## **Basic information**

Indian Health Service (IHS)

**Division of Grants Management** 

The Negotiation Cooperative Agreement helps Tribes or Tribal Organizations (T/TO) cover negotiation costs to enter the Tribal Self Governance Program (TSGP) so they can manage and tailor health care programs to best suit the needs of their communities.

#### **Summary**

The TSGP allows Tribes to negotiate with the IHS to assume Programs, Services, Functions, and Activities (PSFAs), in whole or in part. This gives Tribes the authority to manage and tailor health care programs to best suit the needs of their communities.

Participation in the TSGP gives Tribes flexibility to tailor their health care needs by choosing one of three ways to get health care from the Federal Government for their citizens.

Tribes can choose to:

- Get health care services directly from the IHS.
- Contract with the IHS to administer individual programs and services the IHS would otherwise provide (referred to as Title I Self-Determination Contracting).
- Compact with the IHS to assume control over health care programs the IHS would otherwise provide (referred to as Title V Self-Governance Compacting or the TSGP).

These options are not exclusive. Tribes may choose to combine options based on their individual needs and circumstances.

This Negotiation Cooperative Agreement's purpose is to help Tribes cover the costs associated with preparing for and participating these negotiations.

# Eligibility

#### Eligible applicants

Only these types of organizations may apply:

#### Federally recognized Indian Tribes

An Indian Tribe as defined by 25 U.S.C. 1603(14). The term "Indian tribe" means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or group, or regional or village corporation, as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688) [43 U.S.C. 1601 et seq.], which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians".

#### **Tribal organizations**

A Tribal organization as defined by 25 U.S.C. 1603(26). The term "Tribal organization" has the meaning given the term in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304(I)): "Tribal organization' means the recognized governing body of any Indian tribe; any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities: provided, that in any case where a contract is let or grant made to an organization to perform services benefiting more than one Indian tribe, the approval of each such Indian tribe shall be a prerequisite to the letting or making of such contract or grant."

You must submit letters of support or Tribal Resolutions from the Tribes you will serve. See attachments.

#### Eligibility exceptions

- Individuals, including sole proprietorships and foreign organizations, are not eligible.
- We do not fund concurrent projects under this program. If you get an award under this announcement, we cannot later fund you under a subsequent opportunity for the same program while this award is active.
- Tribes prohibited under the Alaska Moratorium from receiving funds pursuant to the ISDEAA may not apply.

See statutory authority.

#### Other eligibility criteria

You must get approval from each Indian Tribe participating in self-governance by resolution or other official action. See 25 U.S.C. 5383 (c)(1)(B).

You must show a history of financial stability and ability to manage finances for 3 consecutive fiscal years prior to application. See 25 U.S.C. 5383 (c)(1)(C).

Meeting the eligibility criteria for a Negotiation Cooperative Agreement does not mean that a Tribe or Tribal Organization (T/TO) is eligible for participation in the IHS TSGP under Title V of the ISDEAA. See 25 U.S.C. 5383, 42 CFR 137.15-23.

For more information on the eligibility for the IHS TSGP, please visit the "<u>Eligibility</u> and <u>Funding</u>" page on the <u>OTSG website</u>.

#### Completeness and responsiveness criteria

We will review your application to make sure it meets the following requirements:

- Is from an organization that meets all eligibility criteria.
- Does not request funding above the award ceiling shown in the <u>funding</u> range.
- · Is submitted by the deadline.

#### **Application limits**

The IHS does not fund concurrent projects under the same announcement. If you get funding under this announcement, you can get funding from a future announcement under the same program, but not under the same announcement or running concurrently.

We do not accept applications from individuals (including sole proprietorships) and foreign organizations. Such applications will be disqualified from competitive review and funding under this opportunity.

**Note:** For more application requirements (such as Tribal Resolutions), please refer to <u>application contents and format</u>.

#### **Cost sharing**

This program has no cost-sharing requirement.

If you choose to include cost-sharing funds, we will not consider it during our review. However, we will hold you accountable for any funds you add, including through reporting.

# **Program description**

#### **Background**

The TSGP is more than an IHS program. It is an expression of the relationship between the United States (U.S.) and Indian Tribes.

