**Announcement Type:**

Initial

**Funding Opportunity Number:**

HHS-2023-ACF-ACYF-CS-0053

**Primary CFDA Number:**

93.586

**Executive Summary**

**Notice:**

- **Applicants are strongly encouraged to read the entire notice of funding opportunity (NOFO) carefully and observe the application formatting requirements listed in *Section IV.2. Content and Form of Application Submission*. For more information on applying for grants, please visit "How to Apply for a Grant" on the ACF Grants & Funding Page at <https://www.acf.hhs.gov/grants/how-apply-grant>.**

The purpose of this NOFO is to solicit proposals for grants to tribal governments or tribal consortia to improve the handling of American Indian and Native Alaskan child welfare cases by tribal courts. The grants will provide support to tribal governments to: (1) Conduct assessments of how tribal courts (including courts for tribal consortia) handle child welfare proceedings; (2) Implement changes to address the results of child welfare court assessments; (3) Ensure that the safety, permanency, and well-being needs of children are met in a timely and complete manner; and (4) Continuously improve the quality of court hearings and legal representation, including engagement of parties, through training and efforts to increase substantive and procedural justice. Grant funds may not be used to hire attorneys or judges for regular client representation/on-the-bench judicial duties, fill vacant court personnel positions, or otherwise replace funding for tribal government positions.

**I. Program Description**

**Statutory Authority**

Title IV, Part B, Subpart 2–MaryLee Allen Promoting Safe and Stable Families, section 438 of the Social Security Act (42 U.S.C. 629h).

**Description**

**Children's Bureau**

The Children's Bureau (CB) in the Administration on Children, Youth and Families, Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS) plans, manages, coordinates, and supports child abuse and neglect prevention and child welfare services programs. CB is the agency within the Federal Government that is

responsible for assisting child welfare systems by promoting continuous improvement in the delivery of child welfare services. CB's programs are designed to promote the safety, permanency, and well-being of all children, including those in foster care available for adoption, recently adopted, abused, neglected, dependent, disabled, or homeless; and to prevent the neglect, abuse, and exploitation of children.

The purpose of CB's programs is to promote strengthening of the family unit in order to help prevent the unnecessary separation of children from their families and encourage reunifying families, when possible, if separation has occurred. State and tribal child welfare systems are designed to deliver direct services that protect children who have suffered maltreatment, who are at risk for maltreatment, or who are under the care and placement responsibility of the state and/or tribe because their families are unable to care for them. These systems also focus on securing permanent legal placement with families, such as reunification, guardianship, and adoption for children and youth who are unable to return home. (For more information about CB's programs, visit <https://www.acf.hhs.gov/cb>)

## **GOALS AND OBJECTIVES**

The goals and objectives of the Tribal Court Improvement Program (TCIP) are to:

1. Conduct assessments of how tribal courts (including courts for tribal consortia) handle child welfare proceedings;
2. Implement changes to address the results of court assessments;
3. Ensure that the safety, permanency, and well-being needs of children are met in a timely and complete manner; and
4. Improve the quality of court hearings and legal representation, including engagement of parties, continuously through training and efforts to increase substantive and procedural justice.

## **PROJECT REQUIREMENTS**

### **Program Activities**

TCIP projects will use grant funds to design and implement a 5-year project. Year 1 must include an assessment of tribal court handling of child welfare proceedings that result in actionable areas and the initial development of strategies in Year 1. Ongoing assessment may extend into Years 2 – 5. In Year 1 the TCIP will identify a team to conduct the assessment. The assessment will include the following:

- Identifying and prioritizing tribal needs.
- Identifying assessment questions.
- Collecting data and information to answer questions identified by the assessment.
- Using the results to inform strategies for improvement.

If a tribal court assessment specifically examining tribal child welfare court practice has been recently conducted, the results of that assessment may be used to satisfy the assessment requirement of this project, subject to the approval of CB.

For lessons learned from prior TCIP grant recipients on conducting assessments see <https://www.jbassoc.com/resource/synthesis-of-tribal-court-assessment-strategies/>.

CB, through its Capacity Building Center for Courts, also supported development of a comprehensive set of model court measures which includes templates for a needs assessment. This suite of tools was designed to be very flexible for variations of topics the courts are interested in, in law and practice, and other factors. They were developed with numerous experts in Indian Child Welfare Act (ICWA) and tribal court practice. The measures also incorporate prior research designed to support quality ICWA practice. The measures were field tested with a tribe as well states of different sizes and characteristics. The measures and tools may be useful in developing applications.

See [https://www.americanbar.org/groups/public\\_interest/child\\_law/project-areas/national-court-projects/jcamp-resources/](https://www.americanbar.org/groups/public_interest/child_law/project-areas/national-court-projects/jcamp-resources/)

Program activities may include but are not limited to the following:

- Preparing or supporting tribal courts in collaboration with the tribal child welfare agency, to participate in direct operation of programs authorized by title IV-E of the Social Security Act, including the Foster Care, Adoption Assistance and optional Guardianship Assistance programs.
- Preparing or supporting tribal courts to make necessary judicial determinations required by the title IV-E program;
- Working with the Tribal Title IV-E agency to develop procedures for accessing title IV-E funding to support legal representation for children or parents;
- Enhancing or increasing the tribal court's ability to receive transfers from state courts;
- Drafting or enhancing court rules, tribal code, legislation, or policy pertaining to court handling of child welfare cases;
- Improving and enhancing court orders;
- Developing, implementing, or piloting best practices, evidence-informed and/or evidence-based practices for tribal courts;
- Developing ways to continuously monitor and improve the timeliness and quality of court hearings and legal representation;
- Enhancing court coordination with other tribal or state government entities on child welfare cases;
- Developing resources for judges and attorneys;
- Creating training curriculum and materials for judges and attorneys;
- Conducting training for judges, attorneys, and other court personnel;
- Conducting cross-training between judges, attorneys, and other tribal and state child welfare stakeholders;
- Designing and testing court models and practices that meet the requirements of federal law; incorporate and reflect tribal values, customs, and practices; and account for historical trauma;
- Building or enhancing court data collection infrastructure;
- Increasing data sharing between the court and the tribal social services agency or state child welfare agency;
- Testing ways to increase and enhance the engagement of the entire family (as defined by the tribe) in court proceedings;

- Implementing strategies to improve equity, for example for persons with disabilities or to reduce inequity based on gender identity or sexual orientation; or
- Implementing strategies to address risk factors known to lead to individuals going missing or being murdered.

TCIP projects are required to engage in and demonstrate meaningful, ongoing collaboration with the tribal social service agencies. "Meaningful, ongoing collaboration" means that tribal courts and tribal social services agencies that provide child welfare services will identify and work toward shared goals and activities to increase the safety, permanency, and well-being of children and youth in the child welfare system as specified in section 438 of the Social Security Act.

