Synopsis

Program Description Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Office of Juvenile Justice and Delinquency Prevention](#) (OJJDP) is seeking applications for funding.

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, OJJDP seeks to build the capacity of state courts, local courts, units of local government, and federally recognized Tribal governments to establish new family treatment courts, enhance existing family treatment courts, or expand family treatment courts at the larger state and county levels. This program furthers the Department's mission to expand access to evidence-based prevention and treatment by supporting states and communities as they develop and implement effective and coordinated substance use intervention programs.

Category 2: Enhancing Family Treatment Courts grants are available to jurisdictions with a fully operational family treatment court. Courts applying for funding under Category 2 must be fully operational for at least 1 year, as funding is intended to enhance services of existing family treatment courts. OJJDP encourages applicants to partner with community providers of services, if applicable and appropriate.

Category 3: Statewide or Countywide Family Treatment Courts Expansion. The following entities are eligible to apply:

- [State Administrative Office of the Court](#), working in conjunction with and coordinating closely with the state's [Court Improvement Program](#). Applicants are required to partner with the state child welfare agency and state substance use treatment agency, and must include with the application draft or fully executed letters of intent or memorandum of understanding or agreement (MOU/MOA) formalizing these partnerships.
- Eligible county applicants are limited to the county superior court (or similar authority) or judicial districts with populations at or above 1 million. Applicants are required to partner with the county child welfare agency and county substance use treatment agency, and must include with the application draft or fully executed letters of intent or memorandum of understanding or agreement (MOU/MOA) formalizing these partnerships.

An applicant may submit more than one application, if each application proposes a different project in response to the solicitation. Also, an entity may be proposed as a subrecipient (subgrantee) in more than one application.

OJJDP will consider applications under which two or more entities (project partners) would carry out the federal award; however, only one entity may be the applicant for the solicitation. Any others must be proposed as subrecipients (subgrantees). See the [Application Resource Guide](#) for additional information on subawards.

Program Description

Program Description Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Office of Juvenile Justice and Delinquency Prevention](#) (OJJDP) is seeking applications for funding.

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, OJJDP seeks to build the capacity of state courts, local courts, units of local government, and federally recognized Tribal governments to establish new family treatment courts, enhance existing family treatment courts, or expand family treatment courts at the larger state and county levels.

[OJJDP's](#) guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will [Treat Children as Children](#); [Serve Children at Home, With Their Families, in their Communities](#); and [Open Up Opportunities for System-Involved Youth](#). OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful engagement and active partnerships, ensuring they play a central role in collaboratively developing solutions.

Applicants must describe how their proposed project/program will integrate and sustain meaningful youth and family partnerships into all sections of the proposal narrative – including the description of the issue, project design and implementation, capabilities and competencies, plan for collecting data — and the budget. With this solicitation, OJJDP seeks to build the capacity of statewide or local courts, units of local government, and federally recognized Tribal governments to establish new family treatment courts or enhance existing family treatment courts. These courts increase collaboration with substance use treatment providers and child welfare systems to ensure the provision of treatment and other support services for families and to improve child, parent, and family outcomes. Additionally, applicants are encouraged to hire peer recovery specialists with lived experience who have successfully graduated from a family treatment court. Depending on the nature of an applicant's proposed project, youth and family partnership could consist of one or more of the following:

- Individual-level partnership in case planning and direct service delivery (before, during, and after contact with youth-serving systems).
- Agency-level partnership (e.g., in policy, practice, and program development, implementation, and evaluation; staffing; advisory bodies; budget development).
- System-level partnership (e.g., in strategic planning activities, system improvement initiatives, advocacy strategies, reform efforts).

Statutory Authority

Pub. L. No. 90-351, Title I, Part EE (codified at 34 U.S.C. 10611 - 10619); additional authority may be provided by a full-year appropriations act for FY 2024. As of the writing of this solicitation, the Department of Justice is operating under a short-term "Continuing Resolution;" no full-year appropriation for the Department has been enacted for FY 2024.

Specific Information

Expert support services, treatment, and monitoring are essential to improve the safety, health, and well-being of families affected by substance use disorders, requiring intense collaboration across systems, including child welfare, the dependency court, agency attorneys, treatment providers, and other community agencies. Family treatment courts provide a multidisciplinary approach and offer a specialized way to serve parents who require treatment for a substance use disorder and who come to the attention of child welfare due to abuse and neglect associated with substance use and other co-occurring mental health disorders. Children and youth who experience foster care are more likely to present with disruptive behavior disorders and are five times more likely to receive a drug dependence diagnosis. Adverse childhood experiences related to their abuse, neglect, or dependency are also linked to an increase in delinquency and crime. Family treatment courts aim to ensure the safety and well-being of children involved with the child welfare system while offering parents an option to continue to care for or reunify with their children upon completion of treatment and other court requirements.

