Funding Opportunity Number:	L25AS00083	Posted Date:	Dec 04, 2024
Funding Opportunity Title:	FY25 IIJA/IRA Bureau of Land Management Oregon/Washington (ORWA) Invasive and Noxious Plant Management	Last Updated Date:	Dec 04, 2024
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Mar 05, 2025
Opportunity Category Explanation:			Electronically submitted applications must be submitted no later than 5:00 p.m., ET, on the listed application due dates.Applications will be reviewed, rated, ranked and selected by the

Funding Instrument Type:	Cooperative Agreement		following rounds:Open from December 4, 2024 through March 5, 2025Round One Applications Due: February 2, 2025Round Two Applications Due: March 5, 2025Extensions to NOFO close dates will be unallowed, except in extenuating circumstances.
Category of Funding Activity:	Natural Resources		
Category Explanation:			
Expected Number of Awards:			
Assistance Listings:	15.230 -- Invasive and Noxious Plant Management		
Cost Sharing or Matching Requirement:	No	Current Closing Date for Applications:	Mar 05, 2025 Electronically submitted applications must be submitted no later than 5:00 p.m., ET, on the listed application due dates.Applications will be reviewed, rated, ranked and selected by the following rounds:Open from December 4, 2024 through March 5, 2025Round One Applications Due: February 2, 2025Round Two Applications Due:

March 5,
2025 Extensions to
NOFO close dates
will be unallowed,
except in
extenuating
circumstances.

Archive Date: Oct 01, 2025

Estimated Total Program Funding: \$ 1,000,000

Award Ceiling: \$500,000

Award Floor: \$10,000

Eligibility

Eligible Applicants: City or township governments
County governments
State governments
Public and State controlled institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Special district governments
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal governments (Federally recognized)
Private institutions of higher education

Additional Information: Individuals and For-Profit Organizations are ineligible to apply for awards under this NOFO. This program NOFO does not

on Eligibility: support entities hiring interns or crews under the Public Lands Corps Act of 1993. The Public Lands Corps Act of 1993, 16 USC, Chapter 37, Subchapter II-Public Lands Corps, is the only legislative authority that allows BLM to "hire" interns under this authority. Therefore, eligible Youth Conservation Corps may only apply for projects developed under NOFO 15.243 – BLM Youth Conservation Opportunities on Public Lands. CESUs are partnerships with a purpose to promote, conduct, and provide research, studies, assessments, monitoring, technical assistance, and educational services. If a cooperative agreement is awarded to a CESU partner under a formally negotiated Master CESU agreement which is consistent with the CESU purpose, indirect costs are limited to a rate of no-more-than 17.5 percent of the indirect cost base recognized in the partner's Federal Agency-approved Negotiated Indirect Cost Rate Agreement (NICRA). Applicant's should specify if their proposal furthers the purpose of the CESU program, and if so which CESU Network should be considered as host.

Additional Information

Agency Name: Bureau of Land Management

Description: BLM Oregon/Washington (OR/WA) Invasive and Noxious Plant Management Programs work to prevent, detect, inventory, control, and monitor weed populations on public lands. Invasive species cost the public millions of dollars in control and management each year and many invasive plants and noxious weeds are highly competitive and have the ability to permanently degrade our public lands. Noxious weeds and invasive species expansion are recognized as the single greatest threat to our native plant communities and the values they provide us. These native plant communities are essential for supporting wildlife habitat, watershed

function, recreation opportunities, rural economies and working landscapes. Invasive plants and noxious weeds affect plant and animal communities on farms and ranches, and in parks, waters, forests, natural areas, and backyards in negative ways. Human activity such as trade, travel, and tourism have all increased substantially, escalating the speed and volume of species movement to unprecedented levels. Increased site vulnerability from wildfires that are more frequent and other disturbances is an ongoing challenge to maintaining the integrity of our native plant communities. Noxious weeds are particularly aggressive plants legally designated by states as being injurious to public health, the environment or the economy. Invasive species and noxious weeds adversely affect overall recreational opportunities on public land i.e., hunting, fishing, camping, hiking, watershed health and ecosystem function which result in economic losses in rural and urban communities. Affect adjacent private lands, both rural and urban, causing widespread economic losses to the agricultural industry as well as to other resources.
