BASIC INFORMATION

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Office of Juvenile Justice and Delinquency Prevention](#) (OJJDP) is accepting applications for funding in response to this notice of funding opportunity (NOFO).

OJP is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. OJP's grant programs further DOJ's mission to uphold the rule of law, keep our country safe, and protect civil rights.

Agency Name	U.S. Department of Justice Office of Justice Programs Office of Juvenile Justice and Delinquency Prevention
NOFO Title	Building Local Continuums of Care To Support Youth Success
Announcement Type	Initial
Funding Opportunity Number	O-OJJDP-2025-172277
Assistance Listing Number	16.548

Executive Summary

This funding opportunity seeks to assist jurisdictions in planning and assessing promising and evidence-based prevention and intervention services that will inform the development of a community-based continuum of care for youth at risk of becoming involved or are already involved in the juvenile justice system. The long-term goal of this effort is to support sustainable, research-based, and data-informed recidivism-reduction policies, practices, and programming, and the strategic reinvestment of cost savings realized through accompanying reforms into effective prevention and intervention programs for our nation's youth. Please see the [Eligible Applicants](#) section for the eligibility criteria.

This program furthers DOJ's mission to uphold the rule of law, keep our country safe, and protect civil rights.

Note: If this NOFO requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this NOFO and the applicant should follow the guidance in this NOFO.

ELIGIBILITY

Eligible Applicants

The types of entities that are eligible to apply for this funding opportunity are listed below:

Category 1: State Agency Planning and Assessment Sites

- **Government Entities**

- State governments
- Native American Tribal governments (federally recognized)

State Government Entities: For the purposes of this NOFO, “state” means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

Category 2: Local Planning and Assessment Sites

- **Government Entities**

- County governments
- City or township governments
- Special district governments
- Native American Tribal governments (federally recognized)

Other Units of Local Government: For the purposes of this NOFO, other units of local government include towns, boroughs, parishes, villages, or other general purpose political subdivisions of a state.

Limit on Number of Applications

An applicant may submit more than one application if each application proposes a different project in response to the NOFO. Also, an entity may be proposed as a subrecipient in more than one application.

Applications under which two or more entities (project partners) would carry out the federal award will be considered. However, only one entity may be the applicant for the NOFO; any others must be proposed as subrecipients. See the [Application Resource Guide](#) for additional information on subawards.

Cost Sharing/Match Requirement

For this opportunity, match **is not** required.

PROGRAM DESCRIPTION

General Purpose of the Funding

The Building Local Continuums of Care to Support Youth Success initiative will provide planning and assessment funding to state and local jurisdictions that have high rates of youth incarceration to further develop a community-based continuum of care that includes a focus on positive youth development, prevention, diversion, and treatment services.

Developing a continuum of care enhances communities' abilities to meet the needs of youth involved in or at risk of entering the juvenile justice system through community-based strategies and programs that are most effective at reducing delinquency and recidivism, thereby reducing reliance on deeper system involvement to access resources. Cost savings realized through meeting youth's needs early and in the community rather than through deeper system involvement can be reinvested to address gaps identified across the continuum of care. The planning and assessment process supported under this funding opportunity is vital to helping communities identify and map out their available resources, as well as gaps that need to be filled, in order to address the problem of high youth incarceration and crime rates. This process will inform the development of a community-based continuum of promising and evidence-based prevention and intervention services that will serve as a strong foundation for preventing youth from entering the juvenile justice system, diverting them from moving deeper into the system (i.e., detention and corrections), and ultimately providing them with the skills they need to lead productive, safe, healthy, and law-abiding lives. Based on the outcome of planning and assessment activities, communities will be able to respond to gaps in their current service continuum and strategically reinvest any cost savings into the most effective recidivism reduction, prevention, and intervention programs.

OJJDP Guiding Philosophy: [OJJDP's](#) guiding philosophy is to enhance the welfare of America's youth and broaden their opportunities for a better future. To bring these goals to fruition, OJJDP is leading efforts to transform the juvenile justice system into one that will [Treat Children as Children](#); [Serve Children at Home, With Their Families, in Their Communities](#); and [Open Up Opportunities for System-Involved Youth](#). OJJDP encourages all proposed applications that work with youth to highlight how the proposed program aligns with these priorities.

Youth and Family Partnership Strategies: OJJDP envisions a juvenile justice system centered on the strengths, needs, and voices of youth and families. Young people and family members with lived experience are vital resources for understanding and reaching persons involved or at risk of involvement with youth-serving systems. OJJDP asks stakeholders to join us in sustainably integrating bold, transformative youth and family partnership strategies into our daily work. OJJDP believes in achieving positive outcomes for youth, families, and communities through meaningful engagement and active partnerships, ensuring they play a central role in collaboratively developing solutions. Depending on the nature of an applicant's proposed project, youth and family partnership could consist of one or more of the following:

- Individual-level partnership in case planning and direct service delivery (before, during, and after contact with youth-serving systems).

- Agency-level partnership (e.g., in policy, practice, and program development, implementation, and evaluation; staffing; advisory bodies; budget development).
- System-level partnership (e.g., in strategic planning activities, system improvement initiatives, advocacy strategies, reform efforts).

Applicants should refer to [Application Contents, Submission Requirements, and Deadlines: Budget Detail Form](#) for information on allowable and unallowable costs that may inform the development of their project design.

