OJJDP FY 2021 Family Drug Court Program	20

Program Description

Overview

The OJJDP Family Drug Court Program seeks to build the capacity of state and local courts, units of local government, and federally recognized tribal governments to establish new family drug courts, enhance existing family drug courts, or implement statewide or countywide family drug court practices that increase collaboration with substance abuse treatment and child welfare systems to ensure the provision of treatment and other services for families that improve child, parent, and family outcomes.

Statutory Authority

Any awards under this solicitation will be made under the statutory authority provided by a full-year Department of Justice appropriations act for FY 2021

Specific Information

Family drug courts serve parents who require treatment for a substance use disorder and who are involved with the child welfare system as a result of child abuse, neglect, or other parenting issues. Family drug courts provide intensive judicial monitoring and interventions using a multidisciplinary approach to treat parents' substance use and/or co-occurring mental health disorders.

OJJDP expects family drug court applicants to provide services that address the needs of the entire family, including direct services to children of parents served in this program. Proposals must specifically include the provision of treatment and services that address opioid, stimulant, and substance abuse reduction. Successful applicants must propose an evaluation plan to monitor program performance and build overall capacity. Applicants must specify plans for obtaining necessary support and continuing the proposed program following the conclusion of federal support.

Per 34 U.S.C. 10612, any court that receives funds under this program may not permit participation by violent offenders. For the purposes of this solicitation, violent offender means a person who (1) is charged with or convicted of an offense that is punishable by a term of imprisonment exceeding 1 year, during the course of which offense or conduct (a) the person carried, possessed, or used a firearm or dangerous weapon, (b) there occurred the death of or serious bodily injury to any person, or (c) there occurred the use of force against another person, without regard to whether any of the circumstances described above (at (a) or (b)) is an element of the offense or conduct of which or for which the person is charged or convicted; or a person who (2) has one or more prior convictions for a felony crime of violence involving the use or attempted use of force against a person with the intent to cause death or serious bodily harm. (See 34 U.S.C. 10613(a).) Violent offender also includes a juvenile who has been convicted of or adjudicated delinquent for a felony-level offense that (1) has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or the possession or use of a firearm or (2) by its nature involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense. (See 34 U.S.C. 10613(b).) Funding will be immediately suspended if DOJ determines that violent offenders are participating in any program funded under this solicitation.

Family drug courts must meet the requirements of 34 U.S.C. 10611(a). The requirements include:

1. Continuing judicial supervision over individuals under the jurisdiction of the court with substance abuse problems, including co-occurring substance abuse and mental health problems, who are not violent offenders.
2. The integrated administration of other sanctions and services, which shall include:
 - Mandatory periodic testing for the use of controlled substances or other addictive substances during any period of supervised release or probation for each participant.

- Substance abuse treatment for each participant.
- Diversion, probation, or other supervised release involving the possibility of prosecution, confinement, or incarceration based on noncompliance with program requirements or failure to show satisfactory progress.
- Offender management and aftercare services such as relapse prevention, healthcare, education, vocational training, job placement, housing placement, and child care or other family support services for each participant who requires such services.
- Payment, in whole or in part, by the offender for treatment costs, to the extent practicable, such as costs for urinalysis or counseling.
- Payment, in whole or in part, by the offender, of restitution, to the extent practicable, to either a victim of the offender's offense or to a restitution or similar victim support fund.

Although the Drug Court Discretionary Grant Program authorizing statute requires participant payments for treatment and restitution (see above), it does not allow imposing a fee on a client at a level that would interfere with the client's rehabilitation. Applicants should include in their application provisions for determining if these costs would interfere with a client's rehabilitation or graduation.

Consistent with the authorizing statute, 34 U.S.C. 10611(c), family drug court programs must require mandatory periodic drug testing that is accurate and practicable. Each participant must be tested for every controlled substance that the participant has been known to abuse and for any that the court may require. The courts must impose graduated sanctions that increase punitive measures, therapeutic measures, or both whenever a participant fails a drug test. Such sanctions and measures may include but are not limited to one or more of the following:

- Incarceration.
- Detoxification treatment.
- Residential treatment.
- Increased time in the program.
- Termination from the program.
- Increased drug screening requirements.
- Increased court appearances.
- Increased counseling.
- Increased supervision.
- Electronic monitoring.
- In-home restriction.
- Community service.
- Family counseling.
- Anger management classes.