TCIP teams must be composed of important stakeholders to guide court improvement efforts. Stakeholders may include tribal judges, peacemakers, court personnel, social service agency representatives, parent's attorneys, children's attorney's or guardians ad litem, attorneys for the child welfare services agency, Court Appointed Special Advocates, treatment providers, school representatives, foster parents, parents that have had children in foster care, foster care alumni, and other relevant tribal entities or agencies or community members.

Please refer to *Section IV.6 Funding Restrictions for unallowable items*.

### **Evaluation**

TCIP projects and activities must be measurable and outcome-focused. All funded projects are required to implement a plan that clearly identifies and describes:

- Identified objectives;
- Measurable outcomes to determine progress toward achieving objectives;
- Data and information that will be necessary to monitor progress and measure success;
- Methods for collecting data and information;
- Personnel that will be responsible for managing, collecting, and presenting the results;
- Description of data and information collection resources; and
- Personnel and process for how the data will be analyzed and interpreted to identify, inform, and implement midcourse adjustments and modifications to improve TCIP projects and activities.

### **Dissemination**

This NOFO is intended to help tribes or tribal consortia make improvements that will benefit children and families in their communities and generate knowledge that will be useful throughout the nation. To maximize the benefit of these grants, CB expects that information and knowledge generated by the projects and activities will be shared with the field and efforts will be made to integrate project knowledge and lessons learned into policy and practice. Grant recipients will be asked to share information about the overall structures of their courts to help other potential courts gauge potential lessons learned. Structures includes information like the models of representation and judicial practice. TCIP projects will work with CB to disseminate their individual project products and findings and work with the other TCIP projects to disseminate cross-grant products and findings, where applicable.

### **III. Eligibility Information**

#### **III.1. Eligible Applicants**

Eligibility is limited to Indian tribes or tribal consortia that:

1. Are operating an approved title IV-E program in accordance with section 479B of the Social Security Act (the Act) (42 U.S.C. 679c);
2. Plan to operate a title IV-E program and/or have received a Tribal Title IV-E Plan Development Grant (<https://www.acf.hhs.gov/cb/grant-funding/title-iv-e-development-grants>), as authorized by section 476 of the Act (42 U.S.C. 676); or
3. Have a court responsible for proceedings related to foster care or adoption.

Tribal governments that were awarded TCIP grants in prior years are eligible to compete for funding under this announcement.

Please note that definitions of Indian tribe and tribal organization are in section 428(c) of the Social Security Act and refer to subsections (e) and (l) of section 4 of the Indian Self-Determination and Education Assistance Act (25 USC 450b), respectively.

These are:

(e) “Indian tribe” means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688) [43 U.S.C. 1601 et seq.], which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

(l) “tribal organization” means the recognized governing body of any Indian tribe; any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities: Provided, That in any case where a contract is let or grant made to an organization to perform services benefiting more than one Indian tribe, the approval of each such Indian tribe shall be a prerequisite to the letting or making of such contract or grant.

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and funding under this funding opportunity. See *Section III.3. Other, Application Disqualification Factors*.

#### **III.2. Cost Sharing or Matching**

Cost Sharing / Matching Requirement:

No

**For all federal awards**, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all criteria listed in 45 CFR § 75.306.

**For awards that require matching by statute**, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards, even if the projected commitment exceeds the amount required by the statutory match. **A recipient's failure to provide the statutorily required matching amount may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

**For awards that do not require matching or cost sharing by statute**, where "cost sharing" refers to any situation in which the recipient voluntarily shares in the costs of a project other than as statutorily required matching, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards. These include situations in which contributions are voluntarily proposed by a recipient or subrecipient and are accepted by ACF. Non-federal cost sharing will be included in the approved project budget so that the recipient will be held accountable for proposed non-federal cost sharing funds as shown in the Notice of Award (NoA). **A recipient's failure to provide voluntary cost sharing of non-federal resources that have been accepted by ACF as part of the approved project costs and that have been shown as part of the approved project budget in the NoA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

## IV.2. Content and Form of Application Submission

### **FORMATTING APPLICATION SUBMISSIONS**

**Each applicant applying electronically via Grants.gov is required to upload only two electronic files, excluding SFs and Office of Management and Budget (OMB)-approved forms. No more than two files will be accepted for the review, and additional files will be removed. SFs and OMB-approved forms will not be considered additional files.**

#### ***FOR ALL APPLICATIONS:***

#### **Authorized Organization Representative (AOR)**

AOR is the designated representative of the applicant/recipient organization with authority to act on the organization's behalf in matters related to the award and administration of grants. In signing a grant application, this individual agrees that the organization will assume the obligations imposed by applicable Federal statutes and regulations and other terms and conditions of the award, including any assurances, if a grant is awarded.

### **Point of Contact**

In addition to the AOR, a point of contact on matters involving the application must also be identified. The point of contact, known as the Project Director or Principal Investigator, should not be identical to the person identified as the AOR. The point of contact must be available to answer any questions pertaining to the application.

### **Application Checklist**

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials.

### **Accepted Font Style**

Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font. Pages that contain blurred text, or text that is too small to read comfortably, will be removed.

### **English Language**

Applications must be submitted in the English language and must be in the terms of United States (U.S.) dollars. If applications are submitted using another currency, ACF will convert the foreign currency to U.S. currency using the date of receipt of the application to determine the rate of exchange.

### **Page Limitations**

**Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:." Page limitation(s) do not include SFs and OMB-approved forms.**

**All applications must be double-spaced.** An application that exceeds the cited page limitation for double-spaced pages in the Project Description file or the Appendices file will have extra pages removed, and those pages will not be reviewed.

### **Application Elements Exempted from Double-Spacing Requirements**

The following elements of the application submission are exempt from the double-spacing requirements and may be single-spaced: the table of contents, the one-page Project Summary, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

### **Adherence to NOFO Formatting, Font, and Page Limitation Requirements**

Applications that fail to adhere to ACF's NOFO formatting, font, and page limitation requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review and will not be made available to reviewers.

Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

**NOTE:** Applicants failing to adhere to ACF's NOFO formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

### **Corrections/Updates to Submitted Applications**

When applicants make revisions to a previously submitted application, ACF will accept only the last on-time application for pre-review under the Application Disqualification Factors. The Application Disqualification Factors determine the application's acceptance for competitive review. See *Section III.3. Other, Application Disqualification Factors* and *Section IV.2. Application Submission Options*.

### **Copies Required**

Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all SFs and OMB-approved forms. The original copy must have original signatures.