Program Goals and Objectives

The primary goal of the initiative is to support better outcomes for youth and families by investing more resources in prevention and intervention programming across a community-based continuum of care in neighborhoods disproportionately impacted by incarceration. By lifting up community-based alternatives and supporting systems integration, better outcomes for all youth can be achieved. A well-resourced continuum should include a range of supports and opportunities that build on youth and family strengths and assets to promote healthy development, improve family functioning, meet essential needs, and strengthen neighborhoods. Ideally, youth and families would have access to a rich variety of supports and services outside the juvenile justice system so that it is not the only entry point for access, and participation can continue beyond a youth's involvement in the justice system. Services should be culturally appropriate, effective, and responsive to the evolving needs of youth and families.

The objective of this initiative is to support interested jurisdictions to conduct a planning process that will identify available resources and existing gaps in prevention and intervention services for youth at risk of involvement or already involved in the juvenile justice system. Creating alternative pathways to deeper system involvement and incarceration for justice-involved youth is central to the initiative; investing in supportive and effective youth-serving systems, no matter where a youth sits on the continuum, in a nonsiloed manner, is good practice. This planning process must be comprehensive, collaborative, and focused on cost savings that allow for the identification, development, and sustainability of promising and evidence-based strategies for youth.

- Objective 1: Identify strategies that support promising and evidence-based approaches that advance the long-term well-being and success of youth and their families.
- Objective 2: Develop economic impact strategies that result in cost savings and identify how those cost savings can be reinvested into the larger continuum of care.
- Objective 3: Establish a sustainable framework that supports the decarceration of youth and the diversion of children identified as being at risk of involvement in the juvenile justice system through a coordinated, collaborative strategy that also promotes safe communities.

How Awards Will Contribute to Program Goals/Objectives

There are two categories of funding available under this funding opportunity:

- Category 1: State Agency Planning and Assessment Sites
- Category 2: Local Planning and Assessment Sites

These categories support the efforts of eligible applicants to conduct a planning and assessment process that will identify gaps and assist in achieving cost savings by meeting youth's needs early and in the community, rather than through deeper system involvement. These savings can be reinvested in the development and implementation of promising practices and evidence-based prevention and intervention strategies as part of a community-based continuum of care for youth at risk of or already involved in the juvenile justice system.

OJJDP is committed to investing in a community-based continuum of promising practices and evidence-based prevention and intervention programs that serve as a strong foundation for preventing youth from entering the juvenile justice system, diverting them from moving deeper into the system (i.e., detention and corrections), and ultimately providing them with the skills they need to lead productive, safe, healthy, and law-abiding lives. This support system is critical for youth success.

The development of a community-based continuum of care that is responsive to youth at risk of entering the juvenile justice system will take a data-informed and coordinated approach. Funding will support applicants in convening a group of stakeholders to engage in a planning process that will inform the development of the continuum. This stakeholder group should include representatives from community-based organizations, business groups, local law enforcement, the juvenile justice system, the school system, court services, social services, health and mental health providers, advocacy groups, and other public and private community and faith-based organizations to assess the problems and costs the community incurs as a result of crime committed by youth. In addition, OJJDP values the role of directly impacted youth and families in informing this plan and applicants must include them in the required stakeholder group.

This planning process will identify those programs and interventions that have demonstrated effective results, those that are promising, and those that have not been effective. Specifically, the data collected as part of the planning process should explore areas where cost savings could occur for the jurisdiction (i.e., reduced incarceration costs, governmental cost savings, etc.) by implementing the identified effective programs and interventions while also producing a drop in crime. In addition, planning efforts should include an intentional focus on sustainability beyond any federal grant funding support such that any savings realized would be reinvested in the continuum of care.

The initiative is supported by several OJJDP training and technical assistance providers to assist successful applicants during the planning process, help to identify evidence-based practices and strategies, develop economic impact strategies that result in cost savings, and identify how those cost savings can be reinvested into the larger continuum of care. Successful applicants under Categories 1 and 2 are expected to work with the training and technical assistance providers throughout the length of their cooperative agreement. Funded sites are expected to include their community partners and stakeholders in the collaborative learning process that the training and technical assistance providers will establish.

Applicants are encouraged to include local training and technical assistance as part of their project design to include:

- Use of a local university to gather and analyze pertinent data.
- Asset mapping supports.
- Enhanced partnerships with youth and families.

- Creation of a written product that identifies assets, gaps, resources, and cost savings.

Local training and technical assistance should be coordinated with the OJJDP Continuum of Care training and technical assistance providers, when appropriate.

Expected Outcomes: Deliverables and Performance Measures

To achieve the goals and objectives of this funding opportunity, OJP has identified expected deliverables that must be produced by a recipient. OJP has also identified performance measures (pieces of data) that will indicate how a recipient is achieving the performance goals and objectives previously identified. Recipients will need to collect and report this performance measure data to OJP.

Deliverables

Deliverables are what the applicant will create or produce under the award. The term “deliverables” as used here refers to discrete products under an award. An award may support activities (e.g., personnel time for award activities) that are part of recipient performance but are not considered deliverables. Award recipients will be expected to develop and submit the deliverables listed below in the course of implementing their proposed project.

For both **Category 1: State Agency Planning and Assessment Sites** and **Category 2: Local Planning and Assessment Sites**, applicant deliverables must include the following:

A Comprehensive Community Plan for accessing, delivering, and sustaining a community-based continuum of care using evidence-based prevention and intervention programs and best practices. This plan should include a timeline and interim benchmarks for the following sequenced parts for OJJDP coordination and support:

- Asset Mapping within the designated jurisdictions to identify leveraged resources and policy/practice strategies for implementation.
- Gap analysis to identify areas of need in the community.
- Identification of the key data points for tracking and monitoring progress to meet youth needs, reduce youth incarceration rates outlined in the NOFO, and assess what practices work best to improve youth well-being and prevent youth crime.
- Identification of cost savings through reforms that can be reinvested in promising practices and evidence-based prevention and intervention strategies that will reduce youth crime and recidivism.
- Long-term sustainability of the community plan activities.

