Additional Information: Individuals and For-Profit Organizations are ineligible to apply for awards under this NOFO. This program NOFO does not

on Eligibility: support entities hiring interns or crews under the Public Lands Corps Act of 1993. The Public Lands Corps Act of 1993, 16 USC, Chapter 37, Subchapter II-Public Lands Corps, is the only legislative authority that allows BLM to "hire" interns under this authority. Therefore, eligible Youth Conservation Corps may only apply for projects developed under NOFO 15.243 – BLM Youth Conservation Opportunities on Public Lands. CESUs are partnerships with a purpose to promote, conduct, and provide research, studies, assessments, monitoring, technical assistance, and educational services. If a cooperative agreement is awarded to a CESU partner under a formally negotiated Master CESU agreement which is consistent with the CESU purpose, indirect costs are limited to a rate of no-more-than 17.5 percent of the indirect cost base recognized in the partner's Federal Agency-approved Negotiated Indirect Cost Rate Agreement (NICRA). Applicant's should specify if their proposal furthers the purpose of the CESU program, and if so which CESU Network should be considered as host.

Additional Information

Agency Name: Bureau of Land Management

Description: BLM Oregon/Washington (ORWA) has an opportunity to work with partner organizations to assist with fuels management and community fire assistance program activities to reduce the risk and impact of catastrophic wildfires to local communities through coordination, reducing the amount of hazardous fuels, and furthering the education of landowners about wildfire prevention and mitigation. These activities will assist BLM in addressing the effects of climate change by working to create resilient landscapes and communities, will create jobs, and it will help further conservation and restoration efforts by providing an opportunity to support

planning and implementation of hazardous fuels reduction projects in wildland urban interface (WUI) areas and education and outreach programs that help create fire adapted communities and resilient landscapes. This program supports the Infrastructure Investment and Jobs Act (IIJA) Public Law 117-58, Sec. 40803 Wildfire Risk Reduction. This program supports projects funded through the Inflation Reduction Act (IRA), Sections 50221 Resilience, 50222 Ecosystems Restoration and 50303 DOI. ORWA Program Strategic Goals: Accomplish fuels management activities on federal and non-federal land. Develop and implement fire education, training, and/or community action plans/programs. Conduct Community Wildfire Protection Plans (CWPPs), community wildfire assessments, and planning activities. Expand community capability to enhance local employment opportunities. Develop and implement short and long-term monitoring and maintenance plans for hazardous fuels reduction, community fire education and training, and community action programs.
