Current Closing Date for Applications:	Jan 21, 2022 The closing date for receipt of applications under this announcement is January 21, 2021. Applications must be received no later than 4:00:00 p.m. Eastern Time.
Archive Date:	Feb 20, 2022
Estimated Total Program Funding:	\$90,000,000
Award Ceiling:	\$1,500,000
Award Floor:	\$700,000

ELIGIBILITY

Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Eligible applicants for these grants are public or private non-profit agencies. These organizations include rural, urban, or Native American/Tribal entities that have previously served opportunity youth in a YouthBuild or other similar program.

ADDITIONAL INFORMATION

Agency Name: Employment and Training Administration

Description:

The purpose of this program is to fund organizations to provide a pre-apprenticeship program model that encompasses education, occupational skills training, leadership development, and high-quality post-program placement opportunities to opportunity youth. YouthBuild is a community-based alternative education program for youth between the ages of 16 and 24 who left high school prior to graduation that also have other risk factors, including being an adjudicated youth, youth aging out of foster care, youth with disabilities, migrant farmworker youth, youth experiencing housing instability, and other disadvantaged youth populations. The YouthBuild program simultaneously addresses multiple core issues important to youth in low-income communities: affordable housing, leadership development, education, and employment opportunities in in-demand industries and apprenticeship pathways. YouthBuild programs serve as the connection point to vital services for participants. Key aspects of the YouthBuild service delivery model include meaningful partnership and collaboration with the public workforce development system, education and human services systems, and labor and industry partners. DOL expects applicants funded through this solicitation to have well-established partnerships in place prior to grant award.

The YouthBuild model balances project-based academic learning and occupational skills training to prepare opportunity youth for career placement. The academic component assists youth who are often significantly behind in basic skill development in obtaining a high school diploma or state high school equivalency credential. The occupational skills training component prepares opportunity youth for apprenticeship and other career pathways and/or further education or training. It also supports the goal of increasing affordable housing within communities by teaching youth construction skills learned by building or significantly renovating homes for sale or rent to low- income families or transitional housing for homeless families or individuals.