Performance Measures

Performance measures are data that show a recipient’s progress in implementing their project, such as the number of people served or number of trainings conducted. OJP will require each award recipient to submit regular performance reports that communicate progress toward achieving the goals and objectives identified in [Program Goals and Objectives](#). Applicants can visit [OJP’s performance measurement page](#) at ojp.gov/performance for more information on performance measurement activities.

A list of performance measure questions for this funding opportunity can be found at <https://ojjdp.ojp.gov/funding/grant-performance-measurement/progress-reporting-questions.pdf>.

Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

Funding Instrument

OJP expects to make awards under this funding opportunity as cooperative agreements, which allow OJP to have substantial involvement in carrying out award activities. See the [“Administrative, National Policy, and Other Legal Requirements”](#) section of the [Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP awards.

Cost Sharing/Match Requirements

This funding opportunity does not require a match.

APPLICATION CONTENTS, SUBMISSION REQUIREMENTS, AND DEADLINES

This NOFO contains all the information needed to apply for this funding opportunity. The application for this funding opportunity is submitted through web-based forms and attachments in Grants.gov and JustGrants through the steps that follow.

Unique Entity Identifier (UEI) and SAM.gov Registration

To submit an application, an applicant must have an active registration in the [System for Award Management \(SAM.gov\)](#). SAM.gov assigns entities a unique entity identifier (UEI) that is required for the entity to apply for federal funding. Applicants will enter their UEI with their application. Award recipients must then maintain an active UEI for the duration of their award's period of performance.

First-time Registration: Entities registering in SAM.gov for the first time will submit information about their entity type and structure, financial information (such as dates of the fiscal year, banking information, and executive compensation), entity points of contact, and other information. The information is reviewed and verified by SAM.gov, and then a UEI is issued. This process may take several weeks, so entities considering applying for funding should begin the registration process as soon as possible.

Renewing an Existing Registration: Entities must renew their SAM.gov registration every 12 months to keep it active. If an entity does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent the submission of an application for funding in Grants.gov and JustGrants.

Applicants are encouraged to start the SAM.gov registration or renewal process **at least 30 days prior to the application's Grants.gov deadline**. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not be able to complete the process in time and will not be considered for a technical waiver that allows for late submission.

Submission Instructions: Summary

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants. See [Basic Information: Key Dates](#) for the Grants.gov and JustGrants application deadlines.

- **Step 1:** The applicant must submit the required [Application for Federal Assistance SF-424](#) by the Grants.gov deadline.
- **Step 2:** The applicant must submit the full application, including attachments, through JustGrants by the deadline (see [JusticeGrants.usdoj.gov](#)).

Submission Step 1: Grants.gov Submission of SF-424

Access/Registration

If the applicant does not already have a Grants.gov account, they will need to register for this opportunity in Grants.gov. Applicants should follow the Grants.gov [Quick Start Guide for Applicants](#) to register, create a workspace, assign roles, submit an application, and troubleshoot issues.

Submission of the SF-424

Applicants will begin the application process in Grants.gov with the submission of the SF-424, which collects the applicant's name, address, and UEI; the funding opportunity number; and proposed project title, among other information. The SF-424 must be signed by the Grants.gov Authorized Organizational Representative for the applicant.

See the [Application Resource Guide](#) for additional information on completing the SF-424.

Section 8F – Applicant Point of Contact: Please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*i.e.*, email address) to assign the application to this user in JustGrants.

Section 19 – Intergovernmental Review: This funding opportunity is not subject to [Executive Order \(E.O.\) 12372](#) (Intergovernmental Review). Applicants should answer section 19 by selecting, "Program is not covered by E.O. 12372."

An applicant should submit the SF-424 as early as possible and recommended not later than 48 hours before the Grants.gov deadline. If an applicant fails to submit the SF-424 in Grants.gov by the deadline, they will be unable to submit their application in JustGrants.

Once the first part of the application has been successfully submitted in Grants.gov, the Grants.gov Workspace status will change from "In Progress" to "Submitted." Applicants will also receive a series of four Grants.gov email notifications. Refer to the [DOJ Application Submission Checklist](#) for additional details.

If an applicant needs to update information in the SF-424 after it is submitted in Grants.gov, they can update the information as part of their JustGrants submission (see [Application Contents, Submission Requirements, and Deadlines: Standard Applicant Information](#)). They do not need to submit an update in Grants.gov.

Submission Step 2: JustGrants Submission of Full Application Access/Registration

For first-time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the email address listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after confirmation from Grants.gov of the SF-424 submission.

Creating and setting up a JustGrants account consists of three steps:

1. Follow the instructions in the email to first confirm who will be the Entity Administrator (the person who manages which staff can access JustGrants on behalf of the applicant).
2. Log in to JustGrants and confirm the information in the Entity Profile.
3. Invite other individuals who will serve as the Application Submitter and the Authorized Representative for the applicant to register for JustGrants.

These steps should be completed in JustGrants as early as possible and recommended not later than 48 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Applicants can find additional information on JustGrants registration in the [DOJ Grant Application Submission Checklist](#).

Preparing for Submission

Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare, enter, and upload all the requirements of the application.

Applicants may save their application in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants. After the application deadline, no changes or additions can be made to the application. **OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline.**

For additional information, including file name and type requirements, see the “How To Apply” section in the [Application Resource Guide](#).

