Additional Information

Agency Name: Indian Health Service

Description: The purpose of this Planning Cooperative Agreement is to provide resources

to Tribes interested in entering the Tribal Self-Governance Program (TSGP)

and to existing Self-Governance Tribes interested in assuming new or

expanded Programs, Services, Functions, and Activities (PSFA). Title V of the Indian Self-Determination and Education Assistance Act requires a Tribe or

Tribal organization (T/TO) to complete a planning phase to the satisfaction of

the Tribe. The planning phase must include legal and budgetary research and

internal Tribal government planning and organizational preparation relating to the administration of health care programs. See 25 U.S.C. 5383(d). The

planning phase is critical to negotiations and helps Tribes make informed

decisions about which PSFAs to assume and what organizational changes or

modifications are necessary to successfully support those PSFAs. A thorough

planning phase improves timeliness and efficient negotiations and ensures

that the Tribe is fully prepared to assume the transfer of IHS PSFAs to the

Tribal health program.
