

ADMINISTRATION FOR
CHILDREN & FAMILIES

INSTRUCTIONS FOR ELECTRONIC APPLICATION SUBMISSIONS

- The Administration for Children and Families (ACF) required electronic submission of discretionary grant applications via www.Grants.gov.
- ACF has implemented an application submission upload requirement that limits the submission of two files for all information except for Standard Forms and OMB-approved forms that are available in the application package.
 - No more than two files will be accepted for review. Additional files will be removed and will not be reviewed by the panel. Standard Forms (SFs) and OMB-approved forms, assurances, and certification are not considered additional files.

For more information on submitting your application, please make sure to thoroughly review the following sections of the Funding Opportunity Announcement (FOA):

Application Requirements	Location in the FOA
Application Disqualification Factors	<i>Section III.3. Other, Application Disqualification Factors</i>
Formatting the Application Submission and Application Page Limitations	<i>Section IV.2 Content and Form of Application Submission, Formatting the Application Submission</i>
Required Forms, Assurances and Certifications	<i>Section IV.2. Content and Form of Application Submission</i>
Submission Dates and Times	<i>Section IV.4. Submission Dates and Times, Explanation of Due Dates</i>

NAMING THE APPLICATION FILES

Application file names are limited to 50 characters (letters and spaces) only.

Please use only the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, equal sign, and **limit the file name to 50 or fewer characters.**

ELECTRONIC APPLICATION SUBMISSION via <http://www.Grants.gov>

ACF strongly recommends that applicants review and observe all Grants.gov application upload requirements. Please refer to Tips for Uploading an Application at <http://www.grants.gov/web/grants/applicants/apply-for-grants/step-2-complete-your-application-package.html>.

- **It is to an applicant's advantage to begin submission of their application well ahead— at least 72 to 96 hours in advance—of the application due date and deadline.**
- Electronic submission at www.Grants.gov is a two-step process:
 - Submission to Grants.gov by the due date and time.
 - Application validation check by Grants.gov.
- The full FOA is available at <http://www.acf.hhs.gov/grants/open/foa>. A link to the FOA is available under “Link to Additional Information” in the FOA’s Grants.gov Synopsis.
- Electronic applications must be submitted to www.Grants.gov by 11:59 p.m., ET, on the due date.
- **A DUNS Number (<http://fedgov.dnb.com/webform>) and **current** registration at the System for Award Management (SAM) (<https://www.sam.gov>) are required for all applicants.**
 - Validation of DUNS Numbers and SAM registration is part of the www.Grants.gov registration and validation processes. See “Get Registered” at <http://www.grants.gov/web/grants/applicants/organization-registration.html>.
 - Applicants that do not have an **active SAM.gov** registration will fail the Grants.gov validation check so allow sufficient time to complete a new or renewed SAM.gov registration:
 - New registrations can take an average of 7 to 10 *business* days to process in SAM.
 - SAM registration must be renewed and revalidated at least every 12 months from the date it was last certified in SAM, and sooner, if your entity’s information changes.

Please note if your update/renewal registration requires IRS or CAGE revalidation, it will take an additional 3 to 5 business days for it to become active and replace your previous registration.

- For help with SAM.gov, please visit their support page at:
<https://www.fsd.gov/app/sam>.
- Applications will not pass the Grants.gov validation check if the Authorized Organization Representative (AOR) does not have a current SAM registration and electronic signature credentials.
- **IMPORTANT GRANTS.GOV APPLICATION UPLOAD REQUIREMENTS**
 - **GRANTS.GOV APPLICATION FILE SIZE LIMIT**

The total application submission size cannot exceed 200 MB. It is recommended that applicants keep individual attachments to fewer than 100 MB. It is up to the applicant to make sure that application submissions do not exceed these limits. Failure to keep the application submission file under the limit may cause an application package to be rejected by Grants.gov.
 - **ADOBE COMPATIBILITY AT GRANTS.GOV**

Be sure to review the Adobe Compatibility information and verify your Adobe Software at <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.

