Before you begin

If you believe you are a good candidate for this funding opportunity, secure your [SAM.gov](#) and [Grants.gov](#) registrations now. If you are already registered, make sure your registrations are active and up-to-date.

SAM.gov registration (this can take several weeks)

You must have an active account with SAM.gov. This includes having a Unique Entity Identifier (UEI).

[See Step 2: Get Ready to Apply](#)

Grants.gov registration (this can take several days)

You must have an active Grants.gov registration. Doing so requires a Login.gov registration as well.

[See Step 2: Get Ready to Apply](#)

Apply by the application due date

Applications are due by 11:59 p.m. Eastern Time on July 22, 2025.

To help you find what you need, this NOFO uses internal links. In Adobe Reader, you can go back to where you were by pressing Alt + Left Arrow (Windows) or Command + Left Arrow (Mac) on your keyboard.

Step 1:

Review the Opportunity

In this step

Basic information	<u>5</u>
Eligibility	<u>6</u>
Program description	<u>10</u>

Basic information

Administration for Children and Families (ACF)

Administration for Native Americans (ANA)

Supporting social and economic development for Native American communities.

Summary

The Social and Economic Development Strategies (SEDS) program promotes the social and economic self-sufficiency of American Indians, Alaska Natives, Native Hawaiians, and Native American Pacific Islanders from American Samoa, Guam, and the Commonwealth of the Northern Mariana Islands. The Administration for Native Americans (ANA) provides project-specific funding and not ongoing program funding. Our focus is funding community-driven projects to:

- Grow local economies.
- Support community-based businesses.
- Strengthen Native American families.
- Preserve Native American cultures.
- Increase social development and infrastructure in Native American communities.

Funding details

Type: Grant

Expected total program funding: \$18,000,000

Total expected awards: 20

Minimum award amount (award floor): \$100,000

Maximum award amount is dependent on the project and budget period:

- 12-month project has a \$300,000 ceiling.
- 24-month project has a \$600,000 ceiling.
- 36-month project has a \$900,000 ceiling.

This is full funding. Project and budget periods can be 12 months, 24 months, or 36 months. ANA will award all federal funds at the start of the project period.

Awards made under this NOFO are subject to federal funds availability.

Have questions?
See [Contacts and Support](#).

Key facts

Opportunity name: Social and Economic Development Strategies (SEDS)

Opportunity number: HHS-2025-ACF-ANA-NA-0114

Announcement type: Initial

Federal assistance listing: 93.612

Statutory authority number: Section 803(a) of the [Native American Programs Act of 1974 \(NAPA\)](#), [42 U.S.C. 2991b](#).

Key dates

Application submission deadline: July 22, 2025

Expected project start date: September 30, 2025

See [other submissions](#) for other time frames that may apply to this Notice of Funding Opportunity (NOFO).

Eligibility

Eligible applicants

These types of organizations may apply based on [42 U.S.C. 2991b](#):

- Federally recognized Indian tribes, as recognized by the Bureau of Indian Affairs (BIA).
- Incorporated non-federally recognized tribes.
- Incorporated state-recognized Indian tribes.
- Consortia of Indian tribes.
- Incorporated, nonprofit multipurpose, community-based Indian organizations (including Urban Indian Organizations as defined by [25 U.S.C. 1603\(29\)](#)).
- Urban Indian Centers.
- Native Community Development Financial Institutions (Native CDFIs).
- Alaska Native villages as defined in the Alaska Native Claims Settlement Act (ANCSA) and/or nonprofit village consortia.
- Nonprofit Native organizations in Alaska with village-specific projects.
- Incorporated nonprofit Alaska Native multipurpose, community-based organizations.
- Nonprofit Alaska Native Regional Corporations/Associations in Alaska with village-specific projects.
- Nonprofit Alaska Native community entities or tribal governing bodies (Indian Reorganization Act or Traditional Councils) as recognized by the BIA.
- Public and nonprofit private agencies serving Native Hawaiians.
- National or regional incorporated nonprofit Native American organizations with Native American community-specific objectives.
- Public and nonprofit private agencies serving Native peoples from Guam, American Samoa, or the Commonwealth of the Northern Mariana Islands.
- Tribal Colleges and Universities; and colleges and universities located in Hawaii, Guam, American Samoa, or the Commonwealth of the Northern Mariana Islands that serve Native American Pacific Islanders.

Individuals, including sole proprietorships, and foreign entities are not eligible.

Other eligibility criteria

Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity.

Assurance of community representation on board of directors

If you are not a federally or state-recognized tribe, Alaska Native village government, or public government agency in the U.S. territories, then you must provide documentation that a majority of your board members are representative of the Native American communities that ANA serves.

For more information about this documentation, see the [attachments](#) section.

If you do not include this documentation, your application will be disqualified and your application will not be considered for competition.

Only one active award per assistance listing

To be eligible to receive funding under this NOFO, you can't have a current active ANA award under the Assistance Listing Number 93.612.

Organizations with an ANA award that will continue beyond the start date of a possible new award and has the same Assistance Listing number as this NOFO are ineligible to apply for a new award and will be disqualified.

This disqualification factor does not impact organizations that have an ANA award under a different Assistance Listing number.

Disqualification factors

We will review your application to make sure it meets these responsiveness requirements.

We won't consider an application that:

- Requests funding above the [award ceiling](#).
- Is submitted after the [deadline](#).
- Is from an individual, including a sole proprietorship, or a foreign entity.
- Is received in paper format that didn't have a previously approved exemption from ACF.
- Is from an applicant organization that has an active ANA award with the same Assistance Listing number as this NOFO that will go beyond the start date of a possible new award.
- Is from an applicant organization that fails to meet or document the assurance of community representation on their board of directors.

Application limits

If you submit the same application more than once under this notice of funding opportunity (NOFO), we will only acknowledge the last on-time submission.

Cost sharing

This program requires you to contribute 20% of the project's total cost per [42 U.S.C. 2991b\(c\)](#)

You can calculate this cost-sharing requirement in one of two ways:

Method 1: Start with the federal share

Calculation: Multiply the federal share (in dollars) by 20 and divide that product by 80

For example: Multiply \$ 100,000 by 20 and divide that product by 80. This equals a match of \$ 25,000.

Method 2: Start with the total project cost

Calculation: Multiply the total project costs by 20%.

For example: Multiply \$125,000 by 20%. This equals a match of \$25,000.

Types of cost sharing

You can meet your match requirement through any combination of:

- Cash contributed by your organization.
- Cash contributed by partners or other third parties.
- In-kind (non-cash) contributions from third parties.

Please view ANA's [applicant resource page](#) for additional ways to meet your cost sharing requirements.

Cost-sharing commitments

You must follow through on your promise of cost-sharing funds, even if you promise more than the required minimum. We put these commitments in the [Notice of Award](#).

You'll have to include your funds when you fill out your federal financial reports.

If you don't provide your promised amount, we may have to decrease your award amount or use other enforcement actions.