The TSGP allows Tribes to negotiate with the IHS to assume PSFAs, in whole or in part. This gives Tribes the authority to manage and tailor health care programs to best suit the needs of their communities.

Tribes have the flexibility to tailor their health care needs by choosing one of three ways to get health care from the Federal Government for their citizens.

#### Tribes can choose to:

- Get health care services from the IHS.
- Contract with the IHS to administer individual programs and services the IHS would otherwise provide (referred to as Title I Self-Determination Contracting).
- Compact with the IHS to assume control over health care programs the IHS would otherwise provide (referred to as Title V Self-Governance Compacting or the TSGP).

These options are not exclusive. Tribes may choose to combine options based on their individual needs and circumstances.

The TSGP is a tribally driven initiative. Strong Federal-Tribal partnerships are essential to the program's success. The IHS established the Office of Tribal Self-Governance (OTSG) to carry out the Tribal Self-Governance authorities under the ISDEAA.

The primary OTSG functions are to:

- Serve as the primary liaison and advocate for Tribes participating in the TSGP.
- Develop, direct, and carry out TSGP policies and procedures.
- Provide information and technical help to Self-Governance Tribes.
- Advise the IHS Director on compliance with TSGP policies, regulations, and guidelines.

Each IHS Area has an Agency Lead Negotiator (ALN), designated by the IHS Director to act on their behalf. The ALN has authority to negotiate Self-Governance Compacts and Funding Agreements (FA).

Tribes interested in participating in the TSGP should contact their respective ALN to begin the Self-Governance planning and negotiation process.

Tribes currently participating in the TSGP that want to expand or add PSFAs should also contact their respective ALN to discuss the best way to do so.

#### **Purpose**

Because each Tribal situation is unique, a Tribe's transition into the TSGP or program expansion requires careful planning and discussion between the Federal and Tribal negotiation teams about the Tribe's specific health care concerns and plans.

The purpose of this Negotiation Cooperative Agreement is to help Tribes cover the costs associated with preparing for and participating in negotiations to enter the TSGP.

#### **TSGP** requirements

To enter the TSGP, Tribes need both the Compact and FA. Both parties must decide and agree to the terms and provisions of these documents.

The Compact sets forth the general terms of the relationship between the Tribe and the Secretary of the U.S. Department of Health and Human Services (HHS).

The FA has 4 purposes:

- To describe the length of the agreement (whether it will be annual or multiyear).
- To identify the PSFAs, or portions thereof, the Tribe will assume.
- To specify the amount of funding associated with the Tribal assumption.
- To outline the terms required by Federal statutes and other terms agreed to by the parties.

Tribes may ask to renegotiate either document at a later time.

#### The negotiation process

The negotiation process has four major stages:

#### **Planning**

The planning phase must include legal and budgetary research and internal Tribal government planning and organizational preparation relating to the administration of health care programs. See 25 U.S.C. 5383(d).

This phase is critical to the negotiation process and helps Tribes make informed decisions about which PSFAs to assume and what organizational changes or modifications are necessary to support those PSFAs.

#### **Pre-negotiations**

During pre-negotiations, the Tribal and Federal negotiation teams review and discuss issues identified during the planning phase and related to the Tribe's Compact, FA, and Tribal shares.

The Tribe should work with the IHS to secure:

- · Program titles and descriptions.
- · Financial tables and information.
- Information related to the identification and justification of residuals.
- The basis for determining Tribal shares (distribution formula).

The Tribe may also wish to discuss estimated funding for the next year, increases or decreases in funding it may receive in the current year, and the basis for those changes.

#### **Negotiations**

During the final negotiation, both the Federal and Tribal negotiation teams work together to decide and agree to the terms and provisions of the Tribe's Compact and FA.

A Tribal government may select a Tribal leader, a Tribal health director, technical and program staff, legal counsel, and other consultants to be part of its negotiation team. Any Tribal representatives must have decision-making authority from the Tribal governing body.