### **Signatures**

Applicants submitting electronic applications must follow the registration and application submission instructions provided at [Grants.gov](http://Grants.gov).

The original of a paper format application must include original signatures of the authorized representatives.

### **Accepted Application Format**

With the exception of the required SFs and OMB-approved forms, all application materials must be formatted so that they are 8 ½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any scanned documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page. Pages with blurred text will be removed from the application.

## **PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:**

The application submission is limited to **125 pages in its entirety**. The two files applicants must submit are:

A. The **Project Description** file which must include these items in this order:

1. Table of Contents
2. Project Summary
3. Need for Assistance
4. Expected Outcomes
5. Approach
6. Organizational Capacity
7. Evaluation
8. Line-Item Budget and Budget Justification

B. The **Appendices** file which must include these items in this order:

1. Certifications and Assurances
2. Staff and Position Data (e.g., resumes, job descriptions, organizational charts)
3. Indirect Cost Rate Letter (if applicable)

### **ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS**

Applicants are required to submit their applications electronically unless they have received an exemption that will allow submission in paper format. See *Section IV.2. Application Submission Options* for information about requesting an exemption.

Electronic applications will only be accepted via Grants.gov. **ACF will not accept applications submitted via email or via facsimile.**

**Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.**

**File One:** Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

**File Two:** Must contain all documents required in the Appendices.

### **Adherence to the Two-File Requirement**

No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files.

### **Application Upload Requirements**

ACF strongly recommends that electronic applications be uploaded as Portable Document Files

(PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed earlier in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Acrobat Reader software will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

Applicants must ensure that the version of Adobe Acrobat Reader they are using is compatible with Grants.gov. To verify Adobe software compatibility please go to Grants.gov and click on “Applicants” at the top bar menu and select “Adobe Software Compatibility”, which is listed under "Applicant Resources." The Adobe verification process allows applicants to test their version of the software by opening a test Workspace PDF form. Grants.gov also includes guidance on how to download a supported version of Adobe, as well as troubleshooting instructions for use, if an applicant is unable to open the test form.

The Adobe Software Compatibility page located on Grants.gov also provides guidance for applicants on filling out a Workspace PDF form. In addition, it addresses local network and/or computer security settings and the impact this has on use of Adobe software.

### **Required SFs and OMB-approved Forms**

SFs and OMB-approved forms are uploaded separately at Grants.gov. These forms are submitted separately from the Project Description and Appendices files. See *Section IV.2. Required Forms, Assurances, and Certifications* for the listing of required SFs, OMB-approved forms, and required assurances and certifications.

### **Naming Application Submission Files**

**Carefully observe the file naming conventions required by Grants.gov. Limit file names to 50 characters (characters and spaces).** Please also see <https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html>.

### **Use only file formats supported by ACF**

Applicants must submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, **we strongly recommend that the two application submission files (Project Description and Appendices) are uploaded as PDFs in order to comply with the two-file upload limitation.** Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete, and ACF will not make any awards based on an incomplete application.

### **ACF supports the following file formats:**

- Adobe PDF – Portable Document Format (.pdf)

- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

### **Do Not Encrypt or Password-Protect the Electronic Application Files**

If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete, and ACF will not make awards based on an incomplete application.

### **FORMATTING FOR PAPER APPLICATION SUBMISSIONS:**

The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. For more information on the exemption, see "*ACF Policy for Requesting an Exemption from Required Electronic Application Submission*" at [www.acf.hhs.gov/grants/howto#chapter-6](http://www.acf.hhs.gov/grants/howto#chapter-6).

### **Format Requirements for Paper Applications**

All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single NOFO, or multiple applications under separate NOFOs, each application submission must be packaged separately. The package(s) must be clearly labeled with the NOFO title and Funding Opportunity Number.

Applicants using paper format should download the application forms package associated with the NOFO's Synopsis on Grants.gov under the Package tab.

Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. **All application materials must be one-sided for duplication purposes. All pages in the application submission must be sequentially numbered.**

### **Addresses for Submission of Paper Applications**

See *Section IV.7. Other Submission Requirements* for addresses for paper format application submissions.

### **Required Forms, Assurances, and Certifications**

**Applicants seeking an award under this funding opportunity must submit the listed SFs, assurances, and certifications with the application.** All required SFs, assurances, and certifications are available in the Application Package posted for this NOFO at Grants.gov.

Additional Required Assurances and Certifications

**Mandatory Grant Disclosure**

All applicants and recipients are required to submit, in writing, to the awarding agency and to the HHS Office of the Inspector General (OIG), all information related to violations of federal

criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. (Mandatory Disclosures, 45 CFR § 75.113)

Disclosures must be sent in writing to:

The Administration for Children and Families, U.S. Department of Health and Human Services, Office of Grants Management, ATTN: Grants Management Specialist, 330 C Street, SW., Switzer Building, Corridor 3200, Washington, DC 20201

**Email:** [grantdisclosures@oig.hhs.gov](mailto:grantdisclosures@oig.hhs.gov)

**Non-Federal Reviewers**

Since ACF will be using non-federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget as well as Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information. If applications are submitted electronically, ACF will omit the same specific salary rate information from copies made for use during the review process.

**The Project Description**

**The Project Description Overview**

**General Expectations and Instructions**

The Project Description provides the information by which an application is evaluated and ranked in competition with other applications for financial assistance. It must address all activities for which federal funds are being requested and all application requirements as stated in this section. The Project Description must explain how the project will meet the purpose of the NOFO, as described in *Section I. Program Description*. As a reminder, reviewers will be evaluating this section in accordance with *Section V.1. Criteria*.

The Project Description must be clear, concise, and complete. ACF is particularly interested in Project Descriptions that convey strategies for achieving intended performance. Project Descriptions are evaluated on the basis of substance and measurable outcomes, not length.

Cross-referencing should be used rather than repetition. Supporting documents designated as required must be included in the Appendix of the application.

**Table of Contents**

List the contents of the application including corresponding page numbers. The table of contents may be single spaced.

**Project Summary**

Provide a summary of the application project description. It must be clear, accurate, concise, and

without cross-references to other parts of the application. The summary must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the Project Summary:

- Project Title
- Applicant Name
- Address
- Contact Phone Numbers (Voice, Fax, Cell)
- Email Address
- Website Address, if applicable

The Project Summary must be single-spaced, Times New Roman 12-point font, and limited to one page in length. Additional pages will be removed and will not be reviewed.

### **Non-Profit Organizations**

#### **Proof of Non-Profit Status Options:**

##### **Option 1: 501(c)(3) and non-501(c)(3) non-profit organizations are eligible**

Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
- A copy of a currently valid IRS tax-exemption certificate.
- A statement from a state taxing body, state attorney general, or other appropriate state official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.
- Any of the items in the subparagraphs immediately above for a state or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Unless directed otherwise, applicants must include proof of non-profit status in the *Appendices* file of the application submission.