Standard Applicant Information

The Standard Applicant Information section of the JustGrants application is prepopulated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and can make whatever edits are needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A proposal abstract (no more than 2,000 characters) summarizing the proposed project must be completed in the JustGrants web-based form. The text from abstracts will be made publicly available on the OJP.gov and USASpending.gov websites if the project is awarded, so this section of the application should not contain any personally identifiable information (e.g., the name of the project director).

The abstract should be in paragraph form without bullets or tables and written in the third person (e.g., they, the community, their, themselves, rather than I or we). The abstract should include the following information:

- The name of the applicant’s proposed project.
- The purpose of the proposed project (*i.e.*, what the project will do and why it is necessary).
- Where the project will take place (*i.e.*, the service area, if applicable).
- Who will be served by the project (*i.e.*, who will be helped or have their needs addressed by the project).
- What activities will be carried out to complete the project.
- The subrecipient(s)/partner organizations or entities, if known.
- Deliverables and expected outcomes (*i.e.*, what the project will achieve).

See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess what financial management and internal control systems the applicant has in place, whether these systems would be sufficient to maintain a funding award, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High-Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Proposal Narrative

Format of the Proposal Narrative: The Proposal Narrative will be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; have numbered pages; and should not exceed 30 pages. If the Proposal Narrative does not comply with these restrictions, OJP may consider such noncompliance in peer review and in final award decisions. Please note: If included, tables, charts, and graphs must be within the proposal narrative, can be created in a legible font smaller than 12 point and will count toward the page limit.

Sections of the Proposal Narrative: The Proposal Narrative must include all of the following sections. Applicants must describe how their proposed project/program will integrate and sustain meaningful youth and family partnerships in all sections of the proposal narrative—including the description of the issue, project design and implementation, and capabilities and competencies—and the budget. See Program Description: General Purpose of Funding for details on partnership strategies.

a. Description of the Need: What critical issue or problem is the applicant proposing to address with this project? Please include:

- A brief explanation of the need, gap, or issue to be addressed by the proposed project.
- Supporting information, data, or evidence to demonstrate the need's existence, size, and impact on the target population and community.
- Information on how youth and family partnerships will help to address the need.
- How the need relates to the purpose of the NOFO.

Applicants under both Categories 1 and 2 should include information, along with supporting comparative documentation that identifies the communities within the state as highest need and readiness based on data from the following juvenile justice system indicators:

- Juvenile arrests.
- Diversion.
- Juvenile detention.
- Juvenile secure correctional facilities.

Data provided should be for a minimum of a 6-month period and should include any relevant narrative that frames the current status of the state and/or local jurisdiction's efforts regarding implementation of diversion programming, to include current impediments to advance juvenile justice system reform. Data should include information on the top county/jurisdiction in a state/territory that commit youth to a secure placement or should include information related to

overutilization of detention (as some jurisdictions may have an overreliance on detention as opposed to commitments).

Data provided may vary based on specific data and reports available, but should be able to illustrate a particular jurisdiction's capacity to benefit from juvenile justice system reform by demonstrating current reliance on incarceration and formal court processing for youth infractions. Examples of the types of data include:

- The number of juvenile arrests during a certain time period, as compared to the overall juvenile population (juvenile arrest rate).
- The number of youth entered into diversion, as compared to youth entering the formal juvenile justice system.
- Current state utilization of secure confinement, to include number of juvenile correctional facilities and total bed capacity.

Current local use of secure confinement, to include number of juvenile detention facilities and total bed capacity. Any data or research referenced in the narrative should include information about the source of the data and/or a citation as a footnote.

Applicants should describe the target population, to include the age to be served and the specific community/communities to be targeted with funded interventions. This section should also discuss any previous or current attempts to address the problem as well as identify current gaps/barriers in programming/services. Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions.

b. Project Goals and Objectives: How will the proposed project address the need identified and address the purpose of the NOFO? Please include:

- Project goals (goals are broad, visionary statements on what the applicant hopes to accomplish).
- Project objectives (objectives are specific outcomes the applicant plans to achieve through project activities).
- How the applicant's goals and objectives relate to the goals and objectives of the NOFO.
- Whether, and if so, how the applicant's goals and objectives incorporate youth and families as partners.

c. Project Design and Implementation: How will the applicant implement project activities that meet the goals and objectives? Please include:

- What activities the applicant will conduct to achieve the proposed goals and objectives.
- How the proposed project/program will integrate and sustain meaningful youth and family partnership into their proposed project.
- How the applicant will deliver or complete those activities.
- When the activities will take place.
- Who in the applicant's organization will staff the activities, including key staff.
- Who will participate in and benefit from the activity.

- What deliverables, reports, and other items will be produced as part of the project.

If the applicant plans to use subrecipients to help conduct the project, please name them (if they are known) or describe how the applicant will identify them. Please describe their role in conducting project activities.

OJJDP encourages applicants to select evidence-based practices for their programs. This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Being able to leverage resources at the state and local levels is a critical selection factor for applicants to demonstrate. *Category 1 applicants* should demonstrate their commitment and ability to leverage federal and state resources under the state's direction (e.g., American Rescue Plan Act funds, pandemic relief funds such as through the Department of Education, infrastructure funding for information technology support to rural social services, etc.). Please refer to the Urban Institute tool entitled [How Can We Fund a Continuum of Care and Opportunity?](#) for more on leveraging resources. See also [Expected Outcomes: Deliverables and Performance Measures](#).

