Award Floor:	\$10,000

ELIGIBILITY

Eligible Applicants:	Native American tribal governments (Federally recognized)
Additional Information on Eligibility:	

ADDITIONAL INFORMATION

Agency Name: Bureau of Indian Affairs

Description: The Tribal Energy Development Capacity (TEDC) grant program seeks to develop the Tribal management, organizational and technical capacity needed to maximize the economic impact of energy resource development on Federally recognized tribal land. TEDC grants equip Federally recognized tribal entities to regulate and manage their energy resources through development of organizational and business structures and legal and regulatory infrastructure. Examples of projects TEDC grants may fund include establishment of Tribal business charters under Federal, state, or Tribal law with a focus on energy resource development; adoption and/or implementation of a secured transactions code; feasibility studies on forming a Tribal utility authority; feasibility studies on emergency response during heat and cold waves; and development of Tribal energy regulations pursuant to the Helping Expedite and Advance Responsible Tribal Home Ownership Act of 2012 (HEARTH Act) 25 U.S.C. § 415.
