**Additional
Information on
Eligibility:**

Individuals and for-profit organizations are ineligible to apply for awards under this NOFO. This program NOFO does not support entities hiring interns or crews under the Public Lands Corps Act of 1993. The Public Lands Corps Act of 1993, 16 USC, Chapter 37, Subchapter II-Public Lands Corps, is the only legislative authority that allows BLM to "hire" interns under this authority. Therefore, eligible Youth Conservation Corps may only apply for projects developed under NOFO 15.243 – BLM Youth Conservation Opportunities on Public Lands. CESUs are partnerships with a purpose to promote, conduct, and provide research, studies, assessments, monitoring, technical assistance, and educational services. If a cooperative agreement is awarded to a CESU partner under a formally negotiated Master CESU agreement which is consistent with the CESU purpose, indirect costs are limited to a rate of no-more-than 17.5 percent of the indirect cost base recognized in the partner's Federal Agency-approved Negotiated Indirect Cost Rate Agreement (NICRA). Applicant's should specify if their proposal furthers the purpose of the CESU program, and if so which CESU Network should be considered as host.

Additional Information

Agency Name: Bureau of Land Management

Description: The Rangeland Management program conducts inventories, assessments and evaluations of soil and vegetation conditions and land health. Monitoring data is collected and analyzed to ensure progress toward meeting land health standards. Funded projects under this program will focus on high priority work effecting the program nationally by crossing state boundaries, such as, activities that support maintaining or achieving land health and productivity, increasing soil carbon sequestration, and creating resilient landscapes to benefit current and future generations. These activities could include, but are not limited to, such things as: Facilitating the restoration of rangelands. Soils mapping and development of ecological site descriptions. Engagement of community members and other stakeholders, through mentoring, training, and educational programs.