Cost-sharing waiver

We waive cost sharing up to \$199,999 for awards to the governments of American Samoa, Guam, the Virgin Islands, and the Northern Mariana Islands (except for the consolidated awards under [45 CFR Part 97](#)). You must meet any amount of cost sharing over \$199,999. See [48 U.S.C. 1469a\(d\) Congressional declaration of policy respecting "Insular Areas."](#)

Other applicants may request a waiver of the requirement for a 20% cost-sharing match if they meet the criteria. Submit the waiver request with your application as an attachment. See [cost-sharing waiver request](#).

We will consider a waiver only if you meet the requirements in 45 CFR 1336.50(b)(3). A waiver is not guaranteed.

Program description

Statutory authority

This program is authorized under section 803(a) of the [Native American Programs Act of 1974 \(NAPA\)](#).

Overview

The goal of the SEDS program is to support projects that focus on one or more of the following three interrelated concepts, which form a foundation for self-sufficiency for Native American communities:

- **Social development:** To support local access to, control of, and coordination with, programs and services that safeguard the health, well-being, and culture of Native peoples.
- **Economic development:** To foster the development of stable, diversified local economies and economic activities that provide jobs and opportunities in Native American communities.
- **Governance:** To help tribes and Alaska Native Village governments build capacity that results in local control of their resources.

SEDS projects must be community based and include specific outcomes that directly help Native Americans define and achieve their own economic and social goals or exercise local control and decision-making.

You can find a list of our currently funded projects on [ANA's recipient website](#), but this list is only a limited selection of the kinds of projects we are interested in funding. Successful applications vary widely. As you consider whether your project may be a good fit for this opportunity, we encourage you to interpret our program's goals broadly. To learn more about the program areas of interest for this NOFO, see [ANA's Program Areas page](#).

Program-specific terms and concepts in this NOFO can be found on [ANA's applicant resource page](#).

Legislative priority areas

In accordance with [42 U.S.C. 2991b\(b\)\(2\). Establishment of Administration for Native Americans](#), we will prioritize funding for applications seeking assistance to develop:

- A tribal code or courts system for purposes of economic development, including commercial codes, training for court personnel, and the development of nonprofit subsidiaries or other tribal business structures.
- A Native community development financial institution, including training and administrative expenses.
- A tribal master plan for community and economic development and infrastructure.

Federal evaluation

Under section [811 of NAPA](#), ANA must provide an evaluation of funded projects, including evaluations that describe and measure their success, their effectiveness in achieving stated goals, and their structure and mechanism for delivery of services. We will complete this evaluation in a manner that is respectful of cultural protocols and community-based evaluation, using participant observations and interviews.

As much as possible, the evaluation will include community interviews with project staff and beneficiaries, and review of documentation including, but not limited to, the Ongoing Progress Reports (OPR), which is approved under Office of Management and Budget (OMB) control number 0970-0452 (expiration date February 28, 2028). You must agree to participate fully in the federal evaluation and to follow evaluation protocols we establish.

Federal project evaluations are completed during end-of-project site visits from ANA, when evaluators use a structured information collection tool approved under OMB control number 0970-0379 (expiration date February 28, 2028). The site visits include first-hand accounts of project outcomes and community benefits as well as reviews of information provided through the recipient's initial application and OPRs to evaluate the progress toward achieving the project's goal and objectives by project staff throughout the project period.

Required attendance at events

You must have the project director and a financial management staff person working on the project attend post-award training during the first year of your award.

At least two project staff must attend an annual ANA recipient meeting during each year of your ANA award. You must budget for all expenses associated with this required attendance.

An example of a budget for training/meetings can be found on [ANA's Applicant Resource page](#).

Funding policies and limitations

General policies

- We will only make awards if this program receives funding. If Congress appropriates funds for this purpose, we will move forward with the review and award process.
- For guidance on some types of costs that we restrict or do not allow, see General Provisions for Selected Items of Costs of the Uniform Guidance, [45 CFR part 75](#) (or, starting October 1, 2025, [2 CFR part 200](#)).

Program-specific limitations and policies

We do not allow the following costs under this notice of funding opportunity (NOFO):

- Construction.
- Purchase of real property.
- Major renovation.
- Additionally, [45 CFR 1336.33\(b\)](#) has the effect of making the following projects ineligible for funding under this NOFO:
 - Providing third-party training and technical assistance to other tribes or Native American organizations or to people who are not members of the recipient organization.
 - Feasibility studies, business plans, marketing plans, or written materials such as manuals that are not an essential part of the applicant's long-range development plan.
 - Ongoing administrative functions that are not related to the proposed project.
 - Ongoing service delivery programs or the expansion, or continuation, of existing social service delivery programs.
 - Projects that do not further the three interrelated ANA goals of economic development, social development, and cultural preservation.
 - Projects from consortia of tribes that do not include documentation from each participating consortium member specifying their role and support.
 - Projects from consortia must have goals and objectives that will encompass the participating communities. ANA will not fund projects by a consortium of tribes that duplicate activities for which participating member tribes also receive funding from ANA.

See [45 CFR 75.420 – 75.475](#) for information on costs that are always unallowable or have restrictions.

Indirect costs

Indirect costs are costs you charge across more than one project and cannot be easily separated by project.

To charge indirect costs you can select one of two methods:

Method 1—Approved rate. You currently have an indirect cost rate approved by your cognizant federal agency.

Method 2—*De minimis* rate. Per [2 CFR 200.414\(f\)](#), if you **do not** have a current federal negotiated indirect cost rate (including a provisional rate), you may elect to charge a *de minimis* rate. If you choose this method, costs included in the indirect cost pool must not be charged as direct costs.

This rate is 15% of modified total direct costs (MTDC). See [2 CFR 200.1](#) for the definition of MTDC. You can use this rate indefinitely.

Subawards

As the prime recipient, you must maintain a substantive role in the project. We define a substantive role as conducting funded activities and providing services that are necessary and integral to completing the project. Monitoring your subrecipient's activities alone as described in [45 CFR 75.352](#) (or, starting October 1, 2025, [2 CFR 200.332](#)) is not a substantive role.

We do not fund awards where your role primarily serves as a conduit for passing funds to other organizations unless that arrangement is authorized by statute.

If they do not have one, all subrecipients must obtain a Unique Entity Identifier (UEI) through the System for Award Management (SAM.gov).

Subrecipients must meet the [eligibility requirements](#) of this NOFO.

Salary rate limitation

The salary rate limitation in the current appropriations act applies to this program. You may not use awarded funds to pay a salary at a higher rate than the rate for Executive Level II. For the Executive Level II salary, please see [guidance from the Office of Personnel Management on executive and senior level employee pay](#).

The salary limitation reflects a person's base salary (including any portion of the salary that is paid for with indirect costs). It does not include fringe benefits or any income the person is allowed to earn outside of the duties of the applicant organization. This salary limitation also applies to subawards, contracts, and subcontracts under an ACF grant or cooperative agreement.

Program income

Program income is money earned as a result of your award-supported project activities. You must use any program income you generate from awarded funds for approved project-related activities. Find more about program income at [45 CFR 75.307](#) (or, starting October 1, 2025, [2 CFR 200.307](#)).

