I. Basic Information

Federal Agency Name

Department of Veterans Affairs (VA)

Announcement Type

New Grant

Funding Opportunity Title

Grant and Per Diem (GPD) Transition in
Place (TIP) Grant

Funding Opportunity Number

VA-GPD-TP-FY2027

Assistance Listing Number

64.024, VA Homeless Providers GPD Program

Funding Details

Approximately 40 grants for an approximate total of 600 TIP beds across three years are available for new grants under this notice of funding opportunity (NOFO). Grants are expected to be for a period of three years starting on or around October 1, 2026, and ending September 30, 2029. Funding is not guaranteed. VA reserves the right in any year to adjust funding levels, services, locations, performance targets, dates, or other factors, as needed within the intent of this NOFO based on a variety of factors, including program priorities, availability of funding, and grantee performance. VA may provide funding for the entire project period at the time of award or may provide funding in increments (for example, annually). Payment details will be given to the grantee at the time of award.

Key Dates

Applications for grants must be received by 4:00 p.m. Eastern Time, February 17, 2026.

In the interest of fairness to all applicants, the date and time of this deadline is firm. VA will treat any application received after the deadline as ineligible. Applicants should submit materials early to avoid the risk of ineligibility, unanticipated delays, computer service outages, or other submission-related problems.

On time submission requires an Entity Identification Number (EIN) from the Internal Revenue Service (IRS), a Unique Entity Identifier (UEI) from the System for Award

Management (SAM), and an active registration in SAM at <https://sam.gov/>. For details, see also the Before You Begin section.

Executive Summary

VA's Homeless Providers GPD National Program Office anticipates awarding new grants to community-based organizations to provide TIP supportive housing services to facilitate Veteran engagement in permanent housing. Awards are expected to be for three years starting on or around October 1, 2026. The goals and objectives of this NOFO are described in the Program Description section.

Ending Veteran homelessness requires multifaceted approaches. This NOFO is designed to be one such approach. This NOFO responds to the mounting need in communities to end homelessness in unique and targeted ways tailored to the needs of diverse populations of Veterans and to the unique skills and resources in different communities. This NOFO offers an innovative transitional housing model under which applicants identify or convert existing suitable, apartment-style housing where Veteran participants receive intensive, time-limited, supportive services optimally for a period of 6–12 months. The Veteran will receive supportive services until the Veteran is able to assume the lease. The Veteran transitions in place by assuming the lease or other long-term agreement which enables the unit in which he or she resides to be considered the Veteran's permanent housing. Grants funded from this NOFO will increase housing stability for Veterans.

Any eligible entity may apply for funding. Current GPD grantee organizations are eligible to apply; however, applicants are not required to be a current GPD grantee.

For full details, see the Eligibility section. For program information and requirements, see 38 CFR Part 61.

Agency Contact Information:

Questions may be emailed to the VHA Homeless Programs Office Grants at GPDGrants@va.gov.

Ms. Chelsea Watson, Director VA Homeless Providers GPD National Program Office, at (202) 461-0056 (this is not a toll-free telephone number).

Copies of the application materials and technical assistance resources are available on the GPD website at <https://www.va.gov/homeless/gpd.asp>. You may use the QR code to access the GPD website.

GPD Website Scan Me

II. Before You Begin

The following steps may take several weeks.

Entity Identifiers

If you believe your organization is a good candidate for this funding opportunity, get your EIN, UEI, and SAM.gov at <https://sam.gov> registration now. If your organization already is registered in SAM.gov, make sure the registration is active and up to date.

- *EIN*. Your organization must have an EIN from the IRS.
- *UEI*. Your organization must have a UEI from SAM.gov.
- *SAM.gov registration*. Your organization must have an active account with SAM.gov.
- Be sure to answer *Yes* to the *Financial Assistance Representation and Certification* item. For a sample, see the GPD website at <https://www.va.gov/homeless/gpd.asp>.

Prepare these requirements immediately. They may take weeks to complete. Do not wait until you are ready to submit your application to start these requirements.

Incomplete requirements may prevent you from submitting your application on time.

Applications submitted without an active UEI may be rejected at threshold, meaning the application would be considered ineligible. For information about SAM.gov, see also the Key Dates section, the Eligibility section, and the Submission Requirements and Deadlines section.

Registering in the Online Application System

For guidance on registering your organization in the online application system, see the How-To: Register a New Organization reference guide. Reminders: Applications are due before 4:00 p.m. Eastern Time on the date stated in the Key Dates section. Keep this NOFO with you when completing the application. It includes supplementary guidance for completing the application.

III. Eligibility

Eligible Applicants

An eligible application is an application that is complete, meets all the requirements named in the NOFO and is submitted on time from an eligible entity for eligible activities.

1. Eligible entity:
 - a. An entity is eligible to apply if it is a 501(c)(3) or 501(c)(19) nonprofit organization, state or local government agency or federally recognized Indian Tribal government that meets the requirements in 38 CFR § 61.1.
 - b. An entity that is religious or faith-based is eligible, on the same basis as any other organization to participate.
 - c. Eligible entities may submit up to one application per EIN, per VA medical facility catchment area.
 - d. Successful applicants must maintain their status as 501(c)(3) or 501(c)(19) nonprofit organization, state or local government or recognized Indian Tribal government and must continue to meet the requirements in 38 CFR § 61.1.
 - e. Eligible entities must have an active registration in SAM.gov and must maintain their active status throughout the grant award period.
 - f. Eligible entities, during the 5 years preceding the date of the application, must not have done any of the following (per 38 CFR § 61.12(i)):
 - i. Had more than two GPD grants awarded that remain in development;
 - ii. Failed to establish two previously awarded GPD grants; or
 - iii. Had a previous GPD grant or per diem project terminated or transferred to another eligible entity for failure to comply with the terms and conditions of the award.

2. Eligible activities:

- a. Projects that propose to request per diem payments for the TIP transitional housing model to facilitate housing stabilization for Veterans who are homeless or at risk of becoming homeless are eligible.
- b. Each application must offer a minimum of five beds and up to a maximum of 20 beds per EIN, per VA medical facility catchment area.
- c. Each applicant must propose a three-year project period.

Applicants must not be out of compliance with any reporting requirements or other requirements under any other GPD grant (e.g., outstanding SF-425 Federal Financial Report, outstanding closeout requirements). At the Office of Management and Budget's (OMB) instruction (2 CFR § 200.344(i)), VA will publicly report to the Contractor Performance Assessment Reporting System and enter or amend information in SAM.gov (Responsibility/Qualification) for any organization whose reporting is not completed within one year from the grant end date. GPD may decide not to provide a grant under this NOFO to an organization who is out of compliance with other VA or GPD grants requirements. For additional information about eligibility, see the Eligible Participants section.

Entity Identifiers

Eligible applicants must have an EIN from the IRS, a UEI from SAM, and an active registration in SAM. Entities must maintain their active status in SAM throughout the application period. VA may not make a Federal award to an applicant if the applicant does not meet the EIN, UEI, and SAM requirements.

For additional information about SAM, see the Before You Begin section.

Cost Sharing

Cost sharing is not allowed for this grant program.

IV. Program Description—General

Purpose

Ending and preventing homelessness among Veterans is a priority for VA. VA's Homeless Programs Office constitutes the Nation's largest integrated network of homelessness, housing, prevention, and rehabilitation services for Veterans. These programs help Veterans live self-sufficiently and independently. They facilitate the delivery of supportive housing to ensure Veterans can end the cycle of homelessness.

Since 1994, the GPD program has provided Veterans experiencing homelessness with community-based transitional housing, supportive services such as case management, and more. These services assist Veterans in attaining and retaining permanent residence. VA offers several types of grants under the umbrella of the GPD program. The grants are designed to meet Veterans at various stages as they move to housing stability. Community organizations that receive the grants offer focused support through a variety of service models. The GPD program plays a vital role in the continuum of homeless services.

Ending Veteran homelessness requires multifaceted efforts. This NOFO represents one such effort. In response to the mounting need in communities to prevent homelessness, this NOFO focuses on upstream prevention approaches to reduce housing instability. Grants funded by this NOFO will help Veterans get and stay housed. VA is committed to supporting community-based organizations as they meet the challenge of ending homelessness among Veterans.

Funding Priorities

None.

Goals and Objective

The goals of projects under assistance listing 64.024, VA Homeless Providers Grant and Per Diem program, are to provide transitional housing and supportive services to Veterans experiencing or at risk for homelessness as they move toward and retain permanent housing. Grants awarded under this NOFO will contribute to the achievement of the goals and objective by making available approximately 600 TIP

beds nationwide and supporting permanent housing retention by Veterans. Program performance and project performance will be indicated by the percentage of Veterans who exit to permanent housing, the employment status of enrolled Veterans, and the rate of negative exits.

Performance Metrics and Targets

GPD measures performance using key performance indicators (KPI). The KPIs for this grant at time of Veteran discharge from the TIP program are the:

1. Percentage of Veterans who exit to permanent housing;
2. Percentage of employed Veterans;
3. Percentage of negative exits; and
4. Timeliness of discharge to permanent housing.

To measure successful projects, VA establishes a target for each KPI (see table 1). VA may, at its discretion, update targets at any point before or during the award period.