Category 2 applicants are encouraged to collaborate with state-level government agencies during the planning process. Applicants should discuss how they will leverage the existing state coordinating council or governance board to advance systems-level strategies, needs, and resources to support local continuum of care plans and implementation. Should there be challenges in gaining support from a state agency to engage in this work at the local level, the applicant must clearly articulate this in the program narrative. Details regarding efforts to gain this support, and state agency response to those efforts, should be described in the narrative.

d. Capabilities and Competencies: What administrative and technical capacity and expertise does the applicant bring to successfully complete this project? Please include:

- A short description of the applicant's capacity to deliver the proposed project and meet the requirements of the award, including collecting and reporting the required performance measure data. Who will be responsible for this task, and how will the applicant collect the data? Refer to [Program Description: Performance Measures](#) for additional details on performance measures for this funding opportunity.
- A description of projects or activities the applicant organization has conducted, or is currently conducting, that demonstrate the applicant's ability to undertake the proposed project activities.
- A summary of relevant experience of team members with key responsibilities for implementing the project.
- Applicant history, capabilities, and competencies of supporting youth and family partnerships.

Project Evaluations: An applicant that proposes to use award funds to conduct project evaluations must follow the guidance in the "[Note on Project Evaluations](#)" section in the [Application Resource Guide](#).

Budget and Associated Documentation: Budget Detail Form

The applicant will complete the JustGrants budget detail form. The form collects the individual costs under each cost category needed to implement the proposed project. Applicants should ensure that the name/description of each cost is clear and provide the detailed calculation (e.g., cost per unit and number of units) for the total cost. Applicants should enter additional narrative, as needed, to fully describe the cost calculations and connection to the project goals and objectives.

Budget proposals should include the funding needed to implement the proposed activities. Applicants should address any corresponding budget implications in their application's budget detail and budget narrative, such as how youth and families who serve as experts on the project are compensated. For resources/guidance on effective youth and family partnership strategies and practices, [click here](#). In preparing their budget proposals, applicants should consider what types of costs are allowable, if awarded funding. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the project funded under the federal award and when they comply with the funding statute and agency requirements, including the conditions of the award and the cost principles set out in [2 C.F.R. Part 200, Subpart E](#) and the [DOJ Grants Financial Guide](#). The budget narrative must clearly describe how the project is fiscally supporting youth and family partnerships. This could include compensating them for their expertise, providing transportation, etc.

Applicants should budget funds to support as many as three staff to travel to participate in a 3-day in-person cross-site meeting, as OJJDP directs. Applicants should budget approximately \$2,000 per person to attend the meetings and record this as part of the travel line item in the budget. The Office of the Chief Financial Officer requires cost calculations for all line items in your budget, including this required travel. The cost breakdown should include airfare, per diem rate, lodging, number of travelers, number of days, etc. (for example, 3 people x airline ticket (\$500) = \$1,500, 3 people x 2 travel days x per diem (75% x \$76/day) = \$342, 3 people x 2 full days x per diem (\$76/day) = \$456, 3 people x lodging (\$251) x 3 nights = \$2,259). Use U.S. General Services Administration per diem rates found at www.gsa.gov.

Costs Associated With a Conference/Meeting/Training: An applicant that proposes to use award funds for activities related to a conference, meeting, training, or similar event should review the [Application Resource Guide](#) for information on prior approval, planning, and reporting costs for a conference/meeting/training.

Costs Associated With Language Assistance and Access: If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable in specific grant programs. Costs to provide reasonable accommodation and facilitate language access for individuals who are deaf or hard of hearing may also be allowable in specific grant programs. See the [Application Resource Guide](#) for information on costs associated with language assistance.

For additional information about how to prepare a budget for federal funding, see the [Application Resource Guide](#) section on "[Budget Preparation and Submission Information](#)" and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

Budget and Associated Documentation: Budget/Financial Attachments

Indirect Cost Rate Agreement (if applicable): An applicant with a current, federally approved indirect cost rate agreement should upload it as an attachment in JustGrants.

Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary for the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for operation and maintenance of offices or workspaces and salaries of administrative or support staff. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III–VII of 2 C.F.R. Part 200. A nonfederal applicant should follow the guidelines applicable to its type of organization. See the [DOJ Grants Financial Guide](#) and the [OJP Grant Application Resource Guide](#) for additional information on indirect cost rate agreements.

Consultant Rate (if applicable): OJP has established maximum rates for consultants; see the “Listing of Costs Requiring Prior Approval” section of the [DOJ Grants Financial Guide](#) for more information. If an applicant proposes a rate for a consultant on their project that is higher than the established maximum rate and receives an award, then the award recipient must submit a document requesting approval for the rate and cannot incur costs at the higher rate without prior OJP approval. The award recipient must provide justification for why the proposed rate is higher than the established maximum rate, such as why the rate is reasonable and consistent with that paid for similar services in the marketplace.

Limitation on Use of Award Funds for Employee Compensation for Awards Over

\$250,000; Waiver (if applicable): If an applicant proposes to hire employees with federal award funds, for any award of more than \$250,000, the recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. Applicants may request a waiver from this requirement by submitting the appropriate form. See the [Application Resource Guide](#) for information on the “Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver.”

Disclosure of Process Related to Executive Compensation (if applicable):

This notice of funding opportunity expressly modifies the Application Resource Guide by not incorporating its “Disclosure of Process Related to Executive Compensation” provisions. Applicants to this funding opportunity are not required to provide this disclosure.

Memorandum of Understanding (MOU) (if applicable)

For each named partner, applicants should include a draft or signed Memorandum of Understanding (MOU) or a letter of intent that regarding the partner’s agreement to support the project through commitments of staff time, space, services, or other project needs. MOUs or letters of intent demonstrate the commitment of partner organizations to participate in the project. An MOU is a formalized commitment of staff and/or resources that is signed by authorized representatives of both partner organizations. A letter of intent indicates the organizations’ intention to partner, but the details of the commitment have not been fully worked out and officially agreed to.