OJJDP expects family treatment court applicants to provide services that address the entire family's needs, including direct services to children of parents served in this program. Proposals must specifically include the provision of treatment, recovery, and other support services that address opioid, stimulant, and other substance use reduction. Successful applicants must propose an evaluation plan to monitor program performance and build capacity. Applicants must specify plans for obtaining necessary support and continuing the proposed program following the conclusion of federal support in the grant period.

OJJDP encourages applicants to follow the [Family Treatment Court Best Practice Standards](#). The eight standards guide communities, states, Tribes, and funders for improving outcomes for children, parents, and families affected by substance use and co-occurring mental health disorders who are involved in the child welfare system.

Any court that receives funds under this program may not permit participation by any individual who is charged with or has committed a violent offense. For the purposes of this solicitation, an individual who is charged with or has committed a violent offense means a person who (1) is charged with or convicted of an offense that is punishable by a term of imprisonment exceeding 1 year, during the course of which offense or conduct (a) the person carried, possessed, or used a firearm or dangerous weapon, (b) there occurred the death of or serious bodily injury to any person, or (c) there occurred the use of force against another person, without regard to whether any of the circumstances described above (at (a) or (b)) is an element of the offense or conduct of which or for which the person is charged or convicted; or a person who (2) has one or more prior convictions for a felony crime of violence involving the use or attempted use of force against a person with the intent to cause death or serious bodily harm. (See 34 U.S.C. 10613(a).) An individual who is charged with or has committed a violent offense also includes a youth who has been convicted of or adjudicated delinquent for a felony-level offense that (1) has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or the possession or use of a firearm or (2) by its nature involves a substantial risk that physical force against the person or property of another may be used in the

course of committing the offense. (See 34 U.S.C. 10613(b).) Funding will be immediately suspended if DOJ determines that an individual who is charged with or has committed a violent offense is participating in any program funded under this solicitation.

To summarize, individuals who have been imprisoned for over a year due to a conviction involving a firearm or dangerous weapon resulting in death or serious (bodily) injury to another person, or those who have committed a felony involving the use of force on another person, are not eligible to participate in this program. The Family Treatment Court should collaborate with entities (e.g., courts, programs, and partners) in structuring the participants' treatment under this program with any participant with pending criminal cases, supervised by probation, or participating in diversion programming. Family treatment courts must meet 34 U.S.C. 10611(a) requirements. The requirements include:

- Continuing judicial supervision over individuals under the jurisdiction of the court with substance abuse conditions, including individuals with co-occurring substance abuse and mental health conditions, who are not individuals who are charged with or have committed a violent offense.
- Coordination with the appropriate state or local prosecutor and the applicable agency attorney (i.e., child welfare agency).

The integrated administration of treatment adjustments, complementary service modifications, or therapeutic measures, which shall include:

- Mandatory periodic testing for the use of controlled substances or other addictive substances during any period of supervised release or probation for each participant.
- Substance abuse treatment for each participant.
- Diversion, probation, or other supervised release based on noncompliance with program requirements or failure to show satisfactory progress.
- Participant management and aftercare services such as relapse prevention, healthcare, education, vocational training, job placement, housing placement, and childcare or other family support services for each participant who requires such services.
- Payment, in whole or in part, by the participant, of restitution, to the extent practicable, to either a victim of the participant's offense or to a restitution or similar victim support fund.

Although the authorizing statute requires participant payments for treatment and restitution (see above), the statute does not allow imposing a fee on a client participant at a level that would interfere with the client's participant's recovery. Applicants should include in their application provisions for determining if these costs would interfere with a client's participant's rehabilitation recovery or graduation.

Consistent with the authorizing statute, 34 U.S.C. 10611(c), family treatment court programs must require mandatory periodic drug testing that is accurate and practicable. Each participant must be tested for every controlled substance that the participant has been known to abuse and for any that the court may require. The courts must impose treatment adjustments, complementary service modifications, therapeutic measures, or whenever a participant fails a drug test. Such adjustments/modifications and measures may include but are not limited to one or more of the following:

- Detoxification treatment.
- Residential treatment.
- Increased time in the program.
- Termination from the program.

- Increased drug screening requirements.
- Increased court appearances.
- Increased counseling.
- Increased supervision.
- Electronic monitoring.
- In-home restriction.
- Community service.
- Family counseling.
- Anger management classes.

