period. (4 points)

- Strength of the applicant’s plan to use the National CLAS Standards to ensure the proposed project will be implemented in a culturally appropriate manner tailored to the target population(s). (4 points)

e. Evaluation Plan (20 points total)

- 1) Rigor of evaluation design and plan demonstrating baseline, interim, and post-intervention data collection feasibility. (5 out 20 points)
- 2) Use of true experimental design (i.e., participants are randomly assigned to either the treatment or the control group) in evaluation plan. (5 out of 20 points)
- 3) Demonstration that the proposed statistical analysis and evaluation design will be able to detect statistically significant project impact on key health outcome indicators, if present, given the expected sample and effect sizes or, if using another statistical approach, clearly demonstrates whether the modified intervention is superior to existing interventions in improving population health on health outcomes selected for this demonstration. (5 out of 20 points)
- 4) Feasibility and comprehensiveness of the plan to measure and report on project outcomes, document lessons learned, and evaluate the quality of the implementation of the National CLAS Standards through process and outcome measures (5 out of 20 points)

f. Project Sustainability (10 points total)

- 1) Feasibility of the strategies to support the project beyond the grant period (5 points)
- 2) Strategies identify other financial, staff and supervisory, and material resources (5 points)

g. Budget (5 points)

- 1) Extent to which the proposed budget adequately supports the activities proposed

2. Review and Selection Process

Each HHS/OASH Program's office is responsible for facilitating the process of evaluating applications and setting funding levels according to the criteria set forth above.

An independent review panel will evaluate applications that meet the responsiveness criteria, if applicable, and are not disqualified. These reviewers are experts in their fields, and are drawn from academic institutions, non-profit organizations, state and local government, and Federal government agencies. Based on the Application Review Criteria as outlined under Section E.1, the reviewers will comment on and score the applications, focusing their comments and scoring decisions on the identified criteria. In addition to the independent review panel, Federal staff will review each application for programmatic, budgetary, and grants management compliance.

The Deputy Assistant Secretary for Minority Health will provide recommendations for funding to the Grants Management Officer to conduct risk analysis.

In providing these recommendations, the Deputy Assistant Secretary for Minority Health will take into consideration the following additional factor(s):

- 1) Geographic distribution of projects
- 2) Distribution of selected health topic areas

3. Review of Risk Posed by Applicant

The HHS/OASH will evaluate, in accordance with 45 CFR § 75.205, each application recommended for funding by the program official indicated in Review and Selection Process for risks before issuing an award. This evaluation may incorporate results of the evaluation of

eligibility or the quality of an application. If we determine that a Federal award will be made, special conditions that correspond to the degree of risk assessed will be applied to the Federal award. Such conditions may include additional programmatic or financial reporting or releasing funds on a reimbursable rather than cash advance basis. OASH will use a risk-based approach and may consider any items such as the following:

- 1) Your financial stability;
- 2) Quality of management systems and ability to meet the management standards prescribed in 45 CFR part 75;
- 3) History of performance. Your record in managing Federal awards, if you are a prior recipient of Federal awards, including timeliness of compliance with applicable reporting requirements, conformance to the terms and conditions of previous Federal awards, and if applicable, the extent to which any previously awarded amounts will be expended prior to future awards;
- 4) Reports and findings from audits performed; and
- 5) Your ability to effectively implement statutory, regulatory, or other requirements imposed on non-Federal entities.

Prior to making a Federal award with a total Federal share greater than the simplified acquisition threshold (currently \$250,000), we are required to review and consider any information about you that is in the designated integrity and performance system accessible through the System for Award Management (SAM) (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)). You may, at your option, review information in SAM and comment on any information about yourself that a Federal awarding agency previously entered and is

currently available through SAM. We will consider any comments by you, in addition to the other information in the designated system, in making a judgment about your integrity, business ethics, and record of performance under Federal awards when completing the review of risk.

If an we do not make an award to you because we determine your organization does not meet either or both of the minimum qualification standards as described in 45 CFR §75.205(a)(2), we must report that determination to FAPIIS, if certain conditions apply. At a minimum, the information in the system if you are a prior Federal award recipient must “demonstrate a satisfactory record of executing programs or activities under Federal grants, cooperative agreements, or procurement awards; and integrity and business ethics.” 45 CFR § 75.205(a)(2); see also 45 CFR §75.212 for additional information.

