CFDA Number:	21.006
Total Amount Available:	\$12 million
Number of awards anticipated:	50-60

A. Program Description

The [Tax Counseling for the Elderly \(TCE\) Program](#) offers FREE tax help to individuals who are age 60 or older. Section 163 of the Revenue Act of 1978, Public Law No. 95-600, 92 Stat. 2810, November 6, 1978 (the Act), authorizes the Internal Revenue Service (IRS) to enter into agreements with private or public nonprofit agencies and organizations, to provide training and technical assistance to volunteers who offer free tax counseling and return preparation assistance to elderly individuals. Elderly individuals are defined as those taxpayers that are age 60 years or older. Congress funds the TCE grant each year as part of the IRS appropriation.

Eligible agencies and organizations compete for acceptance as a TCE grant recipient. Applicants must be experienced in coordinating volunteer programs and income tax return preparation. Eligible agencies and organizations receive grants to conduct local TCE Programs.

Tax return preparation assistance is provided to elderly taxpayers from January 1 to April 15 each year. However, the program activities required to ensure that elderly taxpayers receive efficient and quality tax assistance can be conducted year-round.

The *Cooperative Agreement*, [IRS Form 9661](#), and associated *Terms and Conditions*, [IRS Publication 5245](#), define the functions the grant recipient and the IRS will perform, the maximum amount of funding available for reimbursement and administrative purposes, the minimum number of federal tax returns to be completed by the organization, and other information. Approval for a multi-year award for up to three years is available for agencies and organizations that request consideration when applying. Consideration is limited to those applicants that meet all eligibility requirements. The second and third years will be funded subject to satisfactory performance, compliance with program terms, and availability of appropriated funds. Organizations that are awarded a grant are responsible for all aspects of operating a TCE Program including, but not limited to, publicity, recruitment, training, site selection and management of volunteers. The necessity for renegotiation, suspension, or termination of a Cooperative Agreement will be determined solely by the IRS and will not be subject to appeal.

The TCE Grant Program is managed by the Stakeholder Partnerships, Education and Communication (SPEC) organization of the IRS. SPEC is responsible for providing oversight, guidance, and assistance to TCE grant recipients. There are no cost sharing or matching requirements for the TCE Program.

Additional information concerning this notice of funding opportunity can be found in [IRS Publication 1101](#), available on irs.gov.

B. Federal Award Information

The IRS anticipates awarding \$12 million through this opportunity. The amount of award is dependent on the applicant's reach and returns expected to be prepared in the program. The award instrument for this opportunity is a cooperative agreement. The period of performance for this cooperative agreement is October 1, 2024, through September 30, 2025. Awards are expected to be distributed to organizations providing service within the United States and Puerto Rico.

Awards will be given to both new and continuing programs from a prior award period. Continuing programs will be considered for a multi-year award (including initial year of grant). These continuing programs may then file an abbreviated application as explained under *Continuation of Multi-Year Award* in [IRS Publication 1101](#). The second and third years will be funded subject to satisfactory performance, compliance with program terms, and availability of appropriated funds.

C. Eligibility Information

1. *Eligible Applicants* – Applicants must meet the following requirements:

- A private or public non-profit agency or organization that has been granted tax exemption under [Section 501](#) of the Internal Revenue Code (organizations that have applied for recognition as tax-exempt but have not received their IRS determination letter confirming the organization as exempt are not eligible for this grant) or be a federally recognized Indian tribal government;
- Have experience in coordinating volunteer programs and income tax return preparation; and
- Not a federal, state, or local governmental agency or organization.

2. *Cost Sharing or Matching* – This grant requires no cost sharing or matching of federal funds.

3. *Other* – In addition to 1 above, the following are part of eligibility consideration.

- Compliant with federal tax obligations – The organization applying must be in compliance at time of application, prior to award, and must remain in compliance, if selected, throughout the grant period with all federal tax obligations. This includes filing all required federal information and tax returns and payment of all federal tax, penalties, and interest.

- Eligible to receive federal financial assistance – The organization must not be debarred or suspended from receiving federal financial assistance and must provide certification regarding debarment, suspension, and other responsibility matters as covered in the List of Assurances and Certifications section of the application.
- Compliant with audit requirements, when applicable – Audit requirements applicable to grant award recipients are described in [2 CFR 200.501](#). A non-federal entity that expends \$750,000 or more in Federal awards during its fiscal year is required to have a single audit conducted in

accordance with 2 CFR 200.514. Organizations with other than unmodified opinion will be asked the actions taken to correct the identified concern.