A draft or signed MOU should include the following:

- Names of the organizations involved in the agreement.
- What service(s) and other work will be performed under the agreement by what organization.
- Whether, and if so, how the partnership helps to establish or enhance youth and family partnerships.
- Duration of the agreement.

Draft or signed MOUs should be submitted as one separate attachment to the application.

Unsigned draft MOUs may be submitted with the application, but the applicant should describe in a cover page to the attachment why it is unsigned.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Curriculum Vitae or Resumes: Provide resumes of key personnel who will work on the proposed project or a description of the experience and skills of key personnel necessary to implement the project.

Research and Evaluation Independence and Integrity Statement (if applicable): If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

Timeline: Provide a timeline listing key activities and milestones, and the quarters during which they will take place.

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities: JustGrants will prompt each applicant to indicate if it is required to complete and submit a lobbying disclosure under 31 U.S.C. § 1352.

The applicant is required by law to complete and submit a lobbying disclosure form (Standard Form/SF-LLL) if it has paid or will pay any person to lobby in connection with the award for which it is applying AND this application is for an award in excess of \$100,000. This disclosure requirement is not applicable to such payments by an Indian Tribe, Tribal organization, or any other Indian organization that are permitted by other federal law.

Lobbying means (for this requirement) influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress. See 31 U.S.C. 1352; 28 C.F.R. part 69. Note: Most applicants do not engage in activities that trigger this disclosure requirement.

An applicant that is not required by law (31 U.S.C. 1352) to complete and submit a lobbying disclosure should enter "No." By doing so, the applicant is affirmatively asserting (under applicable penalties) that it has nothing to disclose under 31 U.S.C. § 1352 with regard to the application for the award at issue.

Disclosure of Duplication in Cost Items: To ensure funding coordination across grantmaking agencies, and to avoid unnecessary or inappropriate duplication of grant funding, the applicant must disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds, for the same project and the same budget items included in this proposal. Complete the JustGrants Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances: Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

DOJ Certifications: Review the DOJ document [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Coordination with Affected Agencies](#). An applicant must review and sign the certification document in JustGrants. See the [Application Resource Guide](#) for more information.

Applicant Disclosure and Justification – DOJ High-Risk Grantees (if applicable): If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ high-risk recipient is an award recipient that has received a DOJ high-risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Submission Dates & Times

Refer to [Basic Information: Key Dates](#) for the submission dates and times.

Applicants should submit their applications as early as possible and recommended not later than 48 hours before the deadlines. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. Applicants will use the Certify and Submit feature in JustGrants to confirm that all required application components have been entered, which includes identifying the Authorized Representative for the applicant. Once the application is submitted, the Application Submitter, Authorized Representative, and Entity Administrator receive a confirmation email.

An applicant will receive emails after successfully submitting application components in Grants.gov and JustGrants and should retain all emails and other confirmations received from the SAM.gov, Grants.gov, and JustGrants systems.

Experiencing Technical Issues Preventing Submission of an Application (Technical Waivers)

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. OJP will only consider requests to submit an application via alternative methods or after the deadline when the applicant can document that there is a technical issue with a government system that was beyond their control and that prevents submission of the application via the standard process prior to the deadlines. Issues resulting from circumstances within the applicant's control, such as failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time, will not be considered.

Requests and documentation must be sent to the OJP Response Center at grants@ncjrs.gov. Applicants should follow these steps if they experience a technical issue:

- 1. Contact the relevant help desk to report the issue and receive a tracking number.**

See [Basic Information: Contact Information](#) for the phone numbers, email addresses, and operating hours of the SAM.gov, Grants.gov, and JustGrants help desks. Reports of technical issues to the help desk must occur **before** the application deadline.

If an applicant calls the help desk and experiences a long wait time, they can also email the help desk to obtain a tracking number. Tracking numbers are generated automatically when an applicant emails the applicable service desk; for this reason, long wait times for phone support do not relieve the applicant of the responsibility for getting a tracking number.

2. If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. The applicant's request will need to include:

- A description of the technical difficulties experienced (provide screenshots if applicable).
- A timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit, and date and time support representatives responded).
- An attachment of the complete grant application and all the required documentation and materials (this serves as a "manual" submission of the application).
- The applicant's unique entity identifier (UEI).
- Any SAM.gov, Grants.gov, and JustGrants Service Desk tracking/ticket numbers documenting the technical issue.

3. If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline. See step 2 for the list of information the applicant must provide as part of its request.

As a reminder: The waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information previously listed), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Technical Issues" section in the [Application Resource Guide](#).

APPLICATION REVIEW

Responsiveness (Basic Minimum Requirements) Review

OJP screens applications to ensure they meet the basic minimum requirements (BMR) prior to conducting the merit review. Following are the basic minimum requirements for this funding opportunity. If OJP determines that an application does not include these elements, it will not proceed to merit review and will not receive any further consideration.

- The application is submitted by an eligible applicant.
- The requested award amount does not exceed the award ceiling.
- The application is responsive to the scope of the NOFO.
- The following application elements are included:
 - SF-424 (Grants.gov)
 - Proposal Narrative (JustGrants)
 - Budget detail form, which includes the budget items, their calculations, and explanation (JustGrants)

Applicants whose application fails to meet the BMR are provided notice (including an appropriate point of contact for questions) within a few weeks after the submission due date.