Table 1: KPIs and targets

KPI	Target
Percentage of Veterans discharged to permanent housing	75% or greater
Percentage of Veterans discharged with gainful employment	70% or greater
Percentage of negative Veterans discharges across the TIP program	20% or less
Time from TIP enrollment to discharge to permanent housing	Less than 12 months

Guidance for the Use of Funds

Funding applied for under this NOFO may be used to operate the TIP transitional housing project. Funding may not be used to operate Case Management projects, Special Need projects, Service Centers, or other GPD transitional housing bed models offered under the Per Diem Only NOFO.

1. Each application must include a minimum of five TIP beds and up to a maximum of 20 TIP beds, per VA medical facility catchment area, per each applicant's EIN.
2. Per diem may be requested to offset the cost of operating the TIP transitional housing project, minus other sources of income, including programmatic and administrative costs such as:
 - a. Operating costs as defined in 38 CFR § 61.1.
 - b. Costs for up to 20 beds for minor dependents per TIP grant are allowable.
 - c. HMIS participation fees and related staffing costs associated with inputting data and monthly reporting (only if not available through other means at no cost to the grant).
 - d. Costs for outreach activities directly related to the grant.
 - e. Indirect costs, as defined in 2 CFR § 200.1 and prescribed in 2 CFR §§ 200.412-415, are allowable if supported by a Federally Negotiated Indirect Cost Rate Agreement or if the applicant is eligible for the de minimis rate of up to 15% of modified total direct costs as described in 2 CFR § 200.414. Otherwise, all requested costs must be direct costs.
 - f. Costs related to data and evaluation are allowed (2 CFR § 200.455(c)).
3. Funding restrictions – funding under this NOFO may not be used for capital improvements or to purchase vehicles or real property. Vehicles, however, may be leased to facilitate required transportation within the community, if needed. Costs for necessary gas, insurance and maintenance of the vehicles are allowable.
4. All Federal grant funds made available for infrastructure projects must include

terms and conditions of award that maximize the use of goods, products and materials produced in, and services offered in, the United States. See P.L. 117-58; 2 CFR § 200.322. GPD transitional housing grants are not infrastructure projects. Therefore, generally, infrastructure costs are not allowed, including but not limited to, costs for acquisition, renovation, construction or other changes to buildings or real property. However, consistent with Federal-wide initiatives (e.g., EO 14005, OMB memos M-21-26 and M-22-11 and P.L.117-58), if written prior approval is received from the GPD National Program Office for infrastructure costs, then GPD grantees must ensure domestic preference for those infrastructure activities (consistent with 2 CFR § 200.322 and with P.L.117-58). Information about Made In America policies is available: <https://www.madeinamerica.gov/>.

5. Funds provided through this NOFO must not duplicate funding provided by any other GPD or VA grants and must not duplicate or replace funds from any Federal, state or local government agency or program to assist homeless persons (see 2 CFR § 200.405 for details about allocable costs).
6. VA reserves the right to fund only those projects or portions of projects based on the percentage of use by VA and based on the actual need as determined by VA. Those activities deemed outside the scope of this NOFO will not be funded.
7. Allowable costs are described for all Federal grants in 2 CFR Part 200 Subpart E - Cost Principles. One factor affecting allowability of costs is that costs must be treated consistently with the grantee's normal written standards.

Eligible Participants

Individuals who meet the definition of Veteran, as described in Appendix B, and experiencing homelessness who choose a supportive transitional housing environment that provides services prior to entering permanent housing are eligible for TIP participation.

When eligibility questions arise, the VA's Health Eligibility Center makes determinations regarding Veteran eligibility. The GPD National Program Office does not determine

eligibility for individual Veterans. For details about applicant eligibility, see the Eligibility section.

Program Authority

The program authority is 38 U.S.C. §§ 2011 and 2012. VA implements this authority in 38 CFR Part 61. Funding is subject to other applicable laws and regulations, including those in 2 CFR (such as 2 CFR Parts 1, 25, 170, 175, 180, 182, 183, 184, 200, 801, and 802). Organizations that carry out a Federal award as a recipient or subrecipient of this grant program including for-profit organizations are subject to 2 CFR Part 200. This includes requirements for monitoring and examining records.

V. Program Description—GPD TIP

Services

TIP provides transitional housing and services that facilitate individual housing stabilization, increase income, and enables the Veteran to assume the lease of the TIP residence as soon as they are ready in the residence as rapidly as clinically appropriate.

Characteristics & Standards

- The TIP housing model offers Veteran residents housing in which supportive services transition out of the residence over time, rather than the resident. This allows the Veteran to remain in the residence rather than being forced to find other housing while stabilizing.
- Applicants are expected to implement a low-barrier approach for engaging unsheltered Veterans in services. This approach should include policies and procedures designed to maintain minimal requirements for entry, thereby expediting the admission process for eligible Veterans. Low-barrier admissions ensure that there are no or minimal prerequisites for access, thus enabling same-day admission from the point of identification or successful site inspection by the local VA medical facility.

- It is expected that Veterans will transition in place in approximately 6 to 12 months. Applicants must work closely with Veterans to support timely transitions to permanent housing.
- This model does not support discharge planning that would have the Veteran transition to Housing and Urban Development – VA Supportive Housing (HUD-VASH) as the HUD-VASH program targets a Veteran population in need of specialized case management.
- Scope of services:
 - Services should incorporate tactics to increase the Veteran’s income through employment and/or benefits and to secure permanent housing in the Veteran’s name.
 - Services provided and strategies used by the applicant will vary based on the individualized needs of the Veteran and resources available in the community.
 - Housing case management should be flexible in intensity, support client choice, use a strengths-based approach and focus on housing retention and help the household to develop, enhance or re-engage a network of support that will continue with the Veteran after they finish TIP.
 - Case managers are expected to work on tenancy support, such as how to resolve conflicts, how to understand a lease, options for working through crises and other skills that will assist the Veteran in retaining housing when they are no longer in TIP.
- Applicants specify the staffing levels and range of services to be provided.
- Scope of housing placements:
 - Applicants identify or convert existing suitable apartment-style housing where Veteran participants would receive intensive, time-limited, supportive services optimally for a period of 6–12 months as described earlier.

- Upon completion, the Veteran must be able to transition in place by assuming the lease or other long-term agreement, which enables the unit in which he or she resides to be considered the Veteran's permanent housing.
- Grantees are expected to replace units as they are converted to permanent housing to maintain the number of beds as stated in the application during the entire grant period.
- Once the Veteran assumes the lease or other long-term agreement, VA will no longer provide funding for the unit under the grant. For example, each time a Veteran assumes the lease or other long-term agreement for the apartment, the grantee must identify a new unit in which to place another Veteran.
- By design, transition to permanent housing should occur as rapidly as possible and grantees should continually be acquiring and coordinating with VA on the inspection of new units to maintain a steady number of Veterans served.

Participant Agreement Information

- Lease Guarantors—A Lease Guarantor is a third party (in this case, the grantee) who guarantees to pay the lease costs if the lessee (in this case, the Veteran) defaults. This is not allowed.
- Sublease—The sublease is a lease by a lessee (in this case, the grantee) to a third party (in this case, the Veteran) conveying the leased property for a shorter term than that of the lessee, who retains a reversion in the lease. For the sake of clarity, in a sublease TIP housing scenario, the landlord is the lessor, the grantee is the lessee, and the Veteran is the sublessee.
- GPD TIP grantees may use subleases during the transitional housing phase if the sublease meets the following conditions:
 - Period of sublease must be less than the entire period of the grantee's lease with the landlord.

- Grantee lease renewal must be taken into consideration when stating the period of the sublease.
- Sublease must be explicit that the grantee is the lessee, not the Veteran.
- Sublease must revert back to the grantee lessee without sanctions to the Veteran should the Veteran leave prior to assuming the lease.
- Sublease may not contain requirements contrary to GPD regulations.
- Security deposits may not be charged to Veterans. However, grantee lessees may take other available and appropriate legal steps in situations of property destruction.
- Lease Assumption—When a third party (in this case the Veteran) assumes a lease, the original lessee does not retain any interest in the lease.
- Low Income Housing Tax Credits—Grantees that use tax credit programs may request that Veterans fill out a tax credit application, as there is no prohibition in GPD regulations. The issues that could arise are operational and specific to TIP. The following are two examples.
 - Example 1: Under TIP, the Veteran may not “assume” a lease until the transitional housing phase is complete. A sublease may be used as long as it meets the requirements stated earlier.

Example 2: Income under tax credits is calculated differently than under GPD. The grantee must follow GPD regulations during the transitional phase and only the Veteran’s income may be counted, as determined by 38 CFR § 61.82. When the Veteran completes TIP and then assumes the lease, the calculation of income will revert to the tax credit requirements. The Veteran should be apprised of this prior to entry so that appropriate planning can be put into place.

Facility Specifications

Applicants applying under this NOFO must own or lease apartments intended as permanent housing for an individual or single family. For purposes of this NOFO, the

term “apartment” is used broadly to refer to any housing unit appropriate for the activities required under the TIP grant. For example, an applicant who owns or leases Tiny Homes may propose to provide TIP housing in Tiny Homes. Regardless of the type of apartment proposed, the facility specifications apply to all types of units.

All facilities must meet the inspection standards outlined at title 38 CFR §§ 61.80(a)-(b). This includes, but is not limited to, compliance with:

- a. Architectural Barriers Act Accessibility Standards and the Americans with Disabilities Act Accessibility Guidelines.
- b. Current edition of the Life Safety Code of the National Fire Protection Association and all applicable State and local housing codes.

