ELIGIBILITY

Eligible Applicants:

Native American tribal organizations (other than Federally recognized tribal governments)
 Others (see text field entitled "Additional Information on Eligibility" for clarification)
 Native American tribal governments (Federally recognized)

Additional Information on Eligibility:

To be eligible for this funding opportunity, applicants must be one of the following as required by 42 U.S.C. 254c-3(b):

- An Indian health program operated by an Indian Tribe or Tribal organization pursuant to a contract, grant, cooperative agreement, or compact with the Indian Health Service pursuant to the Indian Self-Determination and Education Assistance Act [25 U.S.C. 5321 et seq.].
- An urban Indian health program operated by an urban Indian Organization pursuant to a grant or contract with the Indian Health Service pursuant to title V of the Indian Health Care Improvement Act [25 U.S.C. 1651 et seq.].
- The Indian Health Service. Under this announcement, only one Special Diabetes Program for Indians (SDPI) grant will be awarded per entity. If a Tribe submits an application or already has an SDPI grant, their local IHS facility cannot apply; if the Tribe does not submit an application or does not already have an SDPI grant, the IHS facility can apply. Tribes that are awarded grant funds may sub-contract with local IHS facilities to provide specific clinical services. In this case, the Tribe would be the primary SDPI grantee and the Federal entity would have a sub-contract within the Tribe's SDPI grant.
- Not a current SDPI grant recipient.

Description:

This is only a forecast. The synopsis and application package are not yet posted, and we have not yet finalized the application due date. This opportunity will be updated when it is published in Grants.gov.

The purpose of this program is to provide diabetes treatment and/or prevention activities and/or services (also referred to as "activities/services") for American Indian / Alaska Native (AI/AN) communities. Recipients will implement one Special Diabetes Program for Indians (SDPI) Diabetes Best Practice (also referred to as "Best Practice") and report data on the Best Practice's Required Key Measure (RKM). Recipients may also implement other activities/services based on diabetes-related community needs and develop an evaluation plan. Activities/services will be aimed at reducing the risk of diabetes in at-risk individuals, providing high quality care to those with diagnosed diabetes, and/or reducing the complications of diabetes.