Furthermore, family treatment courts must also meet the following requirements:

1. Provide a long-term strategy and detailed implementation plan that shall provide for the consultation and coordination with appropriate state and local prosecutors, particularly when program participants fail to comply with program requirements.
2. Explain the inability to fund the program adequately without federal assistance.
3. Certify that the federal support provided will be used to supplement, and not supplant, state, Indian Tribal, and local sources of funding that would otherwise be available.
4. Identify related governmental or community initiatives that complement or will be coordinated with the proposal.

This solicitation offers three categories for family treatment courts. Applicants must clearly designate the category for which they are applying.

Solicitation Goals and Objectives

Goals

The goal of programs funded under the OJJDP Family Treatment Court program is to establish or enhance existing family treatment courts or implement statewide or countywide family treatment courts to more effectively address the needs of parents, children, and families affected by a substance use and/or co-occurring mental health disorder who are involved in the child welfare system as a result of child abuse and neglect or other parenting issues.

Objectives

The objective is to provide treatment to parents with substance use and co-occurring mental health disorders by offering access to treatment and recovery services that will ultimately protect children; reunite families when safe to do so; and expedite permanency. Programs must include the provision of treatment and recovery services to specifically address opioid, stimulant, and other substance use disorders.

For information about what the applicant needs to submit regarding Goals, Objectives, and Deliverables, please see the [How to Apply section on the Application Goals, Objectives, Deliverables, and Timeline Web-Based Form.](#)

Priority Areas

To further OJP's mission, OJP will provide priority consideration when making award decisions to the following:

1A. Applications that propose project(s) that are designed to meaningfully advance equity and remove barriers to accessing services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

To receive this consideration, the applicant must describe how the proposed project(s) will address identified inequities **and** contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization. Project activities under this consideration may include, but are not limited to, the following: improving victim services, justice responses, prevention initiatives, reentry services, and other parts of an organization's or community's efforts to advance public safety. Applicants should propose activities that address the cultural (and linguistic, if appropriate) needs of communities, outline how the proposed activities will be informed by these communities, and implement culturally responsive and inclusive outreach and engagement.

1B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40 percent** of the requested award funding, as demonstrated in the Budget web-based form) are a *population-specific organization* that serves communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

For purposes of this solicitation, population-specific organizations are nonprofit, nongovernmental, or Tribal organizations that primarily serve members of a specific underserved population and have demonstrated experience and expertise providing targeted services to members of that specific underserved population.

To receive this additional priority consideration, applicants must describe how being a population-specific organization (or funding the population-specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which historically underserved populations are intended or expected to be served or have their needs addressed under the proposed project(s).

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

Continuation Funding Intent

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the progress of the work funded under the award, when making continuation award decisions.

Availability of Funds

This funding opportunity, and awards under this funding opportunity, are subject to the availability of funding and to any changes or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Type of Award

For Categories 1 and 2, OJJDP expects to make awards under this funding opportunity as grants. See the "[Administrative, National Policy, and Other Legal Requirements](#)" section of the [Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants.

For Category 3, OJJDP expects to make awards under this solicitation as cooperative agreements, which provides for OJP to have substantial involvement in carrying out award activities. See the "[Administrative, National Policy, and Other Legal Requirements](#)" section of the [Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants.

Cost Sharing or Match Requirement

This funding opportunity requires cost sharing or match from the applicant. For the purposes of this notice of funding opportunity, "state" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

For the purposes of this notice of funding opportunity, other units of local government include towns, boroughs, parishes, villages, or other general purpose political subdivisions of a State.

How To Apply

Application Resources

When preparing and submitting an application, the following resources may aid prospective applicants:

1. Grants.gov ["How to Apply for Grants"](#)
2. OJP ["How To Apply"](#) section in the [Application Resource Guide](#)
3. JustGrants [Application Submission Training](#)

This solicitation (notice of funding opportunity) incorporates guidance provided in the [OJP Grant Application Resource Guide](#) (Application Resource Guide), which provides additional information for applicants to prepare and submit applications to OJP for funding. **If this solicitation requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this solicitation and the applicant is to follow the guidelines in this solicitation, rather than the guidance in the [Application Resource Guide](#) that is in conflict.**

How To Apply

Registration

Before submitting an application, all applicants must register with the System for Award Management (SAM.gov). An applicant must renew their registration every 12 months. If an applicant does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Applicants are encouraged to start the SAM.gov registration process at least 30 days prior to the application deadlines. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not be able to complete the process in time and will not be considered for late submission.

Submission

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants.