Apartments must have the following characteristics:

- a. Private access without unauthorized passage through another dwelling unit or private property;
- b. Sanitary facilities within the unit;
- c. Basic furnishings and living supplies (including, at minimum, a bed, chairs, table and cookware); and
- d. Suitable space and equipment within the unit to store, prepare and serve food in a sanitary manner (including, at a minimum, a refrigerator, freezer, sink, and stove). Note: Microwave ovens, hot plates or similar items are not suitable substitutes for an operational stove.

Staffing

Key Personnel

GPD designates the following role as the grant’s key personnel role: Project Director. The applicant must identify this role, confirm the responsibilities of the Project Director, and list this individual as a key contact in the application (see the Overview section). The Project Director is the role on the grant that VA identifies as being accountable for achieving the expected performance results of the grant-funded project. The person filling this role takes responsibility for the success and failure of the project. When

performance targets are not met, or other problems arise, the person filling this role is one of the primary people with whom GPD will negotiate to improve performance or to take remedies for noncompliance (for example, 2 CFR §§ 200.208, 200.339). This role is subject to prior approval requirements, such as those in 2 CFR §§ 200.308(f)(2)-(3). See also the Definitions section and the Performance Metrics and Targets section.

Applicants are encouraged to include, within the attachments section of their application, the position description(s) and corresponding minimum qualifications of staff identified as key personnel. This will ensure thorough description of each key role, facilitating a clearer evaluation during the application review process.

Other Personnel

Applicants may identify other personnel who will be involved in the project. Other personnel are not subject to prior approval requirements. Other personnel may be identified in the application as key contacts or as users at the applicant's discretion and according to the guidance in the Overview section.

Within the application, applicants may establish minimum education, experience, and training requirements for positions (for example, see the Narrative section, including the part on Ability). It is the role of the Project Director to ensure the grantee achieves the required performance results. Grantees are responsible for complying with any local requirements for licensure or certification.

See also the Definitions section and the Performance Metrics and Targets section.

VI. Application Contents and Format

To apply for a grant, applicants must use the online application system by following the instructions on the GPD website at <https://www.va.gov/homeless/gpd.asp>. See also the Submission Requirements and Deadlines section of this NOFO. When an applicant completes the Acknowledgement part of the application (see the Overview section in Appendix A) and submits the application, the applicant provides an authorized electronic signature on the SF-424 and on the application. These signatures are legal and binding.

Pre-Application Materials

See the Before You Begin section.

Application Introduction

The numbered questions in Appendix A are required application components for a GPD grant. Applicants must include all required materials in their application submission.

Submission of an incorrect, incomplete, inconsistent, unclear, or incorrectly formatted application package may result in a rejected application.

Any character count limits are suggested maximum limits. Most applicants will use less than the suggested limit. Applicants are strongly encouraged to provide complete responses while also being clear and concise.

VA may make a reasonable effort to confirm or clarify information in the application. VA reserves the right to consider ineligible or not to select any application with inconsistent information or information that cannot be readily confirmed or that leads to an unclear understanding of the proposed project.

This NOFO cannot predict all potential circumstances. VA expects applicants to propose plans within the requirements and guidance of this NOFO. When a specific situation is not explicitly addressed in this NOFO, applicants must use their judgment to propose plans that meet the intent of this NOFO and may explain how their choices align with the intent. All applications will be evaluated against the requirements and guidance of this NOFO.

Application Components

See Appendix A.

Pre-Award Materials

See the Review and Selection Process section.

VII. Submission Requirements and Deadlines

Address

This NOFO contains everything needed. No additional address information is necessary.

UEI and SAM

Eligible applicants must have an EIN from the IRS, a UEI from SAM, and an active registration in SAM before submitting an application. Entities must maintain their active status in SAM throughout the application period. VA may not award a grant to an applicant if the applicant has not complied with the EIN, UEI, and SAM requirements. For more information, see 2 CFR Parts 200 and 25 as well as <https://sam.gov/>. Certain requirements also apply to subrecipients and contractors.

If an applicant is out of compliance with the EIN, UEI, or SAM requirements at the time VA is ready to make an award, VA may determine that the applicant is not qualified to receive a Federal award and may use that determination as a basis for making an award to another applicant or for making a different funding decision.

If awarded a grant, applicants must maintain compliance with EIN, UEI, and SAM requirements for the duration of the grant as a continuing condition of eligibility.

GPD grants are *Federal financial assistance* as defined in 2 CFR §§ 25.400 and 200.1. Therefore, applicants must answer yes in <https://sam.gov/> saying they *wish to apply for a Federal assistance project or program* under the *Financial Assistance Representation and Certification* section. Then, applicants must certify the representations and certifications in SAM. For a sample, see the GPD website at <https://www.va.gov/homeless/gpd.asp>.

Information is also available in the Before You Begin section.

Submission Instructions

See the Before You Begin section.

Applicants must submit applications electronically following instructions on the GPD website at <https://www.va.gov/homeless/gpd.asp>. Applicants must not submit applications by email, mail, facsimile (fax), or any other method.

The GPD National Program Office must receive applications no later than 4:00 p.m. Eastern Time on the application deadline date stated in the Basic Information section.

Applications must arrive as a complete package. Materials arriving separately will not be included in the application package for consideration and may result in a rejected application.

No case-by-case exceptions to the deadline are allowed even in the case of illness, death, computer difficulties, staff turnover, or other reasons. In the extremely rare event that a group exception is provided, a public notice would be posted on the GPD website or a modified funding opportunity would be posted on <https://www.grants.gov/> indicating the extended application submission deadline, if applicable.

In the event of errors, such as duplicate applications or multiple applications per EIN, per VA medical facility catchment area, VA reserves the right to select which application to consider based on the submission dates and times or based on other factors.

VA advises applicants to refer to this NOFO when completing the online application. NOFO content provides supplementary guidance for completing the online application.

For technical assistance, contact GPDgrants@va.gov. GPD commits to providing technical assistance to applicants who have procedural questions prior to the application submission deadline. Response times can vary. Applicants should plan accordingly and allow at least three business days to receive responses.

Submission Dates and Times

See the Key Dates section.

Intergovernmental Review

Executive Order (EO) 12372, Intergovernmental Review of Federal Programs, was issued to foster the intergovernmental partnership and strengthen federalism by relying on state and local processes for the coordination and review of proposed Federal

financial assistance and direct Federal development. Generally, GPD grants are not subject to EO 12372. Funded grantees are also required to comply with all applicable EOs.

VIII. Application Review Information

Threshold

Pursuant to 38 CFR § 61.30, VA may provide per diem only funds to entities that are eligible to receive a capital grant. Therefore, an applicant must meet the initial threshold review requirements of 38 CFR § 61.12(i). Not meeting these criteria may result in the application being rejected at threshold and not being considered for award. The following sections summarize the threshold requirements. Please see 38 CFR § 61.12 for additional information.

Application is Complete

VA must receive all required application components in the required manner. See the Application Contents and Format section. If VA identifies discrepancies or concerns, including with any signatures (for example, electronic or scanned signatures), VA reserves the right to request additional or revised materials (including a true ink signature). VA reserves the right to communicate with an applicant, as needed, prior to making threshold decisions.

Applicant is Eligible

The applicant organization must be an eligible entity. See the Eligibility section.

Activities are Eligible

Activities proposed in the application must be eligible, including:

- Applicants must provide transitional housing and a milieu of services that facilitate individual housing stabilization, increased income, and movement of the Veteran to permanent housing in the residence as rapidly as clinically appropriate.
- Applicants must propose a three-year project period.

For more details, see the Program Description – General section and section.

Merit Review Criteria

Criteria for Points

Reviewers will award points based on each applicant's responses to the scored items in the Narrative section of Appendix A. For the evaluation criteria, see 38 CFR §§ 61.13(b)-(g) at <https://www.ecfr.gov/current/title-38/chapter-I/part-61#61.92> as summarized in table 2.

Table 2: Evaluation Criteria

Criteria	Points Range
Need (38 CFR § 61.13(e))	0-150
Outreach (38 CFR § 61.13(c))	0-100
Project Plan (38 CFR § 61.13(b))	0-300
Ability (38 CFR § 61.13(d))	0-200
Coordination (38 CFR § 61.13(g))	0-200
Completion Confidence (38 CFR § 61.13(f))	0-50
Total (38 CFR § 61.13(a))	0-1,000

Other Considerations

In the event of a tie score between applications, VA will determine, at its discretion, how to handle selection decisions (for example, selecting multiple applications for award, awarding for less than requested). VA will consider the goals and objectives of this NOFO. VA's discretionary funding decisions are final.

Review and Selection Process

A technical merit review panel will evaluate applications against the criteria stated in this NOFO. Applications may earn up to 1,000 points depending on the quality of responses. The final scores will serve as the primary basis for selecting applications for funding. The review panel will follow 38 CFR Part 61 and 2 CFR Part 200 for review guidance.

To determine scores, VA may use information such as VA and non-VA historical program documents of past performance, including those from other Federal, state, and local agencies, as well as audits by private or public entities. When scoring applications, VA will instruct the review panel to consider:

1. How the application demonstrates plans to maximize grant utilization to facilitate permanent housing placements; and
2. Past performance (for example, performance metrics).

The panel results are advisory in nature and not binding on the Grant Program Officer.

