The Executive Summary must outline the Organization’s understanding of the ICWA and explain the existing working relationship with Indian child and family service programs, specifically in reference to family reunification and the prevention of Indian family breakups. This section will describe the challenges or needs faced by the communities served and how the goal/vision for this proposal will meet those needs. At a minimum, it should include:

- o A technical description of the proposed project and communities served, including geographic location, the population in the service area, and available information relevant to ICWA.
- o A description of the existing ICWA services in the context of readiness to exercise the project’s objectives and goals. The description must identify strengths and gaps in ICWA services where relevant. Provide examples of other Federal projects and/or similar projects for which funding is being requested.
- o Describe the deliverable services that the project is expected to develop and the resources available to implement the proposed project(s).

- The Technical Summary is a narrative description of the program’s skills and abilities, which includes the Scope of Work (SOW) outlining what will be done. This section must provide a clear link between the proposed activities and needs to be identified in the Executive Summary. It must clearly state the project’s measurable goals, objectives, activities, methodology used, including culturally defined approaches, which the applicant will incorporate to achieve the identified goals and objectives. Indicate the project purpose (i.e., start up, expansion, or replacement), describe the proposed project and what it will accomplish (e.g., number of children and families it will service, service area, type of services).

- o The SOW must include a detailed outline of the project(s) deliverables, timeline, and

milestones that will enhance ICWA services provided to children and families. The SOW explains how the applicant will measure and/or track the objectives and outcomes of the proposed project (performance measures), and why the methods utilized will achieve the stated goals. Tools may include quarterly performance reports and other data collected during the reporting period.

Key milestones, such as project kickoffs, meetings, hand-offs, and how proposed project activities and services will reach the population identified.

. Performance Measures and Outcomes: Is the process that the applicant will use to collect data and analyze the services provided to the organization, individual, group, or system (e.g., number of Indian children and families supported in family reunification foster and adoptive homes).

Budget Narrative

Applicants must describe and justify items and costs listed in their budget. The budget narrative must identify the following cost items: total estimated costs, non-Federal cost share, third-party contributions, and any pre-award costs. Entities that do not have a current Federal negotiated indirect cost rate (including provisional rate) may propose to use the de minimis rate. For more information, refer to [2 CFR 200.414\(f\)](#).
- Negotiated Rate: State if you will negotiate with your cognizant agency. If your organization has previously negotiated a rate, attach a copy of the most recently negotiated rate agreement (active or expired).

Provide a budget narrative that describes separately all major line item grant expenditures such as personnel, fringe benefits, travel, equipment, supplies, direct client services, contractual, indirect costs, or other major expenditures. Budget narrative must correlate to the project scope of work and clearly break the project down into defined tasks with an associated budget line item for each task. Include justification for each task and identify cost.

APPLICATION REVIEW INFORMATION

Eligibility Review

During the eligibility review, the application is checked for timely submission, completed packages (see [Application Documents](#) above) and alignment with the requirements of this announcement. The Federal agency may remove an application if it does not pass the eligibility review.

Eligibility for funding will be limited to activities that support and are consistent with the intent and activities outlined in the Indian Child Welfare Act (ICWA) section 202 (25 U.S.C. 1932). Indian Organizations may apply individually or as a consortium for a grant under this notice. Indian Organization, solely for the purpose of eligibility for grants, means any legally established group, association, partnership, corporation, or other legal entity which is owned or controlled by Indians, or a majority (51 percent or more) of whose members are Indians. A consortium is created by an agreement or association between two or more eligible applicants who enter into an agreement to administer a grant program and to provide services under the grant to Indian residents in a specific geographical area when it's administratively feasible to provide an adequate level of service within the area. An applicant may not submit more than one application nor be the beneficiary of more than one grant under this notice.

Each Indian Organization must verify that it has an active and updated registration in SAM.gov (<https://sam.gov/SAM>). This must include a UEI.

Current and active ASAP Enrollment with the BIA

Each Indian Organization must be actively enrolled with the BIA in the Automated Standard Application for Payment (ASAP) system to receive the grant. This information must be provided on the critical information page.

Submitted Applications must include all four (4) Standard Forms and all seven (7) attachments (a-g) described above. The BIA will not accept or review any incomplete applications.

If an applicant selected for funding hasn't finished their SAM.gov registration (see [2 CFR 25.200](#) and [2 CFR 25.110](#)) when the federal agency is ready to make an award, we may decide that the applicant is ineligible for the award and choose to grant it to someone else. Please refer [2 CFR 25.205](#) for more information.