Step 2:

Get Ready to Apply

In this step

Get registered	<u>16</u>
Find the application package	<u>16</u>
Learn more	<u>17</u>

Get registered

SAM.gov

You must have an active account with SAM.gov. This includes having a Unique Entity Identifier. SAM.gov registration can take several weeks. Begin that process today.

To register, go to [SAM.gov Entity Registration](#) and select Get Started. From the same page, you can also select the Entity Registration Checklist for the information you will need to register.

When you register or update your SAM.gov registration, you must agree to the [financial assistance general certifications and representations](#). You must agree to those for financial assistance specifically, as opposed to contracts, because the two sets of agreements are different. You will have to maintain your registration throughout the life of any award.

Grants.gov

You must also have an active account with [Grants.gov](#). You can see step-by-step instructions at the Grants.gov [Quick Start Guide for Applicants](#).

Need help? See [Contacts and Support](#).

Find the application package

The application package has all the forms you need to apply. You can find it online. Go to [Grants Search at Grants.gov](#) and search for opportunity number HHS-2025-ACF-ANA-NA-0114. Then select the Package tab.

After you select the opportunity, we recommend that you select the Subscribe button to get updates.

If you can't use Grants.gov to download application materials, you may request them from the [grants management contact](#).

If you are also unable to apply through Grants.gov, see the section on [exemptions for paper submissions](#).

Learn more

Visit [Applying for an ACF Grant Award](#) on the ACF Grants page.

Step 3:

Prepare Your Application

In this step

Application contents and format

19

Application contents and format

Application components

You will submit all application components, including [attachments](#) the standard forms in the application package.

See requirements for [other submissions](#).

Your organization's authorized official must certify your application.

Standard forms

The Grants.gov application package for this NOFO includes forms beyond those required for file one.

See the list of [standard forms](#).

Required format

Page limit for the application is: 100 pages. We have clearly marked in the [application checklist](#) all components that are not included in this page limit.

File format: Portable Document Format (PDF) is recommended, but not required. ACF supports the following file formats when you attach files to the Project Narrative Attachment form and the Other Attachments form:

Accepted file formats

- Adobe PDF (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Image formats (.JPG, .GIF, .TIFF, or .BMP only)

Document formats

Paper size: 8 ½ inches x 11 inches

Margins: 1 inch all around

Language: English

If possible, include page numbers.

Do not include external links to information you want reviewers to assess because reviewers will score the application solely on information provided in the application.

Fonts

Font: Times New Roman

Color: Black

Size: 12-point font

Footnotes and text in tables and graphics may be 10-point.

Spacing

Table of contents: Must be single-spaced

Project summary: Must be single-spaced

Project narrative: Must be double-spaced

Line-item budget and budget narrative: Can be single-spaced

Attachments: Can be single-spaced

Tables and footnotes throughout: Can be single-spaced

See [disqualification factors](#) to understand what may disqualify your application from consideration.

Table of contents

At the beginning of your application, include a table of contents that guides a reader through the contents of your application.

Project summary

Provide a one-page summary of the project description. Do not cross-reference to other parts of your application. The summary must include:

- At the top, the project title, applicant name, address, phone numbers, email addresses, and any website URL.
- A brief description of the project, including the needs and population you will address, and your proposed services.

Project narrative

The project narrative is where you address all your proposed activities. It is a critical section of your application, which we evaluate using [merit review criteria](#) and rank based on application scores. Remember that substance and measurable outcomes are

more important than length. We are particularly interested in project narratives that convey strategies for achieving intended performance.

In it, you must:

- Explain how the project will meet the purpose of the NOFO, as described in [the program description section](#).
- Make sure your narrative is clear, concise, and complete.
- Use cross-referencing rather than repetition.
- Be sure to include any required supporting documents noted. You generally provide these in your [attachments](#).
- Use the headings and order of the sections that follow.

Geographic location

Provide the precise physical location of your project and boundaries of the area you will serve. If you will include any subrecipients in your project that will serve the geographic areas, include their locations as well.

Past ANA project performance

ANA provides project-specific funding and not ongoing program funding. If you are proposing a project that is similar, in whole or in part, to previously funded activities, please provide a detailed description of what the earlier project achieved. Additionally, provide explicit details and an explanation of how the proposed project is different and not a duplicate of the previously funded project.

Current community condition

Identify **one** current community condition the proposed project will address. While ANA understands that communities face many conditions at the same time, you should identify only **one** current community condition statement that the proposed project will address.

Include recent qualitative or quantitative data to describe the status of the current community condition and its relevance to your proposed project. Examples of kinds of data you might use include unemployment rates, language proficiency levels, health disparity rates, and water or soil contamination levels. Use local data when available.

An example of a current community condition is: “Currently, the community imports 95% of its produce.”

Project goal

In a single sentence, state a project goal that will be achieved by the end of the project. The project goal should describe an improvement to the current community condition.

Additionally, describe how the project goal is relevant to this opportunity and explain how the project goal is achievable by the end of the project period.

An example of a project goal is: “Reduce produce imports by 30% through the development of a garden that is affordable and accessible by community members year-round.”

Objectives

State your main objectives and any sub-objectives. Address how the objectives stated relate to the overall purpose of this program and describe how you will achieve the objectives.

- Describe the results your project will achieve and how it will achieve them.
- Identify up to three objectives for the entire project period.

Well-written objectives help set program priorities and targets for progress and accountability. We recommend that you avoid verbs that may have vague meanings to describe the intended outcomes, like “understand” or “know,” because it may prove difficult to measure them. Instead, write objectives that document action, such as: “By the end of 2027, there will be a 30% reduction in imported produce as a result of the crops yielded by the garden.”

Each objective can include:

- A timeline describing when the objective will be completed. This should be expressed in project years. For example: “by the end of 2027.”
- A description of what will be completed through the objective. For example: “More crops will be locally grown.”
- A measure of the amount of change expected by the end of the project. For example: “30% reduction in imported produce.”

You can find an example of how to write an objective on [ANA’s applicant resource page](#).

Project implementation plan

Tell us the story of who you are and what you want to accomplish with your project, including the following:

- What your timeline will be.
- How will you achieve your goals and objectives.

- Who will be involved.
- What resources you will need to be successful.

Describe your plan to implement the project. Describe the scope of your proposed project and explain in detail how you will accomplish it. Account for all functions or activities you identify in your application.

Discuss all the steps that must be taken in order to implement each objective and to achieve the expected outcomes. You will also submit your plan using the [objective work plan](#) form.

Present this plan in a narrative that provides more information on the objectives, activities, and outputs in the objective work plan (OWP). Outputs are the direct, tangible results of activities. This is often expressed as a target number of activities completed or people served. Include all necessary steps and realistic timeframes to achieve each objective. Do not copy the OWP directly into the narrative to complete this section.

If a license or permit is needed for any of the activities in your proposed project, describe how and when you will get it.

Explain potential obstacles, barriers, or challenges that could delay the project or keep you from accomplishing the project goals. Identify strategies you will use to address them. Challenges you might address include partnerships falling through, weather, and low participant recruitment.

