Additional Information

Agency Name: Bureau of Justice Assistance

Description: This funding opportunity seeks to assist states, state courts, local courts, units of local government, and federally recognized Indian tribal governments to plan, implement, and enhance the operations of veterans treatment courts (VTC) including service coordination, fidelity to the VTC model, and recovery support services. VTCs effectively integrate evidence-based substance use disorder (SUD) treatment; mental health disorder (MHD) treatment; treatment for co-occurring disorders, including those with a history of violence; and post-traumatic stress disorder (PTSD) and/or traumatic brain injury (TBI) as a result of their military service. VTCs integrate mandatory drug testing, incentives and sanctions, and transitional services in judicially supervised criminal court settings that have jurisdiction over veterans with treatment needs in order to reduce recidivism, increase access to treatment and recovery support, and prevent overdose. Please see the Eligible Applicants section for the eligibility criteria.