Step 1: After registering with SAM.gov, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://grants.gov/register> by the Grants.gov deadline. **To allow time to address any technical issues that may arise, an applicant should submit the SF-424 and SF-LLL as early as possible and no later than 48 hours before the Grants.gov deadline (recommended).** If an applicant fails to submit in Grants.gov by the deadline, they will be unable to apply in JustGrants. Applicants can confirm Grants.gov submission by verifying their application status shows as "submitted" or "agency tracking number assigned."

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://justgrants.usdoj.gov) by the JustGrants deadline.

OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline. Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare all the requirements of the application. Applicants may save their progress

in the system and add to or change the application as needed prior to hitting the "Submit" button at the end of the application in JustGrants.

An applicant will receive email notifications when successfully submitting in Grants.gov and JustGrants and should maintain all emails and other confirmations received from the SAM.gov, Grants.gov, and JustGrants systems.

For additional information, see the "How To Apply" section in the [Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 pm eastern time on May 6, 2024.

The **full application** must be submitted in JustGrants by 8:59 pm eastern time on May 20, 2024.

To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time (i.e., waiting until the due dates identified in this solicitation for those systems to begin the application steps) is not an acceptable reason to request a technical waiver.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application (Technical Waivers)

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented submission of the application on time.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. A tracking number is the most typical documentation and is generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; for this reason, experiencing long wait times for phone support does not relieve the applicant of the responsibility for getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov: contact the [SAM.gov Help Desk \(Federal Service Desk\)](#) Monday–Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov: contact the [Grants.gov Customer Support Hotline](#) 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants: contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday–Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must:

- Describe the technical difficulties experienced (provide screenshots if applicable).
- Include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit, and date and time support representatives responded).
- Include an attachment of the complete grant application and all the required documentation and materials.
- Include the applicant's Unique Entity Identifier (UEI).
- Include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information listed above), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the [Application Resource Guide](#).

- Budget Web-Based Form, which includes the budget details and the budget narrative (in JustGrants)
- Category 3 applicants are required to partner with the state or county child welfare agency and state or county substance use treatment agency, and must include with the application letters of intent formalizing these partnerships.

If OJP determines that an application does not include these elements, it will not proceed to peer review and will not receive any further consideration.

Content of the SF-424 in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

Intergovernmental Review: This funding opportunity **is not** subject to [Executive Order \(EO\) 12372](#). In completing the SF-424, an applicant should answer question 19 by selecting "Program is not covered by EO 12372."

Content of the JustGrants Application Submission

Entity and User Verification (First-Time Applicant)

For first-time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the individual listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. The email should arrive within 24 hours after this individual receives confirmation from Grants.gov of their SF-424 and SF-LLL submissions. Register the Entity Administrator (the person who manages and who can access JustGrants on behalf of the applicant), Application Submitter, and Authorized Representative for the applicant with JustGrants as early as possible and (recommended) not later than 48–72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Find additional information on JustGrants Application Submission in the [Application Resource Guide](#).

Standard Applicant Information

The "Standard Applicant Information" section of the JustGrants application is prepopulated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization's unique entity identifier, legal name, and address.

Proposal Abstract

A Proposal Abstract (no more than 400 words) summarizing the proposed project—including its purpose, primary activities, expected outcomes, the service area, jurisdiction's population size, intended beneficiaries, and subrecipients (if known)—must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

The following application elements should be submitted in the web-based forms in JustGrants.

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an

applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based Questionnaire form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Brief Applicant Entity Questionnaire

OJP is collecting the following information to help assess its efforts to attract a broader range of applicants. These questions apply to the applicant entity and its work and scope only, and not to the specific project(s) being proposed within the application. Responses to the questions will not be considered in the application review process. The questions included in the questionnaire are available in the [Standard Forms & Instructions: Brief Applicant Entity Questionnaire](#).

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; and should not exceed 30 numbered pages. If the proposal narrative fails to comply with these length restrictions, OJP may consider such noncompliance in peer review and in final award decisions. It is recommended to include tables, charts, and graphs as an appendix if the narrative exceeds the page limit.

The proposal narrative must include the following sections:

a. Description of the Issue

Describe why this project/these proposed activities are necessary (significance/value) or address a need. Include supporting information, such as data to provide evidence that the need exists, demonstrate the size and scope of the problem, jurisdiction's population size, and document the effects of the problem on the target population and the larger community as well as how youth and family partnerships will help to address the need (i.e., peer recovery specialists and people with lived experience).

b. Project Design and Implementation

Describe the strategy to address the problem or needs identified in the Description of the Issue. List the activities and describe how they relate to the goals, objectives, deliverables, and timeline outlined in the web-based form (completed separately from the proposal narrative attachment). Activities are the specific actions that will be completed to fulfill the program's objectives and reach the program's goal(s). Provide a detailed description of the method(s) to be used to carry out each activity (e.g., training, community events, direct services to the target population). New courts and state- and countywide family treatment courts should account for a planning year in their activities.