4. Final Award Decisions, Anticipated Announcement, and Federal Award Dates

Upon completion of risk analysis and concurrence of the Grants Management Officer, HHS/OASH will issue Notices of Award. No award decision is final until a Notice of Award is issued. All award decisions, including level of funding if an award is made, are final and you may not appeal.

HHS/OASH seeks to award funds as much in advance of the anticipated project start date shown in Section B “Federal Award Information,” as practicable, with a goal of 10-15 days. Note this is an estimated start date and award announcements may be made at a later date and with a later project period start date.

H. FEDERAL AWARD ADMINISTRATION INFORMATION

1. Federal Award Notices

HHS/ OASH does not release information about individual applications during the review process. If you would like to track your application, please see instructions at <http://www.grants.gov/web/grants/applicants/track-my-application.html>. The official document notifying you that an application has been approved for funding is the Notice of Award (NOA), approved by a Grants Management Officer of the HHS/OASH GAM. If you are successful, you will receive this document via system notification from our grants management system (Grant Solutions) and/or via e-mail. This document notifies the successful recipient of the amount awarded, the purposes of the award, the anticipated length of the project period, terms and conditions of the award, and the amount of funding to be contributed by the recipient to project costs, if applicable.

If you receive an NOA, we strongly encourage you to read the entire document to ensure your organization's information is correct and that you understand all terms and conditions. You should pay specific attention to the terms and conditions, as some may require a time-limited response. The NOA will also identify the Grants Management Specialist and Program Project Officer assigned to the award for assistance and monitoring.

If you are unsuccessful or deemed ineligible according to the disqualification criteria, you will be notified by HHS/OASH by email and/or letter. If your application was reviewed by the independent review panel, you may receive summary comments pertaining to the application resulting from the review process. On occasion, you may receive a letter indicating that an application was approved but unfunded. These applications may be kept active for one year and may be considered for award without re-competing should funds become available during the hold period.

2. Administrative and National Policy Requirements

If you are successful and receive a Notice of Award, in accepting the award, you agree that the award and any activities thereunder are subject to all provisions of 45 CFR part 75, currently in effect or implemented during the period of the award, or other Department regulations and policies in effect at the time of the award.

In addition, your organization must comply with all terms and conditions outlined in the Notice of Award, the U.S. Department of Health and Human Services (HHS) Grants Policy Statement (GPS), requirements imposed by program statutes and regulations and HHS grant administration regulations, as applicable, as well as any requirements or limitations in any applicable appropriations acts. The current HHS GPS is available at <http://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsgps107.pdf> Please note HHS plans to revise the HHS GPS to reflect changes to the regulations; 45 CFR parts 74 and 92 have been superseded by 45 CFR part 75.

You may only use award funds to support activities outlined in the approved project plan. If your application is funded, your organization will be responsible for the overall management of activities within the scope of the approved project plan. Please consult the HHS GPS Section II and 45 CFR § 75.308 for aspects of your funded project that will require prior approval from the Grants Management Officer for any changes. Modifications to your approved project that will require prior approval include, but are not limited to: a change in the scope or the objective(s) of the project or program (even if there is no associated budget revision, such as reduction in services, closing of service or program site(s)); significant budget revisions, including changes in the approved cost-sharing or matching; a change in a key person specified in your application; reduction in time devoted to the project by the approved project director or principal investigator,

either as percentage of full-time equivalent of 25% or more or absence for 3 months or more; or the subawarding, transferring or contracting out of any work that was not described in the approved proposal.

3. Closeout of Award

Upon expiration of your project period, if we do not receive acceptable final performance, financial, and/or cash reports in a timely fashion within the closeout period, and we determine that closeout cannot be completed with your cooperation or that of the Principal Investigator/ Project Director, we may elect to complete a unilateral closeout. (See F.3 Reporting below for closeout reporting requirements.) As a result, we may determine that enforcement actions are necessary, including on another existing or future award, such as withholding support or a high-risk designation.

4. Lobbying Prohibitions

You shall not use any funds from an award made under this announcement for other than normal and recognized executive legislative relationships. You shall not use funds for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat the enactment of legislation before the Congress or any State or local legislature or legislative body, except in presentation to the Congress or any State or local legislature itself, or designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any State or local government, except in presentation to the executive branch of any State or local government itself.

