## Program Description

### Overview

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

Pay for Success is performance-based and outcomes-based programming that ties payment for services to reaching agreed upon goals. Under this initiative, services that may be purchased include permanent supportive and recovery housing, as well as other types of reentry services which are tailored to individuals leaving incarceration, particularly those with substance use disorders.

### Statutory Authority

Any awards under this solicitation will be made under the statutory authority provided by a full-year Department of Justice appropriations act for FY 2021

### Specific Information

Applicants that propose to enter into a performance-based or outcomes-based contract to provide recovery housing should refer to the following document developed by the Substance Abuse and Mental Health Services Administration (SAMHSA): *Recovery Housing: Best Practices and Suggested Guidelines*. As mandated by landmark legislation signed into law in October 2018 (the Substance Use Disorder Prevention that Promotes Opioid Recovery and Treatment (SUPPORT) for Patients and Communities Act), these guidelines provide SAMHSA's official definition of recovery housing and identifies best practices for operating recovery housing. This document, along with more information about recovery housing, can be found at: <https://www.samhsa.gov/ebp-resource-center/recovery-housing-best-practices-suggested-guidelines>.

Please note that all grant recipients will be expected to work closely with BJA's training and technical assistance provider, the National Reentry Resource Center, to document progress and develop and deliver the required analyses, contracts, and reports as described below.

### Goals, Objectives, Deliverables, and Timeline

#### Goals

The overall goals of the FY 2021 Second Chance Act Pay for Success Initiative are to enhance public safety, lower recidivism, and improve the lives of those coming out of the criminal justice system. Specific goals for each category are:

Category 1: Performance-based and Outcomes-based Contracting for Permanent Supportive Housing (PSH) or Reentry Services: Increase programming for and reduce recidivism in the target reentry population. Category 2: Performance-based and Outcomes-based Contracting for Recovery Housing: Reduce recidivism and drug use in the target recovery housing population that is in reentry.

#### Objectives

##### Category 1:

Enhance already established performance-based and outcomes-based contracts to provide individualized reentry services or PSH for people leaving incarceration who are identified through a validated risk tool as being at moderate to high risk to reoffend in the community.

Manage the performance-based or outcomes-based reentry service or PSH contract, including data and report collection, regular performance and outcome reviews between governments and service providers, on- and off-site monitoring, outcomes validation, and incentive payment approvals.

Ensure government staff and service providers have adequate training on performance-based or outcomes-based procurement, reentry services, PSH, data collection, and outcomes validation.

##### Category 2:

Enter into performance-based or outcomes-based contracts to provide evidence-based, high-quality recovery housing to formerly incarcerated individuals who have a substance use disorder.

Manage the performance-based or outcomes-based recovery housing contract, including data and report collection, regular performance and outcome reviews between governments and service providers, on- and off-site monitoring, performance and outcomes validation, and incentive payment approvals.

Ensure government staff and service providers have adequate training on performance-based or outcomes-based procurement, recovery housing, data collection, and outcomes validation.

#### Deliverables

##### Category 1:

Analysis that demonstrates reentry service or PSH need using data indicating the number and needs of people to be served. To ensure the intended size and target population are identified, the grantee will provide a description of the mechanisms to identify the population along with a description of the contracted services.

Analysis that demonstrates the performance targets or outcomes selected for payment. Contracts must include recidivism performance targets or outcomes (rearrest, reconviction, reincarceration, revocation) and can also include time to reoffense and reduction in severity of offense.

Analysis that demonstrates the grantee's decision about the performance-based or outcomes-based contract structure (e.g., phased approach over the period of the contract, inclusion of a hold-harmless period, etc.), repayment strategy (e.g., unit of outcome achieved, weighted incentives, percent change in outcomes, tiered payment scheduled, bonus payments), and timing of payments.

Revised contract term report.

Closeout report, including a listing and description of the performance targets or outcomes achieved and payments made.

##### Category 2:

Analysis that demonstrates recovery housing need and provision of services to the target population, including the following data: (1) jail and/or prison booking and release dates, charging information, and unit/bed type, and (2) substance use disorder diagnosis, treatment, and menu of services.

Analysis that demonstrates the performance targets or outcomes selected for payment. Contracts must include appropriate functional outcomes, relevant system savings, and recidivism performance targets or outcomes, including jail bookings, length of stay, and charging information.

Analysis that demonstrates the grantee's decision about the performance-based or outcomes-based contract structure (e.g., phased approach over the period of the contract, inclusion of a hold-harmless period, etc.), repayment strategy (e.g., unit of outcome achieved, weighted incentives, percent change in outcomes, tiered payment scheduled, bonus payments), and timing of payments.

