

EPA-I-OLEM-ORCR-23-07
SOLID WASTE INFRASTRUCTURE FOR RECYCLING (SWIFR) GRANTS FOR TRIBES AND INTERTRIBAL CONSORTIA
 Environmental Protection Agency

GENERAL INFORMATION

Document Type:	Grants Notice
Funding Opportunity Number:	EPA-I-OLEM-ORCR-23-07
Funding Opportunity Title:	SOLID WASTE INFRASTRUCTURE FOR RECYCLING (SWIFR) GRANTS FOR TRIBES AND INTERTRIBAL CONSORTIA
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Environment Infrastructure Investment and Jobs Act (IIJA)
Category Explanation:	
Expected Number of Awards:	60
CFDA Number(s):	66.920 -- Solid Waste Infrastructure for Recycling Infrastructure Grants
Cost Sharing or Matching Requirement:	No

Version:	Synopsis 1
Posted Date:	Jan 04, 2023
Last Updated Date:	Jan 04, 2023
Original Closing Date for Applications:	Apr 04, 2023 See Section IV of funding opportunity announcement for close date information.
Current Closing Date for Applications:	Apr 04, 2023 See Section IV of funding opportunity announcement for close date information.
Archive Date:	May 04, 2023
Estimated Total Program Funding:	\$40,000,000
Award Ceiling:	\$1,500,000
Award Floor:	\$100,000

ELIGIBILITY

Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	See Section III of funding opportunity announcement for eligibility information.

ADDITIONAL INFORMATION

Agency Name: Environmental Protection Agency

Description:

The Solid Waste for Infrastructure (SWIFR) grant program funded through the BIL is an historic investment in the health, equity, and resilience of American communities. The unprecedented funding provided by BIL through the SWIFR grants will assist local waste management authorities by supporting improvements to local post-consumer materials management, including municipal recycling programs, and assisting local waste management authorities in making improvements to local waste management systems. The SWIFR grant program provides a critical opportunity to fund a range of highimpact projects to increase recycling, reduce contamination, and promote a circular economy for sustainable materials management by making much-needed investments in solid waste management infrastructure.

SWIFR Grants for Tribes and Intertribal Consortia will provide funds for tribes and intertribal consortia to develop or update plans focused on encouraging environmentally sound post-consumer materials management; establish, increase, or expand materials management infrastructure, utilize funds for equipment and construction related costs as part of their implementation plans, and identify, establish, or improve end-markets for the use of recycled materials.
