Description: The Adult Treatment Court Program seeks to assist states, state courts, local courts, units of local government, and federally recognized Indian tribal governments to plan, implement, and enhance the operations of adult treatment courts including management and service coordination for treatment court participants, fidelity to the adult treatment court model, and recovery support services. BJA provides financial and technical assistance to the field to support these goals. Adult treatment courts integrate evidence-based substance use disorder treatment, mandatory drug testing, incentives and sanctions, and transitional services in judicially supervised criminal court settings that have jurisdiction over persons with substance use disorder treatment needs to reduce recidivism, increase access to treatment and recovery support, and prevent overdose. Please see the Eligible Applicants section for the eligibility criteria. • Category 1: Planning and Implementation • Category 2: Enhancement • Category 3: Statewide