Adjustments may be based on a variety of factors, including the quantity and quality of applications, the needs of the community, geographic dispersion, as well as the availability of funding. If sufficient funding is available, VA may make additional selections at its discretion. Funding is not guaranteed. Depending on factors such as the quantity and quality of applications received, the availability of funding, and past performance, VA reserves the right to make additional rounds of conditional selections from this NOFO, to reduce the amount of funding or scope of the award (e.g., beds, staffing, and site locations as applicable to the type of award), or to take other actions as appropriate.

VA may require conditionally selected applicants to submit additional information. Applicants will receive a deadline to submit such information. VA reserves the right to negotiate with applicants, at any point, including prior to award, an upward or downward adjustment to factors, including but not limited to, full-time equivalent positions per grant, services, project period dates, or dollar amounts, including adjustments that exceed the limits stated in this NOFO if needed to accomplish the overall goals and objective. VA will incorporate changes into the grant agreement.

If an applicant has not fully complied by the time VA is ready to make an award, VA may determine that the applicant is not qualified to receive an award and may use that determination as a basis for making an award to another applicant. VA may elect to negotiate an increase to another conditionally selected applicant or applicants, to award additional applications, to publish another NOFO, or to take other actions based on factors such as program priorities, availability of funds, and quality of applications.

Due to the volume of applications received and in fairness to all applicants, individual application feedback is not provided.

Risk Review

Prior to making an award, and at any time post-award, VA will review any available information, including its own records and any Office of Management and Budget-designated repository of Government-wide eligibility or financial integrity information, such as SAM.gov at <https://sam.gov/>. VA will comply with the requirements of 2 CFR Parts 180 and 801. VA will conduct a business risk assessment in accordance with 2 CFR § 200.206. VA may ask applicants or grantees to submit additional information regarding their ability to manage Federal funds. The risk assessment may consider results of the applicant's eligibility (threshold review) or the quality of its application (merit review). If VA decides to make an award, VA may add specific conditions to the award corresponding to the degree of risk. Applicants may review and comment on any information in SAM.gov about their organization. If the applicant comments on any SAM.gov records, VA will consider the comment as part of the risk review.

IX. Award Notices

Although subject to change, VA expects to announce awards by approximately August 2026. VA reserves the right in any year to adjust the award (for example, to change funding amounts) as needed within the intent of this NOFO based on a variety of factors, including program priorities and the availability of funding.

The applicant's signature on the SF-424, including electronic signature, constitutes a binding offer by the applicant and constitutes agreement to the terms and conditions of award. VA may elect to award funds with or without discussions with the applicant. Applicants may review the general terms and conditions of award on the GPD website at <https://www.va.gov/homeless/gpd.asp>.

Only a grant agreement with a VA signature is evidence of an award and is an authorizing document allowing costs to be incurred against the grant. Other notices, letters, or announcements are not authorizing documents. VA expects to provide a grant

agreement with a VA signature through the online application system to the registered organizational contacts around October 1, 2026.

VA expects to notify unsuccessful applicants by email to the registered organizational contacts around October 1, 2026.

X. Post-Award Requirements and Administration

Administrative and National Policy Requirements

The grant agreement includes the terms and conditions of the award and must be signed by VA to be legally binding. Applicants may review the general terms and conditions of award on the GPD website at <https://www.va.gov/homeless/gpd.asp>. VA places great emphasis on responsibility and accountability. VA has procedures in place to monitor grants provided under this NOFO. VA may impose specific conditions or remedies for noncompliance, including termination of the grant, at any point during the grant period (2 CFR §§ 200.208, 200.339). Terminations and other performance matters may impact future award decisions (2 CFR § 200.206).

Conflicts of Interest

Consistent with 2 CFR § 200.112, grantees must disclose in writing any potential conflicts of interest to VA or to the pass-through entity immediately as conflicts arise and provide updates no less frequently than annually thereafter. The conflict-of-interest guidance for general procurement standards (2 CFR § 200.318) is hereby applied to other grant actions beyond procurement actions. Specifically, grantees must maintain written standards of conduct covering conflicts of interest and governing the actions of their employees or other personnel engaged in activities funded by the GPD grant. Activities include the selection, award, and administration of contracts. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, agent, any member of the immediate family, a partner, or an organization which employs or is about to employ any of the involved parties, has a financial or other interest in, or a tangible personal benefit from, a firm considered for a contract. The officers, employees, and

agents of the grantee organization may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, grantees may set standards for situations in which the financial interest is not substantial, or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions for violations.

Suicide Prevention

Grantees must ensure they train grant-funded staff annually regarding suicide prevention and how to address situations in which Veterans demonstrate suicidal ideation. Grantees must develop standard operating procedures on suicide prevention in consultation with the local VA medical facility. VA training is available at Veterans Health Administration (VHA) TRAIN at <https://www.train.org/vha/welcome>, which is part of the VHA Institute for Learning, Education, and Development (ILEAD) at <https://www.va.gov/VHALEADERSHIPDEVELOPMENT/index.asp>. The VA S.A.V.E. course is also available at <https://learn.psycharmor.org/courses/va-s-a-v-e>. The Veterans Crisis Line at <https://www.veteranscrisisline.net/find-resources/local-resources/> provides a search tool for locating a Suicide Prevention Coordinator in your area for in-person training.

Health Care Engagement

The GPD National Program Office expects grantees to engage proactively with Veterans to maximize access to any applicable private or public health care services, including but not limited to VA, Medicare, Medicaid, and local or regional services.

Inspections

Grantees must pass a VA inspection. Grantees must receive an activation date from VA after each unit or facility passes inspection. Activation dates indicate the date on or after which a grantee may admit a Veteran into the inspected unit or facility. All projects must pass inspection and be able to start serving Veterans as of October 1, 2026, and no later than 180 days from the award start date (38 CFR § 61.30(c)). Failure to establish the grant within 180 days will result in termination of the grant and may impact future award decisions (38 CFR § 61.12(i)).

All units must be reinspected no less frequently than annually. If a TIP Veteran does not exit TIP services within 12 months, the reinspection requirements must be completed even though the unit is occupied. TIP grantees are encouraged to avoid lengths of stay that would require reinspection of an occupied unit. Reinspection of occupied units requires advance planning and must be started early to avoid delays. VA reserves the right to withhold payments, reduce beds, terminate a grant or take other action as appropriate when inspection or reinspection requirements are delayed.

Grantees must report to the VA GPD liaison any sentinel, serious, or other critical incidents impacting VA-funded participants or occurring at a facility where VA-funded participants are receiving services, including the occurrence of these type of events affecting non-VA-funded participants on the grantee's premises. Additionally, grantees must report any adverse health or safety inspection results or similar findings made concerning the grantee's premises or operations by any non-VA oversight entity, such as a federal, state, county, or local regulatory body. Some examples sentinel events or critical incidents include Veteran injury, overdose, death, or damage to the grantee's facility where Veterans reside. Grantees should have an internal incident reporting system and must ensure that these incident reports are provided to the GPD liaison within 24 hours of the incident. If liaisons are not being informed by the grantee of critical issues affecting Veterans or the grantee's facilities, the VA medical facility oversight team may conduct unannounced inspections, request a written communication plan, or take other actions necessary to protect Veteran health and safety, including immediately halting all new admissions to the GPD program.

Payments of Grant Funds

Payment Requests

Under this NOFO, VA will make payments in a method consistent with VA policy and other Federal fiscal requirements. Payment details will be given to the grantee at the time of award.

Payments are only for allowable costs, as specified under the Federal cost principles for grants (2 CFR Part 200 Subpart E) and for the activities outlined in this NOFO. Awards under this NOFO are dependent on funding availability and program authorization.

Factors such as carry forward amounts, performance, risk assessments, or organizational financial stability and management standards may impact future year funding amounts.

Grantees will receive payments electronically as identified by VA (e.g., through the local VA medical facility, U.S. Department of Health and Human Services (HHS) Payment Management System, etc.)

1. Per diem payments:
 - a. Payments for Veterans will be at a rate not to exceed what is allowed by statute, which at the time of NOFO publication is not to exceed 150% of the current VA State Home per diem rate for domiciliary care as set by the Secretary under 38 U.S.C. §§ 1741(a)(1) and 2012.
 - b. Payments for Veterans with care of minor dependent(s) may include an amount of an additional 50% of the daily cost of care per minor dependent. The cost for minor dependents of a Veteran may be supported from the grant when the Veteran is in the GPD unit at the same time (see Guidance for the Use of Funds section).
 - c. The per diem payment calculation may be found at 38 CFR§ 61.33 and current maximum per diem rates are available on the GPD provider website at https://www.va.gov/HOMELESS/GPD_ProviderWebsite.asp.
2. Payment vouchers: Grantees are required to submit properly prepared and fully documented vouchers within 30 days of the end of each month.
Grantees who are unsure if their submission is properly prepared and fully documented should submit early to allow time for review and resubmission no later than 30 days after the end of each month.
3. Per diem rate monitoring: Grantees are required to monitor their per diem rate for accuracy monthly. It is essential to avoid accumulating significant unobligated funds due to overestimating the per diem rate, as this indicates a lack of internal controls (2 CFR § 200.303). If a grantee determines that their

per diem rate does not accurately reflect the allowable and allocable costs incurred, they must submit a per diem rate modification immediately.

- a. At any time, including prior to payment, VA reserves the right to request documentation for any item of cost.
- b. Grantees are advised to keep careful records, including documentation of cost calculations (e.g., itemized invoices), and of cost reasonableness. Grantees are advised to keep documentation of having secured any voluntary leveraged funding from other sources if applicable.