You shall not use any funds from an award made under this announcement to pay the salary or expenses of any employee or subrecipient, or agent acting for you, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any State government, State legislature or local legislature or legislative body, other than for normal and recognized executive-legislative relationships or participation by an agency or officer of a State, local or tribal government in policymaking and administrative processes within the executive branch of that government.

The above prohibitions include any activity to advocate or promote any proposed, pending, or future Federal, State or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale or marketing, including but not limited to the advocacy or promotion of gun control.

5. Non-Discrimination Requirements

Pursuant to Federal civil rights laws, if you receive an award under this announcement you must not discriminate on the basis of race, color, national origin, disability, age, and in some cases sex and religion. The HHS Office for Civil Rights provides guidance for complying with civil rights laws that prohibit discrimination. <https://www.hhs.gov/civil-rights/index.html>.

HHS provides guidance to recipients of federal financial assistance on meeting the legal obligation to take reasonable steps to provide meaningful access to persons with limited English proficiency. See *Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons*, 68 Fed. Reg. 47311, 47313 (HHS Office for Civil Rights, 2003, www.gpo.gov/fdsys/pkg/FR-

[2003-08-08/pdf/03-20179.pdf](https://www.gpo.gov/fdsys/pkg/FR-2013-09-24/pdf/2013-23164.pdf)) You must ensure your contractors and subrecipients also comply with federal civil rights laws.

The *National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care* (National CLAS Standards), 78 Fed. Reg. 58539, 58543 (HHS Office of Minority Health, 2013, www.gpo.gov/fdsys/pkg/FR-2013-09-24/pdf/2013-23164.pdf), provides a practical framework for applicants to provide quality health care and services to culturally and linguistically diverse communities, including persons with limited English proficiency. Compliance with the National CLAS Standards meets the legal obligation to take reasonable steps to provide meaningful access to persons with limited English proficiency.

6. Smoke- and Tobacco-free Workplace

The HHS/OASH strongly encourages all award recipients to provide a smoke-free workplace and to promote the non-use of all tobacco products. This is consistent with the HHS/OASH mission to protect and advance the physical and mental health of the American people.

7. Acknowledgement of Funding and HHS Rights to Materials and Data

Each year's annual appropriation requires that when issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all organizations receiving Federal funds, including but not limited to State and local governments and recipients of Federal research grants, shall clearly state— (1) the percentage of the total costs of the program or project which will be financed with Federal money; (2) the dollar amount of Federal funds for the project or program; and (3)

percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

You must also acknowledge Federal support in any publication you develop using funds awarded under this program, with language such as:

This publication (journal article, etc.) was supported by Award No. _____ from the Office of the Assistant Secretary of Health (OASH). Its contents are solely the responsibility of the authors and do not necessarily represent the official views of OASH.

All publications you develop or purchase with funds awarded under this announcement must be consistent with the requirements of the program. You own the copyright for materials that you develop under this award, and pursuant to 45 CFR § 75.322(b), HHS reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use those materials for Federal purposes, and to authorize others to do so. In addition, pursuant to 45 CFR § 75.322(d), the Federal government has the right to obtain, reproduce, publish, or otherwise use data produced under this award and has the right to authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

8. Trafficking in Persons

Awards issued under this funding opportunity announcement are subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. § 7104). For the full text of the award term, go to http://www.hhs.gov/opa/grants/trafficking_in_persons_award_condition.html. If you are unable

to access this link, please contact the Grants Management Specialist identified in this funding opportunity announcement to obtain a copy of the term.

9. Efficient Spending

This award may also be subject to the HHS Policy on Promoting Efficient Spending: Use of Appropriated Funds for Conferences and Meetings, Food, Promotional Items, and Printing and Publications available at <http://www.hhs.gov/grants/contracts/contract-policies-regulations/efficient-spending/>

10. Whistleblower Protection

If you receive an award, you will be subject to a term and condition that applies the terms of 48 CFR § 3.908 to the award, and requires that you inform your employees in writing of employee whistleblower rights and protections under 41 U.S.C. § 4712 in the predominant native language of the workforce.

11. Human Subjects Protection

Federal regulations (45 CFR Part 46) require that applications and proposals involving human subjects must be evaluated with reference to the risks to the subjects, the adequacy of protection against these risks, the potential benefits of the research to the subjects and others, and the importance of the knowledge gained or to be gained. If research involving human subjects is anticipated, you must meet the requirements of the HHS regulations to protect human subjects from research risks as specified in 45 CFR part 46. You may find it online at <http://www.hhs.gov/ohrp/humansubjects/guidance/45cfr46.html>.