- Submission of Multiple Applications – Organizations can submit only one application per announcement (CFDA #) however there is no limit to an organization applying for more than one federal grant opportunity.

D. Application and Submission Information

1. *Address to Request Application Package* – The application package is available electronically on [Grants.gov](https://www.grants.gov). Using the Search for Grant Opportunities feature, refine the search to CFDA Number 21.006 or funding opportunity number TCE-2025. All applications must be submitted electronically through Grants.gov. Make sure you are completing the forms **on grants.gov** for accurate submission. Narratives can be attached using [Grants.gov](https://www.grants.gov) attachment templates.

Also, you do not need to submit a determination letter if the agency or organization is a federally recognized Indian tribal government.);
 - If the organization is not required to file a federal information return or tax return, a statement on the organization's letterhead explaining why the organization is not required to file must be submitted;

3. *Unique Entity Identifier (UEI) and System for Award Management (SAM)* –Each applicant must be registered in SAM at www.sam.gov before submitting its application and continue to maintain an active SAM registration with current information at all times. Each applicant must provide a UEI in its application. The IRS cannot award an organization a grant until all UEI, and SAM requirements are met. If an applicant has not fully complied with the requirements by the time the award, the IRS may determine the applicant not qualified to receive this grant.

4. *Submission Dates and Times* – To be considered for an award, the application must be successfully submitted to Grants.gov by 11:59 p.m. Eastern Time on May 31, 2024. Applications not successfully submitted by this time will not be considered. Other methods of submission are not accepted. Proof of timely submission is automatically recorded by Grants.gov. An electronic time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant will receive an acknowledgement of receipt and a tracking number from Grants.gov with the successful transmission of their application. Applicants should print this receipt and save it as proof of timely submission. When the IRS retrieves the application from Grants.gov, Grants.gov will provide an electronic acknowledgment of receipt to the email address of the Authorized Organization Representative (AOR). Proof of timely submission shall be the date and time that Grants.gov receives your application.

5. *Intergovernmental Review* – Executive Order 12372, Intergovernmental Review of Federal Programs, was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on state and local processes for the coordination and review of proposed federal financial assistance and direct federal development. The Order allows each state to designate an entity to perform this function. Visit <http://www.whitehouse.gov/omb/office-federal-financial-management> and click on the link for the “SPOC List” to determine if your state is participating. States that are not listed have chosen not to participate in the intergovernmental review process. If you are located within a state that has chosen not to participate, you may send application materials directly to a federal awarding agency.

6. *Funding Restrictions* – In general, expenses are only allowable if they are reasonable and are costs that would not have been incurred but for the TCE program. [IRS Publication 1101](#) provides additional information by cost category along with an exhibit of the most common allowable and unallowable program expenses.

- Federal funds may not be used to pay for the activities of screening, return preparation or quality review.
- Any Indirect Costs are unallowable through the TCE Program.
- Cost of food and beverages provided for volunteers at TCE sites is allowable as long as the purchase meets all OMB established criteria, is a direct cost, and does not exceed \$500 per grant year. Costs of food and beverages in conjunction with an event or social activity are not allowable.
- Construction costs are not allowable.
- Costs incurred outside the period of performance are not allowable.

7. *Other Submission Requirements* – Applications will only be accepted if submitted electronically through Grants.gov. Instructions for applying for a grant on Grants.gov are found at: <https://www.grants.gov/applicants/grant-applications/how-to-apply-for-grants>. To download the grant application package, search using **CFDA Number 21.006**. Once the package is downloaded and saved to your computer, it can be completed, submitted, and tracked following the instructions provided at the above URL address.

Applications may be downloaded prior to finishing the Grants.gov registration process; however, they may not be submitted until registration is complete. Grants.gov provides instructions for registering an organization at <https://www.grants.gov/applicants/applicant-registration>. Depending on whether your organization already has a UEI or SAM registration, registration could take up to **4 weeks** to complete all steps. **START EARLY.**

Organizations applying must have a UEI, an active SAM registration that will not expire prior to submission. Applicants must ensure they register the individual who is able to make legally binding commitments for the organization as the Authorized Organization Representative (AOR). Approval of the AOR is done by the E-Business Point of Contact (E-Biz POC). When your organization registers with SAM, the assignment of the E-Biz POC is required. A special password is created called the “MPIN” (Marketing Partner Identification Number). This password gives the designated individual the sole authority to designate which staff members are permitted to submit applications electronically through Grants.gov. Organizations should review and confirm the E-Biz POC information in SAM is accurate to prevent delays with application submission.

An applicant may review information in SAM.gov and respond to any comments that a federal awarding agency previously entered.