Furthermore, family drug courts must also meet the requirements of 34 U.S.C. 10611(d). The requirements include:

1. Provide a long-term strategy and detailed implementation plan that shall provide for the consultation and coordination with appropriate state and local prosecutors, particularly when program participants fail to comply with program requirements.
2. Explain the inability to fund the program adequately without federal assistance.
3. Certify that the federal support provided will be used to supplement, and not supplant, state, Indian tribal, and local sources of funding that would otherwise be available.

4. Identify related governmental or community initiatives that complement or will be coordinated with the proposal.

Goals, Objectives, Deliverables, and Timeline

Goals

The goal of programs funded under the OJJDP Family Drug Court Program is to establish new family drug courts, enhance existing family drug courts, provide services to veterans in family drug courts, or implement statewide or countywide family drug court practices to more effectively intervene with parents, children, and families affected by a substance use and/or co-occurring mental health disorder who are involved in the child welfare system as a result of child abuse and neglect or other parenting issues.

Objectives

The objective is to provide treatment and accountability to parents with substance use disorders by offering access to treatment and recovery services that will ultimately protect children; reunite families, when safe to do so; and expedite permanency. Programs must include the provision of treatment and recovery services to specifically address opioid, stimulant, and substance abuse reduction.

Deliverables

Category 1: Establishing New Family Drug Courts and **Category 2: Enhancing Family Drug Courts.** Programs funded under Category 1 are expected to implement new family drug courts to provide parental substance use disorder (SUD) treatment services, including screening, assessment, case management, recovery support services, and program coordination to family drug court participants. Programs funded under Category 2 are expected to expand parental SUD treatment services to their participants, as mentioned above, in existing family drug courts.

Successful applicants under Categories 1 and 2 will be expected to provide a coordinated, multisystem approach that combines the oversight authority of family drug courts with evidence-based interventions that focus on parental SUD treatment and recovery, parenting, child and parent trauma, and parent-child relationships. Applicants must describe the population(s) for which the intervention(s) has been shown to be effective and demonstrate that the intervention(s) is appropriate for the population(s) targeted (see [CrimeSolutions.gov](https://www.crimesolutions.gov)).

Category 3: Serving Veterans Through Family Drug Courts. Programs funded under Category 3 have a narrower focus-to provide treatment and accountability to veteran parents with substance use disorders by offering access to recovery services. Applicants are expected to enhance existing family drug court practice to identify, assess, and refer veterans and veteran family members entering the family drug court, or when initially referred to child welfare, to family-centered treatment and recovery support services that reflect military competence. Successful applicants will coordinate services for the veteran and veteran family members from partner agencies, including trauma-informed care specific to veteran populations. Funding under this category is restricted to veteran or military service members; therefore, proposals must clearly detail how funds will solely serve this target population.

Category 4: State and County Family Drug Courts Expansion. OJJDP will support states and counties to enhance and/or expand family drug court treatment and recovery practices at the larger state and county levels to more effectively serve families affected by opioid, stimulant, and other substance use disorders. States and counties will increase access to and/or availability of SUD treatment and recovery services across their state or county and develop and implement practices and policies that strengthen existing family drug courts, child welfare, SUD treatment service systems, and community-based organizations that serve and support children and families. This will be achieved through strengthened cross-systems collaboration; expansion of family drug court practices into the larger state or county child welfare, SUD treatment, and court systems; and increasing the scale and scope of services provided by family drug courts across the state or county.

Selected applicants are expected to (1) complete a needs assessment to assess state or county capacity to implement family drug court best practices and principles in wider state or county systems, as well as identify strengths and gaps in current knowledge and practices; (2) implement proposed enhancements over 3 years with a clear plan of action that also addresses any needs identified in the self-assessment; and (3) develop and/or strengthen state- and local-level information-sharing, evaluation, and performance monitoring capacity to track client progress and cost savings across systems/agencies.

All Categories. The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under Content of Application Submission.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

OJP Policy Priority Areas

In FY 2021 and in addition to executing any program-specific prioritization that may be applicable, OJP will give priority consideration to applications as follows:

Applications that address specific challenges that rural communities face.

- Applications that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.
- Applications that offer enhancements to public safety in economically distressed communities (Qualified Opportunity Zones).

