# 1.0    Program Description

## 1.1    Legislative Authority

The Food and Nutrition Act of 2008, as amended through Public Law 115-334, authorizes the Supplemental Nutrition Assistance Program (SNAP) and the Food Distribution Program on Indian Reservations (FDPIR) and provides for the provision of funds to State Agencies and Indian Tribal Organizations (ITOs) to conduct nutrition education activities.  Since 2008, annual appropriations acts have provided funding for nutrition education services to State Agencies and Federally Recognized Tribes who are current FDPIR allowance holders and have a direct agreement with FNS to administer FDPIR.  The need for FDPNE is determined annually by Congress.  The "Consolidated Appropriations Act, 2021" provides $998,000 under Title IV for this grant program.  Grant awards are dependent on availability of funding.

## 1.2    Description of the Opportunity and Desired Program Outcomes

Since 2008, FNS has awarded funding each fiscal year for nutrition education projects through Food Distribution Program Nutrition Education (FDPNE) grants.  Indian Tribal Organizations (ITOs) and State agencies (SAs) that have a direct agreement with FNS to administer FDPIR are eligible to apply for funds to conduct projects that provide nutrition information and services to FDPIR participants.

The overall goal of the FDPNE grant program is to improve the likelihood that persons eligible for FDPIR will make healthy food choices consistent with the current Dietary Guidelines for Americans and USDA MyPlate Guidance.  The project requirements for FDPNE grants are loosely based on the SNAP Education Plan Guidance.  FNS selects components of The 2015-2020 Dietary Guidelines for Americans for development of FDPNE program goals.  Examples of FDPNE projects that received funding in FY20 can be found here.

Nutrition education services are a combination of educational strategies and learning experiences, accompanied by supporting policy, systems, and environmental interventions, designed to facilitate the voluntary adoption of food choices and other nutrition-related behaviors conducive to the health and well-being of participants.

In the context of this grant program, nutrition education should focus on how USDA Foods in the FDPIR food package may be used to contribute to a healthy diet.  The Indian Tribal Organization (ITO) or State Agency (SA) shall work with appropriate organizations and partners such as: extension agents, registered dieticians, diabetes coordinators, and public health nutrition professionals to provide food and nutrition information, recipes, or cooking demonstrations, as appropriate for households who participate or are eligible to participate in the FDPIR program.  The ITO or SA shall provide nutrition education and information specific to the foods included in the FDPIR food package to improve the health of FDPIR participating households.

Desired outcomes of this grant program include:

1) Improve nutrition-related skills and behaviors among FDPIR participants, resulting in healthier food choices and a better understanding of healthy ways to prepare USDA Foods provided in the FDPIR food package;
    a. Examples of **nutrition-related skills** are:

- Knowing how to prepare fresh fruits and vegetables and incorporate them into recipes.
- Using lower fat cooking methods such as baking, steaming, or sautéing in place of frying.
- Preparing food with less sodium.

    b. Examples of **nutrition-related behaviors** are:
- Being confident in preparing healthy meals for individuals or the family.
- Eating the recommended amount of fruits and vegetables most days.
- Choosing to use healthy cooking methods.
- Modeling healthy choices for others at family and community events.

2) Strengthen existing partnerships to provide sustainable nutrition education and wellness promotion programs in Tribal communities.
    a. Existing **partner organizations** could include: local tribal colleges, local health and wellness centers, tribal/cooperative extension, SNAP-Ed educators, schools, or other community organizations that have an established history working with Indian Tribal Organizations.
    b. Providing **sustainable nutrition education and wellness promotion programs** could include development of culturally relevant nutrition education and wellness resources (e.g., lesson materials, videos, cookbooks) that can be maintained and readily available for FDPIR participants.

3) Increase Tribal capacity to influence and reinforce nutrition-related skills and behaviors throughout the community.
    a. **Increased capacity** refers to continuing, expanding, creating, and maintaining new partnerships with other organizations or individuals that will help you reach your FDPIR nutrition goals.
    b. For example, developing a tribal wellness policy that requires healthy food and beverage choices be available at community events;
    c. Or working with a tribal wellness center or health clinic to include foods available in the FDPIR food package in cooking or wellness classes and programming.