Immediate Cash Needs

VA will make payments to reimburse grantees for amounts spent (38 CFR § 61.61(b)). VA does not provide advanced payments to GPD grantees. Grantees must maintain written procedures to minimize the time elapsing between drawing down funds from the Federal Government and disbursing the funds for grant. Also, grantees must maintain financial management systems that meet the standards for fund control and accountability as established in 2 CFR § 200.305. Grantees must limit payment requests to the minimum amounts needed. Grantees must time payment requests with actual and immediate cash needs for carrying out the approved project. The timing and amount of payments must be as close as administratively feasible to actual disbursements by the grantee for direct project costs and the proportional share of any allowable indirect costs. Typically, *immediate* means within 3 business days, as articulated on the HHS website at <https://pms.psc.gov/grant-recipients/funding-request-formula.html>.

Cost Documentation

Grantees must support their request for payments with adequate fiscal documentation, including documentation of program income and expenses. VA advises grantees to keep careful records, including documentation of voluntary leveraged funding from other sources, and including cost calculations, such as itemized invoices and evidence of cost reasonableness.

Reporting and Monitoring

VA will oversee and monitor the grantee's services to participants. Monitoring will include financial and performance reviews. All grantees are subject to audits and fiscal reviews conducted by VA or its representative. See 2 CFR § 200.337. VA's pre-award and post-award risk assessment will determine, in part, the reporting requirements and monitoring cadence (bi-weekly, monthly, quarterly, or annually). All submissions are electronic.

Reporting

1. Quarterly performance reviews: VA will conduct quarterly reviews of each grantee. At minimum, grantees must provide information on their performance and their progress helping Veterans maintain stable housing, adequate income, and self-sufficiency as identified in the application. VA may also require grantees to provide information on financial and management activities to ensure compliance with Federal and VA requirements. Grantees must demonstrate adherence to the proposed project concept, as described in the application, as well as requirements defined by regulation and this NOFO. For the targets associated with each metric, see the Performance Metrics and Targets section.
2. An annual SF-425 Federal Financial Report (FFR) is required to be submitted within 90 days of the end of each grant year. Grantees who do not submit on time are subject to being withheld from receiving payments temporarily pending receipt of the report. An FFR form is available on the GPD provider website at https://www.va.gov/HOMELESS/GPD_ProviderWebsite.asp or on www.grants.gov. Instructions for submission also are on the GPD provider website. Under this NOFO, VA will make payments in a method consistent with VA policy and other Federal fiscal requirements (e.g., EO 14332). Payments are only for allowable costs, as specified under OMB cost principles for grants, for the activities outlined in this NOFO. All payment specifics will be given to the grantee at the time of award. Grantees are subject to requirements of this NOFO, 2 CFR Part 200, 38 CFR Part 61, and

- other Federal grant requirements. A full copy of the regulations governing the GPD program is available at the GPD website at www.va.gov/homeless/gpd.asp. Grantees will be required to support their request for payments with adequate fiscal documentation, including program income and expenses.
3. For reporting requirements on matters of recipient integrity and performance, see the general terms and conditions of award on the GPD website at <https://www.va.gov/homeless/gpd.asp>.
 4. If an option to request a modification to the project period or to request additional funding becomes available, VA will tell grantees how to make a request (notwithstanding 38 CFR § 61.61(b) and in compliance with 2 CFR §§ 200.308(c) and 200.309).

Monitoring

1. Grantees will work with a GPD Liaison from a nearby VA medical facility who will provide oversight and monitoring.
2. It is expected that Veterans will transition in place in approximately 6 to 12 months. Grantees must work closely with Veterans to support timely transitions to permanent housing.
3. Grantees may not make significant changes to a project after a grant is awarded without written prior approval from the GPD National Program Office. VA reserves the right to disallow services provided by the grantee if VA determines that they are of unacceptable quality, in which case grant funds may not be used to pay for them.
4. Grantees must request written prior approval from the GPD National Program Office if they wish to receive per diem payments for more than the number of beds requested and approved as part of the grant application for minor dependents in the care of a GPD Veteran.

5. If additional time or funding becomes available, grantees will be notified about how to make a request (notwithstanding 38 CFR § 61.61(b) and in compliance with 2 CFR §§ 200.308(c) and 200.309).
6. Low bed utilization may result in bed reductions and may impact future award or option year(s) decisions.
7. Grantees are responsible for monitoring and managing their subrecipients if applicable (2 CFR §§ 200.331-333).
8. All grantees are subject to fiscal reviews and/or audits conducted by VA or its representative.
9. Monitoring may include a review of the agency's income and expenses as they relate to this project to ensure payment is accurate and to ensure compliance with program requirements.

Closeout

1. The final SF-425 FFR is due within 120 days after the project period end date. Grantees who do not comply are subject to public reporting on Federal websites, such as SAM, for material failure to comply with the terms and conditions of award (2 CFR § 200.344).
2. Grantees must promptly refund any balances of unobligated funds not authorized to be retained. Any funds paid to the grantee more than the amount to which the grantee is finally determined to be entitled under the terms and conditions of award are a debt to the Federal Government (2 CFR § 200.346).
3. For other closeout requirements and ongoing requirements after closeout, including audits and record retention, see the general terms and conditions of award on the GPD website at https://www.va.gov/HOMELESS/GPD_ProviderWebsite.asp.

Record Retention

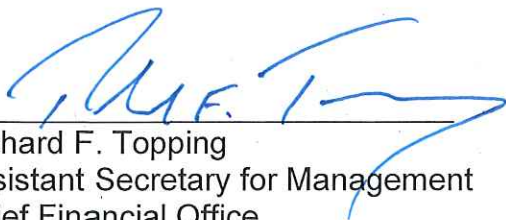

Grantees must follow Federal records retention guidelines, which require that grantees maintain and provide access to all records pertaining to grant activities for a period of at least 3 years from the date of submission of the final expenditure report. See 2 CFR §§ 200.334-338 for more specific information, including information about the start of the record retention period for awards that are renewed quarterly or annually and when the records must be retained for more than three years.

XI. Other Information

VA is required to ensure compliance with all applicable statutes, regulations, and EO's when evaluating and awarding grants. In accordance with [EO 14332, Improving Oversight of Federal Grantmaking](#), aside from the evaluation criteria published in this announcement, VA has discretion to remove from consideration any applicant VA deems does not demonstrably advance the President's or VA's priorities. VA will not fund activities that use racial preference for eligibility criteria or promote gender ideology. VA will not fund activities that promote or facilitate violations of immigration laws or are sources of waste, fraud, or abuse. VA will not tolerate activity or conduct by grant recipients that constitute acts of moral turpitude, are scandalous, or bring the recipient, the project funded by this grant, or VA into public disrepute, contempt, or ridicule.

Signing Authority

The VA Secretary has delegated authority to the Assistant Secretary for Management and Chief Financial Officer, to approve this document and authorized the undersigned to sign and submit the document to the Office of the Federal Register and/or www.grants.gov for publication electronically as an official document of the Department of Veterans Affairs.

Richard F. Topping
Assistant Secretary for Management
Chief Financial Office
Department of Veterans Affairs

Date

XII. Appendices

Appendix A. Application Components

Overview

The numbered questions below make up the Transition in Place (TIP) application that all applicants must complete. VA is seeking to focus resources to provide per diem payments for the TIP transitional housing model to facilitate housing stabilization for Veterans who are homeless or at risk of becoming homeless. Applicants must include all required documents in their application submission. Submission of an incorrect, incomplete, inconsistent, unclear or incorrectly formatted application package may result in the application being rejected.

VA may make a reasonable effort to confirm or clarify information in the application. VA reserves the right to consider ineligible or not to select any application with inconsistent information or information that cannot be readily confirmed or that leads to an unclear understanding of the proposed project.

This Notice of Funding Opportunity (NOFO) cannot predict all potential circumstances. Applicants are expected to propose plans within the requirements and guidance of the NOFO. When a specific situation is not explicitly addressed in the NOFO, applicants must use their judgment to propose plans that meet the intent of the NOFO and may explain how their choices align with the intent. All applications will be evaluated against the requirements and guidance in the NOFO.

Organization Profile (Eligibility)

1. Unique Entity Identifier (UEI).
2. Employer Identification Number (EIN).
3. Organization Name.
4. Organization Address (including city, State, postal code and congressional district).
5. Indirect Cost Rate (percentage). In the External Attachments tab, upload a copy of your agency's current Federally Negotiated Indirect Cost Rate Agreement (NICRA) or your Certification of De Minimis Indirect Cost Rate at

https://www.va.gov/HOMELESS/docs/GPD/FiscalResources/Certification_of_De_Minimis_Indirect_Cost_Rate.pdf, supporting the stated indirect cost rate, if applicable. Note: Applicants who do not request to charge for indirect costs, as described in 2 CFR § 200.414, are not required to upload a NICRA or Certification of De Minimis Indirect Cost Rate.

6. System for Award Management (SAM) expiration date. Note: Applicants are required to be registered in SAM before submitting an application and must maintain an active SAM registration with current information at all times during which they have an active Federal award or an application under consideration by a Federal awarding agency. Refer to the Funding Actions section of the NOFO and 2 CFR Part 25 for more details.