Applicants that plan to engage in research involving human subjects are encouraged to provide information regarding participation in research in their recruitment efforts and provide a link to www.hhs.gov/about-research-participation.

12. Research Integrity

An applicant for or recipient of PHS support for biomedical or behavioral research, research training or activities related to that research or research training must comply with 42 C.F.R. part 93, including have written policies and procedures for addressing allegations of research misconduct that meet the requirements of part 93, file an Assurance of Compliance with the Office of Research Integrity (ORI), and take all reasonable and practical steps to foster research integrity consistent with 42 C.F.R. § 93.300. The assurance must state that the recipient (1) has written policies and procedures in compliance with this part for inquiring into and investigating allegations of research misconduct; and (2) complies with its own policies and procedures and the requirements of part 93. More information is available at ori.hhs.gov/assurance-program.

13. Reporting

a. Performance Reports

You must submit performance reports on a quarterly basis. Your performance reports must address content required by 45 CFR § 75.342(b)(2). The awarding program office may provide additional guidance on the content of the progress report. You must submit your performance reports by the due date indicated in the terms and conditions of your award via upload to our grants management system (GrantSolutions.gov), in the Grant Notes module.

You will also be required to submit a final performance report covering the entire project period 90 days after the end of the project period. You must submit the final report by upload to our grants management system (GrantSolutions.gov), in the Grant Notes module.

b. Performance Measures

In addition to the submission of quarterly reports in our grants management system, OMH expects recipients to report program process and outcome data electronically to OMH on a quarterly basis. Performance process and outcome data allow OMH to evaluate the performance of its initiatives across recipients. All OMH recipients under this initiative are required to report project performance process and outcome data on a quarterly basis through Grant Solutions. No performance measure reporting will be required without OMB approval. Training will be provided to all new grantees on the collection and reporting of performance data during the Technical Assistance and Training grantee meeting.

Note: A recipient may be required to report project-related data as part of the Office of Minority Health’s collection of initiative performance data (OMB No. 0990-0275, Expiration date 8/31/2022).

At the end of each quarter of this initiative, you should be able to:

- 1) Describe accomplishments and progress toward program purpose/strategies/interventions.
- 2) Summarize the status of the project’s staffing situation.
- 3) Describe the role and activities of each partnering organization.
- 4) Describe accomplishments, current or anticipated problems, changes and progress on the evaluation plan.

c. Financial Reports

You will be required to submit quarterly Federal Financial Reports (FFR) (SF-425). Your specific reporting schedule will be issued as a condition of award. You will also be required to submit a final FFR covering the entire project period 90 days after the end of the project period. You must submit FFRs via our grants management system (GrantSolutions.gov) FFR module.

Quarterly cash reporting to the HHS Payment Management System on the FFR is also required. Please note, at this time, these FFR reports are separate submissions via the Payment Management System. At this time, data is not transferable between the two systems and you will report twice on certain data elements.

d. Audits

If your organization receives \$750,000 or greater in Federal funds, it must undergo an independent audit in accordance with 45 CFR part 75, subpart F.

e. Non-competing Continuation Applications and Awards

Each year of the approved project period, you will be required to submit a noncompeting application which includes a progress report for the current budget year, and work plan, budget and budget justification for the upcoming year. Specific guidance will be provided via Grant Solutions well in advance of the application due date. HHS/OASH will award continuation funding based on availability of funds, satisfactory progress of the project, grants management compliance, including timely reporting, and continued best interests of the government. Additionally, failure to provide final progress or financial reports on other awards from HHS may affect continuation funding.

f. FFATA and FSRS Reporting

The Federal Financial Accountability and Transparency Act (FFATA) requires data entry at the FFATA Subaward Reporting System (<http://www.FSRS.gov>) for all sub-awards and sub-

contracts issued for \$25,000 or more as well as addressing executive compensation for both recipient and sub-award organizations.

g. Other Required Notifications

Before you enter into a covered transaction at the primary tier, in accordance with 2 CFR § 180.335, you as the participant must notify HHS/OASH, if you know that you or any of the principals for that covered transaction:

- Are presently excluded or disqualified;
- Have been convicted within the preceding three years of any of the offenses listed in 2 CFR § 180.800(a) or had a civil judgment rendered against you for one of those offenses within that time period;
- Are presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses listed in 2 CFR § 180.800(a); or
- Have had one or more public transactions (Federal, State, or local) terminated within the preceding three years for cause or default.