As indicated in the **Program Description Overview** section, applicants should describe how their proposed project/program will integrate and sustain meaningful youth and family partnership into their proposed project. Applicants should address any corresponding budget implications in their application's budget detail and budget narrative, such as how youth and families who serve as experts on the project are compensated. For resources/guidance on effective youth and family partnership strategies and practices, click [here](#).

If an applicant is seeking consideration under Priority 1A, it should explain in this section how the proposed project(s) will meaningfully address identified inequities **and** contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization. The applicant should also identify how the project design and implementation will specifically incorporate the input and/or participation of these communities.

c. Capabilities and Competencies

Describe the capabilities (what the applicant brings to the project such as resources, experience, expertise) and competencies (the unique skills and abilities of the applicant) required to accomplish the goals and objectives of the project. This section should also include applicant history, capabilities, and competencies of supporting youth and family partnerships. The applicant should also list the multidisciplinary and multisystemic collaborative partnerships and briefly describe their capabilities and competencies as it relates to the application.

If the applicant is seeking priority consideration under Priority 1B, it should (1) describe within this section how being a population-specific organization (or funding a population-specific subrecipient organization at a minimum of 40 percent of the project budget) will enhance its capabilities and competencies to implement the proposed project; (2) specify which populations are intended or expected to be served, have their needs addressed, and/or be affected by the proposed project; and (3) include information to confirm that the population-specific organization is specifically designed to serve communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization (examples of such information include, but are not limited to, the website address, charter, mission statement, or operating principles of the population-specific organization).

d. Plan for Collecting the Data Required for This Solicitation's Performance Measures

Describe the process for measuring project performance. Identify how you will utilize youth and family voices in deciding which data will be collected, who will collect the data, who is responsible for performance measurements, and how the information will be used to guide and evaluate the project's impact. Describe the process to accurately report data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included to provide notice that award recipients will be required to submit performance data as part of each award's reporting requirements.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the solicitation goals and objectives identified in the "[Goals and Objectives](#)" section. Applicants can visit [OJP's performance measurement page](http://www.ojp.gov/performance) at www.ojp.gov/performance for more information on performance measurement activities.

A list of performance measure questions for the Family Treatment Court program can be found at <https://ojjdp.ojp.gov/funding/performance-measures/performance-measures-family-treatment-court.pdf> and Progress Narrative Question Set – <https://ojjdp.ojp.gov/funding/grant-performance-measurement/progress-reporting-questions.pdf>. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJJDP will require award recipients to submit performance measure data in JustGrants and separately submit a semi-annual performance report in JustGrants. OJJDP will provide further guidance on the post-award submission process, if the applicant is selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "[Note on Project Evaluations](#)" section in the [Application Resource Guide](#).

Application Goals, Objectives, Deliverables, and Timeline Web-Based Form

The applicant will submit the project's goals, objectives, deliverables, and timeline in the JustGrants web-based form. This is a summary of the goals, objectives, deliverables, and timeline that relate to the proposal narrative. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

- **Goals:** The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the proposal narrative.
- **Program Objectives and Timeline:** The applicant should include objectives to accomplish its goals. Objectives are specific, measurable actions to reach the project's desired results. The included timelines should be clearly linked to the goal.
- **Deliverables and Timeline:** Project deliverables refer to outputs—tangible (for example, a report or a website) or intangible (for example, greater feelings of safety reported by the community)—that are documented and submitted within the scope of a project. Deliverables include timelines.

Deliverables Expected by Successful Applicants

Category 1: Establishing New Family Treatment Courts. Programs funded under Category 1 are expected to implement new family treatment courts to provide parental substance use disorder services, including screening, assessment, case management, recovery support services, and program coordination to family treatment court participants. Activities applicants should consider in establishing a new family treatment court include, but are not limited to:

- Provide direct services to parents who misuse substances or have a substance use disorder.
- Provide supportive services (as appropriate) to children and additional family members affected by substance use.
- Establish a multidisciplinary core team that includes partners from courts, child welfare, and treatment agencies.
- Focus on the child and parent-child relationship by addressing the complex needs of both children and parents to create a family-centered approach to case management.

- Create community linkages to hospitals, physicians, maternal and child health agencies, and early intervention services, as needed.
- Use evidence-based interventions focused on parenting, child and parent trauma, parent-child relationships, and parental substance use.
- Implement relationship-based parenting programs and developmental and behavioral interventions to improve family functioning and outcomes.
- Coordinate outreach services that target family engagement and retention efforts.
- Incorporate wraparound recovery support services, particularly peer recovery support, to assist parents and families with recovery and wellness.
- Develop performance measures across family treatment court partners for joint accountability.
- Implement proposed enhancements over one planning year and three years with a clear plan of action.