Explain how you will make sure that the positive changes achieved by the project will be sustained beyond the end of the project. These can include resources, staff, or partners that are needed to sustain positive changes from the project.

Community-based strategy

Community involvement in project design and implementation is one of the key factors in determining if a project will be successful.

- Describe your experience working on projects within the community.
- Describe the community's participation and engagement in past projects.

Describe how the community was involved in identifying the need for the project and how their feedback was incorporated into the project design. Explain who or what members of the community, including the tribal council or board, were involved to identify the need for the project.

You can also include optional supporting documentation such as stakeholder meeting agendas, sign-in sheets, surveys, and focus group notes. If you include this documentation, submit it in the [attachments](#) section.

Population to be served

Describe the participants or beneficiaries who will take part in the project's activities. Explain how they will benefit from participating.

- Identify how participants will be recruited for the project, including any outreach activities related to recruitment, if applicable.
- Identify outreach activities that will be used to maintain community awareness, involvement, and participation in the project. Examples of outreach activities include community meetings, news media, social media, events, and publications.

Expected outcomes

Identify the outcomes you plan to achieve from the project. Outcomes should relate to the overall program as described in the [program description section](#). If research is part of the proposed work, outcomes must include hypothesized results and implications of the proposed research.

Outcomes are a measurable change that will result from achievement of the implementation plan. Outcomes can include, but are not limited to, increases in capacity and changes in knowledge, awareness, attitudes, skills, or behaviors. Outcomes can be the same or different for each objective.

- Identify an outcome for each objective.
- Show clear connections between the outcomes, the current community condition, project goal, and objectives.

An example outcome is: "Community members will have increased access to fresh locally grown produce."

Objective work plan (OWP)

You must submit an objective work plan (OWP). Please refer to [standard forms](#) for the OWP form that you must use.

The OWP is a blueprint for achieving project objectives. It arranges major steps based on the implementation plan and includes details like:

- **Key activities:** The "how" of the project.
- **Timeframes:** "When" these activities should be accomplished.
- **Responsible staff:** "Who" will carry out each activity.
- **Outcomes:** Outcomes describe the most significant change the objective will produce. Include the primary outcome for each objective as stated in the project narrative.
- **Outputs:** Outputs are the direct, tangible results of activities. This is often expressed as a target number of activities completed or people served. The

outputs are logical results of the successful completion of activities within the proposed timeframe.

The OWP should be a work plan for each objective and each year.

- The OWP should have no more than three objectives, as stated in the project narrative.
- The OWP should include all activities needed to successfully achieve each objective. Each objective can have up to 25 activities per year. The project year for this NOFO begins September 30 and ends September 29 for each year of the project.
- If an objective spans more than one year, the OWP should provide details about which activities will occur in each year.
- We strongly encourage you to review the OWP form and instructions available at [Grants.gov](https://www.grants.gov).

Organizational capacity

Provide the following information for your full project team, including the applicant organization and any cooperating partners, contractors, and subrecipients:

Data Management Plan

Describe a data management plan that you will use to collect information that can improve the project over time. This plan must include:

- A description of which staff will be responsible for data collection, tracking, and reporting.
- How you will monitor ongoing activities to measure progress toward the project's objectives.
- The data collection tools and processes that will measure each objective.
- Examples of tools include Excel spreadsheets, logic models, surveys, assessments, participant observations or interviews, and outcome trackers.
- If data collection tools need to be developed, explain how you will develop them.
- A timeline for how you will review and use data collected to make adjustments to the project.

Staffing plan

You should provide your staffing plan in a narrative format or by attaching project-specific job descriptions.

- Identify all staff, partners, and consultants (filled and unfilled) supporting the project. Each person's role and responsibilities should be explained. If known, please include the names of staff members who will fill key roles.

- Explain recruitment and hiring process for positions (staff, partners, and consultants) that need to be filled.
- Identify the principal investigator/project director (PI/PD) and authorized organizational representative (AOR) for the project ([see definitions in the application toolkit](#)). The AOR and PI/PD cannot be the same person, and the separation of these duties must be identified.
 - PI/PD responsibilities include monitoring progress and maintaining oversight of program reporting, staff, and partners.
 - AOR will have official signing responsibility for the award.
 - If a permanent PI/PD or AOR is unknown, identify who will take on the role until the position is filled and provide a timeline for filling the role with permanent personnel.
- Describe how the project will continue if positions become vacant at any time during the project period.

Partnerships and consultants

- Identify each partner, consultant, or subrecipient and explain how they will support project activities. Include scopes of work, MOUs, or letters of commitment. If the project does not plan on including these entities then please indicate so by stating: “Our project will not include the support of partners, consultants, or subrecipients.”
- Describe plans to finalize partnerships agreements if not completed and contingency plans for partnerships or consultant agreements if they fall through.
- Identify processes for communicating with partners or consultants and explain how agreements will be managed and maintained.

Oversight plan

Recipients are required to ensure proper oversight in accordance with [45 CFR part 75, subpart D](#) (or, starting October 1, 2025, [2 CFR part 200](#)). Oversight is the process by which an entity’s senior management ensures projects are performed in compliance with award requirements.

Provide a plan for oversight that:

- Describes key oversight staff who will be responsible for overseeing project staff and, if applicable, partners, consultants, or subrecipients.
- Describes key oversight staff who will be responsible for complying with applicable tribal policies and procedures, as well as state and federal laws and regulations. These responsibilities will include drawing down funds and ensuring internal controls are in place when authorizing expenditures. There should be a clear separation of duties between the financial staff and the program staff.

- Identifies systems for record-keeping, financial management, and reporting to oversight bodies.
- Explains procedures to avoid conflicts of interest.
- You will provide some supporting information in the [attachments](#) section.

Protection of sensitive or confidential information

Describe how you will collect and safeguard protected personally identifiable information and other information that is considered sensitive. Make sure your approach is consistent with applicable federal, state, local, and tribal laws regarding privacy and obligations of confidentiality. Provide:

- The methods and systems you will use to ensure that you properly handle confidential and sensitive information including any subrecipients and/or contractors.
- A plan for the disposition of such information at the end of the period of performance.

For more information, see [45 CFR 75.303\(e\)](#) (or, starting October 1, 2025, [2 CFR 200.303\(e\)](#)).

Line-item budget and budget narrative

The line-item budget and budget justification support the information you provide in the Budget Information Standard Form SF-424A.

HHS now uses the definitions for [equipment](#) and [supplies](#) in 2 CFR 200.1. The new definitions change the threshold for equipment to the lesser of the recipient's capitalization level or \$10,000 and the threshold for supplies to below that amount.

Justify the costs you ask for and provide detail, including calculations for the “object class categories” in the Budget Information Standard Form. You will provide this information for each period of performance. See information on [funding periods](#).

As you develop your budget, consider:

- If the costs are necessary, reasonable, allocable, and consistent with your project's purpose and activities.
- How you calculate your costs in ways that are clear and repeatable.
- The restrictions on spending funds. See the [funding policies and limitations](#).

Please also review the Standard Form instructions.