## 1.3    Project Goals

Applicants should consider highlighting existing partnerships or working with new partner organizations to design and implement their grant project.  Funding priority will be given to applications that include working with a partner organization.  Applicants should design their FDPNE grant project proposal around <u>one or more</u> of the following goals and choose <u>one or more</u> of the associated nutrition-related outcomes for each goal:

| Goals | |
|---|---|
| 1 | **Create and/or disseminate culturally relevant nutrition education resources** (posters, handouts, videos, cookbooks) that encourage participants to work towards one or more of the nutrition-related outcomes. |
| 2 | **Conduct community outreach** (healthy cooking demos, nutrition education games, and nutrition handouts, healthy recipe distributions) at community events, health fairs, gatherings, and/or celebrations that promotes one or more of the nutrition-related outcomes among FDPIR eligible participants. |

| | |
|---|---|
| 3 | **Improve nutrition-related skills among FDPIR participants** by conducting healthy cooking and food demonstrations and/or nutrition and wellness classes or activities demonstrating how to use the USDA Foods included in the FDPIR food package to accomplish one or more of the nutrition-related outcomes. |
| 4 | **Develop and/or implement community tribal wellness policies or practices** at community events, gatherings, and celebrations that reinforce one or more of the nutrition-related outcomes. |

| Nutrition-Related Outcomes | |
|---|---|
| 1 | Make half your plate fruits and vegetables.  Focus on whole fruits and vary your veggies. |
| 2 | Reduce sodium intake. |
| 3 | Make half your grains whole grains. |
| 4 | Move to fat-free or low-fat dairy products. |

A pdf containing examples of projects that would fit under each goal has been provided as a document available for download in the related documents along with this RFA.

# 2.0    Federal Award Information

## 2.1    Award Amounts and Period of Performance

FNS expects to award administrative funding totaling approximately $998,000 in FY 2021 for FDPNE projects.  In prior years, individual awards ranged from $2,000 to $214,000.  FNS will award as many applications as possible, based on application quality, the total available funds, and the amounts requested by the applicants.  These awards are contingent upon the availability of funding.  The submission of an application does not guarantee funding. Applications will be evaluated based on the evaluation criteria listed in Section 5.2 of this RFA.  Applicants whose application packet aligns with the evaluation criteria will receive funding priority.

The period for performance of these grants is one year from date of award.  All grant funds must be obligated and all program activities under the grant project (other than activities relating to the close out of the grant) must be completed by the end of the period of performance.

## 2.2    Obligation and Liquidation of Funds

The close out of the grant must occur no later than 90 days following the end of the period of performance, and all obligations incurred under the grant must be liquidated by this date.  Any funds that are not liquidated within 90 days following the end of the period of performance must be returned to FNS.

## 2.3    Allowable Costs

The provisions of 2 CFR 200 Subpart E allow FNS to make reasonable judgments as to what is necessary and reasonable to be approved for funding in a project proposal.

When FDPIR participants or potentially eligible persons are not the primary target of a nutrition class or the nutrition education is provided in conjunction with another program (e.g., SNAP-Ed, The Special Supplemental Nutrition Program for Women, Infants, and Children [WIC], and the Indian Health Service),

FDPNE may fund the *pro rata* share of the class that includes FDPIR participants.  For example, if a nutrition education class has 100 participants and 25 students are FDPIR-eligible, FDPNE funds may cover 25 percent of the cost.