Overview

7. Station number of the VA medical facility whose catchment area includes the proposed area to be served in this application (select one).
8. Veterans Integrated Service Network (select one).
9. Continuum of Care (CoC) (select all that apply).
10. Federal Award Identification Number of the current Grant and Per Diem (GPD) grant (if applicable)

Application

11. Number of Veteran beds for which your agency is requesting per diem in this application (minimum 5 and maximum 20 beds).
12. Applicants planning to offer and request per diem payments for transitional housing beds for minor dependents of Veterans must state the number of beds for minor dependents that are expected to be in use in the TIP facilities (maximum 20 beds).
13. Site address(es), to include (note, all sites must fall within the same VA medical facility catchment area):
 - a. Complete address, city, state, zip code + four-digit extension, county, congressional district.

- b. The total number of all beds, and the number of GPD-funded beds, per site address.
- c. Identify the various populations that will be served per site address (i.e., men, women, minor dependents, families, registered sex-offenders, justice involved Veterans).
- d. The bedroom configuration for GPD-served Veterans, per site address (e.g., GPD Veterans will be housed in 7 single occupancy efficiency apartments and 3 2-bedroom apartments for families, for a total of 10 GPD beds at this address).

Abstract

14. In approximately 500 words, provide a brief abstract introducing and summarizing the proposed project. Abstracts may elaborate on information provided elsewhere and may provide necessary context about the intent and impact of the project. As applicable, include a discussion of multiple sites, multiple CoCs and/or other information relevant to an understanding of the overall project.

Detailed Application Design

This is the portion of the application that describes the proposed project. VA reviewers will score the application based on how the detailed application design addresses the areas of need, outreach, project plan, ability and coordination in relation to facilitating housing stabilization for Veterans who are homeless or at risk for becoming homeless. These sections are in compliance with 38 CFR Part 61.

Need (see 38 CFR § 61.13(e))

15. Need 1 – In approximately 500 words, discuss the overall need for this grant in your community. Responses must include:
- a. How this project is tailored to the particular needs of the community and fit with the strategy of the CoC(s) to end homelessness.
 - b. Community level data that supports your assertions regarding need.

16. Need 2 – In approximately 500 words, discuss how your organization determined the number of eligible Veterans within your community in need of the proposed services. Responses must include:

- a. How your agency's involvement with your local coordinated entry process and by-name list informed the current declared need for the number of beds proposed in this application.
- b. The local providers with whom your agency collaborated or will collaborate and from whom you will accept referrals.
- c. Current GPD TIP grantees must discuss the total number of Veterans served from October 1, 2023, through September 30, 2025, under their current GPD award and the average length of stay for Veterans served during this same period. Explain how this past experience informs the current declared need for the number of beds proposed.

Outreach (see 38 CFR § 61.13(c))

17. Outreach 1 – In approximately 500 words, describe your organization's plan to conduct outreach. Although communities and VA medical facilities may have referral systems in place for these resources, grantees also must address how they will outreach directly to Veterans, particularly when occupancy rates are low. Responses must include:

- a. The frequency with which your agency will directly outreach to unsheltered Veterans living in places not ordinarily meant for human habitation (e.g., streets, parks, abandoned buildings, automobiles, emergency shelters).
- b. Where your organization will target and tailor outreach efforts to identify appropriate Veterans for this project. Discuss how you will outreach to other-than-honorably discharged Veterans.
- c. How this project will be involved in the local coordinated entry process, by-name list efforts and community case conferencing meetings.
- d. A discussion of how your organization's outreach plan fits into your CoC's plan to end homelessness.

18. Outreach 2 – In approximately 500 words, describe how same-day access low barrier principles will be applied to your agency's outreach efforts. Responses must include:

- a. The process your agency will employ to ensure eligible, unsheltered Veterans have rapid access to services, including the timeline from referral to admission (i.e., same day access from the point of identification or referral to the GPD project).
- b. A description of all eligibility requirements for this TIP project demonstrating that barriers to accessing services are kept to a minimum.
- c. An explanation of how your agency will orient Veterans to your project's processes and timelines prior to or upon initiating services.

19. Outreach 3 – In approximately 500 words, describe the TIP units. Responses must include:

- a. A description of the neighborhood(s) where the TIP units will be located. Explain how the neighborhood(s) will support Veterans with their efforts to gain and maintain housing stability, adequate income support and self-sufficiency. Explain how outreach efforts will be more successful because of the type of neighborhood(s) proposed.
- b. A description of the configuration of a typical TIP unit. Include the square footage, unit features and other descriptive information. Explain how the TIP units will meet the requirements in the Facility Specifications section.
- c. Describe the affordability of the TIP units and how Veterans will be assisted in increasing their income through employment and/or benefits to sustain the ongoing rental costs once the TIP unit transitions to permanent housing.

Project Plan (see 38 CFR § 61.13(b))

20. Project Plan 1 – In approximately 500 words, describe the specific process and criteria for determining which Veterans are appropriate for admission. Responses must include:

- a. Applicants must eliminate barriers that delay the admissions process.
Describe how those barriers are avoided or managed (e.g., minimizing delays due to background checks, reducing barriers created by tax credit properties, using brief hotel or motel stays for the time between identifying a unit and the unit passing inspection).
- b. If applicable, discuss any populations that will be considered ineligible for admission (e.g., those who have a history of sex offense, arson, violence, felony, inability to accomplish essential activities of daily living).

21. Project Plan 2 – Complete the table listing all the supportive services that will be provided to Veterans in the project (see Example 1). Successful applicants will be allowed to exceed the minimum standards during the grant period without need for written prior approval from the GPD National Program Office, but they will not be allowed to reduce the standards.

Example 1:

Description of Service	Minimum Frequency	Total hours/month service will be offered for all GPD participants	Mode of Engagement	Housing model for which service is available	Job title and minimum credentials required	Service provider
Case Management	Weekly	320 hours (2 full-time equivalent (FTE), 40 hours/week)	In person	TIP	Case Manager, LCSW, MSW	Agency staff
Budgeting and Financial Management	Monthly	5 hours	Virtual through video	TIP	Bachelor's	Contractors

Description of Service	Minimum Frequency	Total hours/month service will be offered for all GPD participants	Mode of Engagement	Housing model for which service is available	Job title and minimum credentials required	Service provider
Recreational Therapy	Biweekly	10 hours	Hybrid - 75% in person and 25% video	TIP	Recreation coordinator, no degree required, lived experience preferred	Community volunteers

22. Project Plan 3 – In approximately 750 words, describe how each of the supportive services identified in the table will support Veterans in ending their homelessness. Provide additional details about the services listed in the table.

Responses must include:

- a. How these services will incentivize Veteran engagement and ensure participants achieve residential stability, increase skill level and/or income and become involved in making life decisions that will increase self-determination.
- b. Whether these services will be available during flexible hours (e.g., accommodating participants who are employed).
- c. Whether the minimum frequency cited in the table differs from the typical frequency. Note, “as needed” responses potentially are unclear, so it is helpful to provide additional details to describe the quality of the proposed plan.
- d. Whether services such as recreational therapy and/or access to legal services will be provided, including a discussion of how such activities will support Veterans’ efforts to gain and maintain housing stability and enhance self-sufficiency.

23. Project Plan 4 – In approximately 500 words, describe your plans for case management service delivery. Responses must include:

- a. Descriptions of the specific case management services that will be provided to Veterans (e.g., landlord engagement, home visits, assistance accessing benefits, support with resolving legal issues) and how these supports will be individualized to assist Veterans in (re)acquiring and retaining permanent housing.
 - b. The minimum and typical frequency and method of contact (e.g., home visit, video, phone) each Veteran will have with their case manager.
 - c. The proposed average caseload for each FTE case manager position.
 - d. How crisis intervention will be used to coordinate the resolution of medical, psychiatric and substance abuse needs to promote the attainment of permanent housing.
24. Project Plan 5 – In approximately 500 words, provide your agency’s individual service plan (ISP) methodology and the core items to be addressed in the ISP. Responses must include:
- a. How these services will support Veterans in understanding landlord/tenant rights and responsibilities and to be proactive in addressing issues that may have contributed to a loss of housing in the past.
 - b. A description of plans for various phases of the project, including identifying when Veterans are ready to transition to permanent housing and how this transition will be accomplished within a period of 6–12 months.
 - c. An explanation of how, when and by whom participants’ progress toward meeting their individual goals will be monitored, evaluated and documented. Include descriptions of how progress notes, case conferencing and supervision will be documented.
 - d. A discussion of how Veterans will be connected with necessary aftercare services (e.g., GPD Case Management, Supportive Services for Veteran Families (SSVF) Shallow Subsidy) to prevent returns to homelessness.

25. Project Plan 6 – In approximately 500 words, describe how you will aid Veterans in increasing their income. Responses must include:

- a. An explanation of how your agency will support Veterans who seek employment and/or job training. Describe any other grants or resources your agency has that will support these efforts (e.g., Department of Labor (DOL) grants).
- b. The strategies that will be used to support Veterans' income maximization goals through benefits.
- c. Any other services that will be provided to improve financial management skills and ensure Veterans have the tools they need to maximize their ability to pay rent and live independently.

26. Project Plan 7 – In approximately 250 words, address how your agency will facilitate the provision of nutritious meals for the Veterans. This plan should ensure Veterans have access to at least three meals a day, seven days a week. Discuss if you will expect participants to provide meals on their own through use of a "soup kitchen" or offsite food pantry. Describe what your organization will directly provide versus facilitate (i.e., will you provide food and meals directly at the GPD site or will you expect participants to go offsite to a food pantry you recommend). Be specific. Be sure to describe how Veterans with little or no income will be assisted.