Category 2: Enhancing Family Treatment Courts. Programs funded under Category 2 are expected to enhance and/or expand parental substance use disorder treatment services to their participants in existing family treatment courts. Activities applicants should consider to enhance and/or expand a family treatment court include, but are not limited to:

- Address the specific needs of children who have been prenatally exposed to drugs and/or alcohol, or have experienced postnatal exposure to substance use.
- Engage new partnerships to address the needs of infants affected by substance use or withdrawal symptoms resulting from prenatal drug exposure or a fetal alcohol spectrum disorder.
- Expand partnerships with providers that offer high quality, evidence-based substance use disorder treatment, including FDA-approved medications for opioid use disorder (sometimes called medication-assisted treatment (MAT)) and other medical professionals.
- Coordinate outreach services that target family engagement and retention efforts by employing specialized engagement or outreach positions.
- Incorporate peer recovery support services to assist parents and families with recovery and wellness, including linkages to social supports and coordination among service providers.
- Develop new policy and practice procedures or revise existing policies and practices to build the capacity of courts to provide services to children.
- Offer ongoing cross-training opportunities to assist new and existing family treatment court staff and partners in providing evidence-based services, including FDA-approved medications for opioid use disorder (sometimes called MAT) and supportive services to children, caregivers, and family members affected by parental substance use.
- Establish and/or strengthen mutually agreed upon performance measures across family treatment court partners for joint accountability.
- Establish and/or strengthen data collection and reporting methods around performance measures, including data-sharing agreements with relevant stakeholders and partner agencies.
- Implement recent legislation and/or legislative changes (e.g., Family First Prevention Services Act of 2018) targeting children, parents, and families affected by substance use disorders and the systems that serve them.
-

Category 3: Statewide or Countywide Family Drug Courts Expansion. Programs funded under Category 3 are expected to enhance and/or expand family treatment court at the more populous state, county, or other jurisdiction to effectively serve families affected by opioid, stimulant, and other substance use disorders. Activities applicants should consider to enhance and/or expand a family treatment court include, but are not limited to:

- Increase access to and/or availability of substance use disorder treatment and recovery services across their state or county and develop and implement practices and policies that strengthen existing family drug courts, child welfare, substance use disorder treatment service systems, and community-based organizations that serve and support children and families.
- Strengthen cross-systems collaboration; expansion of family treatment court into the larger state or county child welfare, substance use disorder treatment, and court systems; and increasing the scale and scope of services provided by family treatment courts across the state or county.
- Complete a needs assessment to assess state or county capacity to implement the [Family Treatment Court Best Practice Standards](#) in wider state or county systems, as well as identify strengths and gaps in current knowledge and practices.
- Implement proposed enhancements over one planning year and three years with a clear plan of action that also addresses any needs identified in the self-assessment.
- Strengthen state- and local-level information-sharing, evaluation, and performance monitoring capacity to track participants' progress across systems/agencies.

All Categories. Successful applicants under Categories 1, 2, and 3 will be expected to provide a coordinated, multisystem approach that combines the oversight authority of family treatment courts with evidence-based interventions that focus on parental substance use disorder treatment and recovery, parenting, child and parent trauma, and parent-child relationships. Applicants must describe the population(s) for which the intervention(s) has been shown to be effective and demonstrate that the intervention(s) is appropriate for the population(s) targeted ([see crimesolutions.gov](http://see.crimesolutions.gov)). Selected applicants are expected to (1) complete a needs assessment to assess state or county capacity to implement family treatment court best practices and principles in wider state or county systems, as well as identify strengths and gaps in current knowledge and practices; (2) implement proposed enhancements over three years with a clear plan of action that also addresses any needs identified in the self-assessment; and (3) develop and/or strengthen state- and local-level information-sharing, evaluation, and performance monitoring capacity to track participant progress and cost savings across systems/agencies.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in this section.

Program objectives and deliverables should be included in one timeline.

Budget and Associated Documentation

Funding Restrictions

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

Budget Detail and Narrative Web-Based Form

The applicant will complete the JustGrants web-based budget form, which includes both detailed calculations and budget narrative sections.

For additional information about how to prepare a budget for federal funding, see the "[Application Resource Guide](#)" section on [Budget Preparation and Submission Information](#) and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

If the applicant is seeking priority consideration under Priority 1A and has proposed activities to incorporate the input and participation of communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization, financial support for the identified activities and participation must be reflected in the web-based budget form.