To create your line-item budget and justification, see [detailed budget instructions on our website](#).

In general, you must:

- Indicate the method you will use for your indirect cost rate. See the [indirect costs](#) section for further information.
- Include estimation methods, quantities, unit costs, and other similar quantitative detail necessary for the calculation to be duplicated.
- For any cost sharing, include a detailed listing of any funding sources identified in Block 18 of the SF-424 Application for Federal Assistance.
- For applicants planning to use subawards, if your subaward budget is more than 50% of total direct costs, justify why you are subawarding that portion of the project. Explain:
 - How you plan to maintain a substantive role in the project.
 - Why you cannot achieve your goals without the subrecipients' participation.
- You can find an example of a budget for trainings and meetings on [ANA's applicant resources page](#).

Budgets should include a column for each of the following and should be organized in this order:

- Object class categories (sections of cost types for the line items).
- Federal share (or costs that will be covered by the federal award).
- Match (cost share). This can be cash or in-kind and is the required 20% total project cost to be contributed by the applicant.
- Total-the total of the federal share and the cost share.

Provide a budget that reflects expenditures in 12-month increments. The budget narrative provides the cost calculations and breakdown for each line item for each year of the project. The budget justification also provides a brief statement of the need for or benefit of this line-item expenditure relating to the accomplishment of the project.

- For example, personnel wage rate per hour multiplied by the number of hours to equal the annual salary listed for personnel, or vendor quotes for equipment over \$10,000.

Cost sharing

For awards that require the 20% matching or cost sharing by statute, we must hold you accountable for projected commitments of non-federal resources (at or above the statutory requirement) in your application budgets and budget justifications. This includes commitments by budget period or by project period for fully funded awards. See [Commitment of Non-Federal Resources](#).

If you fail to provide the statutorily required matching or cost-sharing amount (and any voluntary committed amount in excess) we may disallow federal funds. We will require you to report these funds in your Federal Financial Reports.

The application should include attachments with information or documentation to demonstrate how the required 20% commitment of cost-share contributions will be met.

Examples of how matching or cost-sharing can be met include, but are not limited to:

- Commitment letters from partners.
- Vendors, tribal resolutions.
- Board resolutions.
- Third-party agreements.

Cost-sharing examples can be found in the [application toolkit](#).

Required attendance at post-award training

Include travel costs for two people to attend Post-Award Training for two days during the first year of your award. You should follow your organization's travel policies to develop this budget.

- The Alaska Post-Award Training is usually held in Anchorage.
- The Pacific Post-Award Training is usually held in Honolulu.
- The Western Post-Award Training is usually held in Phoenix.
- The Eastern Post-Award Training is usually held in Washington, DC.

Required attendance at ANA recipient meeting

You must attend an annual ANA recipient meeting during each year of your ANA award. You must budget for all expenses associated with this required attendance.

Proprietary or personally identifiable information

In your application, you may identify salary or other proprietary information or personally identifiable information. We will remove this information from applications before they go to reviewers.

If you have an [exemption for a paper submission](#), you can protect salary information and any proprietary information by placing that information only in the original application. You can remove the information from the copies, keeping summary information.

Attachments

You will upload attachments in Grants.gov using the Other Attachments form. These attachments are included in the overall application page limit, unless it says otherwise in this section.

Indirect cost agreement

If you include indirect costs in your budget using an approved rate, include a copy of your current agreement approved by your [cognizant agency for indirect costs](#). If you use the *de minimis* rate, you do not need to submit this attachment.

See the [indirect costs](#) section for more information.

Legal proof of nonprofit status

If your organization is a nonprofit, you need to attach proof. We will accept any of the following:

- A reference to your listing in the IRS's most recent list of tax-exempt organizations.
- A copy of a current tax exemption certificate from the IRS.
- A letter from your state's tax department, attorney general, or another appropriate state official saying that your group is a nonprofit and that none of your net earnings go to private shareholders or others.
- A certified copy of your certificate of incorporation or similar document. This document must show that your group is a nonprofit.
- Any of these for a parent organization. Also include a statement signed by an official of the parent group that your organization is a nonprofit affiliate.

Additional eligibility documentation

Assurance of Community Representation on Board of Directors

The assurance documentation is not required from federally or state-recognized tribes, Alaska Native villages, or public government entities in the U.S. territories. It is required for applications from the following groups:

- Native nonprofit organizations.
- Tribal Colleges governed by a board that is separate from the governing body of a tribe.
- American Indian Tribes or Alaska Native Villages that apply as nonprofits.

You must show that a majority of your board members represent a Native American community to be served. You must submit documentation that identifies each board

member by name and indicates one or more of ANA's three categories of community representation for each board member:

- Members of federally or state-recognized tribes.
- Persons who are recognized by members of the eligible Native American community to be served as having a cultural relationship with that community.
 - A cultural relationship is defined as lineage, familial, marriage, or other traditional or social connection to the community and not a business or work relationship. For example, someone who owns a business or is employed by an organization that serves the Native community would not be considered to have a cultural relationship with that community.
- Persons considered to be Native American as defined in [45 CFR 1336.10](#) and Native American Pacific Islanders as defined in Section 815 of the [Native American Programs Act \(NAPA\)](#) (42 USC 2992c(7)).

If you do not submit this documentation with your application, your application will be disqualified and will not be considered for competition. (See [eligibility](#).)

An example of the assurance of community representation on the board of directors can be found on [ANA's applicant resource page](#).

Organizational capacity supporting information

You must attach the following information to support the information in your [organizational capacity](#) section:

- Organizational charts, including all partners.
- Resumes, biographical sketches, or curricula vitae for all key personnel.
- Job descriptions for each vacant key position.
- List of your board of directors.
- Copy or description of your organization's fiscal control and accountability procedures. Copy or description of your organization's personnel policies.

Third-party agreements

You must submit agreements with all third parties involved in the project. Third parties include subrecipients, contractors, and other cooperating entities. Third-party agreements include letters of commitment, memoranda of understanding, and memoranda of agreement. We do not consider general letters of support to be third-party agreements.

Any such agreement must:

- Describe each party's roles and responsibilities for project activities.

- Describe the support and resources that the third party is committing to the proposed project.
- Be signed by the person in the third-party organization with the authority to make such commitments.

Letters of support

Attach statements from community, public, or commercial leaders that support your project. At minimum, each letter of support must identify the person writing the letter, the organization they represent, the date, and their reasons for supporting the project.

Maintenance of effort certification

Not included in the page limit.

You will self-certify your maintenance of effort. Place this certification on your organization's letterhead. See the [maintenance of effort wording at ACF's website](#).

Other attachments

Governing body documentation

All applications should include documentation demonstrating that the governing body of the organization approves the application's submission to ANA. Without ANA's receipt of signed and dated documentation prior to the start of the award of funds, the applicant's project cannot be approved.

Documentation must be signed and dated by an official of the governing body. In signing the document, the governing body agrees that the applicant organization will assume the obligation imposed by applicable federal regulations and other terms and conditions of the award, including any assurances, if the award is made.