The chart included below provides examples of activities and services in each budget category that may be considered for funding through FDPNE as well as those activities and services that will not be considered for funding.

| Budget Category | FNS will consider funding | FNS will not fund |
|---|---|---|
| **Staff/Labor** Note: staff will only be funded for the duration of the grant period (1 year). | Salaries and benefits of staff directly involved in nutrition education conducted as part of the proposed project plan. | Salaries and benefits of essential staff covered by FDPIR administrative funds (example: FDPIR director) or other federal funding sources. |
| | Contractual staff involved in nutrition education conducted as part of the proposed project plan. | Salaries and benefits of staff or contractual staff involved in proposed projects who have no role in nutrition education.  For example, staff whose role is to maintain community gardens. |

| | Out of State travel to attend nutrition education conferences and/or training that will be utilized to carry out the proposed FDPNE project plan. | Travel to conferences with no focus on nutrition education in FDPIR programs. |
| **Food** | Reasonable amount of food to conduct recipe/taste-testing/cooking demonstrations as part of the proposed FDPNE project plan. (Note: USDA Foods in inventory may be used for Nutrition Education and recorded on form FNS-152 *Monthly Distribution of Donated Food to Family Units,* according to 7 CFR 250.18(a)). | Full meals for FDPIR participants. |
| | | Food purchases that amount to more than 10% of total grant funds requested. |

| | | |
|---|---|---|
| | Nutrition education reinforcement items per household. | Nutrition education reinforcement items per person. No more than 3 nutrition education reinforcement items over the course of the project period. |
| | Up to 1 nutrition education reinforcement item per household estimated to attend a nutrition activity/event proposed in the project period. (Ex: It is estimated that 75 people from 50 households will attend the cooking demo so only 50 reinforcement items will be funded). | Nutrition education reinforcement items that do not relate to nutrition education, do not reinforce one of the four nutrition-related outcomes chosen in the project proposal, and/or are not utilized in conjunction with a nutrition event/activity. |
| | ChooseMyPlate.gov resources to be used to provide nutrition education. | Physical education supplies or materials that are to be used in conjunction with a nutrition education class or activity. |

## 2.4　Matching Funds Requirement

There is no match requirement for the FY21 FDPNE grant program.

# 3.0　Eligibility Information

## 3.1　Eligible Applicants

ITOs and SAs that administer FDPIR may apply individually and/or as a consortium (e.g., as a region or a regional nutrition advisory council).  A FDPIR allowance holder is an entity that has a direct agreement with FNS to administer FDPIR.   All applications must be submitted by an FDPIR allowance holder.  This allowance holder MUST have a direct relationship with FNS.

Any applicant that is not an allowance holder may still receive a grant project, BUT an FDPIR allowance holder MUST submit the application project on the Tribe's behalf AND serve as the Tribe's fiscal sponsor, ensuring both progress and financial status reports are submitted as well as maintaining and accounting for the Tribe's grant funding.

If one or more ITOs wish to apply as a consortium, one ITO must be designated as the lead agency and apply on behalf of the other ITOs.  This ITO MUST be a FDPIR allowance holder.  The lead agency is responsible, fiscally and operationally, for the overall administration of the project.

Please direct any questions or concerns regarding eligibility criteria to the Grants Officer listed on page 19 of this RFA.

## 3.2　Other Eligibility Criteria

FNS will accept only one application from each organization or consortium in response to this solicitation.  An ITO/SA may apply both individually and as part of a consortium, but the applicant MUST be an FDPIR allowance holder.

## 3.3　Grantee Requirements

In reviewing applications in any discretionary grant competition, Federal Awarding Agencies, in accordance with 2 CFR 200.400, are required, prior to making a Federal award, to review information available through various OMB-designated repositories for eligibility qualification or financial integrity, and to have in place a framework for evaluating the risks posed by applicants before they receive Federal awards.  The evaluation of the information obtained from the designated repository systems and the risk assessment may result in FNS imposing special conditions that correspond to the degree of risk assessed.  The Federal repository systems FNS will review include:

1) SAM, the System for Award Management, the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS;
2) FAPIIS, the Federal Awardee Performance and Integrity Information System, is a database that has been established to track contractor misconduct and performance;
3) Dun and Bradstreet, the system where applicants establish a DUNS number which is used by the Federal government to better identify related organizations that are receiving funding under

grants and cooperative agreements, and to provide consistent name and address data for electronic grant application systems.  The Federal government requires that all applicants for Federal grants and cooperative agreements, with the exception of individuals other than sole proprietors, have a DUNS number.

