

EPA-R-HQ-SFA-23-01
SOLAR FOR ALL
 Environmental Protection Agency

GENERAL INFORMATION

Document Type:	Grants Notice
Funding Opportunity Number:	EPA-R-HQ-SFA-23-01
Funding Opportunity Title:	SOLAR FOR ALL
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Environment
Category Explanation:	
Expected Number of Awards:	60
CFDA Number(s):	66.959 -- Greenhouse Gas Reduction Fund: Section 134(a)(1) - Zero Emission Technologies Grant Program
Cost Sharing or Matching Requirement:	No

Version:	Synopsis 1
Posted Date:	Jun 28, 2023
Last Updated Date:	Jun 28, 2023
Original Closing Date for Applications:	Sep 26, 2023 See Section IV of funding opportunity announcement for closing date information.
Current Closing Date for Applications:	Sep 26, 2023 See Section IV of funding opportunity announcement for closing date information.
Archive Date:	Oct 26, 2023
Estimated Total Program Funding:	\$7,000,000,000
Award Ceiling:	\$400,000,000
Award Floor:	\$25,000,000

ELIGIBILITY

Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Please see Section III of the funding opportunity announcement for eligibility information.

ADDITIONAL INFORMATION

Agency Name: Environmental Protection Agency

Description:

President Biden's Inflation Reduction Act authorized the U.S. Environmental Protection Agency (EPA) to implement the Greenhouse Gas Reduction Fund (GGRF), a historic \$27 billion investment to combat the climate crisis by mobilizing financing and private capital for greenhouse gas- and air pollution-reducing projects in communities across the country. As part of this program, EPA is launching a \$7 billion Solar for All competition — designed to spur the deployment of residential distributed solar energy to lower energy bills for millions of Americans and catalyze transformation in markets serving low-income and disadvantaged communities. Solar for All will tackle the financial and non-financial barriers that limit the ability of low-income and disadvantaged communities across the country to benefit from the rapid growth in distributed solar capacity, thus advancing the Biden-Harris Administration's climate and environmental justice goals.

This Notice of Funding Opportunity (NOFO) is for the \$7 billion Solar for All competition. This competition will award up to 60 grants to states, territories, Tribal governments, municipalities, and eligible nonprofit recipients to expand the number of low-income and disadvantaged communities primed for distributed solar investment—enabling millions of low-income households to access affordable, resilient, and clean solar energy. Grantees will use funds to expand existing low-income solar programs or design and deploy new Solar for All programs nationwide. EPA will not fund individual projects under this competition.

EPA's \$7 billion Solar for All competition will help deliver on the climate and environmental justice goals of the United States. To achieve these goals, Solar for All grantees will provide subsidies and other financial assistance to residential rooftop and residential-serving community solar projects in and benefiting low-income and disadvantaged communities in addition to project-deployment technical assistance such as workforce development, community outreach, and other project-deployment support (e.g., interconnection technical assistance, siting and permitting support) to help overcome barriers to solar deployment.