Written formal board resolutions, meeting minutes from the governing body, and letters from the authorizing official reflecting approval of the project are acceptable documentation.

Community-based strategy documentation (optional)

You can include supporting documentation of the community's involvement in your project, such as stakeholder meeting agendas, sign-in sheets, surveys, and focus group notes.

Cost-sharing waiver request

Applicants may request a waiver of the 20% cost-sharing and match requirement. To receive a waiver or a reduction in the required match, you must provide ANA with written documentation of your need. This request must establish whether the applicant satisfies all of the waiver criteria in 45 CFR 1336.50(b)(3). Do not assume that we have

approved your waiver request until you receive written notification from us. Waiver requests will not result in a deduction of points in the evaluation of the application.

Cost sharing waiver requests are not guaranteed to be approved.

We can waive [cost-sharing](#) up to \$199,999 for awards to the governments of American Samoa, Guam, or the Commonwealth of the Northern Mariana Islands (except for consolidated awards under 45 CFR Part 97). You must meet any amount of cost-sharing over \$199,999. See 48 U.S.C. 1469a(d) Congressional declaration of policy respecting “Insular Areas.”

For inquiries about the waiver process, contact your regional technical assistance provider. You can find your center at [ANA's Training and Technical Assistance webpage](#).

Standard forms

You will need to complete some other required standard forms. Upload the following forms at Grants.gov. You can find them in the NOFO [application package](#) or review them and their instructions at [Grants.gov Forms](#).

Forms	Submission requirement
Application for Federal Assistance (SF-424)	With the application.
Budget Information for Non-Construction Programs (SF-424A)	With the application.
Assurances for Non-Construction Programs (SF-424B)	With the application.
Grants.gov Lobbying Form	With the application or before award.
Key Contact Form	With the application.
Disclosure of Lobbying Activities (SF-LLL)	If applicable based on instructions, with the application or before award.
Project/Performance Site Location(s) (SF-P/PSL)	With the application. Cite your primary location and up to 29 additional performance sites.
Objective Work Plan (OWP)	With the application.

Important: public information

When filling out your SF-424 form, pay attention to Box 15: Descriptive Title of Applicant's Project.

We share what you put there with [USAspending](#). This is where the public goes to learn how the federal government spends their money.

Instead of just a title, insert a short description of your project and what it will do.

[See instructions and examples.](#)

Step 4:

Learn About Review and Award

In this step

Application review	<u>36</u>
Award notices	<u>43</u>

Application review

Initial review

We will review your application to make sure that it meets the responsiveness requirements listed in the [disqualification factors](#) section. If your application does not meet these criteria, we will disqualify it and we will not move it to the merit review phase.

We will not review any pages that exceed the page limit.

We will let you know if your application is disqualified within 30 days of the application deadline. You won't receive any notice from ACF if your application failed Grants.gov validation checks.

We will also remove blurred or illegible pages and any file formats that are not supported.

If your application fails to adhere to ACF's NOFO formatting, font, and page limitation requirements, we will adjust your application by removing page(s) from the application. We will remove the pages before the merit review and will not send them to reviewers.

If we do so, we will send you a letter after we make awards to notify you that we amended your application.

Merit review

A panel reviews all applications that pass the initial review. The panel members use the criteria in this section.

Our reviewers typically are not federal employees. See the section on [proprietary and personally identifiable information](#).

Criteria

Criterion	Total number of points = 100
1. Project narrative	75 points
2. Organizational capacity	15 points
3. Line-item budget and budget narrative	10 points

Project Narrative

Maximum points: 75

This section of the review criteria includes many elements of the project narrative section of your application. Reviewers will evaluate if your proposed strategy to complete the project is feasible, effective, community-based, and likely to achieve intended objectives and outcomes. In reaching their conclusions, reviewers will consider the degree to which the following strategic elements are clear, logical, and detailed.

Reviewers will assess how well your application:

Current community condition (0-5 points)

1. Identifies one current community condition to be addressed by the project.

Project goal (0 to 7 points)

2. Describes how the project goal is achievable by the end of the project period.

Objectives (0 to 8 points)

3. Identifies no more than three project objectives that describe a measurable achievement relevant to the project goal within a given timeframe.

Project implementation plan (0 to 15 points)

4. Provides a detailed plan to achieve each objective.
5. Includes specific strategies to address obstacles that could impede the progress of the project.
6. Identifies resources, staff, or partners who will ensure that the project's positive outcomes are achieved.

Community-based strategy (0 to 12 points)

7. Clearly demonstrates a connection to the community to be served, including the ability to directly work with project participants or beneficiaries.
8. Describes how the community was involved in identifying the need for the project and how their feedback was incorporated into the project design.

Population to be served (0 to 7 points)

9. Describes the participants or beneficiaries to be served by the project and explains how they will benefit from it.

Outcomes (0 to 6 points)

10. Demonstrates clear connections between the objectives, the outcomes, the current community condition, and the project goal.

Objective work plan (OWP) (0 to 15 points)

11. Includes an objective work plan that aligns with the project narrative and implementation plan and provides details of how, when, and by whom project activities will be completed.

12. Identifies outputs that will demonstrate progress toward the project goal. The outputs are logical results of the successful completion of activities within the proposed timeframe.

Organizational capacity

Maximum points: 15

This section of the review criteria includes essential components of the organizational capacity section of your application. Reviewers will evaluate whether the application demonstrates the key staff and management who will oversee federal funds, and delivery of project objectives.

Reviewers will assess how well your application:

Data management plan (0 to 3 points)

13. Describes a strategy for using data to monitor and report progress toward project objectives.

14. Identifies staff responsible for data collection, tools, storage, and management.

Staffing plan (0 to 5 points)

15. Identifies all staff supporting the project, how they will support project activities, and who will manage them.

16. Explains the recruitment and hiring process for positions (including PI/PD, staff, partners, and consultants) that need to be filled.

Partnerships and consultants (0 to 2 points)

17. Identifies partners and consultants and explains their role in supporting project activities.

Oversight plan (0 to 5 points)

18. Describes a plan for proper oversight of federal award funds, including the identification of staff and internal controls for financial management and accurate accounting practices.

Line-item budget and budget narrative

Maximum points: 10

Reviewers will consider the degree to which the application designates adequate resources to carry out the proposed activities while ensuring that the proposed costs are reasonable based on the geographical location of the applicant.

Reviewers will assess how well your application:

19. Includes a detailed line-item budget with appropriate object class categories for every year of the project, including costs allocated for federal and non-federal shares, and delineates staff by full-time equivalent or percentage of time to the project.

20. Includes a budget narrative for every year of the project. The budget narrative provides a breakdown of how all costs are calculated for each entry in the line-item budget and includes a basis for estimated costs, such as equipment, personnel, and travel. Vendor quotes are provided for equipment over \$10,000.

21. Lists expenditures in the line-item budget and budget narrative that align with the implementation plan and OWP.

We do not consider voluntary cost sharing during merit review.

ANA internal review of proposed projects

ANA staff review and analyze the applications ranked highest as a result of the merit review and scoring.