Applicants must respond to the pre-application assessment questions (provided in Appendix A) to allow FNS to evaluate aspects of the applicant's financial stability, quality of management systems, and history of performance, reports and findings from audits.  Applicants must answer all the pre-application questions.  While answering "yes" may be an indicator of risk, the consideration and evaluation of these questions is only an indicator of potential risk and may or may not result in additional oversight requirements or special conditions being placed on an award should an award be made.   Decisions regarding additional oversight requirements will take into consideration the total number of risks identified.

As outlined in 2 CFR 415.2, grant recipients shall include acknowledgement of USDA Food and Nutrition Service support on any publications written or published with grant support and, if feasible, on any publication reporting the results of, or describing, a grant-supported activity.  Recipients shall include acknowledgement of USDA Food and Nutrition Service support on any audiovisual which is produced with grant support and which has a direct production cost of over $5,000.

- When acknowledging USDA support, use the following language: "This material is based upon work that is supported by the Food and Nutrition Service, U.S. Department of Agriculture."
- Grantees are asked to follow the USDA Visual Standards Guide when using the USDA logo.

Grant recipients *may* be asked to host USDA officials for a site visit during the course of their grant award. All costs associated with the site visit will be paid for by USDA and are not expected to be included in grant budgets.

In addition to the submission of the "Budget Information and Instruction Form" (SF-424A), an itemized budget with justification/rationale must be submitted using the appropriate format included in Appendix B.

**NOTE**: If a discrepancy exists between the total funding request (submitted on SF-424, SF-424A, and budget narrative) within the application package in response to this solicitation, FNS will only consider and evaluate the estimated funding request contained on SF-424.

All non-profit organizations must include their 501(c)(3) determination letter issued by the Internal Revenue Service (IRS). **All funding requests must be in whole dollars**.

**Indirect Cost Rate**: If available, the current indirect cost rate, negotiated with a Federal negotiating agency, should be used. Indirect costs may not exceed the negotiated rate. If a negotiated rate is used, the percentage and base should be indicated and the Negotiated Indirect Cost Rate Agreement (NICRA) submitted using the "Add Attachments" button under SF-424 item #15.

If no rate has been established the applicant may indicate "None—will negotiate" and a reasonable dollar amount for indirect costs may be requested, which will be subject to approval by USDA. In the latter case, if a proposal is recommended for funding, an indirect cost rate proposal must be submitted prior to award to support the amount of indirect costs requested. USDA will request an indirect cost rate proposal and provide instructions, as necessary. An applicant may elect not to charge indirect costs and, instead, use all grant funds for direct costs. If indirect costs are not charged, the phrase "None requested" should be stated in the budget narrative.

## 6.2     Reporting Requirements

### 6.2.1   Progress Reporting

The recipient will be responsible for managing and monitoring the progress of the grant project activities and performance and reporting progress status to FNS through submission of progress reports.  Progress reports will be submitted semi-annually.  The award document will indicate the reporting schedule for submitting progress reports to FNS.  The final report is due no later than 90 days following the termination date of the grant term.  Any additional reporting requirements will be identified in the award terms and conditions.

FNS has developed a Periodic Progress Report (PPR) form (SF-908).  Awardees will be required to utilize this form to report their progress. The form is included as a pdf document in this solicitation package on Grants.gov.

### 6.2.2   Financial Reporting

The award recipient will be required to enter the SF-425, Financial Status Report, data into the FNS Food Program Reporting System (FPRS) on a quarterly basis.  The award recipient will also be required to submit the final Financial Status Report no later than 90 days following the termination date of the grant project

In order to access FPRS, the grant recipient must obtain USDA e-Authentication certification and access to FPRS.  More detailed instructions for reporting will be included in the FNS Federal financial assistance award package.  Financial Status reports are administered by the applicant's FNS regional office staff.  Regional office staff should be contacted with questions regarding these reports.

The lead agency of a consortium must submit a consolidated SF-425 that reflects the total outlay of FDPNE funds by all members of the consortium and the total matching contributions of all members of the consortium.