27. Project Plan 8 – In approximately 250 words, describe how you will facilitate transportation of the Veteran participants to appointments, employment and supportive services.

28. Project Plan 9 – In approximately 250 words, describe how the safety, security and privacy of participants will be ensured. Include the process for making daily contact with Veterans and for complying with residential supervision requirements, per 38 CFR § 61.80(b)(13).

29. Project Plan 10 – In approximately 250 words, describe policies regarding a clean and sober environment. Include how participant relapses will be handled and how these policies will support continued Veteran engagement in services.
30. Project Plan 11 – In approximately 250 words, address whether the project will serve mixed sex populations. Provide a listing and explanation of any sex-specific services (as applicable).
31. Project Plan 12 – In approximately 250 words, describe any applicable participant agreements and participant fees. Security deposits or application fees are not allowable. Any fees charged must comply with the requirements of 38 CFR § 61.82. Responses must include (as applicable):
- a. An explanation of any policies and procedures regarding participant fees (e.g., rent) and/or extracurricular fees.
 - b. A discussion of how participants will be informed of fees.
 - c. Policies regarding participant agreements, including any leases and subleases, and how they conform to the requirements of 38 CFR § 61.82(f).
32. Project Plan 13 – In approximately 750 words, address whether the project will serve Veterans with minor dependents in the TIP unit. Up to 20 beds for minor dependents may be supported under each TIP grant (see Guidance for the Use of Funds section). Responses must include (as applicable):
- a. A description of the case management services for minors.
 - b. An explanation for how supervision of minors will occur, particularly while the Veteran parent/guardian is off premises.
 - c. How transportation of minors will be provided, especially for health care and educational needs.
 - d. How the health care needs of minors will be met, especially age-appropriate wellness visits and immunizations.

- e. A discussion of how safety and security issues, including admission screening and segregation from other project participants, if deemed appropriate, will be addressed. Address considerations like weapons, contraband, State or local requirements, medication management and general childproofing (if necessary).
 - f. An explanation of staff training on abuse or neglect reporting requirements mandated by state or local jurisdiction.
 - g. A description of policies and procedures for reporting adverse events affecting minors and how your agency will define an adverse event.
33. Project Plan 14 – In approximately 250 words, describe how Veteran participants will have a voice and aid in operating and maintaining the facility(s) (e.g., volunteer time, paid positions, community governance meetings, peer support).
34. Project Plan 15 – In approximately 250 words, provide and describe the type of medication control system that will be used in this project (e.g., Medication Management, Medication Monitoring, individual storage).
35. Project Plan 16 – VA is committed to ensuring the fastest possible access to housing and services. In approximately 250 words, describe how your organization will facilitate same-day access to GPD-funded services. Include details about how many days per week your staff will be able to perform intakes and if your ability to do same-day admissions. If your organization has barriers to allowing same-day access (e.g., tax-credit property restrictions or other funder restriction requiring background checks), you must outline them here.
36. Project Plan 17 – In approximately 500 words, outline the project plans for operating the TIP units with roommate configurations, if applicable. Typically, TIP units are for an individual Veteran, or a Veteran and their family or household as defined by the Veteran. However, units shared by Veterans may be possible. TIP project designs that include roommates increase the complexity of the project and the management responsibilities. The process by which your agency will

manage these issues must be clearly outlined. Responses must include (as applicable):

- a. A discussion of the process for screening and matching Veteran roommates.
- b. The number of Veterans who will share a unit.
- c. Confirmation that each Veteran will have a private bedroom.
- d. The process by which each Veteran may assume their lease and transition to permanent housing without being dependent on the roommate.
- e. Strategies that will be used to prevent and address anomalies such as a roommate leaving or not meeting their responsibilities.

37. Project Plan 18 – Grantees are encouraged to enter data into the Homeless Management Information System (HMIS). Currently, using HMIS is not mandatory but may become a requirement in the future. In approximately 250 words, describe your organization's experience with the local HMIS (e.g., data entry, reporting, data analysis, formal or informal training, data quality approach, HMIS administrator and community relationships). For organizations without HMIS experience, describe your plan for gaining experience and expertise. Plans must be specific, measurable, achievable, relevant and timebound.

38. Project Plan 19 – In approximately 250 words, if your agency plans to use any subrecipient(s) and/or contractor(s) for operating the project and/or maintaining the facility(s), describe the responsibilities of the subrecipient(s) and/or contractor(s). For each subrecipient or contractor, include the name, EIN, UEI and activity to be completed. Information provided here must align with that which is provided in the Budget section.

Ability (see 38 CFR § 61.13(d))

39. Ability 1 – In approximately 500 words, describe your agency's past performance with VA and non-VA projects. Responses must include (as applicable):

- a. Current GPD TIP grantees must discuss their performance under their TIP award from October 1, 2023, through September 30, 2025. Include how many Veterans were served, average length of stay, number and percentage of Veterans that discharged to permanent housing, number and percentage of negative exits and number and percentage of Veterans employed at discharge.
 - b. All applicants must discuss any current and past projects pertaining to the activities proposed in this application, including VA, non-VA, Federal, State, local and private grants or contracts and how this experience demonstrates your agency's ability to successfully execute the proposed project.
 - c. Current GPD grantees must discuss whether they have received any written corrective action plans from their VA medical facility directors, or designee, during the entire period of the current award. Include an explanation of any corrective action plans or performance improvement activities your agency has undertaken and the outcome(s).
40. Ability 2 – Complete the staffing plan table section of the application for this project (see Example 2). Successful applicants will be allowed to exceed the minimum standards during the grant period without the need for written prior approval from the GPD National Program Office, but they will not be allowed to reduce the standards. Position descriptions for up to four key positions may be attached. Do not include resumes.

Example 2:

Job Title (Do not name specific names) (Agency, Contractors, Sub-contractors)	Brief (1–2 sentence) description of responsibilities (key personnel, key contact, general operations)	<u>Minimum</u> required educational level	Hours per week allocated to the GPD project (40 hours equals full- time)	Number of FTE	Amount of annual salary allocated to the GPD project per year	Amount of salary, per job title, for the full-time equivalent position(s) per year
Program director	Key personnel: Supervisor accountable for achieving the expected performance results of the grant-funded project.	Master's degree	40 hours	1.0	\$100,000	\$100,000
Case manager	Key contact: Responsible for working with the Veteran to develop and monitor an individual service plan and to adjust the plan as needed. Coordinates support with other community agencies.	Bachelor's degree	60 hours	1.5	\$90,000	\$60,000

41. Ability 3 – In approximately 250 words, describe your agency's ability to operationalize this project by October 1, 2026, in order to begin enrolling Veterans as quickly as possible. Responses must include:

- a. A discussion of the start-up activities, the timing involved and when the project will be fully operational.
 - b. An explanation of how your agency will secure housing units on an on-going basis to maintain the proposed number of TIP beds. Applicants who demonstrate a clear and reliable source of units available for Veterans throughout the project will be considered responsive to this NOFO.
42. Ability 4 – In approximately 750 words, describe your agency's previous experience and ability to effectively assist Veterans experiencing homelessness. Responses must include:
- a. An explanation of your experience with meeting past performance goals.
 - b. Previous experience evaluating the progress of individual participants and overall project effectiveness using quality and performance data to make changes.
 - c. Previous experience assessing the needs of and providing supportive services to Veterans experiencing homelessness including, but not limited to, entitlement benefits, job training, mental health services and legal services.
 - d. Previous experience using and receiving training in intensive case management services for Veterans experiencing homelessness. Applicants with previous experience in formal approaches such as critical time intervention, motivational interviewing, progressive engagement / progressive assistance or other formal approaches, should include descriptions.
43. Ability 5 – In approximately 250 words, describe whether your agency is accredited or licensed to provide clinical services. If yes, describe your agency's accreditation or licensure. If applicable, include specific details, such as training completion dates, training titles and training providers. Some generally accepted accreditations include:

- a. Commission on Accreditation of Rehabilitation Facilities in Community Employment Services or in Rapid Rehousing and Homeless Prevention Program.
- b. A 4-year accreditation from the Council on Accreditation's accreditation in Housing Stabilization and Community Living Services standards.
- c. A 3-year accreditation in the Joint Commission's Behavioral Health Care: Housing Support Services Standards.

Coordination (see 38 CFR § 61.13(g))

44. Coordination 1 – In approximately 500 words, describe how your agency, prior to submitting the application, coordinated directly with relevant partners about the proposed project. Responses must include:

- a. A description of coordination efforts with the VA medical facility Director (or the appropriate authorized representative, per the local practice). Clearly identify the VA points of coordination and discuss the outcome of past coordination efforts.
- b. A demonstration of your agency's understanding of how to coordinate medical care, mental health and substance use care for Veterans with the VA medical facility or external partners, as needed.

45. Coordination 2 – In approximately 500 words, describe how this project has been coordinated with the community. Responses must include:

- a. A description of coordination efforts with the local CoCs. Include a discussion of how your agency coordinated with the CoCs in the past, as well as how the current need for the TIP beds requested in this application fits into the overall community plan to end homelessness among Veterans.
- b. The community-based coordination activities your agency will continue to engage in as the project gets activated and as Veterans are enrolled or begin receiving services. Include how your organization is part of an ongoing community-wide planning process to end Veteran homelessness.

