General Information

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	DE-FOA-0003297	Posted Date:	Jan 17, 2024
Funding Opportunity Title:	NOTICE OF INTENT TO ISSUE FUNDING OPPORTUNITY ANNOUNCEMENT NO. DE-FOA-0003298, CLEAN ENERGY TECHNOLOGY DEPLOYMENT ON	Last Updated Date:	Jan 17, 2024
		Original Closing Date for Applications:	Mar 31, 2024
		Current Closing Date for Applications:	Mar 31, 2024
		Archive Date:	Apr 30, 2024
		Estimated Total	\$ 0

	TRIBAL LANDS - 2024	Program Funding:	
		Award Ceiling:	\$2
Opportunity Category:	Discretionary	Award Floor:	\$1
Opportunity Category Explanation:			
Funding Instrument Type:	Grant		
Category of Funding Activity:	Energy		
Category Explanation:			
Expected Number of Awards:	0		
CFDA Number(s):	81.087 -- Renewable Energy Research and Development		
Cost Sharing or Matching Requirement:	No		

Eligibility

Eligible Applicants:	Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

Name:** Golden Field Office

Description: The Office of Indian Energy intends to issue a Funding Opportunity Announcement DE-FOA-0003298, CLEAN ENERGY TECHNOLOGY DEPLOYMENT ON TRIBAL LANDS - 2024 This Notice is issued so that interested parties are aware of DOE's intention to issue this FOA in the near term. All of the information contained in this Notice is subject to change. DOE will not respond to questions concerning this Notice. However, once the FOA has been released, DOE will provide an avenue for potential Applicants to submit questions. Applications will be due about 90 days after the FOA is issued. Through this planned Funding Opportunity Announcement (FOA), the DOE Office of Indian Energy plans to solicit applications from Indian Tribes, which include Alaska Native Regional Corporations and Village Corporations, Intertribal Organizations, and Tribal Energy Development Organizations to: 1. Install clean energy generating system(s) and/or energy efficiency measure(s) for Tribal Building(s) (Area of Interest 1); or, 2. Deploy community-scale clean energy generating system(s) or energy storage on Tribal Lands (Area of Interest 2); or, 3. Install integrated energy system(s) for autonomous operation (independent of the traditional centralized electric power grid) to power a single or multiple essential tribal buildings during emergency situations or for tribal community resilience (Area of Interest 3); or, 4. Power unelectrified Tribal Buildings (Area of Interest Area 4). Except

for Area of Interest 4, projects proposed under this FOA are intended for Tribal Buildings that are either (1) grid-connected (which, for the purposes of the planned FOA, means the Tribal Building(s) are connected to the traditional centralized electric power grid), or (2) connected to a stand-alone (isolated) microgrid that operates autonomously from the traditional centralized electric power grid. Area of Interest 4 is intended to deploy integrated energy system(s) or energy infrastructure to provide electricity to Tribal Buildings which otherwise would be unelectrified, where “unelectrified” means Tribal Building(s) that are (1) not connected to the traditional centralized electric power grid, and (2) not connected to a stand-alone (isolated) microgrid that operates autonomously from the traditional centralized electric power grid. The DOE Office of Indian Energy envisions awarding multiple financial assistance awards in the form of grants. The estimated period of performance for each award will be approximately from two (2) to four (4) years, including a 12-month mandatory verification period. Under the planned FOA, DOE’s Office of Indian Energy anticipates making awards that range from \$100,000 to \$2,500,000 or from \$250,000 to \$5,000,000, depending on the Area of Interest. The DOE Office of Indian Energy plans to issue the FOA spring 2024. If Applicants wish to be notified when the FOA is issued, they should subscribe to the DOE Office of Indian Energy email newsletter list on its website homepage (<https://energy.gov/indianenergy>). When the FOA is released, applications will be accepted only through IE-Exchange (<https://ie-exchange.energy.gov>). NO APPLICATIONS WILL BE ACCEPTED THROUGH THIS NOTICE. See the attached NOI for more details and the registrations needed prior to submitting an application. This is a NOI only. DOE may issue a FOA as described herein, may issue a FOA that is significantly different than the FOA described herein, or DOE may not issue a FOA at all.