The Awardee must ensure that FDPNE project operators spend funds appropriately and must provide technical assistance to sub-grantees to support the ITO's/SA's FDPNE goal(s) and objectives.  The Awardee is fully liable for repayment of Federal funds should those costs later be determined unallowable.

## 6.3    Administrative and National Policy Requirements

### 6.3.1    Confidentiality of an Applicant

When an application results in an award, it becomes a part of the record of FNS transactions, available to the public upon specific request.  Information that the Secretary determines to be of a confidential, privileged, or proprietary nature will be held in confidence to the extent permitted by law.  Therefore, any information that the applicant wishes to have considered as confidential, privileged, or proprietary should be clearly marked within the application.  Any application that does not result in an award will be not released to the public.  An application may be withdrawn at any time prior to the final action thereon.

### 6.3.2    Conflict of Interest and Confidentiality of the Review Process

The agency requires all panel reviewers to sign a conflict of interest and confidentiality form to prevent any actual or perceived conflicts of interest that may affect the application review and evaluation process.  Names of applicants, including states and tribal governments, submitting an application will be kept confidential, except to those involved in the review process, to the extent permitted by law.  In addition, the identities of the reviewers will remain confidential throughout the entire process.  Therefore, the names of the reviewers will not be released to applicants.

### 6.3.3    Administrative Regulations

**Federal Tax Liabilities Restrictions**
None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

**Felony Crime Conviction Restrictions**
None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

**Debarment and Suspension 2 CFR Part 180 and 2 CFR Part 417**
A recipient chosen for an award shall comply with the non-procurement debarment and suspension common rule implementing Executive Orders (E.O.) 12549 and 12669, "Debarment and Suspension," codified at 2 CFR Part 180 and 2 CFR Part 417.  This common rule restricts sub-awards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.  The approved grant recipient will be required to ensure that all sub-contractors and sub-grantees are neither excluded nor disqualified under the suspension and debarment rules prior to approving a sub-grant award by checking SAM website.

**Universal Identifier and Central Contractor Registration 2 CFR Part 25**
Effective October 1, 2010, all grant applicants must obtain a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number as a universal identifier for Federal financial assistance. Active grant recipients and their direct sub-recipients of a sub-grant award also must obtain a DUNS number and a SAM number. Please also refer to Section 4.6 of this RFA. FNS may not make an award to an applicant until the applicant has complied with the requirements described in 2 CFR 25 to provide a valid DUNS number and maintain an active CCR registration with current information.

**Reporting Sub-award and Executive Compensation Information 2 CFR Part 170**
The Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Public Law 109– 282), as amended by Section 6202 of Public Law 110–252 requires primary grantees of Federal grants and cooperative agreements to report information on sub-grantee obligations and executive compensation. FFATA promotes open government by enhancing the Federal Government's accountability for its stewardship of public resources. This is accomplished by making Government information, particularly information on Federal spending, accessible to the general public.

Primary grantees, including State agencies, are required to report actions taken on or after October 1, 2010, that obligates $25,000 or more in Federal grant funds to first- tier sub- grantees. This information must be reported in the Government-wide FFATA Sub-Award Reporting System (FSRS). In order to access FSRS a current CCR registration is required. A primary grantee and first-tier sub-grantees must also report total compensation for each of its five most- highly compensated executives. Every primary and first-tier grantee must obtain a DUNS number prior to being eligible to receive a grant or sub-grant award. Additional information will be provided to grant recipients upon award.

**Duncan Hunter National Defense Authorization Act of Fiscal Year 2009, Public Law 110-417** Section 872 of this Act requires the development and maintenance of a Federal Government covered Federal agency contractors and grantees. The Federal Awardee Performance and Integrity Information System (FAPIIS) was developed to address these requirements. FAPIIS contains integrity and performance information from the Contractor Performance Assessment Reporting System, information from the CCR database, and suspension and debarment information from the EPLS. FNS will review and consider any information about the applicant reflected in FAPIIS when making a judgment about whether an applicant is qualified to receive an award.