#### **Need for Assistance**

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance, including the nature and scope of the problem, must be demonstrated. Supporting documentation, such as letters of support and testimonials from concerned parties, may be included in the Appendix. Any relevant data based on planning studies or needs assessments should be included or referred to in the endnotes or footnotes. Incorporate demographic data and participant/beneficiary information, as available.

#### **Expected Outcomes**

Identify the outcomes to be achieved from the project. Outcomes should relate to the overall

program as described in *Section I. Program Description*. If research is part of the proposed work, outcomes must include hypothesized results and implications of the proposed research.

### **Approach**

Outline a plan of action that describes the scope and detail of how the proposed project will be accomplished. Applicants must account for all functions or activities identified in the application.

Cite potential obstacles and challenges to accomplishing project goals and explain strategies that will be used to address these challenges.

The applicant must clearly articulate, as it relates to the goals and objectives of the TCIP how it will:

- **Identify an assessment team.** This may be internal to project staff/consultants or a team to guide the efforts of an outside assessment provider. It is generally helpful to consider a broad multi-disciplinary team consisting of members who will have a role throughout the TCIP project.
- **Identify and prioritize tribal needs.** It is important that the assessment be driven by what the tribe considers important and in need of review. Although there are national guides, standards, and tools available that grant recipients may find helpful, CB is cognizant that tribes have unique laws, structures, values, language, and cultural approaches that will often be central to defining needs.
- **Identify assessment questions.** Once needs have been prioritized, identify assessment questions to be addressed.
- **Collect data or information.** Assessments may collect administrative data from a child welfare agency or court, but may also include information obtained through assessments, surveys, focus groups, interviews, court observation, community forums, and other means of obtaining useful knowledge about needs or progress identified by tribes.
- **Use the results to inform strategies for improvement.** The results gathered may be based on the cultural or linguistic needs of the tribe, prioritized by the tribe's assessment team.
- **Implement improvements.** As with determining needs, improvements may be grounded in cultural or linguistic structures, values, and traditions. Prior recipients have, for example, worked to decolonize court practices to establish court processes that better matched appropriate cultural healing and wellness approaches.

The applicant must describe how it will meaningfully involve the tribal child welfare agency in how it selects and implements projects.

The applicant must describe project timeline and milestones. Provide monthly or quarterly projections (for the entire project period) of the accomplishments to be achieved for each function or activity.

### **Organizational Capacity**

Provide the following information on the applicant organization and, if applicable, on any cooperating partners:

- Organizational charts.

- Resumes.
- Copy or description of the applicant organization's fiscal control and accountability procedures.
- Evidence that the applicant organization, and any partnering organizations, have relevant experience and expertise with administration, development, implementation, management, and evaluation of programs similar to that offered under this funding opportunity.
- Copy or description of the applicant organization's personnel policies.
- Information on compliance with federal/state/local government standards.
- Job descriptions for each vacant key position.

### **Plan for Oversight of Federal Award Funds and Activities**

Recipients are required to ensure proper oversight in accordance with 45 CFR Part 75 Subpart D.

These regulations set forth the following standards for effective oversight:

- Financial and Program Management
- Property (if applicable by program legislation)
- Procurement
- Performance and Financial Monitoring and Reporting
- Subrecipient Monitoring and Management
- Record Retention and Access
- Remedies for Noncompliance

Describe the framework (e.g., governance, policies and procedures, risk management, systems) in place to ensure proper oversight of federal funds and activities in accordance with 45 CFR Part 75 Subpart D. The description must include: system(s) for record-keeping and financial management; procedures to identify and mitigate risks and issues (e.g., audit findings, continuous program performance assessment findings, program monitoring); and those key staff that will be responsible for maintaining oversight of program activities staff, and, if applicable, partner(s) and/or subrecipient(s).

### **Program Performance Evaluation Plan**

Applicants must describe a plan for the program performance evaluation that will contribute to continuous quality improvement. The program performance evaluation must monitor ongoing activities and the progress towards the goals and objectives of the project. Include descriptions of the inputs (e.g., organizational profile, collaborative partners, key staff, budget, and other resources), key activities, and expected outcomes of the funded activities. The plan must explain how the inputs, activities, and outcomes will be measured; how the resulting information will be used to inform improvement of funded activities; and any processes that support the overall data quality of the performance outcomes.

Applicants must describe the organizational systems and processes that will effectively track performance outcomes, including a description of how the organization will collect and manage data (e.g., assign skilled staff, data management software, data integrity, etc.) in a way that

allows for accurate and timely reporting of performance outcomes. Applicants must describe any potential obstacles for implementing the program performance evaluation and how those obstacles will be addressed. Applicants must include a timeline for how information from the quality improvement evaluation will be reviewed and applied to the ongoing project.

### **Third-Party Agreements**

Third-party agreements include Memoranda of Understanding (MOU) and Letters of Commitment. Letters of Commitment and MOUs must both clearly describe the roles and responsibilities for project activities and the support and/or resources that the third-party (i.e., subrecipient, contractor, or other cooperating entity) is committing. The Letters of Commitment and MOUs must be signed by the person in the third-party organization with the authority to make such commitments on behalf of their organization. General letters of support are **not** considered to be third-party agreements.

### **The Project Budget and Budget Justification**

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information SF, either SF- 424A or SF-424C. Applicants are encouraged to review the form instructions in addition to the guidance in this section. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form. Applicants must indicate the method they are selecting for their indirect cost rate. See Indirect Charges for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If cost sharing or matching is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in *Section IV.2. Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

**Special Note:** *The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2022 and Consolidated Appropriations Act, 2022, (Division H, Title II, Sec. 202), limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this funding opportunity may not be used to pay the salary of an individual at a rate in excess of Executive Level II. For the Executive Level II salary, please see "Executive & Senior Level Employee Pay Tables" under <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/>. The salary limitation reflects an individual's base salary exclusive of fringe benefits, indirect costs and any income that an individual may be permitted to earn outside of the duties of the applicant organization. This salary limitation also applies to subawards and subcontracts under an ACF grant or cooperative agreement.*

Provide a budget for the initial budget period only (typically the first 12 months of the project) using the SF-424A and/or SF-424C, as applicable. Provide a budget justification, which includes a budget narrative and a line-item detail, for only the first budget period of the proposed project.

The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

## **General**

Use the following guidelines for preparing the project budget and budget justification. The budget justification includes a budget narrative and a line-item detail. Applications should only include allowable costs in accordance with 45 CFR Part 75 Subpart E.