 - **Pay special attention to the “Security Settings” section.**

CONTACTING GRANTS.GOV SUPPORT

- If applicants encounter technical difficulties in using Grants.gov, contact the Grants.gov Support through the Grants.gov Support page at <http://www.grants.gov/web/grants/support.html>,
- To report a technical problem and obtain assistance. Hours of Operation: 24 hours a day, 7 days a week. **Grants.gov Support is closed on Federal holidays.**
- **Contact with the Grants.gov Support prior to the listed due date and time does not ensure acceptance of an application under the submission or validation processes**
- Applicants should retain Grants.gov Support service ticket number(s) as they may be needed for future reference.
- **All questions concerning the content of the FOA must be directed to the Agency Contacts listed in *Section VII.* of the FOA. Please do not expect Grant.gov Support to help you with the FOA content.**

ACF POLICY FOR APPLICANTS EXPERIENCING ISSUES WITH FEDERAL APPLICATION SYSTEM:

If difficulties are encountered with either of the federal systems used in application submission, Grants.gov or SAM.gov, the Grants Management Officer listed in *Section VII. HHS Awarding Agency Contact(s)* in the FOA will determine whether the submission issues are due to the federal system or to user error.

For more information, please review the “ACF Policy for Applicants Experiencing System Issues” available in these instructions and on the ACF Website at https://www.acf.hhs.gov/sites/default/files/assets/systems_issue_policy_final.pdf

ACCESSIBILITY AND COMPLIANCE

The Grants.gov website complies with Section 508 of the U.S. Rehabilitation Act of 1973, as amended (29 U.S.C. § 794d). Grants.gov web pages are designed to work with assistive technologies such as screen readers.

If an applicant uses assistive technology and is unable to access any material on the site, contact the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726 for assistance.

ACF Policy for Applicants Experiencing System Issues

The grant application submission process requires applicant organizations to register and interact with several federal electronic systems, including Grants.gov and the System for Award Management (www.SAM.gov). On occasion, technical problems with one of these systems could result in an applicant failing to meet the application submission deadline. This page clarifies ACF's policy regarding the submission of late applications if a system issue beyond an applicant's control is the cause of the late application.

Applicants experiencing issues with a federal system that may prevent the on-time submission of their application must follow these guidelines for reporting the issue. System issues are defined as technical problems with federal systems that prevent an applicant from successfully submitting their application by 11:59 p.m., ET on the due date listed in the funding opportunity announcement. Problems with computer systems at an applicant organization or with a non-federal third party (e.g., an organization partnering with the applicant) are not considered federal system issues; nor are the applicant's failure to complete required registrations by the submission deadline.

Applicants are strongly encouraged to complete the electronic application submission process several days before the application due date to ensure the application is successfully accepted by Grants.gov. Applicants should consider that some application due dates will have a high volume of submissions, which may slow down federal systems and increase the time needed for applications to be received and time stamped at Grants.gov. Applications must be received and time stamped on or before the deadline. Applicants must take this processing time into consideration by allowing enough time to make any corrected submissions so that the application is submitted error-free by the deadline. For more information see *Section IV.2. Electronic Submission via www.Grants.gov and Timely Receipt Requirements and Proof of Timely Submission* in the funding opportunity announcement.

Guidelines for Applicants Experiencing System Issues

To confirm a federal system issue, contact the appropriate system support service **as soon as possible after experiencing an issue. System issues must be fully documented as outlined below by 4:30 p.m. ET, on the federal business day immediately following the application submission due date.**

For Grants.gov system issues

1. Contact the [Grants.gov Contact Center](#) to document and receive help to resolve any Grants.gov related submission issues. Applicants will receive a Grants.gov Contact Center ticket number. **This ticket number should be retained by the applicant as**

part of their documentation of the issue.

2. Document and explain the issue preventing submission in an email to the following address: acfogme-grants@acf.hhs.gov. The email must include:
 - a. The full name of and contact information for the applicant organization;
 - b. The DUNS number;
 - c. The name of the Authorized Organizational Representative (AOR) and E-Biz POC;
 - d. Grants.gov tracking number, if applicable;
 - e. The full name and number of the FOA to which the applicant is attempting to apply;
 - f. A **detailed** description of the system issue preventing the application's on-time submission;
 - g. A description of the applicant's request (e.g., to submit an application after the deadline);
 - h. The Grants.gov support ticket(s) number;
 - i. Any emails or correspondence with the Grants.gov Contact Center as an email attachment.