The Federal negotiation team is led by an Agency Lead Negotiator (ALN), the only member of the Federal negotiation team with delegated authority to negotiate on behalf of the IHS Director. The team may also include Area and Headquarters subject matter experts, OTSG staff, the Office of Finance and Accounting, and the Office of the General Counsel.

#### Post-negotiations

In post-negotiations, the authorizing Tribal official signs the Compact and FA and submits them to the OTSG in preparation for the IHS Director's signature.

Once both parties have signed the Compact and FA, they become legally binding and enforceable agreements. This is necessary to begin the payment process. The negotiating Tribe then becomes a "Self-Governance Tribe" and a participant in the TSGP.

Acquiring a Negotiation Cooperative Agreement is not a prerequisite to enter the TSGP. A Tribe may use other resources to develop and negotiate its Compact and FA. See 42 CFR 137.26.

Tribes that receive a Negotiation Cooperative Agreement are not obligated to participate in Title V and may choose to delay or decline participation or expansion in the TSGP.

#### Cooperative agreement terms

Cooperative agreements use the same policies as grants. The difference is that IHS will have substantial involvement in the project during the entire period of performance. The next section includes a detailed description of our level of involvement.

# Substantial Agency involvement description for cooperative agreement

During the period of performance, IHS will:

- Provide descriptions of PSFAs and associated funding at all organizational levels (Service Unit, Area, and Headquarters), including funding formulas and methodologies related to determining Tribal shares.
- Meet with Negotiation Cooperative Agreement recipients to provide program information and discuss methods currently used to manage and deliver health care.
- Identify and provide statutes, regulations, and policies that provide authority for administering IHS programs.
- Provide technical help on the IHS budget, Tribal shares, and other topics as needed.

#### Funding policies and limitations

#### Limitations

- Only one cooperative agreement may be awarded per applicant.
- · Pre-award costs are not allowable.
- The available funds are inclusive of direct and indirect costs.

For guidance on some types of costs that we restrict or do not allow, see 45 CFR part 75, <u>General Provisions for Selected Items of Cost</u>.

1. Review 2. Get Ready 3. Prepare 4. Learn 5. Submit 6. Award Contacts

#### **Policies**

We will only make awards if this program receives funding. If Congress appropriates funds for this purpose, we will move forward with the review and award process.

- Total award funds include both direct and indirect costs.
- Support beyond the first project period will depend on:
  - Appropriation of funds.
  - Future announcements under this program.
  - A decision that continued funding is in the government's best interest.
- If we receive more funding for this program, we will consider:
  - Funding more applicants.
  - Extending the period of performance.
  - Awarding supplemental funding.

#### Salary rate limitation

The salary rate limitation in the current appropriations act applies to this program. As of January 2024, the salary rate limitation is \$221,900. We will update this limitation in future years.

#### **Program income**

Program income is money earned as a result of your award-supported project activities. You must use program income for the purposes and under the conditions of the award. Find more about program income at 45 CFR 75.307.

#### Indirect costs

Indirect costs have a common or joint purpose across more than one project and cannot be easily separated by project.

To charge indirect costs you can select one of two methods:

**Method 1 – Approved rate.** You currently have an indirect cost rate approved by your cognizant Federal agency.

Usually, IHS recipients negotiate their rates with the <u>HHS Division of Cost Allocation</u> or the Department of the Interior, <u>Interior Business Center</u>. For questions regarding the indirect cost policy, please write to <u>DGM@ihs.gov</u>.

**Method 2 – De minimis rate.** Per <u>2 CFR 200.414(f)</u>, you may elect to charge a *de minimis* rate. If you are awaiting approval of an indirect cost proposal you may

also use the *de minimis* rate. If you choose this method, costs included in the indirect cost pool must not be charged as direct costs.

This rate is 15% of modified total direct costs (MTDC). See <u>2 CFR 200.1</u> for the definition of MTDC. You can use this rate indefinitely.

#### **Statutory authority**

This program is authorized under the Snyder Act, 25 U.S.C. 13; the Transfer Act, 42 U.S.C. 2001(a); and Title V of the Indian Self-Determination and Education Assistance Act (ISDEAA), 25 U.S.C. 5383 (e).