## **Personnel**

**Description:** Costs of employee salaries and wages. See 45 CFR § 75.430 for more information on allowable personnel costs. Do not include the personnel costs of consultants, contractors and subrecipients under this category.

**Justification:** For each position, provide: the name of the individual (if known), their title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Identify the project director or principal investigator, if known at the time of application.

## **Fringe Benefits**

**Description:** Costs of employee fringe benefits are allowances and services provided by employers to their employees in addition to regular salaries and wages. For more information on Fringe Benefits please refer to 45 CFR § 75.431. Do not include the fringe benefits of consultants, contractors, and subrecipients.

Typically, fringe benefit amounts are determined by applying a calculated rate for a particular class of employee (full-time or part-time) to the salary and wages requested. Fringe rates are often specified in the approved indirect cost rate agreement. Fringe benefits may be treated as a direct cost or indirect cost in accordance with the applicant's accounting practices. Only fringe benefits as a direct cost should be entered under this category.

**Justification:** Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act taxes, retirement, taxes, etc.

## **Travel**

**Description:** Costs of project-related travel (i.e., transportation, lodging, subsistence) by employees of the applicant organization who are in travel status on official business. Travel by non-employees such as consultants, contractors or subrecipients should be included under the Contractual line item. Local travel for employees in non-travel status should be listed on the Other line. Travel costs should be developed in accordance with the applicant's travel policies and 45 CFR § 75.474.

**Justification:** For each trip show: the total number of travelers; travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project staff to attend ACF-sponsored workshops/conferences/recipient orientations

should be detailed in the budget justification.

## **Equipment**

**Description:** "Equipment" means an article of nonexpendable, tangible personal property (including information technology systems) having a useful life of more than one year and a per unit acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in, or excluded from, acquisition cost in accordance with the organization's regular written accounting practices.) See 45 CFR §75.439 for more information.

**Justification:** For each type of equipment requested provide: a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use on the project; as well as use and/or disposition of the equipment after the project ends.

## **Supplies**

**Description:** Costs of all tangible personal property, other than included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$5,000. See 45 CFR § 75.453 for more information.

**Justification:** Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

## **Contractual**

**Description:** Cost of all contracts and subawards except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contract or subawards with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. Costs related to individual consultants should be listed on the Other line. Recipients are required to use 45 CFR §§ 75.326-.340 procurement procedures, and subawards are subject to the requirements at 45 CFR §§ 75.351-.353.

**Justification:** Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Applicants must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold stated in 48 CFR § 2.101(b). Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

Indicate whether the proposed agreement qualifies as a subaward or contract in accordance with 45 CFR § 75.351. Provide the name of the contractor/subrecipient (if known), a description of anticipated services, a justification for why they are necessary, a breakdown of estimated costs,

and an explanation of the selection process. In addition, for subawards, the applicant must provide a detailed budget and budget narrative for each subaward, by entity name, along with the same justifications referred to in these budget and budget justification instructions.

## **Other**

**Description:** Enter the total of all other costs. Such costs, where applicable and appropriate, may include, but are not limited to: consultant costs, local travel, insurance, food (when allowable), medical and dental costs (non-personnel), professional service costs (including audit charges), space and equipment rentals, printing and publications, computer use, training costs (such as tuition and stipends), staff development costs, and administrative costs. Please note costs must be allowable per 45 CFR Part 75 Subpart E.

**Justification:** Provide a breakdown of costs, computations, a narrative description, and a justification for each cost under this category.

## **Indirect Charges**

**Description:** Total amount of indirect costs. This category has one of two methods that an applicant can select. An applicant may only select one.

1. The applicant currently has an indirect cost rate approved by HHS or another cognizant federal agency.

**Justification:** An applicant must enclose a copy of the current approved rate agreement. If the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed. Choosing to charge a lower rate will not be considered during the objective review or award selection process.

2. Per 45 CFR § 75.414(f) Indirect (F&A) costs, "any non-Federal entity [i.e., applicant] that has never received a negotiated indirect cost rate, ... may elect to charge a *de minimis* rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in Section 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as the non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time."

**Justification:** This method only applies to applicants that have never received an approved negotiated indirect cost rate from HHS or another cognizant federal agency. Applicants awaiting approval of their indirect cost proposal may request the 10 percent *de minimis* rate. When the applicant chooses this method, costs included in the indirect cost pool must not be charged as direct costs to the grant.

## **Commitment of Non-Federal Resources**

**Description:** Amounts of non-federal resources that will be used to support the project as identified in Block 18 of the SF-424. This line should be used to indicate required and/or voluntary committed cost sharing or matching, if applicable.

**For all federal awards**, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

**For awards that require matching or cost sharing by statute**, recipients will be held accountable for projected commitments of non-federal resources (at or above the statutory requirement) in their application budgets and budget justifications by budget period, or by project period for fully funded awards. **A recipient's failure to provide the statutorily required matching or cost sharing amount (and any voluntary committed amount in excess) may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

**For awards that do not require matching or cost sharing by statute**, recipients are not expected to provide cost sharing or matching. However, recipients are allowed to voluntarily propose a commitment of non-federal resources. If an applicant decides to voluntarily contribute non-federal resources towards project costs and the costs are accepted by ACF, the non-federal resources will be included in the approved project budget. The applicant will be held accountable for all proposed non-federal resources as shown in the Notice of Award (NoA). **A recipient's failure to meet the voluntary amount of non-federal resources that was accepted by ACF as part of the approved project costs and that was identified in the approved budget in the NoA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

**Justification:** If an applicant is relying on cost share or match from a third-party, then a firm commitment of these resources (letter(s) or other documentation) is required to be submitted with the application. Detailed budget information must be provided for every funding source identified in Item 18. "Estimated Funding (\$)" on the SF-424.

Applicants are required to fully identify and document in their applications the specific costs or contributions they propose in order to meet a matching requirement. Applicants are also required to provide documentation in their applications on the sources of funding or contribution(s). In-kind contributions must be accompanied by a justification of how the stated valuation was determined. Matching or cost sharing must be documented by budget period (or by project period for fully funded awards).

Applications that lack the required supporting documentation will not be disqualified from competitive review; however, it may impact an application's scoring under the evaluation criteria in *Section V.1. Criteria* of this funding opportunity.

#### **Paperwork Reduction Act Disclaimer**

As required by the Paperwork Reduction Act, 44 U.S.C. 3501-3521, the public reporting burden for the Project Description is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. The Project Description information collection is approved under OMB control number 0970-0139, which expires 03/31/2025. An agency may not conduct or sponsor, and a

person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

## Application Submission Options

### Electronic Submission via Grants.gov

This section provides the application submission and receipt instructions for ACF program applications. Please read the following instructions carefully and completely.

