Description:	Wetland Program Development Grants (WPDGs) assist state, Tribal, territory (Insular Areas), local government agencies, and interstate or intertribal entities in developing or refining state, Tribal, territory or local programs that protect, manage and restore wetlands. The goals of the EPA's wetland program include increasing the quantity and quality of wetlands in the U.S. by conserving and restoring wetland acreage and improving wetland condition. In pursuing these goals, the EPA seeks to develop the capacity of all levels of government to develop and/or refine effective, comprehensive programs for wetland protection and management. This is done using the Core Elements of a Wetlands Program, the Wetlands Program Core Elements Framework and for states and Tribes the development of Wetland Program Plans (WPP).