Merit Review Criteria

Peer Review Criteria

Applications that meet the basic minimum requirements will be evaluated for technical merit by peer reviewers based on how the proposed project/program addresses the following criteria:

- **Statement of the Problem/Description of the Issue (20%):** What critical issue or problem the applicant is proposing to address with this project.
- **Project Goals and Objectives (35%):** How the proposed project will address the identified need and the purpose of the funding opportunity.
- **Project Design and Implementation (25%):** The strength of how the applicant will implement activities, including the soundness of the project design and how the activities align with the stated goals and objectives.
- **Capabilities and Competencies (10%):** The applicant's administrative and technical capacity to successfully complete this project.
- **Budget (10%):** Completeness and cost effectiveness.

Programmatic and Financial Review Criteria

After the peer review, applications undergo additional programmatic and financial reviews. OJP staff may reach out to applicants during the programmatic or financial review if a submitted form is incomplete or needs to be updated. Note that OJP staff are not authorized to provide information on peer review scores or comment on programmatic, risk, or budget/financial reviews while the merit review is in progress.

In addition to BMR and peer review criteria, other important considerations for OJP include geographic diversity (including, but not limited to, remote and geographically isolated communities, such as Alaska Native villages), strategic priorities (including, but not limited to, the priority areas already mentioned, if applicable), available funding, past performance, and the

extent to which the budget detail form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. If cost sharing/match is not required for this opportunity, applicants will not receive higher consideration by proposing a voluntary match contribution in their budget.

Risk Review

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to applicant risk. OJP assesses whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, including by (among other things) checking whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

Depending on the severity and nature of the risk factors, the risk assessment may result in the removal of an applicant from consideration or selection for award, or it may result in additional post-award conditions and oversight for an awarded applicant.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM.gov.

Important Note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Selection Process

All final award decisions will be made by the Assistant Attorney General, unless a statute explicitly authorizes award decisions by another official or there is written delegation of authority to another official. This official may consider not only peer review ratings and program office recommendations, but also other factors as indicated in the “Application Review” section to make final award decisions. For additional information on the application review process, see the [Application Resource Guide](#).

AWARD NOTICES

Federal Award Notices

Award notifications are usually sent by September 30 (the end of the current federal fiscal year). For successful applicants, JustGrants will send a system-generated email to the Application Submitter, Authorized Representative, and Entity Administrator with information on accessing their official award package in JustGrants. The award package will include key information (such as funding amount and period of performance) as well as award conditions that must be followed. The Authorized Representative for the entity should accept or decline the award within 45 days of the notification. See the [Application Resource Guide](#) for information on award notifications and instructions.

Applicants not selected for award will receive notification after all award recipients have been notified. OJP also provides unsuccessful applicants with a summary of peer reviewer comments.

Future Funding Opportunities

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. When making continuation award decisions, OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the progress of the work funded under the award.

Applications submitted under this FY 2025 funding opportunity may be funded in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

POST-AWARD REQUIREMENTS AND ADMINISTRATION

Reporting

All award recipients under this funding opportunity will be required to submit the following reports and data:

- Quarterly financial reports.
- Semi-annual performance reports.
- Final financial and performance reports.
- If applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions.

See the [Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data and the method for submitting reports in OJP's online systems. Future awards and fund drawdowns may be withheld if reports are delinquent, and in appropriate cases, OJP may require additional reports.

Performance Measure Reporting

Award recipients are required to submit performance measure data and performance reports in JustGrants on a semi-annual basis. Applicants selected for an award will receive further guidance on post-award reporting processes.

Program- and Award-Specific Award Conditions

OJP includes various conditions on its awards. These may include program-specific conditions, which typically apply to all recipients of a funding opportunity, and award-specific conditions, which are included to address recipient-specific issues (e.g., programmatic or financial risk). Recipients may view all conditions, and actions required to satisfy those conditions, in the award package in JustGrants.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit the award recipient from discriminating on the basis of race, color, national origin, sex, religion, or disability in how it delivers its program's services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include, but are not limited to, Title VI of the Civil Rights Act of 1964, the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968, and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail on OJP's [Legal Overview—FY 2025 Awards](#) webpage under the “Civil Rights Requirements” section. Additional resources are available from the [OJP Office for Civil Rights](#).

Complying with civil rights laws that prohibit national origin discrimination includes the requirement that recipients and subrecipients take reasonable steps to ensure that people with limited English proficiency (LEP) have meaningful access to a recipient's programs and activities. An individual with LEP is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. DOJ offers resources to help recipients meet this requirement, including [Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons](#); a [language access assessment and planning tool](#) with [commonly asked questions](#); and additional resources on [the Office of Justice Programs' Office for Civil Rights website](#).

Faith-based organizations may apply for this award on the same basis as any other organization subject to the protections and requirements of 28 C.F.R. Part 38 and any applicable constitutional and statutory requirements, including 42 U.S.C. 2000bb et seq. The Department of Justice will not, in the selection of recipients, discriminate for or against an organization on the basis of the organization's religious character, motives, or affiliation, or lack thereof, or on the basis of conduct that would not be considered grounds to favor or disfavor a similarly situated secular organization. A faith-based organization that participates in this funded program will retain its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law. An organization may not use direct Federal financial assistance from the Department of Justice to support or engage in any explicitly religious activities except when consistent with the Establishment Clause of the First Amendment and any other applicable requirements. An organization receiving Federal financial assistance also may not, in providing services funded by the Department of Justice, or in their outreach activities related to such services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this NOFO may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

Other Reporting Requirements

Applicants and recipients are required to notify OJP if you know that you or any of your organization's principals for the award transaction are presently excluded or disqualified (*i.e.*, debarred or suspended) or otherwise meet any of the criteria in 2 C.F.R. 180.335. Recipients must comply with requirements in 2 C.F.R. Part 180, as implemented by DOJ in 2 C.F.R. Part 2867, which, among other things, require recipients to check certain information sources and, in some cases, notify the federal awarding agency prior to the agency awarding federal funds via contracts or subawards.