Prior to making an award, the DOI checks the anticipated recipient and their key project personnel against the current list of prohibited or restricted persons or entities in the System for Award Management (SAM.gov) Exclusions database. We are prohibited from making an award if a recipient or any key personnel are found ineligible, prohibited, restricted, or otherwise excluded from receiving or participating in an award, as their ineligibility condition applies to this program.

If removed from consideration for ineligibility, the Federal agency will notify the applicant in writing.

Merit Review

Prior to conducting the comprehensive merit review, an initial review will be performed to determine whether (1) the applicant is eligible for an award; (2) the information required by the NOFO has been submitted; (3) all mandatory requirements of the NOFO are satisfied; (4) the proposed project is responsive to the program objectives of the NOFO (program determination); and (5) the proposed project is in compliance with all applicable executive and secretary orders, including the President's executive order on Ending Radical and Wasteful Government DEI Programs and Preferencing as well as the executive order and Secretary order on Restoring Truth and Sanity to American History. If an applicant fails to meet the requirements or objectives of the

NOFO, or does not provide sufficient information for review, the applicant will be considered non-responsive and eliminated from further review.

Applications will be evaluated for responsiveness to ICWA components under each Funding Category. Review criteria and the scoring system for each category are identified below.

1. Project Description and Scoring System

Executive Summary (30 points): The Committee will evaluate the applications based on the clarity and content outlined in the Project Narrative [Executive and Technical Summaries, Section VIII, B (1)]. The Committee will assess if the application:

- Demonstrates an understanding of the ICWA.
- Describes examples of other Federal projects and/or similar projects for which funding is being requested.
- If the application describes the current Indian population served and if it operates an existing child and family service program, the application contents emphasize the prevention of Indian family breakups and how project(s) will complement these existing services.
- Applicant understands the challenges faced by the community and the proposed project clearly defines how it addresses these challenges.
- If the application offers a clearly defined narrative description of the program for the service area for the project that describes, service population and geographic area.
- Describes specific services and/or activities with recent baseline data with plans that address gaps in services identified.

2. Project Objective, Technical Description, and Scope of Work (25 points): This criterion will evaluate the project objective, technical description, and scope of work as described in Section VIII, B (2). The clarity of the described work and the appropriateness of the project in terms of meeting the intent and goals of the grant. The Committee will assess if the application:

- Includes activities in the proposed project that directly relate to the intent and provisions of the grant.

identified.

- Presents measurable goals, objectives, and a timeline for implementation of proposed projects that are clearly defined; and describes how it will measure its progress in achieving the projects' goals and objectives.
- Includes documentation that the Indian Organization or consortium has authority to apply for the grant, is legally established, and submits letters of support from the Tribe(s).

3. Deliverable Products (25 points): The Committee will evaluate the extent to which the expected outcome and budget proposal meets the applicant's stated goals, based on the deliverables described below. The Committee will assess if the application:

- Presents a narrative that includes a needs assessment, quantitative data, and demographics of the Indian population to be served.

4. Key Personnel and Administration (20 points): The Committee will evaluate key personnel experience working with Tribal communities on ICWA related matters. The Committee will assess how the Indian Organizations perform administrative functions and produce quality project deliverables. The Committee will assess if the application:

- Provides proof of its Indian Organization or consortium status.
 - Includes resumes that demonstrate key personnel who have ICWA experience, and position descriptions.
 - Submitted the Federal Assistance forms (SF-424, SF-424A, Key Contacts, Project Abstract Summary).
 - Includes a UEI.
 - Includes certification that the bookkeeping and accounting procedures used meet existing Federal standards for grant administration and management.

Review and Selection Process

This program reviews proposed budgets to ensure:

- figures are correct
- estimated costs are necessary and reasonable and clearly linked to project narratives
- avoid obviously unallowable costs
- identify costs requiring prior approval
- ensure indirect cost rates are applied correctly
- confirm cost sharing requirements are reflected in the budget.

This program reviews applications for potential overlap or duplication between the proposed project and any other funded or proposed project. Depending on the circumstances, DOI may choose to not make an award.