We use this internal review to determine each application's consistency with the purposes of NAPA, all relevant statutory and regulatory requirements, and the NOFO requirements.

ANA has a preference for funding projects that:

- Are community driven.
- Reflect a strong relationship between planned activities and intended results.
- Demonstrate a realistic action plan for sustainability.
- Promote social and economic self-sufficiency in Native communities.

Risk review

Before making an award, we review the risk that you will mismanage federal funds or fail to complete the project objectives. We need to make sure you've handled any past federal awards well and demonstrated sound business practices. We use SAM.gov [Responsibility/Qualification](#) to check this history for all awards likely to be over \$250,000.

If we find a significant risk, we may choose not to fund your application or to place specific conditions on the award.

For more details, see [45 CFR 75.205](#) (or, starting October 1, 2025, [2 CFR 200.206](#)).

Selection process

When making funding decisions, we consider:

- Merit review results. These are key in making decisions but are not the only factor.
- Organizations serving Native communities.
- The larger portfolio of agency-funded projects by considering geographic distribution.
- The past performance of the applicant.

Commissioner's discretion

ANA's Commissioner has discretion to make all final funding and award decisions. In exercising discretion in award selection, the Commissioner may choose not to fund any proposed project that:

- Does not further the purpose of the funding opportunity.
- Is by a national or regional organization that has not justified its position as the best applicant organization to address the community's needs.
- Appears to have originated or was designed by consultants outside of the community who have provided a major role for themselves in the performance of the project, and who are not members of the applicant organization, tribe, or village.
- Was submitted by an organization that has received funding for two consecutive projects under the Assistance Listing number 93.612.
- Has a flawed implementation plan and is not likely to be successful or cost-effective.
- Allows only one community or region to receive a disproportionate share of the funds available for award.
- Is identical or similar in whole, or in part, to previously funded projects proposed by the same applicant.
- Duplicates activities for which any consortium member also receives or has received funding from ANA.
- Contains contingent activities that may impede, or indefinitely delay, the progress of the project.
- Has the potential to cause unintended harm to participants or could negatively impact the safety of individuals.

- Provides loan capital.
- Includes human subject research as defined at [45 CFR 46.102](#) (d) and (f).
- Is duplicative of projects funded by other federal agencies.
- Is from a consortia of tribes that do not include documentation from each participating consortium member specifying their role and support. Projects from consortia must have goals and objectives that will encompass the participating communities. ANA will not fund projects by a consortium of tribes that duplicate activities for which participating member tribes also receive funding from ANA.
- Includes activities that were previously implemented without federal assistance.

No project shall be approved for assistance under this title unless the ANA Commissioner is satisfied that the activities to be carried out under the project will be in addition to, and not in substitution for, comparable activities previously carried out without federal assistance.

Community-based funding preference

ANA reserves the right to prioritize funding to community-based Native American organizations serving their local communities and populations.

If your organization is a non-local, national, or regional organization proposing a project to serve multiple communities, or to be performed in a different geographic location, you must:

- Clearly demonstrate that the need for the project was originated by each community being served, and that the community and/or tribal government supports the proposed project.
- Describe how each community was selected.
- Identify and describe the intended beneficiaries.
- Demonstrate community involvement in the development of the project.
- Discuss a community-based delivery strategy for the project.
- Include proposed project goals, objectives, and outcomes that address goals of the community being served.
- If a national or regional organization, describe your membership and define how your organization operates.

The type of community to be served will determine the type of documentation necessary to support the project.

In order to maximize the reach of its funding, ANA applicants that have implemented at least two consecutive projects within the same Assistance Listing number may not be funded for a third consecutive project within the same Assistance Listing number if

other applicants who have not received ANA funding in the past three years are within the scoring range to be funded.

We may:

- Fund applications in whole or in part.
- Fund applications at a lower amount than requested.
- Decide not to allow a prime recipient to subaward if they may not be able to monitor and manage subrecipients properly.
- Decide not to fund a project with high start-up costs or unreasonably high operating costs.
- Choose not to fund applicants with management or financial problems.
- Designate your application as “approved but unfunded” if it was successful but there was not sufficient funding to make an award. You may receive funding if additional funds become available within the fiscal year.
- Choose to fund no applications under this NOFO.

We will not fund:

- A [disqualified application](#).
- An incomplete application.

Appeals

Pursuant to 45 CFR 1336.35, you can appeal your application’s rejection if we find it ineligible or if the activities it proposes are ineligible for funding. Disqualifications described in the initial review section are not eligible for appeal.

To appeal a finding of ineligibility, follow these guidelines:

- You must submit a notice of appeal in writing.
- Your notice of appeal must clearly identify the reason you are appealing, as well as evidence in support of your argument.
- You must send your notice of appeal within 30 days of receiving notice that your application or project activities were found ineligible.
- You must attach a copy of the decision to your notice of appeal.

You can [file an appeal online](#).

Alternatively, you can deliver or mail your notice of appeal to:

The HHS Departmental Appeals Board

200 Independence Avenue, SW
Washington, DC 20201

If you mail your notice of appeal, use registered or certified mail.

See [45 CFR 1336.35](#) for procedures for more information about filing an appeal.

Award notices

How we make awards

If you are successful, we will email or transmit through our grant systems a Notice of Award (NoA) to your authorized official. We will email you if your application is disqualified or unsuccessful.

The NoA is the only official award document. The NoA tells you about the amount of the award, important dates, and the terms and conditions you need to follow. Until you receive the NoA, you have not received an award. Project costs that you incur before you receive a NoA are at your risk.

By drawing down funds, you accept the terms and conditions of the award. The award incorporates the requirements of the program and funding authorities, the grant regulations, the GPS, and the NOFO.

If you want to know more about NoA contents, go to [Notice of Award at ACF's website](#).

Step 5:

Submit Your Application

In this step

Application submission and deadlines	<u>45</u>
Application checklist	<u>47</u>

Application submission and deadlines

Deadlines

Application

Due on July 22, 2025.

- For electronic submissions, the due time is 11:59 p.m. ET.
- If you receive an exemption from electronic submission, the due time is 4:30 p.m. ET. See the section on [exemptions for paper submissions](#).

Grants.gov creates a date and time record when it receives the application. If you submit the same application more than once, we will accept only the last on-time submission.

The grants management officer may extend an application due date based on emergency situations such as documented natural disasters or a verifiable widespread disruption of electric or mail service.

Submission methods

Grants.gov

You must submit your application through Grants.gov unless we give you an exemption for a paper submission. See information on [getting registered](#).

For instructions on how to submit in Grants.gov, see the [Quick Start Guide for Applicants](#). Make sure your application passes the Grants.gov validation checks. Do not encrypt, zip, or password protect any files. We encourage you to leave yourself plenty of time to upload documents.

See [Contacts and Support](#) if you need help.

Issues with federal systems

If you experience a systems issue with Grants.gov or SAM.gov, please refer to [ACF's Policy for Applicants Experiencing Federal Systems Issues \[PDF\]](#).

Exemptions for paper submissions

We need to give you an exemption before you can apply on paper. See the [ACF Policy for Requesting an Exemption from Required Electronic Application Submission \[PDF\]](#).