If a recipient's award includes a federal share of more than \$500,000 over the period of performance of the award, then the award (per 2 C.F.R. 200.113) will include a condition that may require the recipient to report and maintain certain information (relating to certain criminal, civil, and administrative proceedings) in SAM.gov. See <https://www.ojp.gov/funding/explore/legaloverview2025/otherrequirements> for more information.

OTHER INFORMATION

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this NOFO. For additional information on what should be included in the application, see the [Application Resource Guide](#) section “Information Regarding Potential Evaluation of Programs and Activities.”

Freedom of Information and Privacy Act

See the [Application Resource Guide](#) for important information on the Freedom of Information and Privacy Act (5 U.S.C. §§ 552 and 552a).

Applicants are advised not to include any unnecessary personally identifiable information, sensitive law enforcement information, or confidential financial information with the application.

Provide Feedback to OJP

See the [Application Resource Guide](#) for information on how to provide feedback to OJP.

APPLICATION CHECKLIST

OJJDP FY25 – Building Local Continuums of Care To Support Youth Success

This application checklist has been created as an aid in developing an application. For more information, reference the “[OJP Application Submission Steps](#)” in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

SAM.gov Registration/Renewal

- Confirm that your entity’s registration in the System for Award Management (SAM.gov) is active through the NOFO period. Submit a new or renewal registration in SAM.gov if needed (see [Application Resource Guide](#)).

Grants.gov Registration

- Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password (see [Application Resource Guide](#)).
- Acquire AOR confirmation from the E-Business Point of Contact (E-Biz POC) (see [Application Resource Guide](#)).

Grants.gov Opportunity Search

- Search for the funding opportunity in Grants.gov using the opportunity number, assistance listing number, or keyword(s).
- Select the correct Competition ID.
- Access the funding opportunity and application package (see Step 7 under “[OJP Application Submission Steps](#)” in the [Application Resource Guide](#)).
- Sign up for Grants.gov email notifications (optional) (see [Application Resource Guide](#)).

Funding Opportunity Review and Project Planning

- Review all sections of the NOFO.
- Confirm your entity is eligible to receive funding (see [Eligibility: Eligible Applicants](#)).
- Confirm your proposed budget is within the allowable limits (see [Basic Information: Funding Details](#)), includes only allowable costs (see [Application Contents, Submission Requirements, and Deadlines: Budget Detail Form](#)), and includes cost sharing if applicable (see [Program Description: Cost Sharing/Match Requirements](#)).
- Review the performance measures for this funding opportunity and confirm you will be prepared to collect and report on these data (see [Program Description: Performance Measures](#)).
- Review the “[Legal Overview—FY 2025 Awards](#)” in the [OJP Funding Resource Center](#) and confirm you are prepared to follow the requirements.
- Read OJP policy and guidance on conference approval, planning, and reporting under “Listing of Costs Requiring Prior Approval” in the [DOJ Grants Financial Guide](#) or see the [Application Resource Guide](#).

Submission Step 1: Grants.gov

After registering with SAM.gov, submit the SF-424 in Grants.gov.

- Complete and submit the SF-424 by the deadline.

- Confirm Section 8F of the SF-424 lists the name and contact information of the individual **who will complete the application in JustGrants.**
- Confirm that, within 48 hours of your submission in Grants.gov, you receive four Grants.gov email notifications:
 - A submission receipt
 - A validation receipt
 - A grantor agency retrieval receipt
 - An agency tracking number assignment
- If no Grants.gov receipt and validation email are received, or if error notifications are received, contact the Grants.gov Customer Support Hotline at 800–518–4726, 606–545–5035, or support@grants.gov regarding technical difficulties (see the [Application Resource Guide](#) section on “[Experiencing Unforeseen Technical Issues](#)”).
- Confirm that, within 24 hours after receipt of confirmation emails from Grants.gov, the individual listed in Section 8F of the SF-424 receives an email from JustGrants with login instructions.

Submission Step 2: JustGrants

- Complete the following information:
 - Entity and User Verification (first-time applicants)
 - Standard Applicant Information
 - Proposal Abstract
 - Financial Management and System of Internal Controls Questionnaire (see [Application Resource Guide](#))
- Upload the Proposal Narrative.*
- Complete the budget detail form.*
- Upload other budget/financial attachments, as applicable.
- Upload additional application components, as applicable.
- Complete the required disclosures and assurances:
 - Disclosure of Lobbying Activities and submission of SF-LLL, if prompted by the system
 - Disclosure of Duplication in Cost Items
 - DOJ Certified Standard Assurances
 - Applicant Disclosure and Justification – DOJ High-Risk Grantees
- Complete the required DOJ Certification on Lobbying; Debarment, Suspension, and Other Responsibility Matters; Drug-Free Workplace Requirements; Coordination With Affected Agencies.

****Note: Items designated with an asterisk must be submitted for an application to meet the basic minimum requirements review. If OJP determines that an application does not include the designated items, it will neither proceed to peer review nor receive further consideration.***

JustGrants Review, Certification, and Application Submission

- Address any validation errors displayed on screen after attempted submission, then return to the “Certify and Submit” screen to submit the application.
- Note the confirmation message at the top of the page. Users will also receive a notification in the “bell” alerts confirming submission.

- If no JustGrants application submission confirmation email and validation are received, or if an error notification is received, contact the JustGrants Service Desk at 833–872–5175 or JustGrants.Support@usdoj.gov regarding technical difficulties. See the [Application Resource Guide](#) for additional information.