Prior to conducting the comprehensive merit review, an initial review will be performed to determine whether (1) the applicant is eligible for an award; (2) the information required by the NOFO has been submitted; (3) all mandatory requirements of the NOFO are satisfied; (4) the proposed project is responsive to the program objectives of the NOFO (program determination); and (5) the proposed project is in compliance with all applicable executive and secretary orders, including the President's executive order on Ending Radical and Wasteful Government DEI Programs and Preferencing as well as the executive order and Secretary order on Restoring Truth and Sanity to American History. If an applicant fails to meet the requirements or objectives of the NOFO, or does not provide sufficient information for review, the applicant will be considered non-responsive and eliminated from further review.

Applicants that have received notification of intent may be required to provide additional or revised information, i.e. updated budget information to remove disallowed costs. Applications will be evaluated for responsiveness to ICWA components under each Funding Category. The BIA Director will approve all final award selections. The BIA will notify all award applicants in writing.

Risk Review

Prior to making an award, the applicant will be assessed for their level of risk per [2 CFR 200.206](#). This assessment includes the applicant's financial management capabilities, project delivery experience, staffing resources, past award performance, administration and reporting compliance records, and overall project complexity and potential for challenges. If an award will be made, special conditions may be applied to the award corresponding to the assessed risk. For awards over the simplified acquisition threshold (currently \$350,000), a review of the applicant's eligibility and financial integrity information in the applicant's SAM.gov records will also be performed per [2 CFR 200.206](#).

AWARD NOTICES

Notices of Federal Award are sent electronically via GrantSolutions or e-mail. These notices outline the terms, conditions, and payment instructions per [2 CFR 200.211](#). The Notice of Federal Award signed by an authorized Grants Officer is the legal instrument obligating financial assistance to a recipient. Any other prior notice is not an authorization to begin work. If the program allows pre-award costs per [2 CFR 200.458](#), beginning performance before receiving a Notice of Federal Award is at the applicant's own risk.

Anticipated Project Start Date: 08/04/2026

Anticipated Project End Date: 08/03/2028

The anticipated start date is 08/04/2026. Because this is a two-year program, the anticipated end date is 08/03/2028.

POST AWARD REQUIREMENTS AND ADMINISTRATION

Administration and National Policy Requirements

For award administration and national policy requirements, see the [DOI General Terms and Conditions](#). Infrastructure projects require the use of American iron, steel, manufacture products, and construction materials per [2 CFR 184](#).

Geospatial Data

If you receive financial assistance from the Department of the Interior (DOI), recipient must follow these rules for geospatial data:

Follow Federal Standards: All geospatial data you collect or create must meet the standards set by the Federal Geospatial Data Committee (FGDC) or the Department of the Interior. This is required by the Geospatial Data Act of 2018, which is part of Public Law 115-254, specifically in Subtitle F (Geospatial Data), sections 751-759C (codified at [43 U.S.C. §§ 2801–2811](#)).

Include Metadata: Your Geographic Information Systems (GIS) files must include complete metadata. Metadata is information that describes the data, such as where it came from, how accurate it is, and how it should be used. This is to ensure that anyone using the data understands its context and quality.

Check for Existing Data: Before you start collecting new geospatial data, you need to check GeoPlatform.gov. This is to see if there is already existing geospatial data from federal, state, local, or private sources that can meet your needs and is available for free. If such data is available, you should use it instead of gathering new data.

These rules help ensure that geospatial data is reliable, high-quality, and that resources are used efficiently.

Reporting

The recipient's Notice of Award will detail all reporting requirements, including frequency, due dates, and instructions for requesting extensions. In general, but not limited to, recipients must:

- Submit Federal Financial reports and Program Performance reports.
- Use the [Federal Financial Report \(SF-425\) form](#) for financial reporting,
- Monitor award activities and report on program performance per [2 CFR 200.329](#),

- Promptly notify the awarding program in writing of any issues, delays, or conditions impairing award objectives per [2 CFR 200.329\(e\)](#),
- Disclose any conflicts of interest related to their award that arise during the award period per [2 CFR 1402.112](#),
- Report on the status of real property acquired under the award in which the Federal government retains an interest per [2 CFR 200.330](#), and
- Report all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award per [2 CFR 200.113](#).
- Report any matters related to recipient integrity and performance to SAM.gov per [Appendix XII to 2 CFR 200](#).
- If the Federal share of the award is more than \$100,000 and the recipient makes or agrees to make any payment using non-appropriated funds for lobbying in connection to the award, disclose those activities using the Disclosure of Lobbying (SF-LLL) form per [43 CFR 18.100](#).