### Electronic Delivery

ACF is participating in the Grants.gov initiative to provide the grant community with a single site to find and apply for funding opportunities. ACF applicants are required to submit their applications online through Grants.gov.

### How to Register and Apply through Grants.gov

Read the following instructions about registering to apply for ACF funds. Applicants should read the registration instructions carefully and prepare the information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

Organizations must have an active System for Award (SAM) registration which provides a Unique Entity Identifier (UEI), and Grants.gov account to apply for grants.

Creating a Grants.gov account can be completed online in minutes, but SAM registration may take several weeks. Therefore, an organization's registration should be done in sufficient time to ensure it does not impact the entities ability to meet required application submission deadlines.

Organization applicants can find complete instructions

here: <https://www.grants.gov/web/grants/applicants/organization-registration.html>

**Register with SAM:** All organizations (entities) applying online through Grants.gov must register with SAM. Failure to register with SAM will prevent your organization from applying through Grants.gov. SAM registration must be renewed annually. For detailed instructions for registering with SAM, refer

to: <https://www.grants.gov/web/grants/applicants/organization-registration.html>

**Create a Grants.gov Account:** The next step in the registration process is to create an account with Grants.gov. Follow the on-screen instructions provided on the registration page.

**Add a Profile to a Grants.gov Account:** A profile in Grants.gov corresponds to a single applicant organization the user represents (i.e., an applicant). If you work for or consult with multiple organizations, you can have a profile for each organization under one Grants.gov account. In such cases, you may log in to one Grants.gov account to access all your grant profiles. To add an organizational profile to your Grants.gov account, enter the UEI for the organization in the UEI field. For detailed instructions about creating a profile on Grants.gov, refer to: <https://www.grants.gov/web/grants/applicants/registration/add-profile.html>

**EBiz POC Authorized Profile Roles:** After you register with Grants.gov and create an Organization Applicant Profile, the applicant's request for Grants.gov roles and access is sent to the EBiz POC. The EBiz POC is then expected to log in to Grants.gov and authorize the appropriate roles, which may include the AOR role, thereby giving you permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been assigned the AOR role. For detailed instructions about creating a profile on Grants.gov, refer to: <https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html>

**Track Role Status:** To track your role request, refer to: <https://www.grants.gov/web/grants/applicants/registration/track-role-status.html>

When applications are submitted through Grants.gov, the name of the organization's AOR that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC must authorize individuals who are able to make legally binding commitments on behalf of the organization as a user with the AOR role; this step is often missed and is crucial for valid and timely submissions.

### **How to Submit an Application to ACF via Grants.gov**

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each NOFO, you can create individual instances of a workspace.

For an overview of applying on Grants.gov using Workspaces, refer to: <https://www.grants.gov/web/grants/applicants/workspace-overview.html>

**Create a Workspace:** Creating a workspace allows you to complete an application online and route it through your organization for review before submitting.

**Complete a Workspace:** Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

**Adobe Reader:** If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drive(s), then accessed through Adobe Reader.

**NOTE:** Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: <https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>

**Mandatory Fields in Forms:** In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

**Complete SF-424 Fields First:** These forms are designed to fill in common required fields across other forms, such as the applicant name, address, and SAM UEI. Once it is completed, the information will transfer to the other forms.

**Submit a Workspace:** An application may be submitted through Workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application **at least 24-48 hours prior to the close date** to provide you with time to correct any potential technical issues that may disrupt the application submission.

**Track a Workspace:** After successfully submitting a Workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

For additional training resources, including video tutorials, refer to:  
<https://www.grants.gov/web/grants/applicants/applicant-training.html>

Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at [support@grants.gov](mailto:support@grants.gov). For questions related to the specific funding opportunity, contact the number listed in the application package of the grant you are applying for.

If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist ACF with tracking and understanding background information on the issue.

### **Timely Receipt Requirements and Proof of Timely Submission**

All applications must be received by 11:59 pm ET on the due date established for each program. Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant AOR will receive an acknowledgment of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When ACF successfully retrieves the application from Grants.gov, and acknowledges the download of submission, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application.

Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by ACF.

Applicants with slow internet connections should be aware that transmission can take some time before Grants.gov receives your application. Therefore, applicants should allow enough time to prepare and submit the application before the package closing date.

Grants.gov will provide either an error or a successfully received submission message in the form of an email sent to the applicant with the AOR role.

## Issues with Federal Systems

For any systems issues experienced with Grants.gov or SAM.gov, please refer to ACF's "[Policy for Applicants Experiencing Federal Systems Issues](#)" document for complete guidance.

## Request an Exemption from Required Electronic Application Submission

To request an exemption from required electronic submission, please refer to ACF's "[Policy for Requesting an Exemption from Required Electronic Application Submission](#)" document for complete guidance.

## Paper Format Application Submission

**An exemption is required for the submission of paper applications. See the preceding section on "*Request an Exemption from Required Electronic Application Submission.*"**

Applicants with exemptions that submit their applications in paper format, by mail or delivery, must submit one original and two copies of the complete application with all attachments. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See *Section IV.7. Other Submission Requirements* of this funding opportunity for address information for paper format application submissions. Applications submitted in paper format must be received by 4:30 pm ET on the due date.

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in *Section IV.4. Submission Dates and Times* in this funding opportunity.

## IV.3. Unique Entity Identifier (UEI) and System for Award Management (SAM)

All applicants must have a UEI and an active registration with SAM (<https://www.sam.gov>) prior to applying to a funding opportunity.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant is awarded, the SAM registration must be active throughout the life of the award. Your SAM registration must be renewed every 365 days to keep it active.

**Plan ahead. Allow at least 10 business days after you submit your registration for it to become active in SAM and at least an additional 24 hours before that registration information is available in other government systems, i.e., Grants.gov.**

This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application through Grants.gov or prevent the award of a grant. Applicants should maintain documentation (with dates) of their efforts to request a UEI, register for, or renew a registration, at SAM.

Please see the "Help" tab at <https://sam.gov/content/help> for more information and assistance with this process.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency to:

- Be registered in SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV;
- Provide its UEI in each application or plan it submits to the OPDIV; and
- Ensure any proposed subrecipient(s) have obtained and provided to the recipient their UEI(s) prior to making any subawards (**Note:** Subrecipients are not required to complete full SAM registration.).

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

#### **IV.4. Submission Dates and Times**

Number of Days from Publication 90

##### **Due Date for Applications**

##### **Mailed Paper Format Applications**

The deadline for receipt of mailed, paper applications is 4:30 pm ET on the due date. Mailed paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and funding under this funding opportunity.

Paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

### **Hand-Delivered Paper Format Applications**

Applications should be delivered to the address provided in *Section IV.7. Other Submission Requirements*.