Application contents and format

<u>19</u>

# **Application contents and format**

Applications include five main components. This section includes guidance on each. Make sure you include each of these:

Component	Grants.gov form
Project abstract	Use the Project Abstract Summary form.
Project narrative	Use the Project Narrative Attachment form.
Budget narrative	Use the Budget Narrative Attachment form.
<u>Attachments</u>	Insert each in a single Other Attachments form.
Other required forms	Upload using each required form.

See requirements for other submissions.

Your organization's authorized official must certify your application.

We will provide instructions on document formats in the following sections.

If you do not provide the required documents, your application is incomplete. See <u>completeness and responsiveness criteria</u> to understand what may disqualify your application from consideration.

#### **Project abstract**

Provide a self-contained summary of your proposed project, including the purpose and expected outcomes. Do not include any proprietary or confidential information. We use this information when we receive public information requests about funded projects.

#### Required format for project and budget narrative

Font size: 12-point font

Footnotes, tables, and text in graphics may be 10-point.

Font color: Black

Spacing: Single-spaced

Margins: 1-inch

Size: 8.5 by 11 inches

Include consecutive page numbers.

Formats: While the forms for project and budget narratives are PDF, you may

upload Word, Excel, or PDF files to those forms.

#### **Project narrative**

Page limit: 10 pages

Filename: Project Narrative

To create your project narrative:

- Follow the headings in the project narrative components table in order.
- Use the merit review criteria to determine what you need to include.
- Describe your proposed project and activities for the full period of performance.
- Stay within the overall page limit, or we will remove pages beyond that. We recommend page limits for subsections in the table, but they are guidance only.

**Table: Project narrative components** 

Heading	Recommended page limit
Introduction and need for assistance	2 pages
Project objectives, work plan, and approach	4 pages
Program evaluation	2 pages
Organizational capabilities, key personnel, and qualifications	2 pages

#### **Budget narrative**

Page limit: 5

Filename: Budget Narrative

The budget narrative supports the information you provide in Standard Form 424-A. See <u>other required forms</u>.

It includes added detail and justifies the costs you ask for. As you develop your budget, consider:

- If the costs are reasonable and consistent with your project's purpose and activities.
- The restrictions on spending funds. See <u>funding policies and limitations</u>.

Be sure to do the following in your budget narrative:

- Show each line item in your SF-424A, organized by budget category.
- Provide the information for the entire period of performance, broken down by year.

For each line item, describe:

- · How the costs support achieving the project's proposed objectives.
- How you calculated or arrived at the cost.
- Take care to explain each item in the "other" category and why you need it.
- Do not use the budget narrative to expand your project narrative.

If you like, you can also include a spreadsheet that provides more detail than the SF-424A. If you do, we will not count it toward the page limit.

HHS now uses the definitions for <u>equipment</u> and <u>supplies</u> in 2 CFR 200.1. The new definitions change the threshold for equipment to the lesser of the recipient's capitalization level or \$10,000 and the threshold for supplies to below that amount.

#### **Budget justification for conferences**

- · Contract or planner.
- · Meeting space or venue.
- · Registration website.
- · Audiovisual.
- · Speaker fees.
- Non-federal attendee travel.
- · Registration fees.
- · Other.

#### **Attachments**

You will upload attachments in Grants.gov using a single Other Attachments Form.

#### **Tribal Resolution**

If you are a Tribal or Tribal Organization applicant, you must submit an official, signed Tribal Resolution with your application. If you cannot provide a final resolution with your application, you can submit a draft. If you submit a draft with your application, you must send a final resolution before we can make an award.

If you propose serving more than one Tribe, you must submit a resolution from each.

If your organization has a governing structure other than a Tribal council, you may substitute an equivalent document such as a letter of support or letter of commitment. Please include documentation explaining and justifying the substitution.

#### Work plan chart

Attach a one-page work plan chart or timetable that summarizes the work plan in your project description by outlining your activities and outcomes.

The work plan should include activities for the entire period of performance.

#### Indirect cost agreement

If you include indirect costs in your budget using an approved rate, include a copy of your current agreement approved by your <u>cognizant agency for indirect costs</u>. If you use the *de minimis* rate, you do not need to submit this attachment.