For SAM.gov system issues:

1. Contact the [SAM.gov Federal Service Desk](#) (FSD) to document and help resolve any SAM.gov related registration issues.
2. Document and explain the issue preventing submission in an email to the following address: acfogme-grants@acf.hhs.gov. The email must include the following information:
 - a. Full name of and contact information for the applicant organization;
 - b. The DUNS number;
 - c. The name of the Authorized Organizational Representative (AOR) and E-Biz POC;
 - d. Grants.gov tracking number, if applicable;
 - e. Full name and number of the FOA to which the applicant is attempting to apply;
 - f. A detailed description of the system issue that has prevented the completion of the registration process;
 - g. A description of the applicant's request (e.g., to submit an application after the deadline);
 - h. The FSD support ticket(s) number;
 - i. Any emails or correspondence with the FSD as an email attachment.

Note: SAM registration/renewal can be a lengthy process. Failure to allow enough time for registration or renewal is not considered a system issue.

Additional Requirements

ACF expects applicants to respond quickly, that is, within one business day, to federal systems' Contact Center/Help Desk requests for actions necessary to resolve issues with completion of registration or application submission.

Reports of system issues will be investigated on a case-by-case basis. If ACF confirms that an applicant experienced a systems issue, which was beyond their control, their application will not be considered late and disqualified as long as the applicant works diligently with the appropriate federal system Contact Center/Help Desk to resolve their problem quickly.

Any application that is allowed to be submitted after the deadline and due date because of a confirmed federal system issue must include a cover letter documenting the confirmed system issues, Contact Center and/or Help Desk ticket(s) number(s), and the action(s) taken to resolve the issue(s).

Late applicants that fail to document their federal systems issues before 4:30 p.m. ET, on the federal business day immediately following the application submission due date will be disqualified from the competitive review and from receiving an award under the announcement.

Problems with computer systems at the applicant organization (barring a widespread or regional electrical failure), failure to follow instructions in the announcement, or failure to complete required registrations by the submission due date and deadline **ARE NOT** considered to be federal system issues.

Paper Format Applications

Applicants that have received an exemption from required electronic application submission at Grants.gov should follow the instructions provided for issues with registration at Sam.gov as this registration is required of all applicants. The deadline for paper format applications with an exemption is 4:30 p.m., ET, on the due date.

Examples of events that may be considered federal system issues:

- Significant Grants.gov service interruption on deadline day lasting multiple hours.
- Failure of Grants.gov to acknowledge receipt of an application within half a business day.
- Inability to complete SAM registration or renewal due to a technical problem at www.Sam.gov.

Examples of events that would NOT be considered federal system issues:

- Failure to follow the instructions in the funding opportunity announcement.
- Failure to complete required applicant registrations prior to the application deadline and due date.
- Failure to correct Grants.gov errors/warnings by the application deadline and due date.
- Failure to re-submit a corrected application by the application due date and deadline when the application fails the validation process at Grants.gov.

- Local internet problem at applicant organization except for widespread or regional electrical failures.
- Grants.gov AOR is not authorized to submit applications for organization.
- The applicant organization has forgotten its credentials.
- Failure to notify the grants management contact in listed in *Section VII.* of the announcement of submission issues before the deadline.
- The applicant did not receive the Grants.gov notification when application's status is available at Grants.gov.

Instructions For Completing SF-424A Budget Information for Non-Construction Programs

General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

Section A. Budget Summary Lines 1-4 Columns (a) and (b)

For applications pertaining to a single Federal grant program (Federal Domestic Assistance Catalog number) and not requiring a functional or activity breakdown, enter on Line 1 under Column (a) the Catalog program title and the Catalog number in Column (b).

For applications pertaining to a single program requiring budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the Catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the Catalog program title on each line in Column (a) and the respective Catalog number on each line in Column (b).

For applications pertaining to multiple programs where one or more programs require a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1-4, Columns (c) through (g)

For new applications, leave Column (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For continuing grant program applications, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For supplemental grants and changes to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5 - Show the totals for all columns used.

Section B Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Line 6a-i - Show the totals of Lines 6a to 6h in each column.

Line 6j - Show the amount of indirect cost.

Line 6k - Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.