Hand-delivered paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and funding under this funding opportunity.

Hand-delivered paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in *Section IV.2. Request an Exemption from Required Electronic Application Submission*.

### **No appeals will be considered for applications classified as late under the following circumstances:**

- Applications submitted electronically via Grants.gov are considered late when they are dated and time-stamped after the deadline of 11:59 pm ET on the due date.
- Paper format applications received by mail or hand-delivery after 4:30 pm ET on the due date will be classified as late and will be disqualified.
- Paper format applications received from applicant organizations that were not approved for an exemption from required electronic application submission under the process described in *Section IV.2. Request an Exemption from Required Electronic Submission* will be disqualified.

### **Emergency Extensions**

ACF may extend an application due date when circumstances make it impossible for an applicant to submit their applications on time. Only events such as documented natural disasters (floods, hurricanes, tornados, etc.), or a verifiable widespread disruption of electrical service, or mail service, will be considered. The determination to extend or waive the due date, and/or receipt time, requirements in an emergency situation rests with the Grants Management Officer listed as the Office of Grants Management Contact in *Section VII. HHS Awarding Agency Contact(s)*.

## **Acknowledgement of Received Application**

### **Acknowledgement from Grants.gov**

Applicants will receive an initial email upon submission of their application to Grants.gov. This email will provide a **Grants.gov Tracking Number**. Applicants should refer to this tracking number in all communication with Grants.gov. The email will also provide a **date and time stamp**, which serves as the official record of the application's submission. Receipt of this email does not indicate that the application is accepted or that it has passed the validation check.

Applicants will also receive an email acknowledging that the received application is in the **Grants.gov validation process**, after which a third email is sent with the information that the submitted application package has passed, or failed, the series of checks and validations.

Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged by ACF.

**Acknowledgement from ACF of an electronic application's submission:**

Applicants will be sent additional email(s) from ACF acknowledging that the application has been retrieved from Grants.gov by ACF. Receipt of these emails is not an indication that the application is accepted for competition.

**Acknowledgement from ACF of receipt of a paper format application:**

ACF will not provide acknowledgement of receipt of hard copy application packages submitted via mail or courier services.

#### **IV.5. Intergovernmental Review**

This program is not subject to Executive Order (E.O.) 12372, "Intergovernmental Review of Federal Programs," or 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." No action is required of applicants under this funding opportunity with regard to E.O. 12372.

#### **IV.6. Funding Restrictions**

Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred to raise capital or obtain contributions are unallowable. Fund raising costs for the purposes of meeting the Federal program objectives are allowable with prior written approval from the Federal awarding agency. (45 CFR § 75.442)

Proposal costs are the costs of preparing bids, proposals, or applications on potential Federal and non-Federal awards or projects, including the development of data necessary to support the non-Federal entity's bids or proposals. Proposal costs of the current accounting period of both successful and unsuccessful bids and proposals normally should be treated as indirect (F&A) costs and allocated currently to all activities of the non-Federal entity. No proposal costs of past accounting periods will be allocable to the current period. (45 CFR § 75.460)

Pre-award costs are not allowable.

Construction is not an allowable activity or expenditure under this award.

Purchase of real property is not an allowable activity or expenditure under this award.

Supplanting is defined as replacing or taking the place of state, local, or agency funds with federal funds. This means that a tribe or tribal consortia cannot reduce tribal or tribal consortia funds for an activity specifically because federal funds are available, or expected to be available, to fund that same activity. Federal funding may not replace state, tribal, or local funding that is required by law.

## **V. Application Review Information**

### **V.1. Criteria**

**Please note:** With the exception of the notice of funding opportunity and relevant statutes and regulations, reviewers must not access, or review, any materials that are not part of the application documents. This includes information accessible on websites via hyperlinks that are referenced, or embedded, in the application. Though an application may include web links, or embedded hyperlinks, reviewers must not review this information as it is not considered to be part of the application documents. Nor will the information on websites be taken into consideration in scoring of evaluation criteria presented in this section. Reviewers must evaluate and score an application based on the documents that are presented in the application and must not refer to, or access, external links during the objective review.

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. Applicants should address these criteria in their application materials, particularly in the project description and budget justification, as they are the basis upon which competing applications will be judged during the objective review. The required elements of the project description and budget justification may be found in *Section IV.2. The Project Description* of this funding opportunity.

#### **Approach**

In reviewing the approach, reviewers will consider the extent to which:

**Maximum Points: 50**

1. The applicant outlines a logical plan of action that describes the scope and detail of how the proposed project will be accomplished.
2. The applicant cites plausible potential obstacles and challenges to accomplishing project goals and explains strategies that will be used to address these challenges.
3. The applicant clearly articulates, as it relates to the goals and objectives of the TCIP how it will achieve the following as described in *Section IV.2. Content and Form of Application Submission, The Project Description, Approach*:
  - Identify an assessment team that is reasonable in terms of expertise related to the applicant's approach.
  - Prioritize tribal needs. How well the applicant's plans are designed to ensure the tribe's needs will drive the project.
  - Identify assessment questions. Though this plan should be seen as tentative given the need to first form a team for final decision-making, whether the applicant's assessment questions seem well-designed to gather information that will be useful for forming strategies for improvement.
  - Collect data or information. Though this plan should be seen as tentative given the need to first form a team for final decision-making, whether the approaches for data collection seem attainable.
  - Use the results to inform strategies for improvement. Though this plan should be seen as tentative given the need to first form a team and collect data for final decision-making, whether plans for using data to inform strategies seem reasonable.
  - Implement improvements. Though this plan should be seen as tentative given the need to first form a team and collect data for final decision-making, whether plans for implementing improvements seem reasonable.
4. The applicant will meaningfully involve the tribal child welfare agency in how it selects and implements projects.
5. The applicant must describe project timeline and milestones. The application should provide reasonable monthly or quarterly projections (for the entire project period) of the accomplishments to be achieved for each function or activity. When accomplishments cannot be quantified by activity or function, they should be listed in chronological order to show the schedule of accomplishments and their target dates.

### **Organizational Capacity**

**Maximum Points: 20**

In reviewing the organizational capacity, reviewers will consider the extent to which:

1. The applicant demonstrates adequate experience with administration, development, implementation, management, and evaluation of similar projects that would enable them to implement the proposed project effectively.
2. The proposed project director and key project staff possess sufficient relevant knowledge, experience, and capabilities to implement and manage a project of this size, scope, and complexity effectively.
3. The role, responsibilities, and time commitments of each proposed project staff position, including consultants, subcontractors, and/or partners, are clearly defined and appropriate to the successful implementation of the proposed project.