First-year-of-contract term report.

Closeout report, including a listing and description of the performance targets or outcomes achieved and payments made.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under Application and Submission Information.

### Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

### Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

### OJP Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. In FY 2021, OJP will give priority consideration in award decisions to applications that demonstrate ways in which their projects will advance one or more of these areas.

To receive priority consideration for advancing one or more of the Department's priorities, the applicant must provide a sufficient narrative explanation as an attachment, that specifies how the project will advance the promotion of civil rights, access to justice, support to crime victims, protecting the public from crime and evolving threats, or building trust between law enforcement and the community.

In addition, OJP will give priority consideration, if applicable, to applicants that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent poverty counties. For purposes of this priority consideration, the term "high-poverty area" means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term "persistent poverty counties" means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saie.html>).

Priority consideration is one of many factors that OJP considers in making funding decisions and is not a guarantee of an award.

## Proposal Abstract

A proposal abstract (no more than 400 words) summarizing the proposed project including primary activities, products and deliverables, the service area, and who will benefit from the proposed project, will be completed in the JustGrants Web-based form.

## Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point Times New Roman font; have no less than 1-inch margins; and should not exceed 20 pages. Pages should be numbered and submitted as an attachment. If the proposal narrative fails to comply with these length restrictions, BJA may negatively consider such noncompliance in peer review and in final award decisions.

The following sections must be included as part of the proposal narrative:

### a. Description of the Issue

- Describe the current service delivery method.
- Describe any efforts conducted by the applicant jurisdiction in the past 5 years to enter into performance-based or outcomes-based contracts and the results of those efforts.
- Provide an overview of the jurisdiction's current service provision capacity in the relevant category (Category 1, reentry services or PSH, or Category 2, recovery housing). Include whether those services are provided by the applicant agency, via contract, or through governmental or nongovernmental partners. Describe how demand for such services is being met compared to the need and how the jurisdiction assesses that need.

### b. Project Design and Implementation

- Address in detail how the applicant proposes to undertake and accomplish each of the objectives and deliverables described in the Program Description section.
- Address the data-sharing agreements that need to be in place to inform the contract and to assess performance targets or outcome attainment. Discuss which entities have the data needed, any history of sharing information with these entities, as well as any perceived challenges with obtaining data on an ongoing basis.
- Include a Timeline/Project Plan that generally reflects a 12-month planning and contracting period, 36-month implementation period, and a 6-month post-implementation period; the major tasks and deliverables of the proposed project; and who is responsible for each activity, including the procurement functions. Successful applicants will be expected to have staffing and other needed supports in place by the end of the planning period so they can begin addressing the primary project activities at the start of the implementation period.
- In addition to the attachments such as letters from the lead agency executive, the responsible government procurement agency executive, and other key partners (if applicable), provide a written demonstration of the jurisdiction's commitment to making a shift to performance-based or outcomes-based contracts.

### c. Capabilities and Competencies

- Provide a detailed description of the capacity of the organization and the key personnel to deliver the required services and perform the key tasks described in the Program Description section.
- Describe how the proposed management structure and staffing of the project will facilitate the delivery of the required services. The management and organizational structure described should match the staffing needs necessary to accomplish the tasks outlined in the Timeline/Project Plan. Information regarding the personnel assigned to these tasks and whether their résumés and role descriptions are included will contribute to the assignment of points relative to this criterion.

### d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

- Describe the manner in which the data required for this solicitation's performance measures will be collected, including the system(s) used and the person(s) responsible. Describe whether and how other relevant performance metrics will be documented, monitored, and evaluated.

Note: Applicants are **not** required to submit performance data with the application. Rather, performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables."

Applicants can also visit OJP's performance measurement page at [www.ojp.gov/performance](http://www.ojp.gov/performance) for an overview of performance measurement activities at OJP.

Further guidance on the post-award submission process will be provided, if selected for award.

### e. Impact/Outcomes, Sustainability

- Discuss how this effort will be integrated into the jurisdiction's justice system plans or commitments.
- Describe how the program will be financially sustained after federal funding ends and the expected long-term results for the program.

#### b. Additional Review Criteria

Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to priority areas), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (Web-based Form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

#### Review Process

Applications submitted under this solicitation that meet basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Award Performance and Integrity Information System, FAPIIS).

**Important note on FAPIIS:** An applicant, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and BJA's recommendations, but also other factors as indicated in this section.
