## Additional Information

**Agency Name:** Indian Health Service

**Description:** This is only a forecast. The synopsis and application package are not yet posted, and we have not yet finalized the application due date. This opportunity will be updated when it is published in Grants.gov.

The purpose of this Planning Cooperative Agreement is to provide resources to Tribes interested in entering the Tribal Self-Governance Program (TSGP) and to existing Self-Governance Tribes interested in assuming new or expanded Programs, Services, Functions, and Activities (PSFA). Title V of the Indian Self-Determination and Education Assistance Act requires a Tribe or Tribal organization (T/TO) to complete a planning phase to the satisfaction of the Tribe. The planning phase must include legal and budgetary research and internal

Tribal government planning and organizational preparation relating to the administration of health care programs. See 25 U.S.C. 5383(d). The planning phase is critical to negotiations and helps Tribes make informed decisions about which PSFAs to assume and what organizational changes or modifications are necessary to successfully support those PSFAs. A thorough planning phase improves timeliness and efficient negotiations and ensures that the Tribe is fully prepared to assume the transfer of IHS PSFAs to the Tribal health program.