To receive priority consideration under the rural priority, applicants must describe what makes the geographic service area rural (using U.S. Census or other appropriate government data; for assistance, applicants may wish to refer to <https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html>), how isolated the area is from needed services, and how they will address specific challenges in rural communities.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent poverty counties. For purposes of this priority consideration, the term "high-poverty area" means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term "persistent poverty counties" means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saippe.html>).

To receive priority consideration under the Qualified Opportunity Zones priority, applicants must include information that specifies how the project will enhance public safety in the specified QOZs. For resources on QOZs, and for a current list of designated QOZs, see the U.S. Department of the Treasury's resource webpage, accessible at <https://www.cdfifund.gov/pages/opportunity-zones.aspx>

OJP policy priority consideration will consist of receiving additional points in the application scoring

process. Receipt of priority consideration does not guarantee that an application will be funded; nor will the failure to receive priority consideration necessarily mean that an application will not be funded.

To advance Executive Order 13929 Safe Policing for Safe Communities, the Attorney General determined that all state, local, and university or college law enforcement agencies must be certified by an approved independent credentialing body or have started the certification process to be eligible for FY 2021 DOJ discretionary grant funding. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency's use of force policies adhere to all applicable federal, state, and local laws; and (2) the agency's use of force policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this new certification requirement, please visit <https://cops.usdoj.gov/SafePolicingEO> to access the Standards for Certification on Safe Policing for Safe Communities, Implementation Fact Sheet, and List of Designated Independent Credentialing Bodies.

Category 1: Establishing New Family Drug Courts grants are available to jurisdictions that are ready to implement a new family drug court. These grants are for jurisdictions where either no family drug court currently exists or a family drug court has been operational for less than 1 year. Jurisdictions may already have other types of drug or treatment courts (such as adult drug or mental health courts).

Category 2: Enhancing Family Drug Courts and **Category 3:** Serving Veterans Through Family Drug Courts grants are available to jurisdictions with a fully operational family drug court. Courts applying for funding under Category 2 or 3 must be fully operational for at least 1 year, as funding is intended to enhance services of existing family drug courts.

OJJDP encourages applicants to partner with community providers of services, if applicable and appropriate.

Category 4: State and County Family Drug Courts Expansion

The following entities are eligible to apply:

- [State Administrative Office of the Court](#), working in conjunction with and coordinating closely with the state's [Court Improvement Program](#). Applicants are required to partner with the state child welfare agency and state substance use treatment agency, and must include with the application letters of intent formalizing these partnerships.
- Eligible county applicants are limited to the county superior court (or similar authority). These grants are for jurisdictions with populations at or above 2 million. Applicants are required to partner with the county child welfare agency and county substance use treatment agency, and must include with the application letters of intent formalizing these partnerships.

All Categories: All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using "Year 1," "Month 1," "Quarter 1," etc., not calendar dates (see "Sample Project Timelines" [here](#)). Applicants should submit the timeline as a separate attachment, as stipulated in Additional Application Components. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

c. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization and any contractors or subgrantees that the applicant will use to implement and manage this effort and its associated federal funding, highlighting any previous experience implementing projects of similar design or magnitude. Applicants should highlight their experience/capability/capacity to manage subawards, including details on their system for fiscal accountability. Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding.

- Estimate of the percentage of time that the partner will devote to the planning and operation of the project.

Letters of support may be addressed to the OJJDP Administrator. Only letters of support that are submitted by the due date and with the full application will be considered during the review process.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the impact of the project. Describe the process that will be used to accurately report data.

Note: applicants are **not** required to submit performance data with the application. Rather, performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables.

Applicants can also visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

Award recipients will be required to submit performance measure data and performance reports in JustGrants. Further guidance on the post-award submission process will be provided, if selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance under "Note on Project Evaluations" in the [OJP Grant Application Resource Guide](#).

Goals, Objectives, Deliverables, and Timeline

Application Review Information

Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers. Applications will be evaluated on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (10%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (45%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) - evaluate administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (10%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

b. Additional Review Criteria

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to addressing specific challenges that rural communities face, high-poverty areas or persistent-poverty counties, demonstrable potential enhancement to public safety in one or more federally designated Qualified Opportunity Zones), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (Web-based Form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Applications submitted under this solicitation that meet basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