4. There is a sound plan for achieving the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks and ensuring quality. This should take into account that this grant envisions an assessment period and that objectives beyond that are tentative. Thus, organizationally, the focus of the review should be on organizational capacity to manage those types of steps on the timeline, more than specific activities on the timeline.
5. The applicant clearly defines the role and responsibilities of the lead organization. The plan clearly describes the effective management and coordination of activities carried out by any partners, subcontractors, and consultants (if appropriate).
6. If the applicant represents a consortium, the applicant must provide information to demonstrate that the background and experience of those partners is adequate to support the planning and implementation of the proposed project. The applicant provides letters of commitment from each partner authorizing the applicant to apply on behalf of the consortium and agreeing to participate if the proposal is funded.

### **Program Performance Evaluation**

**Maximum Points: 20**

In reviewing the program performance evaluation section, reviewers will consider the extent to which:

1. The applicant presents a clear tentative evaluation plan including how the applicant expects to provide regular, meaningful feedback to the TCIP team and the CB to maximize learning as a result of the project and support continuous quality improvement of project work.
2. The applicant identifies tentative evaluation questions, appropriate methods (e.g., case file reviews, court observation, focus groups, and interviews) and realistic timeframes. Its proposed methods and quantitative and qualitative measures are appropriate for the objectives of the evaluation.
3. The applicant demonstrates sufficient in-house capacity to conduct an objective evaluation of the project or provides a sound plan for contracting with a third-party evaluator specializing in social science or evaluation of a university or college to conduct the evaluation.
4. The applicant presents a sound plan for documenting project activities and results, including identifying the types of data or information the applicant expects will be necessary to measure project progress and how those data will be collected and utilized.
5. The applicant identifies appropriate staffing, effective data management approaches, and an organizational process that will successfully utilize data to inform and improve program quality.

### **Project Budget and Budget Justification**

**Maximum Points: 10**

In reviewing the budget and budget justification, reviewers will consider the extent to which:

1. The applicant provides a line-item budget (not to exceed a total of \$150,000 annually) for each year of the project period. There is a budget justification in narrative form explaining how grant funds would be spent for the first year of the project.
2. The costs of the proposed project are reasonable and programmatically justified, in view of the targeted population and community, the activities to be conducted, and the expected results and benefits.

3. The applicant's fiscal controls and accounting procedures would ensure prudent use, proper and timely disbursement, and accurate accounting of funds received under this NOFO.

## **V.2. Review and Selection Process**

No grant award will be made under this funding opportunity on the basis of an incomplete application. No grant award will be made to an applicant that does not have a UEI and an active SAM registration. See *Section IV.3. Unique Entity Identifier (UEI) and System for Award Management (SAM)*.

### **Initial ACF Screening**

Each application will be screened to determine whether it meets any of the disqualification factors described in *Section III.3. Other, Application Disqualification Factors*.

Disqualified applications are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this NOFO.

### **Objective Review and Results**

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in *Section V.1. Criteria* of this funding opportunity. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process. If identified in *Section I. Program Description*, ACF reserves the right to consider preferences to fund organizations serving emerging, unserved, or under-served populations, including those populations located in pockets of poverty. In addition, ACF reserves the right to evaluate applications in the larger context of the overall portfolio by considering geographic distribution of federal funds (e.g., ensuring coverage of states, counties, or service areas) in its pre-award decisions.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. In addition, ACF may elect to not allow a prime recipient to subaward if there is any indication that they are unable to properly monitor and manage subrecipients.

Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested.

### **Federal Awarding Agency Review of Risk Posed by Applicants**

ACF is required to review and consider any information about the applicant that is in the Federal Awardee Performance and Integrity Information System (FAPIIS), [www.fapiis.gov/](http://www.fapiis.gov/), before

making any award in excess of the simplified acquisition threshold over the period of performance. An applicant may review and comment on any information about itself that a federal awarding agency has previously entered into FAPIIS. ACF will consider any comments by the applicant, in addition to other information in FAPIIS, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in [45 CFR § 75.205\(a\)\(2\) Federal Awarding Agency Review of Risk Posed by Applicants](#).

### **Non-Federal Reviewers Reference**

Please refer to *Section IV.2. Required Forms, Assurances, and Certifications* of this funding opportunity for information on non-federal reviewers in the review process.

### **Approved but Unfunded Applications**

Applications recommended for approval in the objective review process, but not selected for award may receive funding if additional funds become available in the current Fiscal Year. For those applications determined as “approved but unfunded,” notice will be given of the determination by email.

## **V.3. Anticipated Announcement and Federal Award Dates**

Announcement of awards and the disposition of applications will be provided to applicants at a later date. ACF staff cannot respond to requests for information regarding funding decisions prior to the official applicant notification.

## **VI. Federal Award Administration Information**

### **VI.1. Federal Award Notices**

Successful applicants will be notified through the issuance of a NoA that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via email or by GrantSolutions, or the Head Start Enterprise System (HSES), whichever is relevant.

Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.6. Funding Restrictions*, if applicable. Project costs that are incurred prior to the receipt of the NoA are at the recipient's risk.

Recipients may translate the Federal award and other documents into another language. In the event of inconsistency between any terms and conditions of the Federal award and any translation into another language, the English language meaning will control. Where a significant portion of the recipient's employees who are working on the Federal award are not fluent in

English, the recipient must provide the Federal award in English and in the language(s) with which employees are more familiar.

## **VI.2. Administrative and National Policy Requirements**

Awards issued under this funding opportunity are subject to 45 CFR Part 75 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards currently in effect or implemented during the period of award, other Department regulations and policies in effect at the time of award, and applicable statutory provisions. The Code of Federal Regulations (CFR) is available at [www.ecfr.gov](http://www.ecfr.gov). Unless otherwise noted in this section, administrative and national policy requirements that are applicable to discretionary grants are available at: [www.acf.hhs.gov/administrative-and-national-policy-requirements](http://www.acf.hhs.gov/administrative-and-national-policy-requirements).

An application funded with the release of federal funds through a grant award does not constitute or imply compliance with federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable federal regulations.

Please review all HHS regulatory provisions for Termination at 2 CFR § 200.340.

### **HHS Grants Policy Statement**

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the NoA. The HHS GPS is available at [https://www.acf.hhs.gov/grants/discretionary-post-award-requirements#book\\_content\\_0](https://www.acf.hhs.gov/grants/discretionary-post-award-requirements#book_content_0).

## **VI.3. Reporting**

### **Reporting Requirements**

Recipients under this funding opportunity will be required to submit performance progress and financial reports periodically throughout the project period. Information on reporting requirements is available on the ACF website at [www.acf.hhs.gov/discretionary-post-award-requirements#chapter-2](http://www.acf.hhs.gov/discretionary-post-award-requirements#chapter-2).