Once we have approved your exemption, download your forms package under the Package tab in Grants.gov.

To submit your application, mail it to:

Tim Chappelle

U.S. Department of Health and Human Services

Administration for Children and Families

HHS-2025-ACF-ANA-NA-0114

C Street, SW, 3rd Floor

Washington, DC 20201

Follow these requirements when you submit your paper application:

- Print your application and all copies one-sided.
- Submit one original and two copies of the complete application, including all required forms.
- Submit both the original and additional copies in a single package. If you plan to submit more than one application under this NOFO or others, you must submit them separately. Clearly label each package with the NOFO title and funding opportunity number. Your authorized organization official must sign the application. The original application must include an original signature.

Other submissions

Intergovernmental review

This NOFO is not subject to [Executive Order 12372, Intergovernmental Review of Federal Programs](#). No action is needed.

Application checklist

Make sure that you have everything you need to apply.

Step 6:

Learn What Happens After Award

In this step

Post-award requirements and administration [50](#)

Post-award requirements and administration

Administrative and national policy requirements

There are important rules you'll need to follow if you get an award. You must follow:

- All terms and conditions in the Notice of Award, including the [ACF Standard Terms and Conditions](#) and, if applicable, any program-specific terms and conditions. We incorporate this NOFO by reference.
- The rules listed in [45 CFR 75](#), Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards in effect at the time of award and any updates, or any superseding regulations.
 - Effective October 1, 2024, HHS adopted the following superseding provisions:
 - [2 CFR 200.1](#), Definitions, Modified Total Direct Cost.
 - [2 CFR 200.1](#), Definitions, Equipment.
 - [2 CFR 200.1](#), Definitions, Supplies.
 - [2 CFR 200.313\(e\)](#), Equipment, Disposition.
 - [2 CFR 200.314\(a\)](#), Supplies.
 - [2 CFR 200.320](#), Methods of procurement to be followed.
 - [2 CFR 200.333](#), Fixed amount subawards.
 - [2 CFR 200.344](#), Closeout.
 - [2 CFR 200.414\(f\)](#), Indirect (F&A) costs.
 - [2 CFR 200.501](#), Audit requirements.
 - Effective October 1, 2025, HHS will adopt the remaining 2 CFR part 200 provisions and the HHS-specific modifications relocated from 45 CFR part 75 to 2 CFR part 300.
- The HHS [Grants Policy Statement](#) (GPS). This document has terms and conditions tied to your award. If there are any exceptions to the GPS, they'll be listed in your Notice of Award.
- All federal statutes and regulations relevant to federal financial assistance, including those highlighted in the [HHS Administrative and National Policy Requirements \[PDF\]](#) and the [ACF Administrative and National Policy Requirements](#).
- [45 CFR Part 87 Appendix B, Equal Treatment for Faith-Based Organizations](#).

- Applicable program statute and regulations at [803C\(a\) of the Native American Programs Act of 1974 \(NAPA\)](#), [42 U.S.C. 2991b](#).

Compliance with background checks and applicable child safety laws

All recipients must comply with applicable federal, tribal, and state laws with respect to criminal history record checks and clearances through child abuse and sex offender registries.

Conflict of interest standards

- You must disclose in writing any potential conflict of interest to us, in accordance with [2 CFR 200.112](#) and other subsequent applicable HHS awarding agency's policy.
- Members of the governing body of recipient organizations cannot hold paid employment under an ANA-funded project, in order to preserve the independence and impartiality of governing body members and avoid conflicts of interest.
- There is an exception to this rule under [45 CFR 1336.50\(f\)](#), which permits the Chief Executive of the recipient organization to serve as project staff with the salary and expenses of the Office of Chief Executive as allowable costs under the ANA award, provided such costs are directly related to the project and do not include the costs of general government. You must request prior approval from ANA for such an exemption.

Response to nationally or tribally declared emergency

ANA will exercise maximum flexibility as needed and appropriate for current awards. Requirements may be conducted virtually and/or timelines modified in consultation with ANA.

Intellectual property

We encourage you to educate yourself on intellectual property rights and the protection of ownership to language materials, history, music and dance, ceremonies, and other forms of knowledge and cultural practices that originate from Native communities. See 45 CFR 75.322 and Appendix II to Part 75, Contract Provisions for Non-Federal Entity Contracts under Federal Awards. Moreover, we encourage you to learn how such rights may be transferred via contracting with third parties that produce resources, data, and materials developed because of ANA funding. ANA is unable to provide legal advice or guidance on this matter; however, funds may be used for legal expenses relative to this matter.

Reporting

As a recipient, you will have to submit performance and financial reports. To learn more about reporting, see [Reporting at the ACF website](#).

- Performance report form: Ongoing Progress Report (OPR) (OMB Number: 0970-0452, current expiration: February 28, 2028)
 - Performance report frequency: Semiannually
- Financial report form: SF-425 FFR
 - Financial report frequency: Semiannually, annually
- Tangible Personal Property Report: SF-428:
 - Report frequency: Annually, final

Outcome tracker

An outcome tracker will be developed for each project objective during the post-award process with technical assistance from ANA and is not required to be submitted with the application. The outcome tracker will align with information from the application to include a means for measurement and annual targets for achievement. The outcome tracker is designed to support project staff in monitoring progress during project implementation (Ongoing Progress Report (OPR) OMB control number 0970-0452 (current expiration date February 28, 2028)).

The outcome tracker will be developed with assistance from ANA staff after the award for each project objective to include the current community condition, project goal, objective, primary outcome, indicator, the means for measuring the indicator, and outputs.

An example outcome tracker can be found on [ANA's applicant resource page](#).

Business plan

When federal funds will be used to support a business operation, you must provide a business plan during the award negotiation period. This business plan should include:

- Executive summary.
- Description of the industry.
- Description of the products or services to be produced, sold, or marketed.
- Market research.
- Marketing plan.
- Operational plan.
- Assessment of risks and assumptions.

- Financial statements (if already in operation).
- Forecasted balance sheet, operational statements (including project operational costs), and cash flow projections.

Applicant training and technical assistance

ANA provides regional training and technical assistance centers, as authorized by NAPA, to support recipients as well as potential applicants. Such support includes pre-application workshops and a preliminary review of applications that are at least 75% completed.

Applicants are encouraged to contact their regional training and technical assistance center or [view the ANA website](#) to learn about the training and technical assistance services.

Grants.gov

Grants.gov provides 24/7 support. You can call 1-800-518-4726 or email support@grants.gov. Hold on to your ticket number.

SAM.gov

If you need help, you can call 1-866-606-8220 or live chat with the [Federal Service Desk](#).

Paperwork Reduction Act disclaimer

As required by the Paperwork Reduction Act, 44 U.S.C. 3501-3521, the public reporting burden for the project description (project narrative, line-item budget, and justification) is estimated to average 60 hours per response, including the time for reviewing instructions, gathering, and maintaining the data needed, and reviewing the collection information. The project description information collection is approved under OMB control number 0970-0139, which expires March 31, 2026. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