#### **Biographical sketches**

For key personnel, attach biographical sketches for positions that are filled. If a position is not filled, attach a short description of the position and its qualifications.

#### Letter of support

Attach letters of support from your organization's board of directors, if relevant, and for any key partners collaborating and named in your proposal.

#### **Audit documentation**

You must provide documentation of required audits. You can submit either of the following:

- Email confirmation from the Federal Audit Clearinghouse (FAC) showing that you submitted the audits.
- Face sheets from audit reports. You can find these on the FAC website.

Insert any other attachments. Follow the same format. Use style heading 4 for the new headings.

- Map of area identifying project location(s).
- Additional documents to support narrative (i.e., data tables, key news articles, etc.).

We do not consider voluntary cost sharing during merit review.

#### Risk review

Before making an award, we review the risk that you will not prudently manage Federal funds. We need to make sure you have handled any past Federal awards well and demonstrated sound business practices. We use SAM.gov Responsibility / Qualification to check this history for all awards likely to be over \$250,000. You can comment on your organization's information in SAM.gov. We will consider your comments before making a decision about your level of risk.

If we find a significant risk, we may choose not to fund your application or to place specific conditions on the award.

For more details, see 45 CFR 75.205.

#### **Selection process**

When making funding decisions, we consider:

- Merit review results. These are key in making decisions but are not the only factor.
- The larger portfolio of agency-funded projects, including the diversity of project types and geographic distribution.
- The past performance of the applicant. We may choose not to fund applicants with management or financial problems.
- · We may:
  - Fund applications in whole or in part.
  - Fund applications at a lower amount than requested.
  - Decide not to allow a recipient to subaward if they may not be able to monitor and manage subrecipients properly.
  - Choose to fund no applications under this NOFO.

#### **Award notices**

After we review and select applications for award, we will let you know the outcome.

#### **Unsuccessful applications**

We will email you or write you a letter if your application is disqualified or unsuccessful.

#### Approved but unfunded applications

It is possible that we could approve your application, but do not have enough funds to make an award. If so, we will hold your application for one year. If funding becomes available during the year, we may reconsider funding your application.

#### Approved applications

If you are successful, we will create a Notice of Award (NoA). You will need a <u>GrantSolutions</u> user account) to retrieve your NoA.

The NoA is the only official award document. The NoA tells you about the amount of the award, important dates, and the terms and conditions you need to follow. Until you receive the NoA, you do not have permission to start work.

By drawing down funds, you accept the terms and conditions of the award. The award incorporates the requirements of the program and funding authorities, the grant regulations, the Grants Policy Statement (GPS), and the NOFO.

#### **Exemptions**

If you cannot submit through Grants.gov, you must request a waiver before the application due date. Send your waiver request to <a href="mailto:DGM@ihs.gov">DGM@ihs.gov</a>. Include a clear justification for your need to deviate from the required application submission process. Failure to register in SAM.gov or Grants.gov in a timely way is not cause for a waiver. We will not accept applications outside of Grants.gov without an approved waiver.

We will email you if we approve your waiver. This notification will include submission instructions. If we approve your waiver, we must receive your application by 5 p.m. ET on the application deadline.

#### Reporting

If you receive an award, you will have to submit financial and performance reports.

If you are successful, you will have to submit financial and performance reports and possibly reports on specific types of activities. Your Notice of Award outlines the specific requirements and deadlines. To learn more about reporting, see:

- Performance Progress Reports
- Progress Report Requirements
- Financial Reporting

If your award includes funds for a conference, you must submit a report for all conferences.

If you do not submit your reports on time, we could:

- Suspend or terminate your award.
- · Withhold payments.
- Move you to a reimbursement payment method.
- · Withhold future awards.
- · Take other enforcement actions.
- Impose special award conditions if the situation continues.

#### Non-discrimination and assurance

If you receive an award, you must follow all applicable nondiscrimination laws. You agree to this when you register in SAM.gov. You must also submit an Assurance of Compliance (HHS-690). To learn more, see the Laws and Regulations Enforced by the HHS Office for Civil Rights.