46. Coordination 3 – In approximately 250 words, discuss coordination strategies that your agency employs to support Veterans as they transition to permanent housing. This may include coordination with other programs (e.g., SSVF, DOL) and/or aftercare services or other follow-up activities.

Letter(s) of coordination from the VA medical facility, CoC and/or other partners are not required but may be provided and may help substantiate information included in the application (see the External Attachments section at the end of the application).

Applicants are strongly encouraged to allow as much time as possible, but no less than 30 days, for letters of coordination. All application materials must be submitted together in a single package by the due date and time. Any materials arriving separately or late will not be accepted as part of the application.

Note: VA reserves the right to confirm with local VA medical facility staff or others any information related to an application. If information cannot be confirmed or if discrepancies are identified, VA reserves the right to adjust award decisions, to not select the application, to consider other application(s) in rank order or to make other remedies as appropriate.

Budget

In addition to the part of the application that is scored (i.e., the Detailed Application Design section), this part of the application (i.e., Budget) is not scored but is required for an application to be considered complete. The information provided may impact award decisions (e.g., award amounts, specific conditions of award). Applications that are not complete may be rejected at threshold and not be considered for award.

47. Budget narrative – In approximately 250 words, describe how you calculated the costs of services and staffing proposed in the application. Explain how the project costs can be supported within the available per diem rate limits. For current per diem rate limits, refer to the GPD Provider website at https://www.va.gov/HOMELESS/GPD_ProviderWebsite.asp. Identify the amount(s) and source(s) of other funding (aside from the funding requested in this application) that would be used to support project costs. Explain how other funding, if any, impacted the cost calculations for the activities proposed in this

application. The narrative must demonstrate an understanding of and compliance with the guidelines in the NOFO, 38 CFR Part 61, Federal cost principles (2 CFR Part 200 Subpart E) and other applicable funding requirements.

- a. If an applicant plans to provide pass-through funding to a subrecipient or to a contractor, the applicant must discuss cost calculations for each subrecipient or contractor. Applicants must comply with Subrecipient Monitoring and Management requirements in 2 CFR §§ 200.331-333. The information provided here must align with that which is provided in the Project Plan section.
- b. See the Guidance for the Use of Funds section for details about indirect costs. Information provided here must align with that which is provided in the Organization Profile section.

48. Assessment of Management Systems – In approximately 150 words, provide a description of your organization's financial stability, the quality of management systems, your ability to meet the management standards described in 2 CFR Part 200 and 38 CFR Part 61 and your ability to effectively implement statutory, regulatory or other requirements imposed on non-Federal entities (per requirements such as 2 CFR § 200.206(b)(2) and 38 CFR § 61.12). Applicants who have received training on Federal grants management practices or who have registered for such training to happen in the near future may include the dates, titles and providers of the training.

Organization Leadership

49. Complete the organization leadership table. At minimum, this table must include the positions with the following titles or equivalent titles: Executive Director, Chief Financial Officer and Project Director. The table also must include a complete list of the current Board of Directors. For each position include name, title, phone number and email address. See also Conflicts of Interest section.

Example 3:

Name	Title	Phone number	Email address
Thi Nguyen	Executive Director	111-222-3333	email@address.org
Anisa Osman	Chief Financial Officer	111-222-3333	email@address.org
Marco Aguilar	Project Officer	111-222-3333	email@address.org
Angel Banmeke	Chair, Board of Directors	111-222-3333	email@address.org
Lei Yang	Treasurer, Board of Directors	111-222-3333	email@address.org

External Attachments

When submitting an attachment in spreadsheet or table format, applicants are encouraged to convert to portable document format (PDF) prior to submission. Applicants who submit materials in PDF are encouraged to submit a native PDF (i.e., a machine-readable PDF, not an image only nor a scanned PDF), if possible.

50. Applicants may provide required and optional materials as attachments, including:

- a. Standard Form (SF) 424 Application for Federal Assistance. (required)
- b. Current Federally negotiated indirect cost rate agreement or certification of de minimis indirect cost rate (required only if requesting indirect costs). A copy of the certification of de minimis indirect cost rate is available on the GPD website.
- c. Letter(s) of coordination. (optional)
- d. Position descriptions for up to four key positions may be attached. (optional) Do not include resumes.
- e. Other. (optional)

Standard Form

Provide as an attachment the Office of Management and Budget (OMB) standard form Application for Federal Assistance (SF-424). The SF-424 must be signed by a person at the applicant organization who is authorized to make legal commitments on behalf of the organization. The signature on the SF-424 must be digital or hand-written. A blank signature field or a "signature" that is manually typed will not be accepted. VA reserves the right to communicate with an applicant, as needed, prior to making threshold decisions. A signature on the SF-424 form indicates the applicant agrees to comply with all SF-424B Non-Construction Assurances and terms and conditions of award.

Applicants do not need to submit the SF-424B form with the application. Instead, the applicant agrees to the assurances by maintaining an active registration in SAM. For awareness, however, applicants may refer to the GPD website for a list of assurances and for a sample standard terms and conditions of award.

Certifications

51. By signing and submitting this application for Federal assistance, I agree to the following:

- a. The applicant organization commits to implementing a low barrier approach to providing services to Veterans, which generally means service occurs on the same day from the point of identification or referral to the GPD project, as described in the Definitions section of this NOFO.
- b. The applicant commits to engaging in the local coordinated entry process and the by-name list, as appropriate.
- c. The applicant commits to having written standard operating procedures on conflicts of interest (see Conflicts of Interest section later in the NOFO).
- d. The applicant commits to ensuring staff supported by grant funds are trained annually regarding suicide prevention and commits to having written standard operating procedures on suicide prevention developed in consultation with the local VA medical facility.

- e. The applicant organization commits to complying with all applicable requirements for the grant including, but not limited to, 38 CFR Part 61, 2 CFR Part 200, Federal cost principles, terms and conditions of award, requirements in the NOFO, performance measures and reporting requirements.
- f. The applicant does not have any past due SF-425 Federal Financial Report, is not delinquent in a debt to VA or another federal agency, or any other outstanding requirement under any GPD grant.

Appendix B. Definitions

The regulations for the Grant and Per Diem (GPD) program are codified in 38 CFR Part 61. Definitions of terms used in the GPD program and in Federal grant programs that are applicable to this Notice of Funding Opportunity (NOFO) are available in 38 CFR Part 61 and 2 CFR Part 200. See 38 CFR § 61.1 for the definitions. Selected and additional definitions are highlighted here for purposes of this NOFO:

- **By-name list:** A comprehensive list of every person in a community experiencing homelessness, updated in real time.
- **Case management:** A collaborative client-driven process whereby a range of services are provided to assist individuals in developing their skills to gain or maintain access to needed housing, medical, behavioral health, employment, social, educational and other essential services. Case management activities include housing navigation and providing linkages and training related to the use of basic community resources. Interventions may occur at both the Veteran and system levels. This may include progressive engagement strategies that tailor resources to each Veteran's needs and flexes up supports as greater needs are identified. Case management supports the client's achievement of safe, realistic and reasonable goals within a complex health, social and fiscal environment.
- **Continuum of Care (CoC):** According to the Department of Housing and Urban Development (HUD), a CoC is a program designed to promote community-wide commitment to the goal of ending homelessness; provide funding for efforts by nonprofit providers and state or local governments to quickly rehouse individuals and families experiencing homelessness while minimizing the trauma and dislocation caused to individuals, families and communities by homelessness; promote access to and effect utilization of mainstream programs by individuals and families experiencing homelessness; and optimize self-sufficiency among individuals and families experiencing homelessness.
- **Coordinated entry process:** A process through which people experiencing homelessness can access the crisis response system and housing in a

streamlined way, have their strengths and needs quickly assessed and connect to tailored housing and mainstream services within the community.

- Homeless Management Information System (HMIS): A locally administered web-based data system used to record and analyze both project and client information at the local CoC level. HMIS is used by Federal partners, including VA, to measure project performance and participate in benchmarking of the national effort to end homelessness.
- Key contact: A role or roles identified by the applicant as being primary to the proposed grant-funded project. VA identifies the minimum roles required to be key contacts in the Overview section.
- Key personnel: A role or roles that VA identifies as being accountable for achieving the expected performance results of the grant-funded project. Key personnel are subject to prior approval requirements, such as those in 2 CFR § 200.308(f)(2)(3). Grantees must identify the person filling this role as a key contact in the online application system staffing plan table (Ability 2). For details, see the Overview section.
- Low barrier: For Veterans who are determined to be appropriate for the project, “low barrier” refers to a general approach to admissions in which there are no or minimal requirements for entry. By focusing on reducing harm, a low barrier approach encourages Veterans experiencing homelessness to seek resources by eliminating obstacles. It also means expediting the time it takes for an eligible Veteran to be admitted into housing (i.e., same day access from the point of identification or referral to the GPD project).
- Negative exits: Those exits from a GPD program for a violation of program rules, failure to comply with program requirements or leaving the program without consulting staff.
- Veteran: A person who served in the active military, naval, air, or space service, regardless of length of service, and who was discharged or released therefrom. The term *Veteran* excludes a person who received a dishonorable discharge or

was discharged or dismissed by reason of the sentence of a general court-martial, determined by VA (38 U.S.C. § 2002).
