Additional Information

Agency Name: Bureau of Justice Assistance

Description: This funding opportunity seeks to support state, local, and tribal governments, as well as community-based nonprofit organizations, to support cross-system collaboration between criminal and juvenile justice agencies, mental health and substance use agencies, community-based organizations that provide reentry services, and community-based behavioral health providers. The goal is to improve clinical stabilization pretrial, during confinement, and support continuity of care and recovery during the transition to the community through clinical and other evidence-based activities or services for individuals with serious mental illness, substance use disorders, and co-occurring disorders. In addition, this funding seeks to minimize the potential for experiencing crisis and improve recovery outcomes for people with serious mental illness, substance use disorders, and co-occurring disorders who are currently involved with the criminal or juvenile justice systems or reentering the community from these systems.