If the applicant is seeking priority consideration under Priority 1B based on the identification of a proposed subrecipient as a population-specific organization, the proposed funding for the subrecipient must **reflect a minimum of 40 percent of the total award funding** within the web-based budget form. The budget narrative must also describe how the **activities that will be funded** with the (minimum) 40 percent of award funding provided to the subrecipient **specifically relate to the proposed project** that will meaningfully address identified inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

The budget narrative **must clearly describe how the project is fiscally supporting youth and family partnerships**. This could include compensating them for their expertise, providing transportation, etc.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the [Application Resource Guide](#) for information on prior approval, planning, and reporting of conference/meeting/training costs.

Costs Associated With Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. See the [Application Resource Guide](#) for information on costs associated with language assistance.

Nonfederal Costs (match and program income)

This solicitation requires a 25-percent **cash or in-kind match**. Federal funds awarded under this solicitation may not cover more than 75 percent of the total costs of the project being funded. An applicant must identify the source of the 25-percent nonfederal portion of the total project costs and how they will use match funds. If an award recipient's proposed match **exceeds** the required match amount, according to the formula below, and OJP approves the budget, the total match amount in the approved budget becomes part of the project budget and subject to audit. "Match" funds may be used only for purposes that would be allowable for the federal funds. This means neither federal funds nor matching funds may be used for costs

considered inappropriate by the awarding agency (e.g., lobbying, land acquisition, fundraising). Recipients must satisfy this match requirement with cash or an in-kind match. "In-kind" match may be in the form of services, supplies, real property, and equipment.

How To Calculate Match

Formula					
Step 1	Award Amount	÷	% of Federal Share	=	Total (Adjusted) Project Cost
Step 2	Total (Adjusted) Project Cost	x	% of Recipient's Share	=	Required Match
Example					
Match Requirement – 80/20 (Federal Share/Recipient's Share) Federal Award = \$100,000					
Step 1	\$100,000	÷	80% Federal Share	=	\$125,000
Step 2	\$125,000	x	20% Recipient's Share	=	\$25,000

See the [Application Resource Guide](#) for additional information on this match requirement and step-by-step instructions for entering match amounts in the budget.

Budget/Financial Attachments

Pre-Agreement (Pre-Award) Costs (if applicable)

Pre-agreement costs are defined as costs requiring approval incurred by the applicant prior to the start date of the period of performance of the federal award. OJP does not typically approve pre-agreement costs. If a successful applicant, in anticipation of the federal award but before the start date of the period of performance, incurs costs that are necessary for efficient and timely performance of the funded project, those costs may not be charged to the award. See the "Costs Requiring Prior Approval" section in the [DOJ Grants Financial Guide Post-Award Requirements](#) for more information.

Indirect Cost Rate Agreement (if applicable)

Indirect costs are costs of an organization that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III–VII of 2 CFR Part 200. A nonfederal applicant should follow the guidelines applicable to its type of organization. If applicable, an applicant with a current federally approved indirect cost rate agreement will upload it as an attachment in JustGrants. See the [DOJ Financial Guide](#) for additional information on [Indirect Cost Rate Agreement](#).

Consultant Rate (if applicable)

Costs for consultant services require prior approval from OJP. If the proposed project expects to fund consultant services, compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. See the [DOJ Grants Financial Guide](#) for information on the consultant rates, which require prior approval from OJP.

Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable)

If an applicant proposes to hire employees with federal award funds, for any award of more than \$250,000 made under a funding opportunity, an award recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the

federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. See the [Application Resource Guide](#) for information on the "Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver."

[Disclosure of Process Related to Executive Compensation \(if applicable\)](#)

This notice of funding opportunity expressly modifies the Application Resource Guide by not incorporating its "Disclosure of Process Related to Executive Compensation" provisions. Applicants to this funding opportunity are not required to provide this disclosure.

[Additional Application Components](#)

The applicant will attach the additional requested documentation in JustGrants.

[Curriculum Vitae or Resumes \(if applicable\)](#)

Provide resumes of key personnel who will work on the proposed project.

[Tribal Authorizing Resolution \(if applicable\)](#)

An application in response to this solicitation may require inclusion of Tribal authorizing documentation as an attachment. If applicable, the applicant will upload the Tribal authorizing documentation as an attachment in JustGrants. See the [Application Resource Guide](#) for information on Tribal authorizing resolutions.

[Letters of Intent or Memorandum of Understanding or Agreement \(Category 3 only\)](#)

Category 3 applicants are required to partner with the state or county child welfare agency and state or county substance use treatment agency and must include with the application a draft or fully executed letters of intent or memorandum of understanding or agreement (MOU/MOA) formalizing these partnerships.