At any time after you enter into a covered transaction, in accordance with 2 CFR § 180.350, you must give immediate written notice to HHS/OASH if you learn either that—

- You failed to disclose information earlier, as required by 2 CFR § 180.335; or
- Due to changed circumstances, you or any of the principals for the transaction now meet any of the criteria in 2 CFR § 180.335.

I. CONTACTS

1. Administrative and Budgetary Requirements:

For information related to administrative and budgetary requirements, contact the HHS/OASH grants management specialist listed below.

Roscoe Brunson

Grants and Acquisitions Management Division

1101 Wootton Parkway, Suite 100

Rockville, MD 20852

Phone: 240-453-8822

Email: roscoe.brunson@hhs.gov

2. Program Requirements

For information on program requirements, please contact the program office representative listed below.

Samuel Wu

Office of Minority Health

1101 Wootton Parkway, Suite 100

Rockville, MD 20852

Phone: 240-453-6173

Email: samuel.wu@hhs.gov

3. Electronic Submission Requirements

For information or assistance on submitting your application electronically via Grants.gov, please contact Grants.gov directly. Assistance is available 24 hours a day, 7 days per week.

GRANTS.GOV Applicant Support

Website: www.grants.gov

Phone: 1-800-518-4726

J. OTHER INFORMATION

1. Awards under this Announcement

We are not obligated to make any Federal award as a result of this announcement. If awards are made, they may be issued for periods shorter than indicated. Only the grants officer can bind the Federal government to the expenditure of funds. If you receive communications to negotiate an award or request additional or clarifying information, this does not mean you will receive an award; it only means that your application is still under consideration.

2. Application Elements

The below is a summary listing of all the application elements required for this funding opportunity.

- Application for Federal Assistance (SF-424)
- Budget Information for Non-construction Programs (SF-424A)
- Assurances for Non-construction Programs (SF-424B)
- Disclosure of Lobbying Activities (SF-LLL)
- Project Abstract Summary
- Project Narrative – Submit all Project Narrative content as a single acceptable file, specified above.

- Budget Narrative – Submit all Budget Narrative content as a single acceptable file, specified above.
- Appendices – Submit all appendix content as a single acceptable file, specified above **in the Attachments section of your Grants.gov application.**
 - Supplemental Information/Supporting Documentation for Work Plan
 - Memorandums of Agreement from partner agencies
 - Letters of Commitment from Subrecipient Organizations and Agencies
 - Tribal Letter or Resolution (if applicable)
 - Organizational Documents/Items
 - Curriculum Vitae/Resume for Key Project Personnel
 - Logic Models
 - Just-in-Time Institutional Review Board Agreement

Felicia Collins, M.D., M.P.H.

July 24, 2020

RADM Felicia Collins
Deputy Assistant Secretary for Minority Health

GLOSSARY

Disadvantaged groups refers to individuals or populations that are economically disadvantaged or environmentally disadvantaged.

Economically Disadvantaged refers to an individual who comes from a family with an annual income that does not exceed 200 percent of HHS's annual Poverty Guidelines.ⁱ

Environmentally Disadvantaged refers to an individual who comes from an environment that has inhibited him/her from achieving optimal health based on factors associated with health disparities and poor health outcomes including, but not limited to, the following:

- Graduated from (or last attended) a high school from which 80% or less of students graduate with a diploma four years after starting 9th grade;ⁱⁱ
- Attends a school at which 50% or more of the enrolled students are eligible for free or reduced price lunches;ⁱⁱⁱ
- Comes from a family that receives public assistance (e.g., Temporary Assistance to Needy Families [TANF], Supplemental Nutrition Assistance Program (SNAP), Medicaid, public housing);
- Is limited English proficient ;^{iv,v}
- Experiences housing quality, instability and/or affordability issues;^{vi}
- Has limited access to health care (e.g. lack of insurance coverage, geographic isolation, lack of usual source of care, etc.);^{vii}

- Is exposed to violence (e.g. violent crimes, interpersonal violence, community violence, etc.);^{viii} or
- Experiences food insecurity.^{ix}