Applicants should include, for each named partner, a draft or fully executed letter of intent or memorandum of understanding or agreement (MOU/MOA), or subcontract that confirms the partner's agreement to support the project through commitments of staff time, space, services, or other project needs. For applications submitted from two or more entities, applicants are encouraged to develop and submit draft or fully executed MOUs or signed letters of intent that provide a detailed description of how the agencies will work together to meet project requirements.

Each draft or fully executed MOU or letter of intent should include the following: (1) names of the organizations involved in the agreement, (2) scope of the direct service(s) and other work to be performed under the agreement, (3) whether, and if so, how the partnership helps to establish or enhance youth and family partnerships and (4) duration of the agreement. Subcontracts, MOUs, or letters of intent should be submitted as one separate attachment to the application.

[Research and Evaluation Independence and Integrity Statement \(if applicable\)](#)

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities

The SF-LLL attachment that was completed and submitted in Grants.gov is attached to this section.

Applicant Disclosure of Duplication in Cost Items

To ensure funding coordination across grant-making agencies, and to avoid unnecessary or inappropriate duplication among grant awards, the applicant will disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds. Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

DOJ Certifications Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing

Review and accept in JustGrants the DOJ Certifications Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing. See the [Application Resource Guide](#) for additional information.

Applicant Disclosure and Justification – DOJ High-Risk Grantees

If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ high-risk grantee is an award recipient that has received a DOJ high-risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, noncompliance with award terms and conditions on prior awards, or is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Application Review Information

Review Criteria

Basic Minimum Review Criteria

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are requirements for all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within any stated programmatic funding limits or boundaries.
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

- Description of the Issue (5%): evaluate the applicant's understanding of the program/issue to be addressed and jurisdiction's population size.
- Project Design and Implementation (50%): evaluate the strength of the proposal, specifically the applicant's alignment to Family Treatment Court Best Practice Standards, including information provided in the goals, objectives, timelines, and deliverables web-based form.
- Capabilities and Competencies (5%): evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
- Plan for Collecting the Data Required for This Solicitation's Performance Measures (5%): evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
- Budget (25%): evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).
- Other Documented Multidisciplinary and Multisystemic Collaborative Partnerships (10%): evaluate the level of commitment submitted in the letters of support or memorandum of understanding or agreement (MOU/MOA) from multidisciplinary and multisystemic collaborative partners (i.e., government agencies, nonprofits, etc.).

Other Review Criteria/Factors

Other important considerations for OJP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the budget web-based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the federal award, and when they comply with the funding statute and agency requirements (to include the conditions of the award), including the cost principles set out in the [Uniform Requirements 2 CFR Part 200, Subpart E](#).

Risk Criteria/Factors

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above. Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.

Federal Award Administration Information

Federal Award Notices

Generally, award notifications are made by the end of the current federal fiscal year, September 30. See the [Application Resource Guide](#) for information on award notifications and instructions.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices (programs or practices that have been evaluated as effective), see the [Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information on what should be included in the application, see the [Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the "Administrative, National Policy, and Other Legal Requirements" section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit it from discriminating on the basis of race, color, national origin, sex, religion, or disability in how the recipient delivers its program's services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include Title VI of the Civil Rights Act of 1964 (Title VI), the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail here: ["Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2024 Awards"](#) under the "Civil Rights Requirements" section, and additional resources are available from the [OJP Office for Civil Rights](#).

Part of complying with civil rights laws that prohibit national origin discrimination includes recipients taking reasonable steps to ensure that people who are limited in their English proficiency (LEP) because of their national origin have meaningful access to a recipient's

program and activity. An LEP person is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. To help recipients meet this obligation to serve LEP persons, DOJ has published a number of resources, including a language access assessment and planning tool, which are available at <https://www.lep.gov/language-access-planning>. Additional resources are available at <https://www.ojp.gov/program/civil-rights-office/limited-english-proficient-lep>. If the award recipient proposes a program or activity that would deliver services or benefits to LEP individuals, the recipient may use grant funds to support the costs of taking reasonable steps (e.g., interpretation or translation services) to provide meaningful access. Similarly, recipients are responsible for ensuring that their programs and activities are readily accessible to qualified individuals with disabilities. Applicants for OJP funding must allocate grant funds or explain how other available resources will be used to ensure meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services for deaf or hard-of-hearing individuals or the purchase of adaptive equipment for individuals with mobility or cognitive disabilities. For resources, see <https://www.ada.gov/> or contact OJP.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 CFR 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this solicitation may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.
